

Part 6 - Freedom Alchemy Class - Ascension

Global Day Of Independence - St. Germain, 3rd April 2020

INVOCATION: Beloved Mighty All-Pervading 'Presence', Open the Door to the Altar of Our Hearts Allowing the Christ Consciousness to Blaze Forth. Through the New Buddhic Column Portal and Into and Around the Earth. Allow Our outer mind to rest in the Stillness of the Great Silence. Enable Us to Qualify and Feel Your Radiant Power, Always and in All Ways Active in Our Circles, as We Go Forth in Our Inner Cave and outer world. Fill the Hearts of Our Circles of Light with Self-Mastery and the Joy of the Soul. Bring Forth the Quality of Life and Freedom of Spirit that Flows Through Us and Expand Your Light Into the Full Illumination of Our Body and Mind, Raising it Into Your Active Perfect Garment and then Send it Forth Into All of Humanity, the Elemental Devas and Angelic Realms. Mighty Radiant 'Presence', Allow Your Intelligence to Be the ONLY Governing Power Within All of Our outer and Inner Activity and that of the World as We Move Forward and Allow at all times the Mighty Dispensations To Be Filled With Your Perfect Light Packets to Accompany and Accomplish Perfectly Wherever is needed. Send Us Forward to Use Them. Send Forth the Rays of Your Mighty Light and Exhaustless Energy; So, We and Humanity May See and Know the Wisdom and Intelligent Love In Action of All Our Exchanges and Interactions of Our Hearts. Let All this be a '*Paying it Forward*' to ALL Life, so They see the New Leadership of Ashramic Group Life by Example, Emulating It Within Their Own Lives! We Are United in Oneness with All God Life.

ST. GERMAIN: Greetings Dear Ones. Let Us jump in as time as you know it is running short for your final preparations to be able to embrace this most significant and critical Cosmic Event yet to play out upon the Earth and throughout humanity's Evolution. It is such a vital Cosmic Activity that if executed in the Perfection We Desire and See has this Divine Potential; it shall be called the '*Global Day of Independence*'. Still, there remains some confusion, even amongst the Members of the Elemental Grace Alliance, but I will cover this matter a little later before I close!

Dear Hearts, The Whole Company of Heaven, in All 7 Spheres of Creation, including All 9 Levels of Dimension of the Angelic Realms, have been addressed through Shamballa, Hierarchy and Humanity, and now here within the Realms of the Supplementary 7, of what is going to begin to take place in upon and around the world beginning tomorrow, 4th April 2020. Each Participant within all the Higher Realms of the Unseen Beings, and We are speaking of billions upon billions of God Beings, and All have now been given throughout Their Own Individualized Groups what Their Roles Will Be and how to Execute Their Tasks. Be it known, however, that there are many Levels of Elementals, Devas and Angelic Host Realms Who do not have the

Freedom to Act in ways of Free Will Consciousness, so These Dear Hearts Will Be Guided, Instructed and Overseen By Their Own Directors or Higher Intelligences.

This Operation is MASSIVE! And it has been and remains your RESPONSIBILITIES here in this Class, of which has been a Combined Elemental Grace Alliance Council Progressive Effort, that has Allowed for this to become possible, mostly unconscious, I add for clarification. So for those who may read this in the future, this is NOT about those within this physical Individualized Alchemy Class Environment today, but the Effort of many tens of millions over the past 2000 years upon the Planet, all of whom have supported this eventuation for this Mighty Charge now, being ready for such a Grand Undertaking.

You may look at this from the Point of Reference when the Essenes who realized that They would not be able to Ascend as a Group along with Jesus 2000 years ago, and so chose as a Group simply to Support Him. They, therefore, held the Energies for Jesus to be able to make that Transition individually! None of this is about ANY individual person or even groups at any Level of Conscious Awareness today; NONE are more or less important because All Have the Essence of God's '*Presence*' within them, and all are simply playing out their own Individualized personal Expressions in accordance to their own '*free will*' choices made to date!

That, simply put, means all have different roles to play and work to do, different responsibilities they see as their own priorities. So when Jesus said, '*Not my will be done, but Thine Be Done*', or '*The words or deeds I speak of or do, are not my own, but my Father Who Lives in me Who Does His Work*'. Or put it in another way, '*The words that I have spoken to you*', Jesus said to His Disciples, '*do not come, but those of the Father, who abides in the Son, and is revealed through Him*'. This is exactly the way you need to look at what is Transpiring herein, or else you shall simply fall into the ego-trap of personal judgement and criticism or spiritual glamour, none of which will offer you any Solace in Peace, Harmony, or Divine Gratefulness.

With all this in mind, it shall be this Class's Responsibility to place in position the Edifice for how this Activation will take place from a Structural Formation perspective and to Open the Star Gate that will commence the Flow of God Light within a Level of Resonance of the Highest Potential from a human standpoint at this time. A Resonance, I might say, that will not be totally congruent to the Christ Consciousness, but more importantly, what has been achieved through Cosmic Law and which allows Us, from Within the Electronic Belt, that is, from the 10th Dimension and above, to Fully Support humanity in this effort, due to sufficient Dear Souls, Who have been Granted the one-third participation consciously with Us on this side of the veil in their Light Bodies, while holding such a '*Presence*', within their physical bodies there upon the ground. For those of you who have read the previous Discourses regarding these matters will see that as We, the Masters, were Given the Dispensation to clear two-thirds of the imbalance around the world for humanity, We still needed to attain the Dispensation of

the final one-third to be Granted so We could then complete the 100% of the clean-up and Restoration. Read the Discourses again to comprehend the full understanding here.

What is going to take place?

Beginning tomorrow, the Work required to rid the Earth of All malicious, ill intentional and interfering energies, entities and beings, either incarnate as human or humanoid beings, along with all technologies that produce or sustain inharmonious projections of any type that is not beneficial to God Life or human rights, shall be removed. This means, there upon the Earth, within the Earth, seen or unseen, known or unknown! All entities that live or float around the atmospheres or higher spheres of the earth shall be removed to other locations in other galaxies where they may continue their own evolution. This shall include the astral realms from the 4th dimension through to and including the 9th Dimension.

All living human beings who project upon humanity anything other than for the Greatest Good of All Concerned shall then have to face their own karmic accountability, beginning tomorrow, in their physical form! This means that, as I have explained to you in the story of the Vestal Virgin and the Princes, that the Influx of the Intensity of Light shall be projected directly at them, and they will deal with it in Accordance to God's Will and Divine Cosmic Law. Many will pass over; others will become victims of the impurities of their own consciousness. The human beings will be dealt with differently than those discarnate beings who simply exist within the astral and etheric realms. Those will simply be corralled and removed, no questions asked!

Mechanical and technical devices will begin to fail, and some will be simply etherealized. Satellites above the Earth that support such negation of Human Rights will be removed, destroyed or etherealized. Most results the general public will not hear about, but the results will become noticeable in due course.

What cannot be done is to remove the consciousness of those Dear Human Souls who are the victims of such old manipulative activities and who must, in their own time, be allowed to evolve their own consciousness as each of the New World Servers has done in their own ways! This will take time. But what they will not have to contend with anymore will be to constant shadowing of malevolent beings interfering with their thought forms or the application of wave form impulses that scramble human consciousness within the spiritual, mental, emotional and physical bodies and the energies of the environment of all life.

One of the ways this will also be greatly assisted will be the complete reformation of the economic and financial world systems. Those who have governed the world behind all world governments will be removed, and thus their empires will crumble through many forms. Those being the Federal Reserve of the US, which is not owned by the US Government but by billionaire private individuals all over the world, who shall be guided toward bankruptcy, all their world monies, holding, and assets shall be confiscated, those who own citizens, banks and countries shall be neutralized, which shall include many well-known Company Identities

who have used their powers to amass vast amounts of material wealth, mainly gold and silver, precious and semi-precious stones. Taxes will be abolished, and all digital debt will be cancelled, and a new World Currency backed by Precious and Semiprecious Metals and Stones will come forward to provide a much Sunnier distribution of equality within the use of money and all the things that come with it, health and wellbeing, food, housing, clothing, education, community services, personal equality and equilibrium, etc.

None of this you need to be concerned about, how all this will take place, that is, Our Domain and those with whom We Over Light in different ways who will follow our Higher Guidance, more directly from now on! Simply be mindful as to the changes that will come about where you will be able to see the Truth of what is being shared herein! Yours that is the EGA's Responsibilities is to simply concentrate upon the Work you have accepted to Create the New Templates for the New Ashramic Group Life and the New Divine Economic Structures that will be required to be implemented in due course.

I will tell you now, Dear Hearts, that this shall mean that the EGA must now begin to wind down its present public face, which is your present website, and to move further behind the scenes, close your doors to potential outside influences, while the next phase plays itself out! For while you continue to be so open upon the internet, your work may be compromised, both in time and the continued misapplication of human consciousness within the areas of present governance and financial control by present world authorities or governments. Discretion shall be your Greatest Ally for the next year or so. The time has come to begin thinking seriously about the New Website called the '**I AM**' **One World Nation**, where your Light Programs and Educational Activities will continue as well as the Light Beacons for others to find you to become part of this Ashramic Group Synthesis of Love and Light for the future New World Governance.

For the time being, the EGA, both the Inner Core and outer Core Groups, will need to apply the Fortification of Self, not only of Thyself with the Mighty Power available to you, for these times ahead are going to be quite taxing upon the 4 lower bodies if you are not careful because as We have told you in the past, the mainstream consciousness will continue to penetrate your own consciousness and thus affect the way you conduct your affairs in all you do, including the Invocations and Decrees! **Only as you request it can you receive it.** That is until you have Fully Embodied the Christ Consciousness and your Resonances are High enough within the Perfection of The Impersonal Life. More than this, it is time to Protect your communication between each other, especially when it comes to the Core Function Activities.

This shall be necessary, for while the New Governance Templates may be in train until they are complete and effective in their Application to God Life for the future, for while others who have the same or similar ideas may not use them with the same Qualities or Divine Virtues. I tell you this in Advance for the benefit of Greater Wise Counsel before you go too far, thus potentially wasting unnecessary time. You need no more information on this for now!! It is

time to develop in more detail, the True Constitution of the EGA and all will follow like clockwork!! Follow the Cosmic Law to define The Natural Law is a hint in the right direction.

The Corona Virus must be considered very carefully, for it will continue for a while yet, possibly 6 months or more, already some vaccines have been developed and are ready for distribution for public implementation. These vaccines are not what they are meant to be. They contain 'collection of information' and 'surveillance transmitters' in nanotechnological components. Just like those used in your mobile devices but smaller! It is suggested that as many people as possible begin to consider the use of their devices with much more vigilance and care. These will continue; computers and mobile phones are quite useful within the evolutionary process of humanity. But it is not the device that is harmful, but what is in it and how it is intended to be used and, more importantly, **how YOU use it yourself!**

All programs that are added to such devices must be VERY carefully chosen of what is uploaded or used. Anything that is not suitable for Higher Consciousness must be deleted or removed. Such devices do not support human growth when used out of addiction or for purpose of detachment from the 'I AM' Presence. The same goes for TV and other media platforms. **Turn all devices off while not in very specific use as much as possible!**

I told you above that I would address confusions of the EGA later, and here you have part of the clarity of this confusion which Dear Sister Sue has resolved completely independently of what continues to create frustrations. The result, as you will see, is a matter of timing, and timing is everything here, Dear Hearts, and **EVEN AN HOUR CAN MAKE THE WORLD OF DIFFERENCE!**

Anne Jelena had noticed that the timing of 3:48 am for Holland was not the same as that given for the World-Wide Meditation of 4:45 am and was concerned that I had perhaps forgotten that we were now in Summertime Time Zones.

This is not so - the timing of 3:48 am for Holland is the moment in time when Jupiter and Pluto first come together - the Inception Point as it is called, or the Ingress of any two planets, is the most potent time and as such this was the natural time for me to choose.

I Am attaching the chart for Holland where you will see that Jupiter and Pluto at that moment come together exactly at 24 Capricorn 53 as indeed they will be at 4:45 am, the timing given for the World Meditation, but one hour after the inception point.

I noticed at the time that they had not chosen the inception point and wondered why.

The other reason I believe I was Guided to give this time is that each degree of the Zodiac carries an imprint and archetypal energy, and you will notice that at the time chosen for the moment of inception, the Moon (*which links to the Group Consciousness of Humanity in an 'event' chart*) is at 2 Virgo 45 rather than 3 Virgo 20 for the World Group Meditation.

The Image/Archetype/Consciousness that is held at 2 Virgo 45 is

Two Guardian Angels

The Keynote: Invisible Help and Protection at a time of Crisis.

Angels and the Devas and the like are entitized forms of Spirit. In a sense, at least, they collectively constitute a realm of existence complementary to mankind. They are specialized fields of energy which are apparently conscious but not 'free' in a human sense - that is, free to be what they are not. They constitute hierarchies of Energy-distributing forms which sustain all Life Processes... This symbol links to the Crucifixion.. the personal ego-centred feelings being destroyed - in their place, man develops a sense of deep companionship with Consciousnesses which though utterly different from his, complement his calmed mind.

Keyword: Strength Within

The Image/Archetype/Consciousness that is held at 3 Virgo 20 is

Black and White Children Play Together Happily

The Keynote: The Overcoming of Social/Cultural Prejudices

Freedom from all the forms, biases and idiosyncrasies of a particular culture and class in which one has been born and educated is a given of the consciousness truly 'On the Path'. The ideal of Universal Brotherhood underlies all great Spiritual Teachings, for they all are like branches of the One Tree, Man in his Divine State. This does not mean there are no racial differences, but rather that these differences have a function in terms of the whole organism of Man and of the Planet Earth. Every human being should be seen and warmly met as a 'Child of God' or, in less religious terms, as an exemplar of Man.

Keyword: Brotherhood

How fitting that as the Freedom Alchemy Class, we are being guided to be connected at this precise time with the Elemental Kingdoms, 'these specialized fields of energy... the Hierarchies of Energy-distributing forms which sustain all Life Processes - to anchor the structure and form in Partnership with the Angelic and Devic Realms at the inception of this Jupiter Pluto Conjunction to create a Pyramid of Light, a Chalice for the Light Resonances of Universal Brotherhood to manifest through the World Meditation. And how perfect that the timing chosen for the World Meditation is to bring an end to the sense of separation/differences/fear that underpins all that is unfolding through the 'virus' at this time - each perfectly timed.

Nothing is by chance and 'I AM' very grateful to you AnneJelena for raising this query as without it I would not have looked further into what is unfolding for us all.

The following detail is not about AnneJelena or Sue but those I have addressed within these Discourses who continue to evade the Conditions of Engagement.

It is one thing to get confused about world timing, which is indeed understood, but quite another when it comes to Listening to Instructions and following your own ego-personality

'free will'. In this case, following the Group World meditation, who is doing something quite different, then you are doing it here! It may appear on the surface as the same, but I have gone to great lengths to show you that it is most definitely not the same! My Point, Dear Ones, is the matter of continuing to get involved with what others are doing! If this is your choice, then you are Honoured in that choice. And if that is your choice, leave now! As I have told you before, and other Groups of like nature, I Am only interested in those who join My Classes who are ready to step into their Christed Self! NO-ONE ELSE needs to be here in these times of Massive Changes!

Not Listening or following Instructions is why I keep bashing the door of your consciousness about removing yourselves away from what ALL other groups are doing! YOU DO NOT NEED TO KNOW ANYTHING ABOUT WHAT OTHER GROUPS ARE DOING, AND THIS WILL ONLY CREATE CONFUSION IN YOUR OWN TASKS AND SPIRITUAL DEVELOPMENT AND WASTE TIME AND ENERGY IN THIS CLASS. Surely you have learned by now that what is provided for you within the EGA Discourses, are to the most part, ahead of what any other Group is doing!

I CAN and WILL CATEGORICALLY SAY that those whose resonances fluctuate the most in the EGA are those who place their energies within and around what others are doing! And this continued action on anyone's part herein is what has and will continue to place resistances around you and ultimately removal from the Core Functions of the EGA. Not to mention the inability to Precipitate through Divine Alchemy as Part of My Class Training!

Bless You, Dear AnneJelena and Sue, for bringing all this to Light which has given Me the Opportunity to address this continued failing with some Members, to place individual personal energies outside of the 28 Conditions of Engagement, for this is one of the Principle Conditions I have to contend with within this Group more than any other! That and the continued use of excessive communications!

I Plead with you, Dear Brothers and Sisters, take this admonishment in Good Stead. Its usefulness will be in your hands and your hearts from this time on!

We are getting close to finishing now, and I need to ask that before this Activation can take place, the ENACA Series of Discourses pending Appeal Petition must be completed and Grounded within the Group. Nothing more needs to be said on that matter. I'll leave this with you, Peter to deal with.

Lastly, I wish to address another important facet of all of what is being shared with you here regarding why all things that you have been given to date, right from the inauguration of the Elemental Grace Alliance itself, that Our Beloved Brother Carewen brought forward yesterday for awareness! The matter of whatever happened to Don Ballard. The son of Guy and Edna Ballard. I never actually entered the details of this subject at the time I was addressing the following question, but now you can see even more clearly of how the 'I AM' Activity fell into what may be called a dysfunction. A subject We entered into together within the Series **"Why**

America” and where Peter asked a series of questions. One of which was highlighted in this way!

Question 1. (*Part 1 - ‘I AM’ Discourses - Why America & Other Questions – St Germain 31st December 2018*)

Since 1932 many imbalances, disturbances and controls, and let us remain on the subject of America, only for reference’s sake, have continued unabated. So many Decrees, and Invocations have been Declared over time, but still today, there are far more of those imbalances that were being addressed in the Invocations back in the 1930’s and 40’s. If the ‘I AM’ Discourses are so Powerful and so Potent, why have they not worked, allowing the dark forces and so-called ‘evil’ to remain and thus continuing to maintain their holds upon humanity today?

Here is an excerpt of My Answer:

“This is such a complicated chain of events that, like the solution to stop any further attack, or threat of war upon American soil, after Pearl Harbour, the result to save America, opened the door to the Americas for the dark forces to regain their hold again. The Students of the ‘I AM’ Activity did not have the sustaining Resonance or Light Quotients of Power to hold off an even greater retaliation and invasion within the astral planes over America that infiltrated the outer world of the Americas. The Americas has yet to remove all imbalances caused by a number of past events since World War II.

“We have told you that without the Calls from humanity, a humanity who within themselves, hold sufficient Resonance and Light Quotients, the Hierarchy, Masters and indeed Shamballa are hands tied as to how much They/We can do. We are so beholding to Humanity in Accordance to the Laws of Free Will that until human beings understand that no amount of Decrees or Invocations below certain Resonances will help fight the dark forces. They are too powerful in their own rights! Do not underestimate such entities.

“We saw such events coming, and once again, you have been told that We had to devise a Plan to counteract all the misgivings to regain the Upper Hand against the outer world events. That Plan was to Create the Groups of Living Organisms that would supersede Organisations and Foundations that could not and would not rise above the Levels of Consciousness that would allow the Higher Resonances and Light Quotients to be gained. That was in 1938, nearly 80 years ago in your timeline. That Plan that was Initiated, Consecrated, and Inaugurated back then has now become known as The Elemental Grace Alliance.

“Can you see where ‘I AM’ going with this? It all follows and equates exactly to what has transpired throughout this Divine Plan since 2011, to bring it to Fruition today, whereby the Elemental Grace Alliance has now been given Permission by Me and the Christ Jesus, Shamballa, and the Hierarchy to be offered the Full Radiation of the ‘I AM’

Discourses, the same Discourses that Our Messengers and Students in 1932 were given. The Work back then was successful in terms of what it prevented. However, 'free will' reigned supreme after the War, and we shall discuss this in more detail.

"So Dear One's, Beloveds of My Heart, I can therefore appreciate from a human perspective, there does appear to be many disparities to deal with regarding the IDEAL, the PERFECTION of what the 'I AM' Activity and Discourses have to offer humanity.

"But Perfection is Earned and Won, not Gifted or Gained without Effort, Determination or Labour from a human standpoint! Therefore no discussion can be possible herein, or within any Discourse on any Level that will ultimately prove to any of you, indeed anyone that has allowed the Discourses to come to them, even those who have so ardently and lovingly embraced them with such purity of intention, that can help you, not without you experiencing it for yourself first. No-one is exempt from this Law. What one reads and what one believes is quite a different thing from the discovery of Truth through one's own personal Love in Action experience." End Excerpt.

It has taken nearly 15 months for the EGA to gain sufficient experience within its Membership based upon these premises, and more than that, I do not wish to go into here, other than to say, the Foundation of the 'I AM' Activity remains in a state of stasis in so many ways, and when the time is right, We will amend this situation in the Love it Merits. I have not mentioned Dear Donald, as this needs no more focus than what it has been given to date!

This then brings these 4 Discourses to a close before the Activation. I will now leave the Work required to complete in the hands of those who will provide the balance of details, as in Invocations and Visuals and or Instructions.

The Activation will be most potent if it can be done in Real Earth Time, that is, all linking together at the correct time of each time lines around the world.

Do not forget this is not about personality, so be sure to remove your personalities before you engage. Enter the Circles of Light as the Impersonal God Within, The Christed Being that You Are! Nothing more!!!

I will take My Leave now and See you all on this side of the Veil!

For The Greater Glory Of God, We Go!

Take the Path of Least Resistance!

No Longer Seek Further That Which Is Seen,

Rather Seek ONLY Now That Which Is Unseen!

May You Pass Every Test.
