Cosmic Law of Freedom

The 'Law of Freedom' is that movement which enables human beings the space to expand and grow in their ability to function in a manner that will allow others their freedom and space to grow, in order to free still others. Freedom is not a final 'State of Being', but an Ever-Expanding Action of Giving each other the space to create spaces for others, to create more spaces for still others yet to come. Freedom may be helped or hindered by human laws, definitions, principles, descriptions, disciplines and boundaries. However, ALL Universal Laws free each and every one within a Unification of an Environment of Divine Synthesis instantaneously when Activated from a Rightful Application to God Life, Any Law. That which does less than this, is subject to the Rule of a Greater Law.'

'No one is Free until each is Free, and all are Freeing each other'.

Why America First - Foreword

Blessings of Love and Joy Dear Brothers and Sisters who Believe in Truth, Freedom, Liberty and Happiness,

History will tell you much about the Forefathers of America and the US Constitution and US Declaration of Independence; but all has not yet been revealed as to the Truth about America and the part it has played in the History of the Evolution of Mankind here upon Planet Earth over the past 80,000 years. It is a progressive story and much has been kept secret for the purpose of Protection and Preservation of the Truth, so that the dark forces who have held control via covert operations throughout the millennia and centuries, could not obliterate another planet. Over the past 247 years to now 2023 has become more widely known and today is available to a greater world audience as a Greater Truth of this time in America's and the World's combined History. More to the point, these Transitional Times for the God Given Rights of every human being upon the planet, to be returned to **'We The People'** of the World, in Accordance with the Greater Overview of Perspective of a much Bigger Picture within the Unfoldment of this Human Evolutionary Plan; for the coming months, years, decades and centuries ahead. The American Declarations of 1776 and 1787 shall remain as Monumental achievements in Mankind's History; along with the United Kingdom's Magna Charter of the 15th June 1215 of which the US Declarations were founded upon! But like all things made manifest here on Earth, all are destined to Expand into Greater Manifestations through more Expansive and Enlightened Awareness.

Love, Truth, Liberty, Happiness and Divine Justice has always been here upon Earth, just never yet fully Self-Realized as Humanity's Greatest Potential for the Truth of Life! Remember the Word's of Jesus, *'I AM' the Way, the Truth and the Life*? He was the Living Embodiment of the potential spoken of here.

Today, Humanity has New Opportunities to grasp with both hands, through the only True Religion, **Divine and Unconditional Truth**, which from within the Higher Heart and Mind *'WILL'* change the World forever. But it will take everyone's Heart and Mind to play their part in the changes to come. Change comes by making New Choices, and New Choices require New Knowledge and Understanding! Freedom Is the Birth Right of All People of Earth! But **'We the People'** must CLAIM IT, TOGETHER, TO KEEP IT, and take it into Eternity as we move forward in The Name of God!

AND SO, IT IS DONE!

God Bless America and God Bless the World and All Its People!

Standing up in the Name of God In Accordance with The Greater Cosmic Laws and the Laws of Nature that no man can attest or deny, without exception.

Introduction for Greater Clarity

“The aim of this introduction is to shed Greater Light upon the importance of the United States of America setting the Perfect Example for Greater Independence in our World. America shall therefore become the first country within the World required to make the necessary changes to Free all citizens residing within its territories and borders. It shall be the Americas, Whose Land and People will lead other World Countries to their own Freedom; Why? Because that has always been the Destiny of America’s Divine Purpose to Attain. Contrary to many beliefs, the Americas once lived in True Democracy that began 1000 years before the discovery of the Americas by Christopher Columbus.

While proof of this is somewhat sketchy in terms of Literary Works that are available to the majority of people; such documents were sufficiently kept and can be found within the Libraries and Museums of the World, along with many Spiritually Channelled and Secret Society Works of Literature and the Arts that tell the Real Stories of Humanity’s History.

This information will most surely bring out the sceptics, critics and disbelievers, and while all people have the Right of Free Speech, that does not mean what is said will be correct. One cannot change the Truth of God or the Word of God that Holds the Power of such Truth and Authority. So, discernment will always be required for everyone who comes into contact with such information, and each must become responsible for what they project into any conversation, reviewing or questioning as they seek their own truth, that will serve their own lessons about what is right or wrong, positive or negative. The Truth is The Truth and is not personal or subjective in nature. It is Impersonal and Eternal, and no man or woman can change that Truth, and replace it with their own. This is a Cosmic Law.

That which is contained within this Synthesis E-Magazine may also bring up the issue of Patriotism, and many Americans may consider the Role the English have played within the History of the Americas and may prove to bring up reactions to the UK and its present-day Monarchy. But not all is yet Seen or Understood as to the Foundations that the United Kingdom placed

upon the Americas and its People in the Name of Truth and True Democracy, and while they are not seen as the Forefathers and Foremothers of America, they were indeed such People and can equally be called by those names, for most of the Forefathers and Mothers of America had their roots coming from the Lands of the United Kingdom, among other European Countries. So, let it be said, while it is most important in the coming times, to hold dearly to one’s Patriotic Duties and to Stand Firm in the Borders of Such Lands of the Free, but each one is being asked here just to keep open within their Heart and Mind that Patriotism is more far-reaching than is seen upon the surface within the outer world, where one sees only from a practical and physical standpoint! Please keep in mind that while those in America may be Americans born within this Country in this lifetime, do not forget where you were born and upon what lands you have lived in previous lifetimes.

For just because one is an American, or English, or French, or Greek, or Iranian, or Chinese, or Australian, or Canadian, or Brazilian, or Spanish, or Italian, or Israeli, or any other country of the world today, Know that you

have been born upon many other lands in your own histories as human Souls upon this planet! Without this Fundamental Understanding one may make some terrible judgements that may set one back hundreds and maybe thousands of years yet before your own Freedom is Secured. Freedom starts with Freeing Oneself First, and Freeing America First, you are Freeing all other Countries in that Process. And it is a Process, the *‘Process of Freedom and Oppression’*.

In Truth, every person of the World is a Citizen of the World, and for reason only known to the individual, the choice of incarnation in this lifetime will be their own Path to Discover the Truth of that

Choice, in their own time and in their own way!

Everything shared within these pages is for Educational Purposes only, for the Truth must become the Right of the Individual to find what is True and what is not, through their own implementation of such information for themselves. Be Free by Freeing each other, to Free another still!

Divine Involution and Evolution

While this E-Magazine is focused upon America for the Purpose of Freeing 'We The People', let us not forget that Divine Involution and Evolution, Divine Intervention and Aspiration, are not limited to any country or person, for none are excluded in such Truths about the Reality of God Being Understood, albeit not fully comprehended just yet, that God or Universal Consciousness 'does' Sustain All Life. There are millions of people around the world who have had such experiences without any sort of perspicacity, that God or God Intelligence or a Greater Power does Exist above the personality life. Thus Qualifying That **We Are Never Alone!**

None can be explained per se, from a human intellectual standpoint, because the Truth of such comprehension is actually too far outside of what humanity is capable of grasping just yet, due to the limitations of personality ego mind. It was not until the early 1930's that Greater Awareness of God's Existence through the Masters' and Angelic Worlds were shared in detail with Humanity. The proof of that can be found in the Libraries and Museums, Private and Spiritual Archives all over the World, and as the thousands upon thousands of books today will attest. So, in short, it is not that God or Christ Consciousness Education, or the history of humanity, was not or has not been available, rather it has been that those in power at any given time did not want such information to be

disclosed to the people they governed and so hid or destroyed such works. Through burning of the parchments, artefacts and books, such as in China 213 BC, Alexandria in Egypt, and in Nazi Germany in 1933; have been destroyed over the millennia of wars and conflicts to suppress the people they were trying to dominate. Thank God for the Intervention of Ascended Masters like St. Germain, who intervened in the Signing of the US Declaration as the unknown man few know about, and the Unknown man called the Professor, also St Germain, who helped to design the American Flag, and the Goddess of Liberty, who showed Herself to George Washington and General McClennan which helped both save the overthrow of Washington DC.

Such Divine Involution and Evolution, Divine Intervention and Aspiration can be seen as part of the Flowering of the Christ Blueprint, or as a Living Organism of Divine Synthesis with a Group Integrity that 'can' and 'will' lead to Global Transformation on a mass scale, when embraced more fully by humanity. The depicting of the three Visions by George Washington and the Dream of General McClennan proved to be Divine Foresights of what was to come at the time. How many Miracles of everyday life experiences, that changes have been decided upon, not only in an individual's world, but the whole world in general? The number is unfathomable!

And who can dismiss the death and Resurrection of Jesus or any of the Masters such as St. Germain and the Angelic Host, who come and share the events of past, present or future times through the All-Seeing Eye of God? Some traditions refer to this process as being 'overshadowed' or 'Over Lighted' by the Masters; as the Magna Carter, US Constitution, the US Declaration of Independence along with hundreds of other major Documents which have been written to Declare Human Rights and their upholding to the Greatest Good of All Concerned around the world.

And now the World is being presented with a New Divine '**Cosmic Christ Mandate**' which includes a New '**World True Constitution**' and '**I AM**' One World Nation Proclamation and a New '**Declaration for the Freedom of Humanity**', Supported, Backed and Based Upon the '**Cosmic Laws of Divine Involution and Evolution, Intervention and Aspiration**,' Over-Lighted by the Masters and Angelic Realms and other God Intelligences, all explained in the greatest of detail.

Such Declarations will allow all those who feel Magnetized to them, to Divinely Understand the Intricacies, Integrities, Truth, Freedom, Democracy, Egalitarianism, Wisdom, Justice, Happiness, and the Life Being Lived Within a World Governed by the People, For the People and Through the People of God; thus denouncing tyranny, control, manipulation, unjust laws, orders and commands, separation consciousness, oppression and suppression, or in a more simplistic description, all that which denies the People of any and all Nations of the World Their True Rights To Be the Free Sovereign Beings, that They Are, In Accordance To God's Universal Laws.

Such Visions, Dreams, Interventions, Assistance and Guidance, Miracles and Healing's are all to show humanity that there is more to life than hardship, sickness, lack of Love, Hope, Prosperity or Liberty. The Angelic Realms and Masters come and show themselves in a physical form at times when humanity comes to the final point of almost losing Hope in life itself, no matter what the situations or circumstances. And God Knows, that today upon Earth Hope in the near future is just about at its last strands for giving up. Yet Hope is Ever Present for those who have the Eyes and Ears to look and See, listen and Hear that all is not lost!

Humanity has NEVER been alone in their stories of life! God is Ever Present and the Masters, Angelic Kingdoms, and other God Intelligences are ever watchful and there to help us if we Pray and Call to Them for such help and Guidance. We now have another God Plan playing out, not a human plan!

Divine Intervention and Aspiration

'I AM' One World Nation

Liberty and Divine Justice For All!

THE GODDESS OF LIBERTY

So many people around the world know of the Statue of Liberty, which has stood in New York Harbour since October 1886, but how many know of the Beloved Goddess who Inspired the Statue and who holds her primary Retreat over the whole of Manhattan? This Glorious Being, 'The Goddess of Liberty', did not end up in Manhattan by coincidence.

The Goddess of Liberty was once known as Demeter in the Greek pantheon of Gods and as Ceres by the Romans, but, to know this Goddess and Her Focus of Freedom it is important to travel back to Atlantis. When embodied on Atlantis, this Soul was responsible for erecting the Temple of the Sun right where Manhattan Island is now located. Upon the destruction of Atlantis, the Temple of the Sun was moved into the Etheric Realm where it remains, continually Focusing the Flames of the Twelve Solar Hierarchies upon humanity. The Brotherhoods-Sisterhoods of Liberty continue their work on the Etheric Plane at the site where the previous retreat had been.

So great were the momentums of this Ascended Master toward Freedom that immediately upon Her Victory, she was offered to become the Goddess of Liberty (Freedom). "I Am' the Spirit of Liberty, the Guardian Presence of that Virtue from the Heart of the Great Sun of this System, endowed with the Responsibility, the Obligation and the Opportunity to cultivate and keep Liberty and Love of

Liberty alive within the consciousness of the evolution progressing upon the planets of this System. It has been My Service through the ages, since I first accepted the assignment of Magnetizing, Condensing, Holding and Radiating the Quality of Liberty from the Electronic Belt around the Sun, to nourish and develop the desire for Liberty within all Life, to keep alive within the minds and hearts of the people of the planets that Innate Cosmic Quality which is part of their own God Heritage.

The Retreat of the Sun was the West Gate of Atlantis and is now the East Gate of the 'New World'. It is considered the most important Retreat on the Planet and was Created as a replica of the Temple of the Sun of Helios and Vesta on our Solar Sun, and whose Purpose lies from Europe to America, Fostering the expansions of the many Facets of Consciousness through the Twelve Solar Hierarchies. The many Virtues that Express through the Retreat of the Sun through the actions of the Solar Hierarchies is responsible for drawing the migrations that have entered the US through its Eastern Coast, as well as inspired the creation of the Statue of Liberty ".

This Beloved Goddess has Devoted Herself to the Virtue of Freedom. She streams and holds the Cosmic Consciousness of Freedom on Planet Earth. The Goddess of Liberty sits on the Karmic Board and is the speaker for the Board, Representing, the Second Ray of Love-Wisdom.

The Goddess is on the clock of the Twelve Solar Hierarchies, representing the attribute of God Gratitude, at the 7:00 position along with the Lords of Karma, directly across the clock from St. Germain.

At the time of the American Revolution, the Goddess of Liberty appeared to George Washington at Valley Forge in the winter of 1777, in what has been called 'George Washington's Vision' and in which he was given three prophecies about America, called the 'three great perils'. Washington was called by the numinous Goddess, whom he did not know, 'Son of the Republic, look and learn.' Each prophecy concerned a peril of war to be visited upon the Democracy of the United States, in which She will be Victorious by turning Her Eyes to God and fighting for the Victory of Liberty. Washington is said to have concluded, "Let every child of the Republic learn to live for his God, his Land, and Union.' The Goddess of Liberty has taken the Bodhisattva vow to remain in the Service of Earth until every man, woman and child has made their Ascension. 'It all depends on you. When you know it through and through you will not fail, for the Eye of Compassion, the Mother's eye, so mild and pure, looking upon the life-waves beneath Her feet, cannot escape the truth. It all depends on you. Children of My Heart, Rise and Pass through the door of objectivity and become the Woman Clothed with the Sun.'

Symbols of the Great USA Seal

Excerpt From Manly P Hall's Book *The Secret Destiny of America*. Published in 1944.

To Read Manly's Book '*The Secret Destiny Of America*',

"Is the American Eagle actually a Phoenix? Selection of the fabulous bird of the ancients seems to have been the intention of the designer of our nation's Great Seal. The Phoenix is the symbol of the Reborn in Wisdom. ... The design on the reverse of the Great Seal is even more definitely related to the 'Order of the Quest'. The pyramid and the All-Seeing Eye represent the Universal House surmounted by the Radiant Emblem of the Great Architect of the Universe These three symbols in combination is more than chance or coincidence.

"When the time came to select an appropriate emblem for the Great Seal of the United States of America, several designs were submitted. These are described by Gaillard Hunt, in 'The History of the Seal of the United States', published in Washington, D.C., in 1909. Most of the designs originally submitted had the Phoenix bird on its nest of flames as the central motif. One of the designs now familiar to us was finally selected, and Benjamin Franklin was asked for his opinion of the choice.

"Franklin gave his immediate approval, observing naively that it was very appropriate to select the wild turkey as the symbol of the new country. The turkey was a bird of admirable quality, hardworking and industrious, and of good moral character, and a fowl also with a marked aversion for the colour red, at that time unpopular among the colonists.

"When it was explained to Franklin that the bird on the Seal was intended to represent an Eagle, he was bitterly disappointed; and he insisted that the drawing did not look like an Eagle to him, and furthermore, an Eagle was a bird of prey with few of the respectable qualities of the Wild Turkey.

"It has been said that the Designer had drawn a Phoenix. Its selection would of course have been appropriate. Among the ancients a fabulous bird called the Phoenix is described by early writers such as Clement, Herodotus, and Pliny; in size and shape it resembled the Eagle, but with certain differences. The body of the Phoenix is one covered with glossy purple feathers, and the plumes in its tail are alternately blue and red. The head of the bird is light in colour, and about its neck is a circlet of golden plumage. At the back of its head the Phoenix has a crest of feathers of brilliant colour. Only one of these birds was supposed to live at a time, with its home in the distant parts of Arabia, in a nest of frankincense and myrrh. The Phoenix, it was said, lives for 500 years, and at its death its body opens, and the newborn Phoenix emerges. Because of this symbolism, the Phoenix is generally regarded as representing Immortality and Resurrection.

All symbols have their origin in something tangible, and the Phoenix is one Sign of the Secret Orders of the Ancient World and of the Initiate of those Orders, for it was common to refer to one who had been accepted into the Temples as a man or woman twice-born, or re-born. Wisdom confers a New Life, and those who become Wise are Born Again". End Excerpt

One is invited to look at such opportunities and potentials available at this time, to be better informed through the willingness to investigate such aspects of Eagle versus Phoenix; a matter of Evolution and Involution, Intervention and Aspiration, offer potential substance to expand the conscious minds of humanity. This new awareness may indeed ask those in positions of becoming the New World Ambassadors, Diplomats, Guardians and Administrators, etc. To Evolve an outgrown work to a New League of Democratic Global Commonwealth Nations, or, as the New True Constitution defines it, as a New 'I AM' One World Nation, which must be explored in Truth by each individual and group! And to do that, old Symbolisms that have served their

functions and purposes must be replaced with the New that will enhance and compliment Greater Interventions and Aspirations for a New Generation of Humanity with New Opportunities to Embrace more fervently by All and more Elevated and Illumined Patriotic Egalitarian Expanded Visions for the future of the New Humanity and Its New Life in Liberty, Divine Justice, and the Greater Pursuit of Happiness.

Understanding The Great Pyramid Of Giza

Having introduced the Symbolism of the Phoenix, there is another aspect that may assist in the Understanding of the Great Pyramid of Giza and the missing 'Capstone', that is actually called the **'Capstone of Jericho'**.

The Phoenix Symbol is important in another way also, as an Emblem among nearly all civilized Nations of Royalty, Power, Superiority, and Immortality. The Phoenix of China is identical in meaning with the Phoenix of Egypt; and the Phoenix of the Greeks is the same as the Thunder Bird of the American Indians. Just like the Phoenix having multiple National and Cultural meanings, so too, do the Pyramids that are placed in strategic positions all over the world. Thus, having once again similar references and meanings and applications for many of the Global Democratic Commonwealth Nations, void of any political or duality of personality or separation consciousness, these physical pyramids have Divine Purpose! We are not speaking of Human conjectures or beliefs here, we are speaking of Involution and Evolution, Intervention and Aspiration to assist humanity to raise its consciousness to Greater Awareness of Universal and Cosmic Conscious Preparatory Measures to Transition from one level of human consciousness into a Whole New Level of Angelic and God Universal Human Consciousness.

While the Original Pyramid of Giza was not completed in terms of its outer appearance, it was never allowed to be fully activated (*Light Encoded*), due to the limitations of human consciousness at the time. This was disclosed in a Discourse from Archangel Metatron on the 11th of August 2016.

"These Centres and Pyramids of Light shall all receive Capstones of Light that will be the Activators for these Fields of Advanced Consciousness. Can you now begin to understand why the original Physical Capstone over the Great Pyramid of Giza millennia ago, was never allowed to be placed in position? It was never placed there because even those advanced Souls were not ready to Hold the Power that these shall bring to humanity! Mystery Solved! The New Capstone of Jericho, as We Call it, was placed in Light, over the Giza Pyramid, in November of 2007, as the prelude for greater things to come. For the Planetary Energies of Light to Increase incrementally until now, in Frequency, before the New Pyramidal Light Temples could be Created and Built!

"We won't say 'Made Manifest' just yet, for first there must be an Electro/Magnetic Light Pattern constructed and held in place with Concentrations and Focus by the Adam/Lilith Kadmon Members of these New Temples. Then and only then, once the Patterns are Consecrated by the Powers of Love and Light from within, can they be 'Made Manifest' by the Elementals and Devas!

"These New Capstones of Light, shall hold the Power to be able, through the Adam Kadmon, to Evolve Humanity through the Co-Operation, Co-Participation and Co-Creation with the Higher Intelligences of The Mother's Love and Father's Light. Each Pyramid shall have its own Light Frequency, dependent upon the Directors and Forcefield Attractors and Councils of each Centre, Enveloped and Shrouded by One of the Pyramidal Light Structures. Through these Vibrational Light Codes of the Pyramids and Capstones, The Adam/Lilith Kadmon, will then be able to breakdown and dissolve old conscious, and matter constructs." End Excerpt.

So, if one looks again at the Great Seal for the USA, with the Capstone separated from its base, symbolically it is saying that the consciousness of humanity was still not ready at that time of inception. The completed Pyramid of Giza is in Truth a Living Universal Structure of Being both a Transmitter and Receiver Station of Universal Energies of God Consciousness from distant Star Systems, to this Planet and its People, for them to Evolve. The US Great Seal's symbology as an unfinished Apex or Capstone is actually a True analogy of human consciousness. However, that **'Capstone of Jericho'** in November of 2007 was Activated with Its New Capstone with Light Encodements to begin the needed Electromagnetic Impulses which now flow out to all other Pyramids known and unknown all over

the planet, Permeating and Interpenetrating the Earth and Human Consciousness alike, and will automatically be recalibrated to increase as human consciousness on mass increases. One could say that the Great Seal of the USA, as a Radiant Emblem of the Great Architect of the Universe, could now become an even Greater Seal of a Greater Nation toward the Flowering of the Greater Democratic Global Commonwealth of Nations. Like Involution and Evolution, Intervention and Aspirations cannot remain still for too long, and indeed must change like a caterpillar changes into a Beautiful Butterfly!

The Cosmic Law of Divine Faith

Law of Divine Faith - When the Principles of Faith are applied, it will produce Victory in your life every time, all of the time, no matter what. The Law of Faith is founded upon the recognition that we know more than we have read, heard, or studied. We Know more because we Are a part of the ALL. We have a direct link to Universal Wisdom. We only have to look within, listen, discern, then Trust. We need to develop more Trust in our own deepest Intuition and Wisdom as the final Arbiter and Source of our decisions. We know more than we know, we have hunches, intuitions, and visions of a whole that is larger than the sum of what we have read, heard or studied. Déjà vu is nothing more than the recollection of the larger collective unconscious: the Universal ALL that we are all a part of. Each of us, explains renowned psychologist Carl Gustav Jung, holds a pool of collective, Universal

knowledge within our subconscious; this is Universal Knowledge. We have only to look within, Listen, Discern, and Trust our Inner, Universal Knowledge. We must learn to differentiate between our outward desires and biases to objectively access our deepest intuitions and to rely on Intuitive Knowledge as the ultimate Arbitrator in all of our decisions. Faith in the collective body of Universal Knowledge is the Key to the Law of Faith.

The Law of Faith is the cosmic revelation that your gracious, benevolent and loving Celestial Father/Mother personally loves you very, very much, whereby They Are Intricately interested in your Ultimate Satisfaction, your Ultimate Security, and your Ultimate Development.

The wonderful works of faith and sanctification naturally follow regeneration, but are separate from it. When Christ healed a blind person, he would open his eyes to a thousand new sights that dazzled his being. Similarly, the Soul Regenerated by the Spirit sees Him Himself and God's Creation in a totally new way. The process of seeing is subsequent to being enabled to See.

Conversion follows Regeneration and is different from it in the following ways: Regeneration is God's act; conversion is ours. Regeneration is the Implantation of a Gracious Principle; conversion is the Exercise of that Principle. Regeneration is never consciously known by man or woman; conversion is thoroughly a Divine Process involving their consciousness. Regeneration is a single act, complete in Itself and never repeated.

Regeneration is the New Birth by which the new creation of God is begun in the soul. It is the first personal act of rescue wrought by God in us to fulfil Him/Herself Plan of Salvation effected by the life, death, and Resurrection of Jesus Christ. Without Regeneration, one would forever remain Spiritually blind and dead.

The Cosmic Law of Attrition

As Defined by St. Germain within the Discourses of the True Constitution

Briefly defined the Law of Attrition is the process of reducing something's strength or effectiveness through sustained attack or pressure.

This Law is one of the Laws that relate or belong to the '*Laws of Existence*' and hence can and does create many varying types of negative influences upon human consciousness. And when deliberately used can be most effective in creating disempowerment. Those who intentionally employ this Law use it to maintain power and control over others, and when wrongfully applied it brings imbalance and disharmony and can equate to far reaching results as in the recessions of this world and what is coming to humanity once again that will result in similar conclusions. When used in a negative and intentionally harmful way, such applications can reduce work forces in all forms of life in society. It can be used to reduce wages and increase costs to keep the people limited in their effective needs to live a healthy and free life. It can cause losses in all forms of the human experience; it can also remove people from positions in society and replace them with more experience or more agreeable ones to the business owners. Some religions use attrition placing it over the false belief in sin, to wear down their congregations that in turn, subject them to disempowerment and hence the need to remain tethered to that church or belief system! Read the '*Christ Letters*' to see how attrition was used toward the use of the 7th day!

Attrition can also be applied to people who leave an education or training course before it has finished, thus resulting in a waste of energies and resources. It can also relate to the reduction or decrease or demise of personnel, membership, inclusion, association, affiliation, relationships or participation in numbers, size or strength to any group, community, or the Gathering of a '*United Forcefield*'. Attrition can also be applied to the wearing down of other physical things that occur either naturally, such as earthquakes or by intentional physical action, such as manipulated and planned wars.

To understand Attrition, one needs to understand Evolution, for without Attrition, Evolution cannot take place. It is a Divine Process that allows for and calls for change! Change to remove that which is old and to allow that which is new to come into play or the Awareness of an Ever-Expanding Consciousness! So, Attrition removes old concepts and opens the way for New Concepts, New Ideas and New Visions for Humanity to grow, develop and move Higher in Awareness. So, while Attrition can seem negative and does indeed create hardships and chaos for many and in the time to come for the whole of the human race, it too has its Divine Purpose. It is not wrong in terms of human experience. It is necessary to expand human experience by replacing what is old to allow the new to bring about Higher Consciousness and a Better Quality of Life and Freedom of Spirit. Many will fight it, as the dark energies are doing right now, as they know their powers are about to be taken away from them, for these entities are not the consciousness of the mass of humanity. They are just a minority who think they know best and see humanity, not as God Beings, but slaves and workers to their own agendas. But that is not what the Human Race is for, nor ever was meant to be.

So, the Law of Attrition, although it may appear to be that which takes away, is, on the other side of the definition, that part of the '*Law of Life*', which is the process of expanding people's Strength or Effectiveness of Being through Sustained Change in Consciousness for the Divine Purpose of Greater Truth, Quality of Life and Freedom of Spirit. This Law is all Governed by the 'I AM' Presence, in Allowance, Knowing that what is seen is just the illusion of miscreation being Corrected by the Divine Impulse of The Cohesive Power of God's Love!

I told you in My previous Discourse, God has the Answer to every problem. And even this global scale of a problem; the answer is made manifest in a way that is for the Greatest Good of All Concerned. And you are part of the Solution to Resolve this massive problem. Remember then Dear Hearts, pain, and suffering, even death is but an illusion and within this holographic expression of the chaos, now in your world, it is not about the physical manifestations, but the Ever-Expanding Consciousness that does not die, does not hold onto pain or suffering. It is about the Divine Expression of God Life, from the most distasteful to the Most Loving and Joy Filled! This Evolutionary World will one day pass also and what will remain shall be Glorious beyond measure! Only the Master within you will Know this!

There is Always Room For Change!

The Year Of Washington's Birth

Prophecy Written In

To get the Full Prophecy - Manly P. Hall's Book **The Secret Destiny For America.**

Sir William Hope noted the birth overseas of an infant starred by fate to rule both freemen and slaves, and named the year of the American Declaration of Independence forty-four years before it was signed. He gave in Cabalistic form the Patriot Leader's name, and the years of his lifetime span. .. The prophecy also singled out Abraham Lincoln, designated the term of Benjamin Harrison as the one to mark the first century of the new nation's progress. ... It is a reasonable assumption that the Hope Prophecy is a genuine example of fore-knowledge of the Destiny of the United States.

In the Congressional Library at Washington, D.C., is a curious little book entitled, *Vindication of the True Art of Self Defence*. It is a work on fencing and duelling, published in 1724 by Sir William Hope, Bart., a deputy governor of Edinburgh Castle. In this copy and facing the title page an engraving has been inserted of the badge of the Royal Society of Swordsmen; underneath it is written, 'Private Library of Sir William Hope.' The Library of Congress has had this book since 1879.

The text of this curious little book is of no special interest, but on the blank flyleaves is written in the hand of Sir William Hope an extraordinary prediction concerning the destiny of the United States of America. It was written, signed and dated forty-four years before the beginning of the Revolutionary War.

At the time the thirteen American colonies seemingly had no dream of independence. George Washington had just been born, in Virginia. Twenty of the fifty-six men who were to sign the Declaration of Independence were then small boys, and eighteen others were yet unborn.

Little information is available concerning Sir William Hope; but from the text of his prediction, it appears that he was devoted to the study of astrology, and based his strange prophetic poem upon an interpretation of the starry influences. There is also a hint of the Cabala in the manner used by Hope to indicate the men referred to in his prediction.

The prophecy of Sir William Hope begins with these lines:

*'Tis Chaldee says his fate is great
Whose stars do bear him fortunate.
Of thy near fate, Amerika,
I read in stars a prophecy:*

*Fourteen divided, twelve the same,
Sixteen in half's--each holds a name.
Four, eight, seven, six--added ten--
The lifeline's mark of Four great men.*

From the text, the prophecy covers the period from 1732 to 1901. From the history of our country during this period of time, Hope selected four men, and the numbers which he used to indicate them are shown as the prophecy unfolds. He summarizes the lives of these four men by totalling the number of years that each lived. He does this in the line, *Four, eight, seven, six--added ten--* Four plus eight, plus seven, plus six, equal 25, the added ten is the cipher making a total of 250. At the time of his death George Washington was 68, Abraham Lincoln 56, Benjamin Harrison 68, and William McKinley 58. The total of these years is 250.

The next twelve lines are devoted to a description of George Washington and the struggle of the American colonies for independence.

*This day is cradled, far beyond the sea,
One starred by fate to rule both
bond and free.*

The prophecy is dated 1732, and in that year, George Washington was born beyond the sea, in Virginia. The reference to bond and free is believed to indicate that slavery would exist during Washington's time in the colony of Virginia.

*Add double four, thus fix the destined day
When servile knees unbend 'neath
freedom's sway.*

By double four we can read 44, which if added to the date, 1732, gives 1776, the year of the American Declaration of Independence.

*Place six 'fore ten, then read the patriot's name
Whose deeds shall link him to a deathless fame.
Add double four, thus fix the destined day*

There are six letters in the name George, and ten in Washington, and this Cabala when added to the previous and subsequent descriptions, can leave no doubt as to the man intended in the prophecy.

*Whose growing love and ceaseless trust wrong none
And catch truth's colours from its glowing sun !
Death's door shall clang while, yet his century waits,
His planets point the way to other's pending fates.*

These lines contain not only a glowing tribute but an exact bit of prophesy. Washington died on December 14, 1799, just 17 days before his century passed into history.

*Till all the names on freedom's scroll shall fade,
Two tombs be built, his lofty cenotaph be made—*

Freedom's scroll is the Declaration of Independence, which is now carefully preserved under yellow cellophane because the signatures have begun to fade. The body of George Washington has rested in two tombs; and his lofty cenotaph, the Washington Monument, is 555 feet high, the tallest memorial ever constructed to the memory of a man.

*Full six times ten the years must onward glide,
Nature their potent help, a constant, prudent guide.*

If six times ten years, or sixty years, be added to the date of the death of Washington the result is 1859, when John Brown raided Harper's Ferry and was hanged for attempting to incite a slave revolt, a circumstance leading directly to the United States of America engaging in the great Civil War to preserve the freedom of all of its people.

*Then fateful seven 'fore seven shall sign heroic son
Whom Mars and Jupiter strike down before his work is done.
When cruel fate shall pierce, though artless of its sword.
Who leaves life's gloomy stage without one farewell word.
A softly beaming star, half veiled by Mars' red cloud
Virtue, his noblest cloak, shall form a fitting shroud.*

There are seven letters in Abraham, and seven letters in Lincoln. He is the "heroic son" elected to the Presidency in 1860, re-elected in 1864, and assassinated April 14, 1865. He was indeed struck down before his work was done, for slavery was not abolished by constitutional amendment until the end of that year, and the Civil War was not proclaimed to be at an end until August 20, 1866.

The reference to life's gloomy stage is the more extraordinary because Lincoln was assassinated at Ford's Theatre while watching a play; and he never spoke again after the assassin's bullet struck him although he lived for several hours. References to President Benjamin Harrison are contained in the two following lines:

*Then eight 'fore eight a later generation rules,
With light undimmed and shed in progress' school.*

There are eight letters in Benjamin, and eight in Harrison. He ruled in a later generation, 1889 to 1893. His administration was justly climaxed by the great Columbian Exposition at Chicago in 1893. Here, invention, transportation, industry, art, science, and agriculture exhibited the progress which they had made in the first century of American national existence. This is probably the progress school' referred to in the prediction. Harrison's administration was not dimmed by war or by any scandals in high office.

*Then six again, with added six shall rise,
Resplendent ruler--good, and great--and wise.
Four sixes hold a glittering star that on his way shall shine.
And twice four sixes mark his years from birth to manhood's prime.*

While the verses accurately describe President McKinley, this is the only instance in which the numbers do not appear to fit the name. Research, however, indicates that the original form of the family name would permit it to be divided, thus, Will-Mc Kinley, which means, Will, the son of Kinley. In this form, each of the combinations would contain six letters. Four sixes, or 24, agrees with President McKinley being the 24th man to hold the presidential office. And twice four sixes, or 48, was the age of McKinley at the time he was elected Governor of his native state, which might be said to be his 'manhood's prime'. There is no reference to McKinley's second term or his assassination. But the prophecy definitely states that it goes no farther than the end of the 19th Century. It does indicate earlier however, that McKinley's life was to be 58 years, which was correct.

The prophecy ends with four more lines:

*These truths prophetic shall completion see
Ere time's deep grave receives the Nineteenth Century !
All planets, stars, twelve signs and horoscope
Attest these certain truths foretold by William Hope.*

Continued Over

Following this, is the statement that the prophecy was 'Writ at Cornhill, London, 1732.' At the bottom of the page are four other lines written by some later member of the Hope family as a tribute to the memory of Sir William Hope:

*The learned hand that writ these lines
no more shall pen for me,
Yet voice shall speak, and pulses beat for long posterity.
This soul refined through love of kind bewailed life's labours spent,
Then found this truth, his search from youth, Greatness is God's accident.....* James Hope

As is usual with material of this kind, efforts have been made to prove the Hope Prophecy to be a forgery; but up to the present time no tangible evidence has been advanced to disprove the prediction. Always in these matters, the critic takes the attitude that such predictions cannot be made, and if a writing appears to be authentic then it must be imposture. The book has been in the Library of Congress for more than 60 years. The prediction about both Harrison and McKinley relate to incidents taking place after the book was placed in the Congressional Library.

In facsimile, one of the two pages of the original prophecy is illustrated here; both have every appearance of being genuine and authentic.

It is most reasonable to assume that the Hope prophecy is a genuine example of foreknowledge concerning the future of the United States of America. End Excerpt.

"As the mental horizon broadens, the physical horizon extends also. The Crusades of the past have broken up the structure of feudalism. Principalities were forming themselves into nations, and the tribal consciousness was disappearing from the theatre of European politics. This progress was opposed at each step by vested interests. But the human mind was becoming aware of its own powers, in a motion of continuing irresistible force.

"A new world was necessary for a new idea. When it was necessary it was discovered. That which is needed is always near if man has the wit to find it.

"Today we are again seeking for a new world. No longer do there remain undiscovered continents to serve us as laboratories for social experiments, so we are turning our attention to other kinds of worlds, worlds of thought, inner spheres which must yet be explored by daring navigators. Science in the last fifty years has discovered a new universe, the universe of the mind. The infant psychology has but to come of age for us to fully discover a new sphere for new exploration in the science of living." Manly Hall

THE TIBETAN SPEAKS

From the Book by Master Djwhal Khul through Alice Bailey Esoteric Astrology Master DK shares His Wisdom, which becomes even more proof that the present times of Human Existence are now in the throes of a New Civilization where the focus upon material desires will fade quite dramatically into the New Age of Aquarius, now in its 11th year of a New Way of Life. A life that will naturally in Accordance with the Cosmic Laws, not any law made by mankind, become a Divine Force across the whole world, beginning with a relative large Group of World Servers that will exponentiate the raising of Human Consciousness to be more in Alignment to the Christ Consciousness. He shares:

"The history of desire is to be found in the four signs of Taurus, Libra, Scorpio and Pisces.

1. Life

Taurus - the Bull of Desire. - Material desire rules.

2. Balance

Libra - the balancing of desire. - The opposite objective to desire is the scales of balances.

3. Quality

Scorpio - the victory of spiritual desire - The soul triumphant.

4. Appearance

Pisces - consummation of divine desire. - The 'Desire of all Nations.' The Cosmic Christ.

"There is therefore the individual experience in Libra of the balanced life wherein experiment is made and the consequent tipping of the Scales in one direction or another until either desire or spiritual aspiration weighs the balances down sufficiently so as to indicate the way that the man and woman must go at the time. There is the experience of humanity in Libra in which the same adjustments and experiments are being made, but this time the entire race of men and women are involved and not just an individual. This group experience, carried out upon the mental plane, will only happen when all men and women are polarized mentally and will take place and constitute the Judgment day, referred to above. Of this, the 'point of crisis' in Libra and the present world situation and needed adjustment is the forerunner; this time the balancing is, however, upon the astral plane and the desires of men and women are predominantly in a position of casting the deciding factor, whereas in the next great cycle it will be the minds of men and women which will do the deciding. Today, the foremost men and women of the age - disciples, aspirants and the intelligentsia - are being tested under the Scorpio experience whilst the masses are in the Scales; the weight of mass desire will turn them either up towards spiritual decision or down towards material and selfish ends.

"Cosmically, they mean the activity of Deity when Spirit and matter are brought into a definite relationship and, under Divine Purpose, produce that fusion of living energies which will be adequately potent in time and space to bring that Purpose to its desired consummation. This is Creation, or Aries in activity. They mean also the objective appearing of the thought-form which God has thus Created, and in which is Embodied His Desire, His Will, His Purpose and His Plan. This is Manifestation, or Cancer in activity. They mean again the Working out of the Plan under Spiritual and Natural Law which is Evolutionary in Expression; this is the Goal of Evolution and its Expression and is steadily Revealing the Nature of God, for the Laws under which this Solar System of ours is Governed are Expressions of God's Quality and Character. This is Legislation, or Libra in activity. They mean, finally, the processes of Initiation wherein, step by step and stage by stage, under Law and through the method of gained experience whilst in manifestation, the Creative Plan is Realized in consciousness. The Unfoldment of the Plan is thus carried forward through a progressed series of beginnings, of manifestations, and of consummations - all relative in nature but leading to an absolute consummation. This is Initiation, or activity in Capricorn. All this is on a somewhat vast and incomprehensible scale as far as the human understanding is concerned." End Excerpt.

*"Fire is produced by physical means and the aid of the mineral kingdom and this was the great menacing and chosen means of destruction in the World War II. This is a fulfilment of the ancient prophecy that the attempt to destroy the Aryan Race will be by means of fire, just as Ancient Atlantis was destroyed by water. But, fiery goodwill and the conscious focused use of the Shamballa Force, can counter fire by Fire and this **'must be done'**. We have now the difficult task of considering an aspect of divine manifestation which is as yet so little apparent upon the physical plane that we lack the exact word with which to express it and those words available are likewise misleading. I can, however, attempt to give you certain concepts, relationships and parallels which may serve to close this section on astrology and lay a foundation for future teaching around the year 2025. That is the mode whereby all revelation comes. A thought is given; a symbol described; an idea portrayed. Then, as the minds of men and women ponder upon it and the initiatives of the world pick up the thought, it serves as a seed thought which eventually comes to fruition with the presentation and the unfolding of a revelation which serves to lead the race of men nearer to their goal.*

I AM The Light of Life Itself

This month's New Moon takes place for the second time in the Constellation of Aries. Back on the 21st of March, at the time of the last New Moon, the Sun and Moon came together at 0° Aries 49' and now the Sun and Moon will come together once again, on April 19th or 20th, on the last degree at 29° Aries 50', creating a Solar Eclipse across Australia and SE Asia.

In last month's Review, there was a focus upon taking the time to discern all that was being shared as fact.

'...But for all of this Arian action and impetus, it would be wise to take a pause and to take the time to deeply discern what is happening....there is the possibility of communication that is distorted or confused, information that keeps pouring out (Neptune) that is trying to obscure the waters and to create a diversion, a smoke screen.....'

In many ways, initially, this second New Moon in Aries is giving us the ability to amend, rectify and transform all the perceived notions that have occurred over the last two to three years when Pluto and Saturn came together in the sky on 12th January 2020 at 22° Capricorn - to look again at the 'facts' as we move forward Collectively from this point in time. However, with Sedna making a 120° angle to Pluto and a 30° angle to the Sun and Moon, the need to address the karmic record goes back into the depths of time.

Pluto has just moved into Aquarius and so, before looking more fully at this month's planetary patterns, it is worthwhile having some more in-depth insight into Pluto. For this is indeed the purpose of Pluto - it is to dive deep, to look beneath the surface, to bring to Light all that is not operating for the highest good of all. Pluto flows with the 1st Ray of Divine Will and Power and if this 1st Ray energy is being utilised incorrectly, then Pluto will throw a laser beam on the consciousness to expose all that is out of sync with Cosmic Law.

Pluto in Aquarius speaks of the *Rights of the People*. In England, during the Pluto Aquarius transit of 1286-1306, in 1293, King Edward the First enshrined into history *English Common Law* and over time as feudalism declined, the class of freemen and freely-held property both gradually developed. Several centuries later, during Pluto's transit into Aquarius from 1777 – 1797, in 1787 the US Constitution was formed, followed by the Bill of Rights in 1789 - America having already severed their connection to England in 1776 with the Declaration of Independence when Pluto was still in Capricorn.

The *Rights of People* took to the street in Paris too, with the advent of the French Revolution of 1789, the echoes of which are playing out once again whilst writing this Review, not only in France but in various ways around the world as old karmic patterns arise within the consciousness seeking to find a just resolution that is in alignment with the Truth of the Sovereignty of each Soul. For the *Rights of People* have to be housed within a deep awareness of our true place within the Cosmos and our innate Spiritual Lineage and Inheritance, if Pluto's 1st Ray is to be instrumental in bringing

The US Constitutional Flag

In Chapter 15 of *'The Secret Destiny of America'* it speaks of the Unknown man who helped Design the American Colonial Flag. While space here is limited, a focus of intent is being invited, that while the American Flag is America's *'Sun of the Firmament'* of its own borders, so too are the *'Suns of the Firmaments'* of All other World Nations. Such Suns can Illuminate and Foster Patriotism, Worth and Justifications for national life purpose, giving meaning to that peculiar way of being. (Meaning in this use of the word 'peculiar' is in terms of God's Vision for Humanity). But Imagine, Sense or Feel, that behind each Sun, just as our Solar Sun has behind It, the Great Central Sun of this Universe, a Greater Constant and Countenance that Burns the Light of a Thousand Suns, Destined to Merge, Fuse and Unite all the Symbolism, Representations and Allegories of Designs, Colours, Qualities and Virtues, that will Unite All Men and Women of All Nations into One Heart and One Mind, in Peace, Liberty, Justice, and a greater Quality of Life and Freedom of Spirit.

Manly Hall, shares: *"Our flag was worked out in elements of design that provided for gradual modification in the future as the national destiny increased. It was a learned stranger, added by seeming accident to the committee appointed by the Colonial Congress in 1775, who had the foresight to provide the area for the stars in subsequent substitution for the British Union Jack. The design was adopted by General Washington; there is no record that the committee ever made a report to Congress. ... The book that tells of the presence of the unknown designer ends with a quotation from Bacon.*

"Robert Allen Campbell in 1890 published a little book 'Our Flag', or 'The Evolution of the Stars and Stripes'. Diligent research fails to uncover any data about Mr. Campbell. He states in his preface that the work is 'a compilation of facts and dates from official sources, larger works, occasional pamphlets and addresses upon this and collateral subjects; and is meant, therefore, for the perusal of those who have not the time, opportunity or disposition for a more extended study in this line of research.'

"Then he refers specifically to the chapter of interest to our present consideration: 'That part of this sketch which treats of the proceedings of the Congressional Committee in relation to the Colonial Flag, and of the unofficial consideration, by a few of our Revolutionary statesmen and heroes, in regard to the Flag of the Thirteen United States,' immediately preceding its adoption by Congress, has not heretofore been published.'

"This last statement makes it extremely difficult to trace Mr. Campbell's source of information. We are forced to the conclusion that the story must have been given to him by word of mouth.

The book itself must have been printed in a very small edition, for it has become exceedingly scarce and is seldom if ever offered for sale. On those rare occasions when copies have changed hands, the book commands a price far in excess of usual works in this field.

"According to the rules laid down by Sir Francis Bacon for works published under the authority of the 'Society of unknown Philosophers', each book must be marked in some peculiar way, easily recognizable by the informed, but not conspicuous to those who are not a party to the plan. All of the older writings are so marked, either with ciphers, curious headpieces, vignettes, colophons, designs, symbols, figures, or signatures. It is possible that the book, 'Our Flag' carries such a signature; for it ends with the following quotation, 'Out of monuments, names, words, proverbs, private records and evidence, fragments of stories, passages in books, and the like, we save and recover somewhat from the deluge of time.' Francis Bacon.

"One thing is certain; Robert Allen Campbell has concluded his treatise with a curiously meaningful passage from the writings of the man responsible for the broad program of colonization in the western world that made possible the creation of the United States of America. The selection of Bacon's words to conclude the book may be an accident, and it may be intent; but in the light of the text and the air of mystery which covers the history of the writing and the life of the author, it appears more than possible that intent is the answer. End first Excerpt.

“After a preamble, the Professor made the following extraordinary remarks:

‘The sun of our political air, like the sun in the heavens, is very low in the horizon, just now approaching the winter solstice, which it will reach very soon. But, as the sun rises from his grave in Capricorn, mounts toward his resurrection in Aries, and passes onward and upward to his glorious culmination in Cancer, so will our political sun rise and continue to increase in power, in light, and in glory; and the exalted sun of summer will not have gained his full strength of heat and power in the starry Lion until our Colonial Sun will be, in its glorious exaltation, demanding a place in the governmental firmaments alongside of, coordinate with, and in no wise subordinate to, any other sun of any other nation upon earth.’

“The Professor went on to point out that the flag which he recommended would be subject to change in the future as the national destiny increased. This change, however, should not require a complete re-designing but a process of gradual modification: ‘To make it announce and represent the new nation which is already gestating in the womb of time; and which will come to birth, and that not prematurely, but fully developed and ready for the change into independent life, before the sun in its next summer's strength ripens our next harvest.’

“The design finally submitted consisted of a field of thirteen alternate red and white stripes, and in the area which now contains the stars was the British Union Jack. The area containing the Union Jack was the one suitable for modification. The design was formally and unanimously accepted, and the flag was adopted by General Washington as the recognized standard of the Colonial Army and Navy.

“On January 2, 1776, at Cambridge, in the presence of the Army, General Washington with his own hands raised the newly made flag on a tall and specially prepared pine tree liberty pole. The British army at Charleston Heights could see the flag clearly. After inspecting it with their field glasses, the British officers ordered a salute of thirteen cheers, followed by a regular official salute of thirteen guns in honour of the new standard. It appears therefore, that the Colonial Flag was as pleasing to the British as it was to the Colonies.

“It is easy to see why Mr. Campbell's story has received very little recorded recognition. It belongs among those shadowy and mysterious happenings which influence or change the course of empire but will ever find little favour with prosaic and unimaginative historians. End Excerpt.

Since the Original US Flag's design, it has changed 27 times in its lifetime of 248 years, so would it be inconceivable, in Light of the Unseen and Unknowable Truths that are now beginning to surface for all humanity to finally become aware of, to foresee for the present US Flag, like the Great Seal regarding the Eagle and Phoenix, one final change to Align it too, a Greater Democratic Function and Purpose where all 50 United States, come under a single United Sun of the Firmament Forcefield of Love, Liberty, Justice, and Freedom for All, under an Egalitarian ***‘We The Peoples’*** *‘Good Will’*, *‘the Good To Do’* and the *‘Good To Be’*, In God's Name, showing Solidarity toward other Nations to follow a Compassionate and Heart Felt Transition from National Independence to a Global Democratic Commonwealth of Nations or the *‘I AM’* One World Nation? It may take a decade or century to come, but let us just pause for a moment, to see Hope for the People of the World to visualize that Hope and to show that tyranny and suppression by a few are in fact powerless against the ***‘People Of God’!***

The New True Constitution *‘I AM’* One World Nation Flag, now flies within the Etheric Realms Over All Countries, yet unseen by human eyes. This is not a human plan but a Divine Plan, and behind what humanity can see and touch in the physical plane of existence, there lay other multi-dimensional fields of God Intelligence Guiding us in a way that we can only dream about. Today, so many new potentials are available to all Peoples of the World, and the Victory of Those Potentials For Freedom against all that is unlike a God Life Is Guaranteed, for God Has Proclaimed It To Be So! It is Now Our Responsibility to bring it into manifestation, in Love and Divine Justice, Hope and Faith! While the world today seems to be on the edge of a massive breakdown, in Truth this is all part of the ***‘Law of Attrition’*** which will allow for a Massive Breakthrough instead!

Humanity and Cosmic Law

What is being suggested herein, is a more conscious awareness of that which is beyond the present thinking of human potentialities. A Prophecy is told, from within a point in time where the mass consciousness displays through its perceptions of life at that time that the prophetic reading was given. The 'Third Peril' for example is just such a reading! Yet it is not written in stone, it is not set into any form of fixation or material manifestation yet through the Concrete Mind of mankind. It remains only an Abstraction of the Mind Potential. However, if humanity does not look at this particular 'Peril' more fervently based upon Divine Truth, from the Higher Perception of Cosmic Law, then it shall indeed come to pass! Just as the 'Perils of Washington's Visions', where one and two were made manifest. What then is the Law of Prophecy?

Law of Prophecy – The only true future that exists is the desire or will of the Source of all Creation that none shall be lost and that the future is happening, unfolding in the 'I AM' Presence of the Now Moment. Sacred geometry is an aspect, a Manifestation of God's Love. People who are able to tune into the Akashic Records and into Universal Consciousness sometimes use Sacred Geometry to draw a line from the supposed past, present and then to the future. The ability to Use Sacred Geometry, or indeed, Star Encodements, comes with the Raising of Vibration to such a degree that the personality gains the Right to Assess Akasha for the good of another or self. When Reading the Energy going to the future of people on Earth, one must keep in mind that this Energy Changes the very Fabric of Life from that Now Moment to the next Now Moment. While those Powerful Prophets of old were correct in Their time and some of what they said has held to present day, much of Their Prophecies have lost relevancy. Just by hearing prediction, we change the outcome to some degree, or indeed totally dissolve it.

Law of the Now Moment - Past, present and future are illusory phenomena conceived by the conscious mind. They do not exist in an Eternal Universe where there is no Real Framework or Reference Point on which time may be based. Everything that is occurring in the Universe is occurring 'Now' all at once. All Power, Freedom, Happiness, Joy, Peace, etc., that we seek, should be sought in the Now, not in some uncertain date. We have no power in the past or in the future. Now is the Only Moment of Power to implement Change, not in the past or the present. Now, is the only time that we can act. Why should we worry over a 'future' problem that has not occurred and has the probability of not occurring? Why should we relive traumatic experiences of the past, when we should be focusing on the Now Moment with its many Opportunities and Possibilities of Expansion, Understanding and Growth? Ancient Sages tell us to live a day at a time, that is, not to live in the past or in the future, for by dwelling in those two states we would simply miss the Opportunities that are before us.

Law of Opportunity - When you are unconditionally ready for something, the Universal Consciousness or God Consciousness will make that Opportunity known, whether realised or not by the viewer. The Universal Mind will bring that situation, information or circumstances right before that person or persons, whereby the conscious mind must first become aware of the information, analyse or assess it, feel into it, in terms of its relationship to the person or people. Only when it becomes a Heartfelt choice to accept that challenge, and it will be a challenge, as nothing is assumed in the Reality of God, All is Tested 3 times before any form of Reality or Healing can be regarded as Proof of Engagement and Commitment to succeed in that Opportunity to Transmute, Transcend, Transform or Transfigure such Aims and Goals into a Greater or indeed Total Balance of God Life. No half-hearted ego personality choice to accept that as your opportunity to change something within your inner and outer world for the Greatest Good of All Concerned will do it. Such attempts are Not through Divine Will, rather they are begun within the realms of the ego's free will. Anything begun or continued within the personality of free will, is destined to be fraught with obstacles, resistance, struggle, defiance, opposition and conflict. Unless a Wholehearted approach to the Success of such a Commitment and Devotion to that perceived 'Cause for Opportunity', Now Seen, Acknowledged and Accepted as a 'God Cause For The Opportunity' to Engage in Divine Will, is taken that Opportunity Given, will once again depart and dissolve away into even greater need for another reason, another opportunity, greater than the one before. And when that happens, the next Opportunity will require even Greater Energy Reserves to advance, for that next Opportunity will come from larger intensities of the same dramas, that instigated the reason for Resolution for that of the purpose of the Opportunity before given.

Continued over page.....

These are but a few more Cosmic Laws that could be used to understand more clearly this very specific '*Third Peril Prophecy*'. It would appear that America is facing this time of Prophecy '*Now*', and America as a Whole Nation, must come together more Democratically in a more Unified manner, on all levels of government, and within the Ranks of the '**People of God**' to make decisions to dissolve this old pattern of Consciousness. This is an American Opportunity for the People Given By God! What America does with this Opportunity will be down to them, Government and the People! Here is where the Power of the Now Moment is Placed. To wait until any future time to make such decisions may allow that '*Third Peril*' for America to play out. The Destiny Of America is Now not in the Hands of the Sages or the Secret Mystery Schools, but in the '**People of God**' on the Ground, there in the quagmire of present human relationships across the world!

The Law of Harmlessness - The Higher the being, the Greater its Expression of Harmlessness, the Wisdom Aspect of the Soul must also direct Harmlessness as a result of Love and Compassion, or else it may end up violating the '*Law of Self-Preservation*'. This is one of the Laws pertaining to Soul-growth. In Sanskrit Harmlessness is called '*ahimsa*'; it is one of the requisite Divine Attributes or Qualities that the Disciple has to embody. In order to possess Perfect Harmlessness, one must be Pure in Body, Mind, and Soul; one must Evoke the Aspect of Love and Compassion of the Spiritual Triad or the Higher Self to dwell in the personality, the lower self.

Law of Preservation - God Created all living things to live life to its fullest.

Law of Self- Preservation - One of the most important Laws in immediate operation in the lives of all life-units, all organisms, physical or non-physical, is the '*Law of Self-Preservation*'. Every life-unit is striving to maintain and sustain its existence at some level and attempting to exist on a Higher Spiral of Being, a Higher Life Expression. Going contrary to this Law, as in suicide, for instance, where the desire is to terminate self-existence, is a choice that opposes the Laws of Nature. At a lower level, the body of an organism is identified as the self; thus, self-preservation at this level entails preserving the body from harm, death or extinction. Some strains of viruses, though inimical to man and woman and struggling against the attempts of men and women to destroy them, are simply obeying the natural '*Law of Existence*'.

Fundamentally, all life-units have a right to exist, so long as they do not encroach upon the existence of other life-units and disturb the harmony of the Universe. At a Higher Level, from the Spiritual person upwards, although encompassing the lower aspects of Preserving the physical vehicle from harm, self-preservation also implies preserving or maintaining the awareness of one's Real Self, one's true identity, one's Divine Spark at the level of one's mundane consciousness. In contemporary mysticism, this level of consciousness is called '*Cosmic Consciousness*', or the '*Sankalpa Samadhi*' of the Hindu Yogis.

Side Note: *One of humanity's greatest travesties in life, is the overwhelming numbers of Dear Souls who should never be placed into a position of taking their own lives, where their feelings of hopelessness become an intolerable feeling of 'being un-Loved'. A Solution to this is urgently required, as such Karma is not just a matter for the one leaving the body in this way, but also for those who push them to that state of uncomprehensible choices made. Nothing is more harmful in this area of the suicides of young people, than the technological and AI devices and programming that promote negative states of consciousness of self-loathing! Whether knowingly or unknowingly, all will be held accountable, and there are no exceptions to this 'Law of Accountability'.*

Message From Our Beloved Goddess of Liberty, 24th April 2023

“Sons and Daughters of God’s Great Light, We Beseech you, the Third Peril of humanity has begun and lays light upon the weak and heavy upon the strong. Fear not them who kill the body, but are not able to kill the Soul. But Rather, fear the one who can destroy both body and soul, of men, women, and children, nation and world, by the infernos of fury and condemnation. Like the sprinkling of the waters of the oceans, over America, the Son of the Republic did see the hordes of the weak flee the Motherland of the Free.

See too Ye, that Liberty is yours to grasp, by those who believe. Merciful Art You, who Know the Truth, where dark secrets can no longer abide. Compassionate are You, who can see beyond the lies of tyranny, and who can lift your Heart to them in Forgiveness. Blessed are the Women of the World, who have held their Strength hidden for long enough, and who are ready to Dance the Songs of Praise to Heaven’s Earthly Grace.

Think not Ye men, who see women who toil and hold their place in Silence Awaiting, those of you to call upon Us for our Loving Voice, Comforting Arms and Eternally Giving Our Hearts. Such Women’s Power has been feared for too long, for if they had ever been allowed Their Positions in Innate Understanding, would have allowed no wars, no inequality, and no harm to any Creatures Great or Small of God’s Holy Creation.

Dear Sons and Daughters of God, on bended knee, Pray Ye not for what you do not have, for all has ALREADY been awarded you. It is just that you have forgotten these Loving Gifts From God. Rather, Pray to God, Giving Only Praise and Thanks and Gratitude, three times in number, for you already have such things, you just can’t see them yet! And see how fast you shall attain them, no matter what they may be.

People of the World, I say Unto You, Remember the ‘*Law of Harmlessness*’ in your Orders of your Quests. Hold your Focus upon the Power of the Silence, in your Calls, by Raising your Inner Voice out loud, or speak in the Holiness of Your Connection Direct to God. Rise Up in Love, not in vehemence or strength of will, Rather, Decree your Position of Power by your Gentleness and Joy, that you ARE ALREADY FREE.

Do not confront the weak of mind, do not raise your hand, for they will use that against you further. Give them no more of your energy, in judgements, narratives abound, Rather, give your Radiant Light to those, and to that, which you seek to Create in Unwavering Joy and Beauty. For Freedom’s Robes Come to the Strong, Those of God’s Mighty All-Pervading Radiance, the ‘I AM’ Presence of the Only Authority that is Undeniable, Unchallengeable, Defenseless, Immutable and Ever-Expanding.

For in these Qualities and Virtues of Gentleness, Harmlessness, Giving, Uplifting and Freeing others in their daily lives, so too are you with these Qualities and Virtues. This is what was meant, when Jesus said, “*Blessed Are The Meek For They Shall Inherit the Earth*”. For ‘Meek’ does not mean docile, overly compliant, spiritless, yielding. Meek in Truth is defined as one who is willing to share and sacrifice on behalf of others. To Be Meek is also not a submissive or pacifying state, Rather, an active proponent of what one Knows is Right, and a Loyal Advocate of the Truth, willing to Sacrifice whatever is required to Uphold the Truth, even in death of the body! Please Pray with Me, in this Silence of Heart of Mind.

Infinite One, Lead Us toward the Only Truth, to Become the physical Manifestation of Spirit, the Full Embodiment of the Living Christ. We Are Here to Expand Into Cosmic Consciousness With the Elementals, Devas and Angelic Host, Through Our Individualized ‘I AM’ Presence. Beloved Father Mother God, Merge Our Consciousness With a Higher Awareness of Truth and an Active Expansion and Conscious Expression of God’s Impersonal Love With All Life. It Is Our Heartfelt Desire for Humanity, the Elementals, Devas, and Angelic Host to Unite and Rise In Oneness, Harmony, Joy and Happiness, Sustaining Perfection Upon Earth.

We Are Grateful to Remember the Divine Pattern of Life. We Give Praise and Thanks to the Cosmic Christ Within Each of Us. We Are Grateful for Our Beloved ‘I AM’ Presence’ That Commands Our Obedience to the Cosmic Laws of All That Is Of the Inner and outer World of Service to the Earth, Humanity, Elementals, Devas and the Angelic Host. We Joyfully Express Our Thanks to the Great ‘I AM’ for Its Radiant Light and Illumination of the Eternal Cosmic Sacred White Fire Light as We Dwell Within Its Embrace.

We Are Grateful! We Are Grateful! We Are God Grateful, for Our Life in the Mother’s Love and the Father’s Light.

And So, It Is! It Is Done.

Grounding The New Radiation Temples

Excerpt from Discourse the 08 - Quality of Life And Freedom of Spirit -The Elemental Grace Alliance Council - Beloved Venus and Sanat Kumara - 27th, August 2015 - The God Awakening Book.

"We are Blessed by all those Ascended Masters and Beings of Light, all the Chelas, Aspirants and Partisans of the Violet Flame who stand for the 'Quality of Life and Freedom of Spirit'. We also Bless Lord Melchizedek, who of Himself is shrouded and imbued with the Seventh Ray of the Violet Flame. We even have today Beloved Omri Tas, along with His 144,000 Devout Masters of the Seventh Ray, who have come to assist and stand behind all of humanity who are now moving more deeply into the understanding and implementation of the Violet Flame. I would Wholeheartedly Advocate the calling forth of Beloved Ascended Master Omri Tas, so that He and His Devotees of the Violet Flame can amplify your efforts beyond anything that you have ever experienced before. His Presence is another Blessing that Humanity would do well to open to receive and use for the Greatest Good of All Concerned.

"Dear Souls, it has been a very difficult journey and yet in many ways these hardships for so many will continue for a little while yet. That is until there is a greater contingency of Souls who will begin an even greater, more concentrated and deliberate effort with a deeper devotion to the cleaning up of the Planetary imbalances, so clearly defined within this Elemental Grace Alliance. Much has already been Initiated, but without the augmentation of far more individuals that form devout Gatherings of the Violet Flame and other Divine Virtuous Characteristics, the movement toward Life's Freedom will not manifest in the shortest time possible. The pinnacle of human participation has not been accomplished just yet.

"It is time, Beloveds, to declare Your Sovereignty and to Use the Powers that God has given you to make the differences within the world that you desire, not only for yourselves, but also for those you wish to share with you as your Brothers and Sisters. There is nothing standing in your way any longer. The Cosmos is behind you, the Ascended Ones are beside you, the Elementals, Devas and Angelic Host, are all around and God the Prime Creator is Within the very Core of your Heart and Being. Whatever you see that needs doing, then Dear Ones, Use the Grace and the Love and Power and the Wisdom to make it happen! I would like to now Address the Proposed points raised";

6. To Make Divine Temples More Accessible and Rememberable For Those Who Attend In Their Light Bodies or Garments.

7. To Open Closer Physical Contact With 5th Dimensional Beings And Higher.

"The Masters' Retreats around the world consist of many different Vibrational Frequencies. Most at this point in time are still within the Ethereal Realms. Yet there are also those that have been manifested within the physical Realms of Earth. Some that are known and others that are.... well, camouflaged so as not to give away too much to those who are not yet familiar with such Resonances or who have not yet done the work that is required before entry can be given permission. All Temples and Retreats are open to those within the Etheric and Physical Realms to those who come in their Etheric Bodies of Light, for here in these States of Consciousness, no ego or lower minds are present. It is all a matter of levels of consciousness and positions within the evolutionary scale of Their experiences that allows them entrance. This also is relative to the memory recall aspect of these who do obtain access and undertake lessons and such. Their physical recall all depends upon their human story and their Divine Mission to achieve.

"Some, need to have no recall and use their own powers of Discernment and Wisdom to attain the same levels of achievement that recall would offer. There are now millions of Dear Souls Upon Earth who by their own efforts of Pure Faith and Trust within their own Abilities and Gifts, Preparing the Foundations that others will build upon. Their confirmations over the years have been solely to identify that they are on or off track! This they understand only too well! The opening of such Retreats and the Lowering of Such Ethereal Temples down to Earth, physically speaking, will still be a matter of raising one's consciousness to certain Vibrational Levels that blend and merge within the parameters of admittance and entry within them. I shall explain why.

"Within the world today there is still a vast contingency of the dark energies that draws toward the Light that is emanating from those people or places that generate such Vibrational Frequencies. They do this, not for the Light Energy, but to annul it, cancel it out, destroy it, to eradicate it by whatever means it can. The minions of darkness are afraid of the Light and so they do everything in their power, at whatever cost, to eliminate it. The last thing they want is for people upon Earth to be personally Empowered. Personal power they can deal with quite comfortably, but Impersonal I Am Presence Power, Love and Wisdom, they have no way of either controlling, eliminating or even slightly effecting in the smallest of ways. This Power shall be their downfall.

“We have allowed physical Retreats to exist before it has been proven time and time again, without the Constancy of the Concentration of the Highest Levels of Love Substance, they all eventually fell victim to the pressures of the dark.

So once again We are emphasizing the need of the Human activation of the I Am Presence and within any Gatherings of the Light, no personalities or ego mind characteristics are allowed to enter, else the dark shall enter also and do their best to interfere and raise confusion and imbalance.

“Light Workers know the success of the dark only too well. So, from the standpoint of a Master Retreat or Divine Temple where a specific Resonance is required to be maintained 24/7, then there must be human beings upon the ground, within these Sacred Sites and Buildings that can hold Their Light, to prevent all levels of dark efforts against them. From the standpoint of a Temple, if there is a collapse of concentrated focus within them, then the entire structure could disintegrate, which does two things. One, defeats the purpose of Higher perspectives and two, reinforces the powers of the dark and makes them feel so much more superior and therefore more determined to continue. So as yet, apart from a handful of Retreats around the world that are presently Over Lighted physically by Ascended Masters themselves, such places will have to wait until certain humans standing in their own Sovereignty can reach these levels of attainment.

“Here is the good news. Today We Are closer than ever before, for such establishments to be precipitated and by the continued efforts to clean up the lower consciousness Resonances of humanity and the planet and the removal of those who do not wish to redeem themselves, you will soon be designing and creating these Divine Halls of Magnificence and Adoration for the Greater Glory of God.

“God has declared that it is time to step fully into your Impersonal Individualized Expression of Your ‘I Am’ Presence and that is why such efforts are now being made toward a greater and more concentrated articulation to such achievements.

As one’s Vibrational Frequency rises and the Powers of Invocation, Decrees and Mantras are employed; as the spaces around you are prepared with the Grace and Benevolence of God upon the Altars of Your Sacred Places and Spaces, those from the Higher Dimensions will come and greet you face to face. With regards to the other ‘first contact’ that is being referred to, that is another phase for what is transpiring upon Earth right now. I suppose that you could see them as two individual levels of consciousness and vibration. Those with whom this Elemental Grace Alliance is aligned to, will be in direct association with the Members of this Alliance, and those who are referred to as first contact are beings from other Planetary Systems that are not necessarily of the same Dimensional Frequencies and have not necessarily attained their Ascension Status in accordance to the Law of One.

“These beings will not be malevolent or have any intentions toward Earth or humanity other than Love and Cooperation, and their participation will play a large part in bringing about a greater awareness that will finally bring witness to ‘you are not alone in the Universe’. Their existence will prove to mankind just how much your governments have been keeping humanity in the dark, as well as the profound lies they have been feeding the world.

“I do not wish to make this a long speech, so I will now stop, to allow this information to permeate the Hearts and Souls of All Who come into contact with it. I Am Lady Master Venus, Loving You All with My I Am Presence, May the Violet Flame, Light Your Way! Bless You.”

The Great Invocation

Let the Forces of Light Bring Illumination to mankind.
Let the Spirit of Peace be Spread abroad.
May men and women of goodwill everywhere meet in a Spirit of Co-operation.
May Forgiveness on the part of all men and women be the Keynote at this time.
Let Power Attend the efforts of the Great Ones.
So, Let it Be, and help us to do our part.

Let the Lords of Liberation Issue forth.
Let Them bring Succour to the Sons and Daughters of Mankind.
Let the Rider from the Secret Place Come Forth,
And Coming, Save.
Come Forth, O Mighty One.
Let the Souls of men and women Awaken to the Light,
And may they stand with massed Intent.
Let the Fiat of the Lord go forth:
The end of woe has come!
Come Forth, O Mighty One.
The Hour of Service of the Saving Force has now arrived.
Let it be Spread abroad, O Mighty One.
Let Light and Love and Power and Death
Fulfil the Purpose of the Coming One.
The WILL to Save is here.
The LOVE to Carry Forth the Work is widely Spread abroad.
The ACTIVE AID of All Who Know the Truth is also here.
Come forth, O mighty One, and Blend These Three.
Construct a Great Defending Wall.
The rule of evil NOW must end.

From the Point of Light Within the Mind of God
Let Light Stream Forth into the minds of men.
Let Light Descend on Earth.
From the Point of Love Within the Heart of God
Let Love Stream Forth into the hearts of men.
May Christ Return to Earth.
From the centre where the Will of God is Known
Let Purpose Guide the little wills of men -
The purpose which the Masters know and serve.
From the centre which We Call the race of men
Let the Plan of Love and Light Work Out,
And may or Seal the Door where iniquity dwells.
Let Light and Love and Power Restore the Plan on Earth.

A Daily Prayer

FATHER-MOTHER LIFE PRAYER FROM THE CHRIST LETTER'S

Father-Mother-Life, You Are My Life, My Constant Support, My Health, My Protection,
My Perfect Fulfilment of Every need and My Highest Inspiration.

I ask You to Reveal the True Reality of Yourself to me.

I Know it is Your Will that I shall be Fully Illumined, that I may better receive
Awareness of Your Presence Within and all around me.

I Believe and Know that this is possible.

I Believe that you Protect and Maintain me within Your Perfect Love.

I Know that my Eventual Purpose is to Express You.

As I Speak to You, I Know that You are Perfectly Receptive of me, for You Are
Universal Loving Intelligence, which has so marvellously Designed this world and
brought it into visible form.

I Know, that as I ask You, to Speak to me, I Am sending out a Consciousness
Searchlight into Your Divine Consciousness and as I listen,
You will be Penetrating my human consciousness and Coming Ever closer to my
Increasingly Receptive Mind and Heart.

I Commit Myself and My Life into Your Loving Care.

“If you have heard the words ‘I AM’ That ‘I AM’, they mean God is One with ALL things; Everything you see and touch and everything you cannot, everything that you know and everything you do not know yet. So, these lower vibrational Brothers and Sisters of a United Humanity which we call the ‘laggard consciousness’ are also a part of you within a human race and they appear to be taking over the world. No, they are simply playing out the mass consciousness where people all over the world have lost their connections to God. Is that not what Jesus the Christ came to Earth to show you, to remind you that what you think you are; a human conscious being, is not the Truth of Who You Truly Are as God Conscious Beings? These Dear ‘laggards’ are here to wake you up, to show that without God in your life, you can and will destroy this Earth, blowing it out of existence again, just as you all have played your parts in the destruction of so many Civilizations, such as the Tak and the Atlanteans here upon the Planet Earth as well as other Planetary Bodies within this Solar System.

“Have you ever truly wondered what the Asteroid and Kuiper Belts are? They are the remnants of the Planet Maldek and its Moons, Tara, another Earth Planet destroyed by the manipulation of space time fields, and the remnants of another Dimensional Planet called Tiamat, a 5th Dimensional world that humanity there destroyed also. Mars was next on the list of Planets that would have been destroyed by the ‘laggard consciousness’ had God not Intervened there, and now Earth was on the same path, but that is not God’s Divine Plan for the Earth, so now God has Proclaimed through the Sons and Daughters of God within Humanity, Who are awake to such interferences, that no more ‘laggard consciousness’ will be allowed to remain upon Earth and the Earth and Humanity ‘MUST NOW’ return back to its Original Design, by removing such consciousness, also known as the ‘cabal’ and ‘deep state entities’ who presently, falsely govern the Earth and its People, for ultimately, the Freedom of the People and All God Life has always been the Destination of this Human Race. To Return back to God’s Universal Consciousness.”

“Hopefully now this ‘Cosmic Christ Mandate’ will make a whole lot more sense and why it has come about at this most crucial moment in the time of Earth’s Evolutionary Path and the Human Path of Transition from the ‘laggard consciousness’ to Christ Consciousness. So, let Us begin by offering you some details of this ‘Cosmic Christ Mandate’, which may help in the understanding of how humanity has reached its plethora of false survival and morality before it too would implode upon itself with further lack of God Awareness, the Truth of God Existence.” End Excerpt
