**St. GERMAIN:** Greetings Dear Ones, today I wish to Speak about the Healing Powers of Divine Love. Its Colour is White, Chakra the Heart and the Stone is Chalcedony.

Love is a Mind Power innate to man and woman and exists in every human being. It may be called forth and developed to bring about **Harmony** among those who have been split, divided, or separated through misunderstanding, contention, or selfishness. If you feel a lack of satisfaction in your life, if the way seems hard, it is an indication that you need to call forth the Mind Power of Love from within you. It can do wonderful things for and through you as it soothes your path replacing friction with **Harmony**, dissolving tension, and sending its Healing Currents through your entire body. You will also find it an irresistible Magnet for satisfying your emotional needs and manifesting substance as increased, Healing, Abundance of all in your life, financial supply for example. Love, as a Mind Power, when consciously used becomes an Awakener.

Love is the Cohesive Power of the Universe and the most Powerful Activity in the Cosmos. It is the Power that holds together every electron in every atom that comprises form and it is the one that has furbished for man and woman, the Electronic form of his or her 'Presence'. Similarly, the Earth came into existence, We owe to Love's Radiant 'Presence' that the Beings of the Elemental Kingdoms were drawn here and are Serving You. It was Divine Love that brought Sanat Kumara to Earth, kept the Angelic Host on the Earth's Atmosphere and prompted Archangel Michael to stay twenty, out of every twenty-four hours in the psychic and astral realms, redeeming human miscreations. Love Created Every Blessing You enjoy, and you owe your Gratitude to its beneficent Power for all that You are or ever expect to be.

**Love is a Divine Activity, and its Cosmic Origin is the Heart of God.** It is released to the Universe in Mighty Streams of Joyful, Supernal Energy; feeds, in its passing, every Created form, Manifests Itself as the Crowning Radiant 'Presence' of the Father-Mother God to Their Creation. As a Divine Manifestation, it is the Zenith toward which all roads lead; the Motivating and Sustaining Power under which God's Other 11 Divine Virtues and Principles, to be externalized by man and woman, who must seek strength and competence. With Pure Love as a Guiding Beacon, man or woman's Path to God's Estate is Cleared and Sure of Attainment. **Divine LOVE**, for man or woman, is the Ultimate!

As a Divine Principle, to be externalized by man or woman, through the correct and Rightful Application of God Life, Mind Powers, must be built on the Cohesive Power of each of God's Cognate and Kindred Virtues, Those Being, Divine Faith, Divine Strength, Divine Wisdom/Justice/Judgment, Divine Will, Divine Power, Divine Imagination, Divine Understanding, Divine Order, Divine Zeal, Divine Regeneration/Life and Divine Elimination. All these Divine Virtues, therefore, must have an edifice which needs a concrete base upon which to rest securely, as Their Binding Element; **Harmlessness**, which, when properly manifested and Truly carried out, is the destroyer of all limitations.

Limitations find their cause in man or woman's selfishness, and selfishness is the ever-potent power that leads man or woman to left hand involutory activity and prevents him or her from attaining **Pure Love**. The individual that aspires to become the Carrier of **Pure Love**, must no longer mirror him or herself as a separate entity, selfishly egocentric, but as a Co-operative Unit working for the Good of the Greater Whole. Being after his or her Father's business, they consciously live as part of the Consciousness' of Soul, God-Loving and All Inclusive, with their lives having been so directed and oriented as to see All Forms as God's Creations and never deplete that Vista of the Individualized Expressions of the One Infinite Power.

Man and woman must acknowledge that there are many types of feelings which are called love but in reality, they are not Divine Love. Therefore, again, let Us define love. As the worlds were framed by Divine Love, Untainted Love is both Wise and Potent; for each part of the Unfed Flame Is complementary to Every Other Part of the Whole. **Perfect Love in Essence is the very Inmost Being of God! For Pure Love in Manifest Action, is God in Manifestation!**

*'For God So Loved the world, that He Gave His Only Begotten Son, that whosoever Believeth in Him should not Perish, but have Everlasting Life'.*

This **Pure Love of God** to Us is Fully Expressed in the Gift of the Fathers 'Presence' Within Us; His Gift of His Son Whom We Know and Love as Jesus Christ, as the Emmanuel of Our Christ Self and in the Gift of the Holy Spirit or 'I AM' Presence. Everyone Who Loves Unconditionally, is Born of the Spirit and finds Love's Fulfillment in the Trinity and in Its Expression in every part of Life. Thus, it can be said, Truly, *'that he or she who loves not*

*has not yet come unto Life, for he knows neither Self nor Neighbor in the Image and Likeness of Pure Love'.*

Divine Love is Penetrating and Expansive; Divine Love is Enfolding and Transmutative; Divine Love is Forgiveness and Understanding. Divine Love is Wisdom and Strength. Divine Love is Virtue and Purity. Divine Love is Dedication and Constancy. Divine Love is All the Qualities of God Combined with an added ingredient not yet Fully Known to Unascended a man or woman, which, for many reasons We can neither define nor unveil, except to say that the Fullness of Love is the very Secret of Life! Anything less is human love; love which aligns to the ego-personality.

Selfish love is not Self-Love. That which seeks not that it may share Itself, with every other part of God's Life, is not Divine Love. Therefore, anything that is self-centered, self-seeking, self-interested, egotistical love that holds another person, thing and idea, imprisoning them within a domain of exclusivity or personality desire, is but selfish vanity what human consider love to be. This is the idolatrous adornment of the ego, nothing more.

**Christ Love** is the Great and AWESOME Power of Creativity that Floods Forth Myriad and Wondrous Forms in Nature and in mankind, that Creates Cosmic Beings, Angel Messengers of Fire, Holds in the Cosmic Mind the Truth that love that is not Wholly Integrated With the Allness of the Cosmos, In the Oneness Thereof would not be God, would not be good. As much as Goodness requires some objective manifestation of itself in order to Love, the Great Creative Will of God Was and Is to Create many Self-Expressions in Form.

To define Love as the Living Christ, the Son behind every Son of man, it is both personal and Impersonal; it is fulfilled, measure for measure, as Ye Are able, every one of you through the cycles of the loss of your being, the Law that His Pure Love is in every manifestation, must be drawn from the Infinite Source of God Life. When you exercise it, the Law of Divine Love Unites the Purity of Justice within your heart.

Through clarity of vision, the inner cause that produces the conditions noted in the outer world, then, it is clearly apparent to him or her and prompted by the Inner Self, hastens to give succor where such is needed. Thus, he or she becomes his or her **'Brother's or Sister's Keeper'**, since motive springs from the Heart of God, sentiment and expediency find no place in their sphere of action. Like the bee that is attracted to the nectar of the flower, so is he and she to God's Other Virtues and the defects that formerly held them in thralldom, are now, in successive order, consciously remedied and eliminated. Reticence of speech; impulsive and precipitous action is checked and restrained and a non-critical attitude to exhaust shortcomings of his or her Brothers or Sisters, is developed. Thus, he or she becomes polarized with the Will of God and prepares him or herself to be a true carrier of Pure Love and its dispenser to those around them.

Where to the above, knowledge - authentic - pertaining to the Gnosis of the Cosmos and its Laws; to the evolution of man and woman and the Universe they abide, as well as loving service to the One Supreme God is added, the none truly can say that the individual is on his way to attaining Pure Love. In such a case, the heart and the head are working in unison, while the Centre of the throat, already being activated, becomes creative. So evolved, a man or woman stands apart from his or her Brother or Sister setting them free and in Reality, is '*God Living His Universe into Perfection*'.

Pure Love, having its source in God, finds anchor in the heart of mankind and thus becomes a human attribute, depending, however, upon the individual's evolvment for its Expansion or stagnation. As a fundamental Principle, its basic Virtues appeal at once to the intuition and calls out an immediate reaction of assent from the man or woman's Higher Self. Its appeal to the undeveloped personality is minor and, often non-existent; but as a man or woman advances in the ladder of evolution and comes closer to his or her own 'I AM' Presence, he or she responds to the ideas and the pull emanating from the Principle and this justly marks for him or her, a point in their evolution.

From the man or woman in whose being, Love has been developed, there is always a conscious Radiation of Peace and Goodwill that steadily goes forth from his or her aura. It is felt, practically by anyone that comes in contact with him or her, but most particularly by sensitive individuals. In that man or woman, the Flame of Love has been so expanded as to become not only a radiance of good, but, also, a pulsation of repellant Power to anything that is not of God. In that man or woman, God has truly Individualized him or herself so that through him or her the Love Principle may flow and an added God Focus may be established on Pure Love, like any other God's Virtue, to be acquired, in addition to fundamental harmlessness, similar cognate qualities should be magnetized from the Eternal Source, through invocation and the starting point should be the inside of man or woman's heart, clad in humility and gratitude for the privilege and opportunity to externalize it and dispense it to others.

When, as time goes on, man or woman's service has been proven, all requirements fulfilled then, the same person should they aspire to become a total dispenser of Love, in the world of form, through invocation again ask the Father-Mother God to allow them to Unite their Being with "*the Infinite and melting Consciousness of One into nothingness*" and become a Lord, Priest or Priestess of Love. Needless to say, when such a stage is reached, the Privilege is Granted, man or woman is no longer an Ordinary Being but is then treading the Path of the 'I AM' Presence.

Reversing the coin, looking at it from the other side, there are individuals among mankind, who have been so long '*absent from the Lord*', that they do not have the means within themselves to understand that which they have missed. If any find that he or she cannot summon Love for their Brothers or Sisters, or compassion for the world and its problems then much work is required in summoning this Mighty Virtue through

Invocation. Continuing, but with a more Tender Heart, Indigenous and Innate in the Nature of the Goddess of Love, Beloved Nada says:

*'Some individuals seem to find it hard to Love Impersonally. If that is your feeling then invite One of Us Who are the full-gathered Cosmic Momentum of that Love, to direct into the Flame in your heart and let Us Love through you and Love that Life Free. Love, Being the Third Aspect of Divinity, after Wisdom and Power, is the Great magnet that draws for the Power of God's Heart, charged with His Holy Wisdom. In the Three-fold Flame of God, Power comes First; but its Evocation, even from those belonging to the First Ray, Power to be drawn must be Invoked through the Magnet and Power of Love. Thus, Love precedes 'Power', and as a Divine Principle stands pre-eminent and is the uppermost Jewel in God's Holy Diadem'.*

Love then, being the Essence of the very Inner Being of God, it is the Holy Spirit in action, that flows forth God thoughts in Winged Flashes of Light to all those who impersonally give freely of their being, for the uplifting of their fellowmen. These are the ones *'born of the Spirit'*, to Whom Loves, as a Divine Principle to be dispensed, is a Sacred Trust Granted to there by God to be given to all who can accept it, freely and in God's I Holy Name. At this point, let it be remembered that the Love of one person for another is not as much as the Love of God for man or woman!

The Love of the Father-Mother God is the Constant Radiating Power that has given to all, Spirit, mind and form that cannot be compared even remotely with man or woman's Love, developed through Love as it may be. Though man or woman cannot reach the Awesome Power of **Pure Divine Love** and the Creativity of the Eternal that floods into manifestation in myriad forms of wondrous designs, in both mankind and nature, nevertheless, man or woman can reach heights in the **Spirit of Love** as to be Truly *'born of the Spirit'*. Individuals like Saint Francis of Assisi can and have entered the Realms of Pure Love in Nature, and by Radiating Their Love, to feel the beat of the heart of the four-footed Kingdoms and the birds of the air, and to feel their struggles and their pains.

Thoughts of Love cause a beneficial chemical change to take place in the body. Thoughts of Love bring forth Life, renewed health and even change thoughts of lack, into thoughts of Abundance. Just as the Heart Equalizes the Life Flow in the body, so Love Harmonizes the thoughts of the Mind bringing Peace to both mind and body. You connect your Soul-Forces or 'I AM' Presence with whatever you Centre your Love upon commencing with your Self.

The Love Current is not a projection of your will. It is simply a setting Free of a Natural, Equalizing, Harmonizing Force, which has been dammed up, misunderstood and misused. Love does not possess or dominate and is not willful in its expression. Divine Love is a Harmonizing, Balancing, Freeing Virtue of a Mind Power that is used for Creative Endeavours, which can be Expressed for the Purpose of experiencing through the body.

If you meditate on the Mind Power of Pure Love by thinking of Divine Love with your Attention and Focus upon your Heart, a quickening will follow. Mental concentration upon Unconditional Love will produce a positive Love Current, which goes forth to break up and dissolve opposing thoughts of any ill thought or feeling. The thought of such inequities will be dissolved not only in the mind of the thinker, but also in the minds of those with whom he or she comes in contact with or thinks about.

As you begin to meditate upon Divine Love it becomes alive in the heart and lung area. It will flow through your Body Temple, the Heart, Cleansing, Purifying, and Harmonizing it. It will Flow through your emotional nature, quickening a feeling of Pure Love there and bringing Peace of Mind about. It will flow into your relationships as Understanding and Joy. As you begin thinking of yourself as a Radiating Centre of Divine Love you shall find that Love has made you a Magnet Attracting good to you from all directions, pleasantly changing your world.

Your thoughts and words of Love used caringly and persistently will Transform the conditions in the mind, body, and affairs. The word 'Love' overcomes hate, resistance, restriction, opposition, anger, obstinacy, jealousy, and other possessive emotions that produce mental and physical friction.

Words make cells and these cells are related to one another through associated ideas. When **Divine Love** enters into man and woman's thought processes, every cell becomes poised, balanced, harmonious, and attuned to the entire organism. Words of Love have a balancing effect upon the mind and body. Divine Love can neutralize criticism and its destructive results.

Divine Love and Divine Wisdom United, result in quick Intuitional Knowing while Pure Love acting independently of Wisdom may bring unpleasant or negative results. Divine Love alone may be impulsive, but United with Wisdom it always Intuitively Knows the Wise Course of Action, thoughts, or choice of words, so that discordant conditions of body and mind can be harmonized. New thoughts make new cells. Loving thoughts make curable cells!
