

16. The Christ and Love

To you who fear that My Words may destroy your belief in and love for the Lord Jesus Christ, I say:

Two thousand years ago, when the process of the expression of My Idea had reached the stage where I could show forth some of My Divine Reality, in order to do this and to recall to My human Attributes their mission on earth, it became necessary to express through a human personality and to manifest in a human form My Divine Attributes, so their human minds and intellects could see and remember and be inspired by Me within to let My Idea similarly express through and manifest in their human personalities.

This I did through the personality of Jesus, the man of Galilee, picturing to the human understanding by My Teachings given through Him, and by My Life manifested by Him, what was necessary in order to express fully My Divine Idea.

I showed, by the experiences of a symbolic nature through which I caused His human personality I created for such purpose to pass,

what all personalities must pass through before you, My human Attributes, who created these personalities, can again become Impersonal enough to be conscious expressors with Me of My Divine Idea.

All of you, My human Attributes, before the I AM within can awaken your human minds to a realization of Me, your Divine Self must be born of a Virgin Love in a humble manger the place where the cattle come to feed (the humble and contrite heart filled with faith and trust in God, to which state the human or animal nature must come). You must then be taken into Egypt, the land of darkness (or intellectual activity), there to grow and thrive in body and understanding until you become strong with the feeling of Me within. Then, when you are sufficiently conscious of My Power and My Love, will I begin to speak through you words of Wisdom and Truth, which will confound the learned of the world, even the Doctors of the Law. Then will follow a long period of study and meditation, which ripens the mind and develops the Soul, until you arrive at full maturity of the I AM Consciousness within, and which prepare you for your baptism in the Jordan, when you will be opened completely to

Me, to the full consciousness that You and I are One, that there is no separation, that I AM your Real Self; and I AM henceforth permitted wholly to direct your lives.

I then lead you out into the world, called in My other Revelation the Wilderness, there to try you and make you strong and to accustom you to the Impersonal use of My Divine Attributes I bring to you three great Temptations of Power, Self-Righteousness, and Money, until you have proven that nothing of the intellect, nothing of the self, nothing from without, can tempt you to forget Me within, and that My Voice and Mine alone, whether speaking in you heart or in the hearts of your brothers, is the only Voice you are now capable of hearing.

This proven, there will begin the period of performing miracles and of teaching the multitude, accompanied by the revilement and persecution of the unbelieving and scoffing world; followed by the trial before Pontius Pilate, the representative of the Worldly Law; the sentence; the ascent of Calvary carrying the Cross; the being nailed upon the Cross; the Agony; the three days in the tomb; and then the

final resurrection, when you enter into complete union with Me.

All of which has its inner meaning, or Soul application, and which should be readily understood by you, if you have opened your heart to Me.

Such has been The Way in the past for you and for all who have studied and followed My Teachings, given forth in My former Revelations. Now the time has come when I have prepared you and many for a new Dispensation, wherein you can enter into the consciousness of Me direct and at once by the Impersonal Way. Those who are big enough and strong enough to throw off all claims of the human personality, and who can say I AM, and know I AM The ONE within Who gives them this strength and enables them to rise above the attractions and influences of the outer world, those are the ones I have chosen through whom to express all the wondrous glories of My Divine Idea.

The Christ, or the I AM Consciousness, must be born in your heart and in the heart of every human personality, must grow and thrive and

pass through in some manner every experience symbolized in the life of Jesus, before you can come to this point and become a conscious expressor with Me of My Divine Idea. The example of the Christ Love and Compassion which I expressed in that Life must you also express in some degree in your life, before you can taste of the fruits of that Love, which in reality is not love, but the Holy Three-in-One, --Love-Wisdom-Power, that is the true expression of My Impersonal Life.

You heretofore have not known the meaning of the Impersonal Life, hence you could not know the meaning of Impersonal Love. Love to you, if you will carefully analyze that feeling, has always been a human emotion or expression; and you have been unable to conceive of a love devoid of or unattached to some human or personal interest. Now, as you begin to feel Me within your heart and open it wide to contain Me, will I fill you with a wondrous strange new feeling, which will quicken every fibre of your being with the creative instinct, and be to you a veritable Elixir of Life. For in the outer expression of that feeling, when I thus, through you, pour it forth into the world, will you taste of the unutterable

sweetness of My Holy Impersonal Love, with Its accompanying illumination of mind and consciousness of unlimited Power; and It will make you a wholly selfless and therefore perfect channel for the Impersonal expression of My Divine Idea.

You will then realize that you are part of Me and part of every other being, and that all you have or are, is not yours, but Mine, for Use wherever and however I direct.

Your life will no longer be centered in your self, but that self will be lost, merged in your other Selves, giving freely of your Life, your Understanding, your Strength, your Substance, which are but phases of My Impersonal Life or My Impersonal Love, that I have portioned out to you only for such use.

In the personality of Jesus, the Christ, I manifested much of the Love Impersonal, enough to inspire and lead you into seeking to emulate His Life and His Personality, and, through such seeking and striving, to awaken in you the Consciousness of the Christ within you. Through this awakening and the realization that the Christ

is but the channel or door that opens unto Me, I have finally brought you to the point where you can enter in and consciously become a part of My Impersonal Life.

I here tell you plainly that My Impersonal Love has naught to do with personal lives and personal loves. All such are but the outer mediums I use through which to pour from out the heart of Humanity into the world My Real Love, where it is ever expressing its all-embracing, vitalizing, creative, and uplifting Power.

My Love considers not individuals or personalities; they are but pawns on the chessboard of life which I move as I deem best to accomplish My purpose, the full and complete expression in Humanity of My Divine Idea.

In Humanity only can I express My Idea, even as you can express your idea of yourself only in and through your human personality.

In Humanity I live and move and have My Being. It is the mortal personality and body of My Immortal Self, even as your personality and its body is what you use to express your being.

All individual human personalities with their bodies are but the cells of My Body of Humanity. Just as the I AM of you is now building your body so that through it You can perfectly express My Idea of you, or your Real Self, so AM I gradually building Humanity so that through It I can perfectly express My Idea of My Self.

As the individual cells of My Body of Humanity, even as those of your human body, by partaking of My Life, become Impersonal and harmonious parts of the organs they form, they live a healthy and happy life. But let one cell oppose or act contrary to the general law of its organ, and the harmonious functioning of that organ becomes impossible, which naturally affects the whole body and results in disease.

Every cell of an organ is an integral part of that organ, and its work is necessary to that organ's perfect functioning and to the perfect health of My Body. So that unless each cell gives up all its power and all its intelligence, which are but attributes of the Life I give it, toward the perfect functioning of My entire Body, the only result for My Body can be inharmony, with its consequent effects,---disease, suffering, sin, bondage,

poverty, lack of understanding, disintegration, or death.

Likewise, unless each organ gives up all the intelligence and all the powers with Which I endowed it, to the one purpose of expressing and maintaining the life of My Body in perfect health, the only result can be disorganization, disruption, rebellion, and finally WAR, --war between the various organs and between their respective cells, and a greater or lesser consequent chaotic condition in My whole Body.

In My Body of Humanity this would mean war between Nations, which are the Organs of My Body. As all war is but acute disease or disharmony, and as My Life, which in Humanity manifests as Impersonal Love, can express only in harmony even as in the physical body, It is always utilizing, equalizing and preparing conditions so that It can thus express.

This It does either by eradicating gradually from the various organs of the body all disease, weakened and unfit cells, or by developing the disease into a malignant form in the physical body. It throws off such cells quickly by the

billions, until a particular organ either is purified or its power of functioning is wholly destroyed.

In other words, the real life and work of each cell and of each organ lies in giving up its individual life that My whole Body can Be or Express in perfect harmony. When each cell and each organ has no other idea than this, and makes itself a pure and selfless channel through which My Impersonal Life can flow, then has My Body become a harmonious and perfect Whole; and then can My Idea express of earth Its Divine powers and possibilities, even as it does in the Celestial Realm of the Eternal.

As you give up your self wholly to Me that I can pour through you My Holy, Impersonal Love, having no other thought than the perfect expression of that Love, which is My Real Life, then will I through you be enabled to quicken and awaken those about you gradually to a recognition of Me, The Christ within them, so that they too will likewise give up their selves wholly to Me. Finally the organ, or that particular part of My Body of Humanity you and they form, attains perfect health and harmony, and adds its quota to the bringing about and maintaining of perfect

health in My entire Body.

When such time comes, My Divine Life Force, or My Impersonal Love, will be flowing and manifesting throughout all Humanity, and My Idea will be expressing fully on earth even as It is in Heaven. The earth and all earthly bodies will no longer be of the gross physical material they formerly seemed, but they will have become utterly purified and cleansed of the self, and will have been again lifted up to whence they descended. For the purpose of their creation, that of developing organisms for the outward manifestation and human expression of My Divine Idea, will have been accomplished; and having no further use for physical or outward mediums of such expression, I hereafter will create and express only with Mind Substance, which is the only medium needed in the Heavenly World of the Impersonal Life.
