

Part 14 - Introduction to Alchemy Class

The Games We Play – St. Germain, 5th February 2020

INVOCATION: “Mighty ‘I AM’ Presence I Demand and Decree the Heart Power of the Violet Planet to the Earth, Come Forth, Purify, and Bring Into Divine Order All That is In manifestation In this World Forever! ‘I AM’ the Governing Love, Wisdom and Power with Its Attendant Intelligent Activity which is Acting Today in Every single Thing That We Think or Do. We Command this Infinite Activity to take place every Moment and Be the Sustaining Guard about Us and That We Move, Speak and Act Only In Divine Order.”

St. GERMAIN: Greetings Dear Ones, Bless you for the valiant efforts that you are making in preparation for your Mighty Transformation. Yet, there remains the tendencies to look at that which is in the outer without the Inner Eyes to See. Your recent Group communications about the Superbowl are acknowledged and all comments made are valid in accordance to each belief, yet there is much more to this and simply high-profile sporting events that you need to consider further when it comes to Divine Order!

As was offered by use of the astrological viewpoint and the embrace of the Loving Intentions, not to get caught up in outer appearance, I wish to elaborate further. It is not the outer appearance as such, that questions the participation in the event, as spectator or player, but at these levels of Awareness and Resonance anything less than Observational or for Divine Interventional Purposes, then these types of interactions only help to sustain those energies out of balance, thus continuing the accentuations of promoting the old consciousness.

The thing that should concern all of you is how these sorts of competitive exchanges continue to embed into the consciousness of the New Children, allowing for the enforcement of being greater than or less than another, as just one example here. If you are to continue to view such expressions of human competition in any field of the outer appearances, including TV shows, business, music, government, etc. which promote self-aggrandizement, self-promotion, self-importance or ambition, that simply promotes separation consciousness, use them for the Purpose of Planting Light Language into the arena’s and upon and within their playing fields where all eyes, who give their perceived games, their individualized attentions or viewing, will subconsciously have such Language Of Light received into their Etheric Bodies for later use when required.

For example, The Olympic Games. Here you have billions of people watching the opening and closing of these games. What an Opportunity! Since the 2000 Games in Sydney, Australia, through Group Activity Activations, there were implanted with great precision for this very Purpose. This Love in Action, says nothing about the games

themselves or who plays or watches them, it is simply another Love in Action Planting the Seed of Truth into people's subconscious to be triggered and brought to the surface in Divine Order through the Language of Light! From My perspective, this Superbowl could have been of Great Benefit to America, if this sort of Activation was entered into. However, I did not see it for Myself, else I would have brought this to your awareness. So there is no Judgement here, but I Am Being Reminded that such Healing Energies come in so many different Forms. Should anyone be interested in such Opportunities in the future, speak with Peter and Sue, for these Activations were undertaken in the Groups they were Members of at the time of each Olympic Game Ceremonies!

Divine Order Dear Ones, step by step, in accordance to Divine Will and In Divine Love in Action.

I wish to share this and ask the question; Where do you think, the Founder and Patron of the Invictus Games, His Royal Highness Prince Harry's Impression, Vision, Conceptualization came from, to bring it into Manifestation? Where did that Creative Inspiration Originate and Descend? Was it a conscious or unconscious Spark of Light Awareness? Does it matter? I shall leave that for you to ponder if you wish. The Premise of the Invictus Games then, was not in the name of competition or making players multi-millionaires, separating those individuals from the masses, but to Raise the Spirit of those who participate and in turn the consciousness of the masses into a **Unified Group Awareness of Good-to-will**, and the **Good-to-be**, in Joyful Celebration! **Divine Order**, through **Divine Love in Action**.

I place this before you as evidence to the changes One can make, when working from within the 'Presence' of the 'I AM' All Mighty God, All-Pervading Love, Wisdom and Power, within All fields of outer appearances.

To close this matter, it is not what one gives their attention, but the Posture, Position, Mien and 'Presence' behind it! You can be in the world, but not of it or attached to it.

'Detachment' being the Active word here!

We are going to speak again of this matter relating one's preferences to engage in ANY outer world appearances, for the time is fast approaching where a choice will be asked of you, to step beyond all such things or remain within the framework of them. Hence the Two Groups, Two Activities and Two Functions.

With Your Permission, let Us take a moment to draw in and around each of you A Thousand Suns Of Even Pressure 'Presence' of Our Hearts' Flame of such Indestructible Purity and Purifying Love to strengthen everything that is constructive within you, that enables you to go forth into outer world conditions and release whatever Purification is necessary by the Power of the Great Silence to Flow like a river into every condition and keep on Flowing until they are Purified, because the Energy in this unascended octave that has been used or misused by mankind, must be Purified by some form of desire of unascended beings, else We would have Purified the world and all upon it ages ago! If the Cosmic Law did not demand mankind's Effort to Purify what has been misused here, We would have corrected by force all human creation much earlier. But it is imperative and is a Demand of the Cosmic Law, that unascended beings must call forth from the Ascended Masters' Octave the Purifying Activities of the Sacred Fire and the Cosmic Light Substance into the physical conditions in Earth in which they move; in Divine Order to Release the Powers of Nature from impurity; to release humanity of their corrupted impure conscious words, thoughts and activities; so that Greater Purity within the Powers of Nature in their own flesh bodies may be Purified and kept harmonized long enough for the Light and the Strength of the Light; to Expand through them into outer world conditions; to Purify and set the world into Divine Order once again.

"I AM' Victorious in the Purification through Our Use of the Mighty Violet Flame for All God Life here within all outer appearances. 'I AM' the Consciousness in the Violet Consuming Flame of Transformation, in every sentient being, animate or inanimate. 'I AM' the Mighty All-Pervading 'Presence' of the Intelligence of and in Life, Its Great, Purifying Divine Truth through Divine Love in Action by which It Manifests the Infinite Universe, Eternally Sustained and Controls It, Holding All in Divine Order, Divine Balance and Goes Forward to the Fulfilment of the Great Divine Plan of Mastery'.

We come again to a point of re-evaluation, where every time one uses the Expression 'I' or 'I AM', particularly within these Class Activities you know that It is the Full Power of Love, Wisdom and Intelligence Acting. Likewise it is also the Power that sustains imperfect thoughtforms or that of what could be deemed as opinions. This Work Dear One's has no room for opinions. Masters do not have opinions in anything, they simply see what within Their world they wish to Create and Walk toward that! Be clear then as to where your thoughts are coming from. Qualify, Qualify, Qualify, before sharing anything!

When Qualification is done, follow through after Voicing Silently to yourself: ***"I AM' the Full Liberation of Divine Love Acting'***, knowing that the Power of the Declaration is Self-sustained: ***"I AM' the Governing Love, Wisdom and Power with its Attendant Intelligent Activity which is Acting today in every single thing that I think or do. I Command this Infinite Activity to take place every moment and be the Sustaining Guard about me, that I Move, Speak and Act Only in Divine Order'***. Then during the day, whenever you think of it, take the firm consciousness: ***"I AM' the Commanding,***

Governing 'Presence', moving everywhere before me during the day; Commanding Perfect Peace and Harmony in all Activity'.

In this manner you will Lock the Door Open for the continuous Outpouring of this Inner Intelligent '*Presence*', which will Transform your world and keep you from contacting inharmony of any kind, enabling you to have that steady Flow of Inner Peace and Harmony in all outer contact.

It matters not what the manifestation may be within the body or in the outer world, the Disciple or Initiate must take his or her Firm Stand that his or her body is the '***Temple of the Most High Living God***'. This is an Unquestionable Truth, and this Attitude, consciously maintained, will more rapidly bring the body into the Perfect Activity which was intended from the beginning. Dear Ones, in all sincerity, there is no possible way of Attaining a Virtue or a desired Quality or Attribute without Claiming it for yourself. The outer can drift into a limited consciousness of declaring it did not have the desired Virtue, Quality or Attribute, and of course it could not manifest it under those conditions. The thought of many of My Students of the past, often is, '*Well, I have been holding this idea for a long time, but it doesn't manifest; it doesn't work*'. This is positive proof that somewhere in the consciousness there was lurking a doubt, a deceptive impulse, possibly unknown to the individual. That is why self-examination is '***an absolutely necessity***' before We can go too much further in this Class.

Do you Realize, Blessed Hearts, that few upon earth who would knowingly persist in wrongdoing, were they convinced with certainty that they were so engaged? It is up to the Master Alchemists of the race, then, to serve God and man to the ultimate by removing every trace of malice and ignorance from the screen of the human consciousness, commencing with each one's own personal concepts. Knowing how tenderly the Brothers and Sisters of this course are hanging on My every word, 'I AM' also Imbued with a sense of Reverence for the Service at Hand. I cannot conceive of how We can do less than Answer the Calls made unto Us in Accordance with the Great Cosmic Law. Even an Ascended Being in close contact with mankind can become almost possessed with a sense of urgency and a desire to cut the chains which hold any Blessed Soul in bondage! Yet it is only possible for Us to Point the Way and Give such Specific Guidance and Service as the Karmic Board has Prescribed.

The injunction '*Man, Know Yourself*' must be applied by you to the Pure Truth of Being and not to human concepts of what that Truth is. It is also dangerous, however, to be critical of another or of his or her concepts; for only the individual can apprehend, through the screen of his or her own being, his or her world and the Cosmos beyond. When you Self-Realize the meaning of interpreting life for yourself, you will see how utterly impossible it is for you to perform this for another, inasmuch as the average person cannot successfully enter the consciousness of another life stream nor accurately assess his or her complete thought and feeling processes.

This, by the Grace of God, We Are Able to Do; and the Karmic Board, in connection with the Universally Christed Selves of all mankind, is able to Mediate. We often hesitate, unless Mightily Appealed To, to interfere in individual karma. Yet foolish unascended mankind often rush in to decide how an individual ought to live or think. I Trust My Brothers and Sisters of this Class Activity will come more and more to Realize how helpful they can be to one another by Holding the Immaculate Concept for each one's Life Plan and then leaving the Guidance to that one's 'I AM' Presence.

Well, have I Observed over the centuries how important is the Service of Ordered Prayer and Invocation. The daily offering of Petitions has saved the lives of millions, expanded the lives of other millions, and Blessed All Life without limit. Sublimated Prayer Opens the Door of God's Intervention in human affairs. It provides an avenue whereby the Ascended Masters and Cosmic Beings Who Desire to Serve the Planet Earth and Its Evolutions can Walk within the Folds of Universal Justice and Render Special Assistance because they have been called upon to do so. For the Law Decrees that the Heavenly Host must be Petitioned by some among mankind, must be Invited to Intervene, before they are permitted to Intercede on behalf of humanity.

After all, would men or women retain their free will if Heaven thwarted the Attainment of every inordinate or disproportionate desire? Yet can those Guardians of the Race who perceive the error of mankind's actions fail to Invoke on Behalf of their misguided brethren assistance from the Higher Intelligence of God to cut life free from the crystallized effects of their erroneous concepts? To the Alchemist the Value of Prayer is as Manifold.

In addition to the aforesaid benefits, it provides A Divine Impetus to enhance his or her values and further the Goal of Divine Truth while the mental mold is in the process of coming into physical manifestation. The Call of Beloved Jesus at the Hour of His greatest testing, *'Nevertheless not my will, but Yours, Be Done'!* One teaches a more Advanced Law of Alchemy. When spoken by the Alchemist at the moment of the Sealing of the Matrix For Manifestation, this Call Ensures that the Guiding Forces of Power, Wisdom, and Love will Amend the Precipitated Pattern of Consciousness, where necessary in order that the more Perfect Designs of the Creator may come forth in the world of form. This places the Whole Process of Precipitation in whatsoever form is required, within the Forcefield of Eternal Perceptions and provides man, as a Co-Creator with God, with the added benefit of the Assistance of the Almighty as he or she forms and develops his or her own idea-patterns of Destiny in Accordance with Cosmic Purpose.

I will close here today.

Group Exercise that shall require a shared response within the Group. Needed responses must be submitted by end of Friday.

1. You have been asked to do some self-examination regarding the deceptions that continue to linger in the background of your lives. Please look deeper and draw them to the surface for ultimate release. I Am asking for this for a Purpose which shall be revealed in due course. **This requires a response to the Group Class.**
2. Likewise you have been requested to seek out those things in your life that need your close attention to place in Divine Order. If you have not begun already, time to begin this process. Your Responsibility with this is your own, nevertheless the exercise is being called for. **This will not require a response to the Group Class.**
3. I Am asking for each person to Qualify with their 'I AM' Presence what their thoughts and feelings are about which Group you will be desiring to belong to at this time, as part of the Divine Economy Two Groups, Two Activities and Two Functions. **This requires a response to the Group Class.**

As you know, this Class is an experiment and in so being it is time for Me to evaluate how We shall proceed, beginning next Monday. It is My Desire to Serve in a Way that shall uphold the Cosmic Laws, and that Dear Souls is why the last few Discourses have been vital, to see your responses.

The other thing that 'I AM' aware of is, since Day 1, there have been no questions forthcoming from anyone in the Class. That could mean a number of things, including some complacent attitudes. Any uncritical satisfaction with oneself or one's achievements to date in this Class is an incorrect attitude. At this stage everyone here should be very critical with self, else those deeper hidden ego personality deceptions and fears cannot surface! So this too, is of deep importance also! I so wish for everyone here to continue, but Cosmic Law is the All-Pervading Governing Power Acting Out Here and There.

'I AM' St. Germain Thanking You all for your courageous efforts so far!

BENEDICTION: "We Give Praise and Gratitude to You for Your Life, Your Love, Your Light and Your Intelligent Power That Manifests in Our Minds, Our Hearts and Bodies; Embracing Us All Within this Circle of Love. We Give Thanks for being able to enter Into the Great Silence, Allowing Your Wisdom to Govern Our Hearts and Minds so That at All Times We Act in Accordance With Your Will. Mighty Radiant 'Presence', 'I AM' the Intelligence Governing all outer and Inner Activity making it One Perfect Activity That Brings Forth Perfection in All Worlds, Kingdoms and the Elementals of Nature."
