**St. GERMAIN:** Greetings Dear Ones, if I could cite one area of application which the New Disciples and Initiates need to work on more than any other, it is that of the expansion of the Universal Consciousness within the Forcefield of the individual. The greatest need of mankind today and I say this unequivocally, is the development and the nurturing of the Sense of the Universal as Belonging Completely to the individual. From thence is drawn the foregone conclusion that the individual must also be Sensed as Belonging to that Universal Cosmos so Conceived.

No-one is better Qualified to Speak of this than Beloved Jesus the Christ! From His Christ Letter Number 6, We include this excerpt. But again the whole of the Letter 6 and 7, will shed more Light upon this Truth than you need right now!

**JESUS THE CHRIS:** *“I want you to understand that creation is not a creation of ‘matter’ imbued with consciousness”.*

*“Creation is the visible form of **PRIMAL IMPULSES** drawn and bonded into individual shapes and entities all **expressing** differing facets and combinations of the **PRIMAL IMPULSES** in a myriad of ways. Therefore, the **PRIMAL IMPULSES** are the **Reality** which your eyes, ears, smell, touch, tell you are solid ‘matter’ but are really **CONSCIOUSNESS IMPULSES** individualized in order to be experienced, intellectually understood and appreciated emotionally.*

*“At the time of conception when semen unites with ovum and a mating takes place, male consciousness chromosomes bond with female **consciousness** chromosomes. This is a physical union of your father’s own **consciousness of semen** and mother’s own **consciousness of ovum** Powered by the ‘Divine’.*

*“Thus, do the male and female consciousness chromosomes carry the imprint of genetic DNA from both parents. The moment of physical union of semen and ovum is conducted on two levels of creativity.*

*“The **injection of DIVINE CONSCIOUSNESS** became your **SOUL** embodied within the **human consciousness** union of semen and ovum. Physicality was created, powered by **‘Father-Mother-Life Consciousness’** which controlled the **activity** and **bonding** of **conscious** cells, producing the gradual growth and development of your physical body, which is really **consciousness** made visible on every level of your being, and nothing else.*

*“Your soul remained as an inviolate ‘flame’ (metaphor) of **Father, Mother LIFE** deeply enmeshed within the physical drives of: **ACTIVITY, BONDING/REPULSION**. These became your earthly individuality and personality.*

*“Incorporated within the transcendent **LIFE IMPULSES of Divine Father Mother Consciousness**, these consciousness impulses now took over the process of your physical consciousness creation and became the driving force behind your personality. Together, **Activity Bonding**, laboured to build conscious cell by conscious cell according to the consciousness specifications contained in the consciousness DNA molecules. Both personality and body are the product of these human impulses of ‘Activity-Bonding/Repulsion’. Whilst **UNIVERSAL CONSCIOUSNESS** remains forever within equilibrium in the **space**, therefore, undetectable, in that self-same **space**, in **frequencies of vibration**, the primal impulses of ‘Activity, Bonding/Rejection’ work together in the visible dimension appearing to your senses in the form of electro-magnetism.*

*“Both **UNIVERSAL CONSCIOUSNESS** and your soul remain undisturbed within the **Silence and Stillness of Equilibrium in Space**. The earthly consciousness creativity takes place within space and time and varying frequencies of vibration of materialized consciousness.*

*“Therefore, you take on living form and continue to exist within two dimensions. One dimension is Unseen, the **DIVINE CONSCIOUSNESS**, and the other visible dimension is all that the living human being can sense or comprehend until spiritual development lifts its human consciousness frequencies of vibration to the spiritual plane and a glimmer of understanding enters its earthly consciousness. As this process of gradual enlightenment proceeds, the uplifted human consciousness then works consciously both within the Unseen and the visible dimension.*

*“The higher the frequencies of vibration of individualized consciousness, the higher and more perfect are the forms created in the mind, the lower the frequencies of vibration, the more divorced from Universal Perfection of Love are the forms created in the individualized mind wholly possessed by the ego-drive.”*

*“**YOUR TRUE PURPOSE in life** is to gain the mastery of your ego by reaching out in thought and feeling to, **THAT, WHICH YOU SENSE IS BEHIND CREATION** and consistently*

asking for enlightenment. This is the very first step a person must take towards that glorious moment when he/she will make contact with the DIVINE and then move forward by means of continual cleansing of the ego-drive, to the re-entry into that 'Heavenly State' out of which your soul was born and took its individuality.

"And how did this CREATION of INDIVIDUALITY come about?

"As I said before, **UNIVERSAL CONSCIOUSNESS** reached a high point of mutual restraint and an explosion took place which tore apart the: **IMPULSE of CREATIVE WILL** from the **IMPULSE of LOVING PURPOSES** which separated and became active within creation as: **Father Intelligence / Mother Love seen as Electricity, Magnetism, Bonding, Repulsion respectively! Life!** Re-unified in equilibrium as **DIVINE CONSCIOUSNESSs Life.**

"Therefore, far from being solid and imponderable 'matter', in reality, the visible world is:

"**Mind/activity working always in conjunction with emotional/magnetic Bonding, Repulsion. Also known as Attraction, Rejection Father Intelligence: physical electricity and Mother Love: physical magnetic Bonding, Rejection together produced a child, the EGO!**

"**This IMPULSE of INDIVIDUALITY was born and took undeviating and consistent form within the energies of creation to ensure that the various electrical forces expressed as protons and electrons and the rest of the 'particle gang' excitedly discovered by science, should not fly off uninterruptedly into a distant 'formless state' but should be restrained and controlled by the magnetic 'bonding rejection' IMPULSE of Mother Love to bring about manifested form.**

"Science may dispute the foregoing paragraphs, since it has been at great pains to describe the various 'bonding processes' by applying differing word-terms to the 'bonding' energies.

"Science is welcome to call the 'bonding or attraction energies' by any term they wish, but the fact remains that these energies have taken on form from the grand and primal IMPULSE of MOTHER LOVE, whose PRIMAL CONSCIOUSNESS function is to give form to individuality.

"The IMPULSE of Father Intelligent Life gives electrical momentum to creation.

"The IMPULSE of 'Mother Loving Purposefulness' gives the 'bonding' to restrain the electrical momentum and bring it under control within the individuality.

"The IMPULSE of 'Mother Loving Purposefulness' gives the 'repulsion-rejection' impulse to ensure the survival of the individuality.

"That, is the process of creation."

End Excerpt.

**QUESTION:** *What does this Teaching about Universal Consciousness have to do with Divine Order?*

**ANSWER:** As the Disciple or Initiate of Alchemy approaches the Temple of Being, of Life, of Oneness, he or she must, if they Would correctly apprehend the meaning of Existence and derive Happiness therefrom, see him or herself as a Diamond of Light's Perfection set in a mounting of Perpetual Elegance. Acknowledging his or her interpretative mind and heart of being are able to apprehend and hold in the proper focus of prospective progress, man or woman shall once again renew his or her intelligently guided drift toward sublime Reality. There is no greater deterrent to progress than the isolationism that evolves out of the sense of separation from Life wherein the smallness of the ego, pitted against indeterminate odds, lurks in the shadows of uncertainty.

The unforeseeable events of the future, by reason of their opacity, project little comfort into the longing heart which awaits some word from the Creative Mind of God, some fore-knowledge of the depth of that Love which God feels for each part of the vast Whole of the Cosmos in all of its immensity and greatness. From the least to the greatest minds of earth, all need the benefit of lasting attunement with the Universal Consciousness of God. Mankind, through various religious concepts, have imagined God to be a *'creature creator'* simply because they themselves are *'creator-creatures'*. Using the tremendous outgoing energy of being, men and women have diligently imagined and imaged forth the Nature of God, while only the few have Apprehended the Truth that God is Consciousness, and as Consciousness He/She Is Life, Intelligence, Will, and Love Manifest in a Rich variety of Dimensions and Attributes.

Now I tell you, God is a benign Impersonal Personality, a Personal Impersonality, a Personal Personality, and an Impersonal Impersonality, comprising the manifold or varieties of consciousness of being. God Gives and Gives of His/Her Creative Self to the creatures He/She has Made in the hope that they will apprehend His/Her Purposes and emulate His Consciousness to the Fullness with which He/She has Endowed them. As they mature and grow throughout life, people imitate one another, consciously and unconsciously mimicking the personalities that touch their lives. They dwell in such a sense of unreality that they persist in identifying themselves as abhorrent and contemptible reprobates.

They accept not only the accusations of the *'accuser of our brethren'* whose machinations are exposed in the twelfth chapter of the Book of Revelation, but also the burden of mounting waves of mass condemnation which, like a raging sea, threaten to drown the Real Image of the 'I AM' Presence, in an ocean of emotion. The Purpose of thought and feeling is to form the mold of fruitful and progressive experience which in turn Endows mankind with the Highest Aspects of his/her Divine Self.

You see, Blessed Alchemists, your thoughts and feelings are the collimation lines that adjust and align your energies, Focusing them through the Lens of Consciousness according to your free will for either constructive or destructive designs in the world of form. Mankind, in the mainstream of their influence, have misused the energies of their thoughts and feelings; and, unaware of the consequences of their mental and emotional inconsistencies, irregularities, and incongruities, they have molded Light's Energies descending into their world into asymmetrical and unbalanced forms which, by reason of their nature, could never produce True Happiness for themselves or any other part of life.

There is a Purpose in the Plans of God which far transcends the understanding of the human intellect and the memory of history upon earth.

The wonders that are to come will soon be dwarfed by still greater wonders, and therefore all life should live in a state of constant expectancy. It is the Joy of the Mind of God to Give Richly of His Blessing. But above all, may I Counsel you now, Disciples and Initiates of the Light and all mankind: Obtain first from God the Father and Mother the Wisdom to Live Peaceably, to deal gently and courteously with one another, to promote the education of mankind the world around, and especially by Honest efforts to prevent the increase in number of those indigent individuals who are prone to commit crimes against society.

The value of training the young in a proper manner and encouraging them to live lives of useful service and good character cannot be overestimated. Political scandals within the nations of the world and the harshness of police-state methods (as enforced in Communist-dominated countries) must be overridden by the Sword of the Prince of Peace. The Prince of Peace is Imaged in the Compassionate Christ going forth to Teach all nations that the Way of God is Good, that His Wonders are intended to be used and possessed by all and exclusively by none. A Higher Way of life than vain competition must be pursued. Men and women, must become God-spurred and less motivated by status seeking. Teach this Truth! The sharing of the Grace of Heaven is a Message of Eternal Watchfulness from the Cosmic Councils of Light, to all upon earth.

Abundance and Peace go hand in hand, and this State of Felicity is the Will of God. Let this planet, by the Power of Spiritual and Natural Alchemy, arise to build new homes, new churches, new schools, a new civilization, new Concepts, new Virtues, new Greatness, all in the Bonds of Eternal Confidence which Blazes Forth from the very Heart of God and is Anchored within your own physical heart as the expanding 'Flame Spark' of the Immortal Alchemist him, herself!

The feeling of aloneness should be transmuted and superseded by the certainty of aloneness. Man and woman came forth from God as Good, and he or she shall return to that Goodness by becoming like it through the Dignity of Freedom and choice. The Power, Love, and Wisdom of God are never tyrannical but gently bestow upon each

individual creature of the Creation the Blessedness of Opportunity to Know God without limit. Forgiveness, Mercy, Justice, Peace, Achievement, and Progress toward Ultimate Supremacy are the Gifts which Life Holds for All.

Through the process of descent into Matter and form, man and woman, as a Part of God destined to become Ultimately Victorious, is made the conscious master of all he surveys, so long as he or she is not forgetful of his or her Source. By identifying with the gross, man or woman becomes almost at once entangled in a web of human creation whose snarls, like the thread of Ariadne weaving through the labyrinthian cave of subterranean Matter, bring him or her face to face with the Minotaur, who dwells in the lower octaves of consciousness waiting to devour the Christ. Escape is freedom.

That which descends and is committed to form and density must, in obtaining its Freedom, Ascend back to that Source from whence it came. To do this prematurely is in error; and therefore the Father, or 'I AM' Presence, Knows of each Lifestream the Day and Hour when he or she is TRULY READY! Until the Fullness of outer circumstance is Transcended and Transmuted in a manner whereby the lifestream has Fulfilled his or her Original Purposes for entering the orbit of Earth, they should continue their training and preparation in Accordance with the Universal Plan. Surely, thoughtful individuals will quickly recognize that marrying and the giving in marriage, procreation and the perpetuation of present modes of civilization are not of themselves, the Ultimate Purposes of Life.

All the world as a stage is not the Cosmic Coliseum; and ere the curtain is drawn on the final act, the drama of man's existence shall be played out in many corners of the Universe undreamed of by either early or modern mankind. Men and women's Dreams of Heaven are but fond glimpses into the imagery of Elysium, that is, a dwelling place of virtuous people after death; or, any place or condition of Ideal Bliss or complete Happiness in '*Paradise*', is Graciously Afforded mankind as encouragement until the time when they are able to Expand their own Spiritual Vision and Behold Reality in the wonders of the Father in His Many Cosmic Mansions. The Supreme Purpose of God for every Lifestream upon earth is the Self-Same Victory which Beloved Jesus Manifested from the Hill of Bethany. The Accent of Christendom upon the agony of Gethsemane, the Crucifixion, and the Vigil in the Tomb of Joseph of Arimathea, has often eclipsed the Great Significance for every man, woman, and child of the Glories of the Resurrection and Mysteries of the Ascension.

Misunderstanding of the Law of Cause and Effect and failure to apprehend the At-One-ment of the Universal Christ Originated in the human concepts that were introduced in the Parable of Eden and continue to the present day, perpetuated by the hoary mists of time and dogma. Unfortunately, the vicarious atonement has been ignorantly accepted and is widely used as an excuse for wrongdoings and their continuation. Thus, surrounded by an aura of godly but needless fear, men and women have persisted in

passing on fallacies from generation to generation in the Name of God and Holy Writ, being the writings or sayings of unchallenged authority. Every belief in today's consciousness must be challenged and Qualified to find the Truth. The registering of discord and wrongdoing upon man and woman's four lower bodies (i.e., the physical, mental, memory, and emotional bodies) is effected by Scientific Law, **Cosmically Ordained and Itself the very Instrument of Creation in Universal Consciousness.**

As Creators, men and women have sown the wind and reaped a karmic whirlwind. The Victory of the Universal Christ, which Beloved Jesus demonstrated, was intended to show to mankind the way that would conduct them safely back to God's Image. That way was Revealed as the Christ, or Divine Light within every man, woman and child that cometh into the world. It is this Wondrous Light, then, which is the Light and Life of the World, of every individual's world. **Only by Walking in the Light as He, the Universal Christ, Is in the Light can mankind return to the Father's House.** The forgiveness of errors made, is a Merciful Instrument of the Great Law whereby retribution, or the penalty for wrongdoing, is held in abeyance in order that a lifestream may have the Freedom to **'go and miscreate no more'** and then be given the opportunity for Greater Spiritual progress.

However, forgiveness does not absolve the Soul of the requirement to Balance the energies misused by the Alchemical Fires of Transmutation. The Balancing of wrongs done to every part of life, including the self, **must be Accomplished in Full with Cosmic Precision**; hence **every jot and tittle of the Law must be Fulfilled either here or hereafter.** This Process need not be a fearful looking form of judgment, but it should preferably be a Happy expectation of Opportunity for Service to Life and the Freeing of Life's imprisoned Splendour. For by Ministering unto Life Individually and Universally and by calling forth the Alchemical Fires on the Altar of Being, the individual can undo all of the in-harmonies which he or she has thoughtlessly cast upon its Beauteous Presence. Truly, those who have been forgiven, much more Love can be attained; for they perceive the need to be Everlastingly Grateful for the Goodness and Mercy of God which Endure Forever!

One of the major causes of recalcitrance, arrogance, willful wrongdoing, disobedience, rebellion and stubbornness is the vain hope of individual attainment without individual effort or of personal salvation without Personal Sacrifice. Mankind do not relish the idea of painstakingly withdrawing every thread and snarl they have placed in their own garment of life or of Attaining Heaven by Honest Application. Yet they must one day face this Truth of themselves. Therefore, the Present, when Truth and Justice of Opportunity are at Hand, is the Right and Accepted time.

**'BEHOLD, NOW IS THE ACCEPTED TIME; BEHOLD, NOW IS THE DAY OF SALVATION.'**

So Dear Soul's, hopefully you will understand the lengths to which We are going to, to embed these thoughtforms within your consciousness to bring forward the feeling body

through the Heart Centre, Divine Love, to find that place where no more hesitancy, no more complacency, no more lies can be entertained. I tell you, each one, stop short changing yourselves by not doing the work you are being asked to do in this Class! If you do not wish to, refuse or to continue to find excuses to do this, then it is your *'free will'*, not your 'I AM' Presence, that shall draw you away from this Divine Opportunity Now Present in this Rightful and Accepted Time!

I Am St. Germain Sending My Love and Blessings to All.
