

Part 10 - Introduction Alchemy Class

2018 Message Hidden God Within You - Ascended Masters Conclave – Radiant Rose Academy - Lord Melchizedek, Herein 31st January 2020

“Glorious Infinite ‘Presence’ of Mother Father God in the Great Central Sun, before this world was, I AM.

“I AM’ your first born of the I AM Race of the people of Earth and as I come before the Glorious ‘Presence’ of Eternal Grace, I call upon you Thy eternal home of these blessed children, I call upon you to shower thy great Cosmic Rays of Eternal Love, deep into their minds, their feeling side of life such an outpouring, such an onrush of your Great Cosmic Light of Eternal Love.

“I demand of you beloved roses, violets and lilies, command yourselves now to be an open door for all the Great Cosmic Gifts of the Great Heavens, the upper stratospheres of glorious systems of worlds all the way to the Great Central Sun. Demand quietly that your mind, your heart, the very cells of your body be open and continue to receive the great outpouring that life seeks to return to you.

“I AM’ Melchizedek and ‘I AM’ with you.

“Beloved hearts, it is so, I have visited many, many systems of worlds, it is such an interesting cosmic treat for I, who am sometimes referred to as the Ancient of Days, to follow the very fine young lad, Rex. Oh, my goodness, if you could see him in the 5th dimension what a beautiful young handsome youth he is. My goodness. There are not that many yet, less than two dozen, but we have a few who are in the Great Ascended Master Realms in the 5th dimension and there, of course, there are other dimensions too, but right now just the 5th..., who by intervention upon their lives and by their own willingness to love what was hidden within them by a power greater than themselves, that came to each of those youth and revealed something hidden within them and reveal to those youth how to make contact with that greater and unleash its ‘Presence’ in their lives. So, profoundly that in doing so whether it was Rex, or Pearl, or Nada or Bob or Daphne or any of the other children, these ones they were all in their teenage years and some of them were in their early 20s as you count time in the body. Yet it is by their efforts and a few wee spiritual experiences that they had, so determined with the little intervention that was upon their lives, to truly embody the truth that was revealed to them. Because there was such determination, their efforts demanded some of the Ascended Masters to come to them and tutor them, help them and raise them to their freedom, so that finally some of the youth of the world would be counted amongst those, who have silenced the horrific wheel of reincarnation and allowed them to continue their lives for the beginning of eternity in the Ascended Master Realms and be amongst the

more than 200 Ascended Masters, Great Cosmic Beings who have been chosen by the guardian of your world, our world.

“That Guardian is the Great Queen of Venus, the Empress of Venus herself, her royal family, the Kumaras. It is all of them through the work of her son, the Prince Sanat Kumara, who came to the Earth and I already, I have been ascended as long as your race has been, worked with him. All efforts that have been, have come to a place of achievement, in which this 7th Golden Age that you are in the early years, 250 Ascended Masters, Great Cosmic Beings and some of those beings come from other systems of worlds too, all to assist you, to help you, as Mother Akasha indicated yesterday, to open the way, to make certain that your consciousness is an open door, where continued knowledge, which is our purpose to be here; to provide you the continued knowledge that upon your study, upon your meditation, upon your determination to be such a being of cause and cause alone that you would therefore, by your efforts just like the Ascended Master Youth, that your efforts would demand that we come closer to you.

*“In the past many of what has been termed a ‘**mystical stranger**’ has appeared in the life of an individual, who has gone through horrific experiences, soul journeying. Individuals, who did not even know yet at their time that they were spiritual initiates, neophytes. In the past when these ones were confronted by a mystical being that suddenly appeared before them, every one of those mystical beings, those Ascended Beings said the same thing, when the initiate responded, **“Well, I did not call for you.”** The response from the mystical being was: “Your life has demanded that we appear before you. Your great God curiosity demands that one of us appear before you. Because even though you think you are of God, you are lost. Because you are lost, we are here.”*

“For this same reason we are here today.

*“Such changes, such transformation has taken place in your life. Yet I say to you, with all that is coming forth from each of you, with all that is coming forth from the great realms of Light and various suns, your own physical Sun, the Pleiadean Sun, the Great Central Sun, with all that is coming forth from the Music of Celestial Spheres, with the Rivers of the Mother Energy opening up and being made available to you. I say to you, and if you care to write my remarks down go ahead, because you **WILL** as said yesterday, you **WILL** have the opportunity to prove me right.*

“Yet, best you do not test me for I am so old, that I cannot even remember the time that I was ever wrong. So, I take the position that I’ve never been wrong. Yet I forecast you are in the counting of the calendar the year 2018, I say to you, by now with enough objectivity in your life surely, you might understand that your life comes with seasons, with passages and can often be seen and viewed as varying chapters of your life. Almost as if you would have come and lived your own book of life. These next 4 years shall take from you the book of life that you have lived in this embodiment in such a way that by

the year 2022, 2022 ... hm perhaps you best start practising of getting your mouth-piece around that number 2022... how did we ever get here. Hm?

*“Some of you as ancient and old as me, perhaps you even remember Y2K. So long ago. In four short years, 2022. What would it be like? This moment, even unto my visit with you this moment will feel like another lifetime. For the book of life is opening deep within each of you. It is no respecter of time. That book of life is only interested in the angle of your mind, your attention and the future that waits for you. Four years from now, what will have happened? What will have occurred in your life? What will have come to be? And have brought such metamorphosis and transformation in your life that you will be so grateful that you take up some of our Ascended Master terminology, our Ascended Master phrases that are loaded and charged with our Cosmic Power. Even one so simple that can be used regarding the various challenges that temporarily may be in your life, **‘THIS TOO SHALL PASS’**.*

*“Use this phrase beloved hearts, use it more often, aim it like a mighty spear that cannot miss its mark. Aim it, that mighty statement **“THIS TOO SHALL PASS”** at every appearance that is less than perfection. For within those words are the Power, the Will of your own God I AM to shake a spear at all that offends you and by this time, in your youthfulness... What are you? May be closing in on 15 million years that you have been here on your Earth?*

“Of course, you segregate all that into chapters, lifetimes. But if you add it all up, you are approximately 15 million years old, rather young considering before the Universe was, ‘I AM’.

“But where are we? Where are we in 4 years from now? 2022. The Great Truth of you that has been hidden within your consciousness as it is being revealed now, as the Mother from the Central Sun, Akasha, prepares you to meet, to greet, to connect with, the Only Begotten, the Christ, the Hero within your consciousness, the Grand Cosmic Being, the Infinite Individualisation of Mother Father God.

“So, what is taking place 4 years from now? Four years from now that being that is your true self that has been hidden deep within your consciousness your mind, your body and even your feeling side of life and all your experience side of life is proclaimed every day in these next 4 years, is proclaimed with understanding, with revelation, with comprehension:

“‘I AM’ an open door. ‘I AM’ an open door for the Grand Cosmic Being, the Christ, that has been hidden within my consciousness. ‘I AM’ an open door for that Mighty Son, Daughter of God to emerge, to elevate up into the full expression in me and through me.”

*“While all of those processes are unfolding over these next 4 years, it is here that the **very ideal understanding** not found in religions will be formulated into your experience. You will have the experience.*

“The experience of being born again.

“Not because you believe in Jesus Christ as your saviour. Well, in truth, he is your saviour, but you don’t need the Christian angle. Because you have recognised that your saviour abides within your own consciousness. Let us get busy. Let us make sure that these 4 years... I declare by the Power of My Throne that your human attitude, your human consciousness has no power other than to be an open door, that the husks of your humanity may be thrown aside, and the seed of your Christ consciousness can emerge, elevate itself into full expression.

“Do not lose yourself in the matrix of this world. The people of Earth must sort themselves out. It is not your time to get lost in what is going on in the world, whether it be politics or anything else, or to be part of any movement, however positive or bright, or brilliant it might be. You have your own movement. If you think the world is ready for your movement, go ahead. Go out into the world, go out into London and get yourself a soap box and begin to proclaim your truth. You’ll be running for cover within an hour.

*“Yet, your movement, the pioneering of the real God into expression in each of you, this requires sacredness. It requires an approach. I say to you: **the hour is too late**. Do not delay your path, do not waste your time and energy. Be careful about what you entertain in your mind. For every day for the next 4 years, you will grow more powerful. That means you must be by observation generous, kind, harmless unto yourself in the way that you internalise. I am speaking far beyond whether you have a negative mind or positive mind. I Am speaking into ways that you intellectualise, you’re in your head way too much.*

“It is our responsibility in the AKASHA GRAND COUNCIL to ensure that We Advance your consciousness, provide you the knowledge, you give it your attention, waste not the too many hours that you have already wasted in trying to internalise, intellectualise things in your mind which too often do not include the vibration of your heart, all of that create such an awful state within you. You keep doing that ... at 20, 30 years you have an ugly face full of crevices, valleys and lines.

*“These next 4 years you must be so kind to yourself. When your mind goes often in a direction, to catch it quickly and say ‘Zip it! Silence’! These next 4 years I urge you blessed hearts, I come to you charging some of my words with the Infinite Power of God, of Goddess, ‘All that Is’ within our Universe: **‘THIS TOO SHALL PASS’!** Those are some of the words:*

“I AM’ an Open Door for the Grand Cosmic Being, the Christ, that has been hidden too long, to emerge, to elevate into full expression.

“I AM’ an Open Door for the Rivers of Holy Spirit, the Rivers of Life Eternal, my Soul, to find expression in Me and through Me.

“By 2022, the ancient and hidden and misunderstood process of being born again will be fully in place. By that time in 2022, you will be beyond an intellectual understanding. Yes, all be it that’s where it starts. You start by receiving knowledge and you start with an intellectual understanding. That intellectual understanding must be fed with Truth, with Heart, so that you give the Truth an opportunity to become your reality.

*“Many of my friends in the Ascended Master Realms have come and said something to you that often has startled you and sent you off into an intellectualising moment wasting your time. That news that was given was, that this world, planet Earth, 3rd dimension, the world you’re living in has nothing for you. Nothing. ‘Oh, what do I do? Do I kill myself? Do I stop living? Hm, this world has nothing for me... I don’t go to work. I don’t do what I do?’ Oh, you have forgotten the other part; ‘It’s no longer what the world has for you. **It’s what you have to give this world’.***

“You are in your final stage. You are in the last stage that shall lead you in 2019 from the 27th Passage of Resurrection, in these years that I count down to the 33rd Passage of Resurrection, you are born again. Born into this world, given a physical body, given a consciousness that is tainted and soured with a complicity of duality. By 2022 you are born again into a consciousness that is the Tree of Life. A consciousness that knows only perfection, beauty and joy, endless power, enlightenment that no yogi, or mystic or prophet has yet seen in this world. Mark my words, you are the Untouchables. You had been tested and I AM the great Overseer by the Light of Jesus the Christ and the Love of Mother Akasha and all of us, we are the game, we all come in to assist when we can. But in 4 years what can you do? If you count every day for 4 years into 2022. What attitude you’d have in your mind? Is it your attitude in all ways that you love to think about things; are you a healthy thinker? Because your thinking includes your messages to yourself. So, are you already giving yourself the message:

“I AM’ an Open Door for all the Light, all the Love, all the Wonders of Life to come into my life. And I AM closed, my life is closed to the duality showroom of planet Earth. My life is closed to the death, the decay and the disease that is rampant amongst the mass of the people. Life, are you listening?”

“Because it is. In thousands of ways life is listening and as life is hearing you say these words:

“My life regarding the things that are out in the world that are not healthy, my life is closed. Don’t come knocking on my door. However, my life is an Open Door to the entire hierarchy, from the top what’s at the top? Heavenly Father. Heavenly Mother. All Central Suns, the Pleiadean Sun, all realms of Light and Love. My Life is an Open Door, the Elements of which my body is composed of are under transformation as I take in all

of this Light. The Akashic Field is open to Me. I enter daily into the Akashic Field, that it may show me infinite possibilities and potentials as they relate to anything, to any question, any intention I take into the field. 'I AM' born again; the Son of God is alive within me."

"The Son is neither masculine nor feminine it is simply an expression. You can simply change the expression to the Spirit of God is alive within me. But that Spirit must take hold of your body. By 2022 you will have the experience.

"Not the intellect. The intellect only goes so far. You will have the experience. 'Oh, yes, I have heard it before, the body is to be the Temple of God. Very nice, lovely information.'

"This is where we make it all real. It is our responsibility to make sure you have the resources, the knowledge, the tools and show you how to apply these things. Remarkable events will happen on your Earth in the next 4 years.

"Many, many lives upon this Earth will be lost. The world will do everything to take your attention away from your Spiritual Efforts. Yet you must be steadfast. The Second Coming of Christ is about to unfold upon the Earth. The age of man is over. The age of human consciousness. You have passed many Initiations over many lifetimes. You cannot fail.

"Remember when it seems that you are challenged some days, accept the Truth, why don't you accept the Truth, why don't you apply it to the things that will try to get you down? Why don't you be honest, accept the truth and declare:

***"Of myself I am nothing. Of myself I can do nothing".** This I speak of the present 'self' that I seem to be. I am in resignation of this Truth. I concede, wave the white flag. Of myself I can do nothing."*

"Then pull the flag back and say:

"'However,' ... because there is always a 'however'.

"However, God in Me can do Everything. Christ in Me can do Everything. The Grand Cosmic Being hidden for too long within my consciousness can do everything. My journey ... and I say to the world; Do not dare to distract me, because I have friends upstairs.

"Indeed. These next 4 years, let us see, let us see enough of God Emerge, enough of the Christ Emerge, enough of your Soul Emerge, that the Untouchables are on the Earth. They are in their last couple Passages. Yet their 'Presence' on Earth is changing the consciousness of the people of Earth. Already they have powers to silence incoming plagues and other things that threaten the people of Earth. You have come almost to the finishing line.

"What is out in the matrix is like a wire that is a foot off the ground. The world will try to make you trip over that wire. Oh, you will lift your leg high and you will step over the

wire and you are home. You have arrived. You are a 33rd degree Christ Untouchable. Let's Work Together.

"2022 will come too quickly. Be in your Joy. Be in your Happiness.

*"We have the Responsibility to Teach you how to keep connecting with the **'Hidden God Within You'**, to Set It Free, so that you are born no longer of man, but you are born the Virgin Birth of Christ.*

"I AM' Melchizedek and my return to the Earth has come to help all of you. I Thank you. I Thank you. I Thank you. I Thank you."
