Hold each One Closer and Closer in the Great 'I AM' Presence to Build Up a Strength of Awareness of the Divine Consciousness Universally Present by Means of Sincere Praise and Adoration. Reach Out to Us with Divine Consciousness in the Silence and Stillness as We send Out Our Mighty Search Light Inviting You, the 'I AM' Presence, to Lovingly Take Possession of Our Mind, Heart, Body and Soul. Mighty Power of Cosmic Christ Love Draw That which is of Cosmic Intensity Into Each Life Stream to Be the Illumination and the Greater Power of Accomplishment according to God's Will, that which Co-Operates and Co-Participates With the Greater Onward Expansion of Life's Perfection.

ST. GERMAIN: Greetings Dear Ones; due to the exchanges over the last few days and the way you have responded to My Announcement, after careful assessment, due diligence and My Love for You, I Am returning today to offer a précis to apportion some further Truths to help you further. This is most important now, as We '*Press the Reset Button*' for this Class to enter its next stage of a more Concentrated Focus upon the Work at hand. This postponement, this pause, has indeed found its Purpose; that of Strengthening Your Divine Understanding and discovering the Power of Divine Order in terms of one's Mind Power. Do you see the Perfection playing out here? The 'I AM' Presence is Truly trying to help you come to terms with what it asks of you on all fronts of your human life expressions. It is simply presenting you with the facts of where you are, with the simplest of clarity that is possible for those with Eyes to See and Ears to Hear, how and where you can rise up even Higher than before. In your perceptions first, and then within the Reality of the Powers and Virtues you must find within your Heart and Soul, to then Activate and Bring Them Forth to Shine as Your Individualized Expression of Your Life and Your Light; Indeed Your Radiance of the Sacred White Cosmic Fire of the Cosmic Christ Love that is your birth right.

Unfortunately, humanity, Students, Disciples, and Initiates, when they could and do have the Opportunity, Oh, so often cast it aside because they remain defiant to their lower mind ego-personality. Many came to this Class and were so delighted and thought that they were ready. But thinking one is ready is not the same as Knowing You Are ready! Why do you think I asked these quite simple questions right at the beginning of the Class as My Opening Introduction? I Saw who was ready and who was not, but We cannot interfere with '*free will*', so time was needed to bring the Truth to the surface.

You have now seen as soon as the Impressions came to test the validity of one's convictions, the Group began to disband. But today, We cannot wait any longer to carry on while abiding

with *'free will'* choices of those not ready! The forces who would have you defiled and negated of the Truth are ever-present, and We cannot afford to lose any more Dear Souls, once We move into the next Levels of Alchemical Transformation and Transcendence.

We cannot compel people to do things against their own *'Free Will'*; they must be left free to choose what they choose. The only thing, you who have passed the tests to date, is to make the Call to Your *'I AM'* Presence to cut yourself free; so that the Wisdom of the *'Presence'* will do what is best for you. It is a profoundly serious thing when mankind have the Opportunity to Accept the Light of Obedience and do accept It momentarily and then allow themselves to be drawn aside. It is a very unhappy condition for Us, for You, for them, and for this World in general. Do you Realize, Precious Ones, you are like Beings of a Sacred and Charmed Life; and you can become more and more that Great Charmed Life in which a Word Spoken in the Name of the *'I AM' Presence* Will Release Its Powers into Action. Remember, Beloved Ones, when your thought and Feeling Ascends, your Light Expands with Great Rapidity, but when your thought and feeling descends into human conditions, then your Light instantaneously loses its Radiance and thus its Radiation! I will repeat this, for here lies one of the most dire conditions for any human being and none more so than Disciples and Initiates, or those We call the New World Servers. When you place your mind, attention, and faith into human conditions, you diminish your Light. It is like standing in the sunshine of the day, and then the clouds roll in over you. You can still operate and function; however, if you are aware of this, you will know that something feels different. It is; the Light that you are is drawn away from you, esoterically speaking!

Test yourselves with any human activity you may choose and feel into the energy around you! Feel the difference between the time you spend within your *'I AM'* Presence Activities and then step into any human condition or activity. I shall leave that to you to test yourself for this Truth!

That is why in every moment in which the mind is not occupied with the Appropriation and Activity of the *'I AM'* Presences' Mighty Service to God and Humanity if it would continue its Call for Light, more Light! Light! Light! more Light, how wonderful it would be. I do not feel that all of you quite understand the importance of what the simple word *'momentum'* means? My Beloved Hearts, please Realize that the continuous Call, the repetition of a thing, gains a *'Power of Momentum'* that finally becomes a Great Avalanche that mows down everything before it. If it be Constructive, then all destructive forces are mowed down before it; if it be a destructive momentum, then it means sooner or later, the body and mind that created the destruction shall be swept under by its own avalanche through their own thoughts and feelings.

The Law is the Law, and so the Energy that perpetuates and sustains the manifestation, any manifestation, follows the Laws of Precipitation. That is why I have brought to your attention once again the Seven Steps of Precipitation, for they clearly define these simple but Powerful actions behind creation. And sadly, the dark forces know this Law only too well. But they

underestimate the Power of Light. They have held onto their positions all this time due to this awareness and done this because they knew when enough of humanity understood these Cosmic Laws and stood up against them, their day was done, and the avalanche of their demise would be activated by the release of their own arrogance and defiling of the Laws of God.

Therefore, there is not one of you so busy that you cannot, many, many, many times during your day in the moment's lull of your daily activity, no matter what it is within the Obedience of Your 'I AM', call for *Light! Light! Light! The Mighty 'I AM' Presence of More Light! So, Blaze Forth Your Light Through Every Cell Of Your Mind, Your Body, Your Family, Your Home, Work, Community, Country, and World!*

Precious Beloved Ones, I Love You; and I Thank and Bless you for your Joyous, Willing Co-Operation and Powers of Sustaining Your 'Presence' here. May your Rewards be limitless in all Its Perfecting Powers in, through and all around you, that will keep you so happy, so enthusiastic, and so buoyant that only the Glory of Your 'I AM' Light finds Expression at any time in Its Ever-Expanding Glory, in the Supplying of every good thing that your world requires or that you require for use; and in your Power of Light Called into Action, for I tell you, there is no resistance or interference where your Light Shines forth.

Realize the Powers of Wealth of Good and God Things, along with all of the Universe, are at your Command when you Stand Forth In Your Own God Empowered Light. Accept It in Its Fullness, and may that accumulated wealth of past life centuries be now released into your Divine Use in the Service of the Light so that they may quickly come into being those Blessings for America and the entire world; for Your Own Sacred Narayana Joy Light Pyramidal Sanctuaries to come, that will hold the people, tens of thousands of them in each place, to Live in the Glory of this Eternal Light.

I Am going to place before you an Invocation that I would Invite the SOEPC to now adopt within their Prayers and Heart's Projection for the accelerated release of the Light of God Around the World as part of the Global Day of Independence for the Freedom of humanity from the tyrannous actions of the dark forces. But before I do this, I wish to say a few more things to you before this present Class dissolves, and the New is Made Manifest as a New Sacred White Fire Cosmic Light Forcefield of those who can Stand Forth against the Challenges that are about to confront you! I say again; your tests have not yet ended, so please be within your Light, else these tests will only dim your Light once again.

The New 'Divine Order' Discourse is so pertinent for you today for it holds so many keys that the EGA thus far has not grasped in 'Order', and I use this word purposefully, that if Mastered, will catapult the EGA forward in ways no-one would deem possible. Such simple Principles, yet so shrouded in analogy that only those who see beyond the words have the ability to Stand Before the Throne of God Life in Their True Light! I Am not going to point them all out to you but to get you started. Please consider these words very carefully, for here, although time has been spent to bring such awareness about the Truth and Reality of Your Mission,

places you all Face To Face With God in All its Simplicity and Power if its Rightful Application is used to Bolster, Augment and Strengthen all further Developments of the EGA's Divine Plan.

"All these 'woes' are to those who are living in the letter instead of in the Spirit of the Law. But Jesus did not condemn religion nor religious organizations. His denunciations were aimed at those who profess to teach and to follow the Law but fall short in carrying it out in their lives.

"Right here, however, religious teachers should be on their guard in framing tenets for religious organizations. Do not dogmatize in creed or statement of being as a governing rule of thought and action for those who join your organization. These things are limitations, and they often prevent free development because of foolish insistence on consistency. The creed that you write today may not fit the viewpoint of tomorrow; hence the safe and sure religious foundation for all men is that laid down by Jesus, 'The Spirit of Truth... shall Guide you into all the Truth'. A statement setting forth the teaching of a religious institution is essential, but compelling clauses should be omitted."

And

"The fact is that the Sabbath as an institution was established by man. God does not rest from His works every seventh day, and there is no evidence that there has ever been a moment's cessation in the Activity of the Universe. Those who stickle most for Sabbath-day observance are met on every hand by the evidence of perpetual activity on the part of Him whom they claim to champion.

"We are told that trees, flowers, planets, suns, stars, and sidereal systems are the Work of God; that it is God Who Sustains and Governs, Controls and Directs them. Yet trees, flowers, planets, suns, and stars are active on the first day and the seventh day of the week, just the same as on other days.

"It would seem proper that, if God Ordained a certain day of rest and rested on that day Himself, as is claimed, He should give some evidence of it in His Creations; but He has not done this, so far as anybody knows. The Truth is that Divine Mind rests in a perpetual Sabbath, and that which seems work is not work at all. When man or woman becomes so at-one with the Father-Mind as to feel it consciously, he or she also recognizes this Eternal Peace in which all things are accomplished. He or she then Knows that they are not subject to any condition whatsoever and that he or she is 'Lord even of the Sabbath'.

"Man or woman can never exercise dominion until he or she Knows who and what they are and, Knowing, brings forth that Knowledge into the external by exercising it in Divine Order, which is Mind, Idea, and Manifestation. Jesus horrified the Jews by healing the sick, plucking grain, and performing other acts, which to them were sacrilegious, on the Sabbath day. The Jews manufactured these sacred days and observances, just as our puritan fathers made life a burden by their rigid and absurd laws governing the religious acts of the people. For centuries, the Jews had been binding themselves to the wheel of

religious bigotry, and the puritans accomplished a like task in a shorter time. The length of time was the only difference". End Excerpt.

Over the past few days, a number of you have presented to the Class very pertinent excerpts, and for these, you are commended, for these are all very germane to your present *'State of Pause'*. Think on these with close due diligence, and when you are done, we shall continue in the New Golden Light of the Great Central Sun's 'I AM' Presence in you! You may like to compile these excerpts for the Class awareness, for not all have seen all just yet or taken them into themselves for Greater Qualification. I will allow a further few days for this to take place after the Wesak Moon Celebrations, after which We shall close the Class as it stands and reconvene with those who have been selected to continue.

Before I step aside and leave you to what has been taken on board, I wish to leave you with these following aspirations for Our Success and Victory.

First, I wish to call your attention to the speed with which any attempted projection of disturbance can be dispelled, how much more quickly than ever before in your experience before this Class began! It is not surprising that before each stage of this Class, an attempt was made to correct misalignments, but as you have all observed and seen the effect of quick, progressive, and dynamic Application, you will now find, because of these experiences, It will apply within your individual home, work, and general life requirements as much as in reference to the Class Work herewith.

I want you, so much to Realize how really All-Powerful your Applications are but do not let the ease and appearance of Great Peace, Joy, and Happiness cause you to relax in your Application. It is imperative that you must remain vigilant and Ever-Present within your 'I AM' Observational capacities because that which We call the dark force will often withdraw and apparently disappear to allow you to drop your guard so they can return with more effectiveness to their agendas later. The cleaning up is not instantaneous just yet, as We have shared before. And there will be many human beings who will try their old hands to mislead, misinform and catch you off guard to bring you back into their own mis-creations. This is not anything to fear or be particularly concerned about, except the Guard must constantly be kept up.

'We never formulate any opinion on what the lips speak, but what is being released from the feeling world is the thing that is imperative to Us'. That is why it has not been so easy for you, because We saw acting before you were aware of it, the things in the feeling world that are of vital importance. Once you watch and Stand Guard over the slightest intimation, well, the Governing Activity of the feeling becomes just as easy as breathing. The only thing that ever has made it difficult for mankind is the momentum they have in requalifying 'I AM' Presence Energy; and remember, sometimes you have released through intense feelings great quantities of that re-qualified or mis-qualified energy. Even if that wrongly qualified energy is used, then when it bursts into action,

well, anything can happen. But your feeling world now is cleared sufficiently that with the determination not to let any inharmony act, I tell you in sixty days or less, almost any marvellous thing might happen in, through and all around you.

It is worth everything in the world. Oh, when I think of it, We did not have anybody to prompt Us. No one was permitted to. Only when We had gained a Victory were We able to look back and see how Joyful it was. But today, you, in having the promptings that are permitted these days and knowing the Goal, well, then it makes everything so much easier, so much greater within your own grasp. I really cannot tell you, Beloved Ones, how shall I use the word it is almost incredible, even in the slight intimation, the number of people that have determined and are calling their 'I AM' Presence into Action to be in this Class. But you will never know until your Ascension what you have stood against.

Now, not that you should ever be off guard, but it will be so much easier to be on Guard. Try, Beloved Ones, to comprehend what the dissolving and consuming of the present silent technological war entity of the world means. Good Heavens, never in the history of the Earth has such a thing ever even been contemplated by the Great Ones of the Light! In doing this through your Vigilance on Guard in all areas of the You and the EGA, You will have taken from the dark force its most vicious weapon; its invisibility and lack of transparency.

Of course, if you could do your Work more openly, this would speed up the process, but I do not consider this a wise action just yet; there is still some serious Training that remains. But as soon as it seems advisable and judicious, I will let you know when you can issue a more public awareness of the EGA's Core Engagements. You still have to balance the outer activity with the Powers you are calling forth from the 'I AM' Presence because of the Applications of what you are calling forth. Time is of the Essence; however, regardless of this, your Inner Advancement remains the priority of the Class and Our Work together.

Now, as an Exalted Effort, I finally wish to offer you this Invocation as aforementioned.

Mighty Power of the Cosmic Light! Come Forth in Us, Our Home, Our Town, Our City, Our Country, and Our World! Take Thy Dominion, Produce Thy Perfection in the Preparation for Our Class Work, in the Class Work, in the Presidential Chair of this Country, in All Official Places in This Country, in All Governmental Activities Around the World. Mighty Power of Light, Take Your Dominion Now! Clothe Each Individual in the Power of Light That Compels Divine Justice, Which Glorifies Thyself, Mighty 'I AM' Presence, Through the Higher Mental Body in Thy Perfect Action, Thy Dominion of the Light! Charge Into This World Thy Mighty Perfecting Activity of Light in Its Limitless, Eternal Activity! Charge It Forth Sustained! Mighty Astrea, Send Thy Legions of Blue Lightning to Seize and Bind Every Entity in the World who disobeys the Laws of God Life. Take Them Into the Octave of Light. Send It Forth Now and Take Them Away from inharmonious words, thoughts, and actions. Hold Such A

Circle of Blue Flame Around Them, That They Can No Longer Interfere With Divine Justice. Take Command Now and Forever, Eternally, within and Around This Beautiful Earth. Put Such A Circle of Blue Flame Around Them That Their Whole Human Creation Is Dissolved, and That They Awaken Into the Light; and All Those Who Do Their Bidding, Make Them Powerless To Act Any Further. Bring Forth All The Truth That has been hidden, but those would do harm to others on all levels of existence. Let Only Truth Prevail; let Only Divine Justice Be Served Now and Forever. Let no stone be left unturned, no crack, crevice, or cavern, be left in the darkness of mankind's miscreations. Release All to the Love, Light and Truth of Our All-Pervading '*Presence*' of God Sustained in All Life.

Make Them Feel the Power of Their Own 'I AM' Presence Until They Turn Their Attention To It and Know That It Is Real, and All Desire for Spirits Disappears from Their Feeling World, and They Are Cut Free Now, This Hour! Charge Forth and Glorify This World As the World of Blazing Light! Great Powers of Light, Draw Thy Mighty Power of the Unfed Flame, and if Necessary, Make It Visible Here, That All the World May Bow Before It and Give Obedience. Take Command of All Officials and Produce the Necessary Aerial Protection That Is Available for the Shores of Our Countries, if Need Be. Charge It Forth in All Official Places! Make Them Understand, Feel, and Realize That This Is A Vital, Important Thing Now! We Give Praise and Thanks That the Light Is Its Dominion in Every Land, Town and City That, Those dark force perpetrators of inharmony toward all God Life Are Disempowered and removed from the face of the Earth Forever. We Thank Thee for knowing that this Mighty Victory is Victoriously Done.

Until We meet again,

Take the Path of Least Resistance!

No Longer Seek Further That Which Is Seen,

Rather Seek ONLY Now That Which Is Unseen!

May You Pass Every Test.

'I AM' Your Holy Brother Standing with the Light of Your 'I AM' Presence with you.
