

# THE GODDESS OF LIBERTY

So many people around the world know of the Statue of Liberty, which has stood in New York Harbour since October 1886, but how many know of the Beloved Goddess who Inspired the Statue and who holds her primary Retreat over the whole of Manhattan? This Glorious Being, 'The Goddess of Liberty', did not end up in Manhattan by coincidence.

*The Goddess of Liberty* was once known as Demeter in the Greek pantheon of Gods and as Ceres by the Romans, but, to know this Goddess and Her Focus of Freedom it is important to travel back to Atlantis. When embodied on Atlantis, this Soul was responsible for erecting the Temple of the Sun right where Manhattan Island is now located. Upon the destruction of Atlantis, the Temple of the Sun was moved into the Etheric Realm where it remains, continually Focusing the Flames of the Twelve Solar Hierarchies upon humanity. The Brotherhoods-Sisterhoods of Liberty continue their work on the Etheric Plane at the site where the previous retreat had been.

So great were the momentums of this Ascended Master toward Freedom that immediately upon Her Victory, she was offered to become the Goddess of Liberty (Freedom). "I Am' the Spirit of Liberty, the Guardian Presence of that Virtue from the Heart of the Great Sun of this System, endowed with the Responsibility, the Obligation and the Opportunity to cultivate and keep Liberty and Love of

*Liberty alive within the consciousness of the evolution progressing upon the planets of this System. It has been My Service through the ages, since I first accepted the assignment of Magnetizing, Condensing, Holding and Radiating the Quality of Liberty from the Electronic Belt around the Sun, to nourish and develop the desire for Liberty within all Life, to keep alive within the minds and hearts of the people of the planets that Innate Cosmic Quality which is part of their own God Heritage.*

*The Retreat of the Sun was the West Gate of Atlantis and is now the East Gate of the 'New World'. It is considered the most important Retreat on the Planet and was Created as a replica of the Temple of the Sun of Helios and Vesta on our Solar Sun, and whose Purpose lies from Europe to America, Fostering the expansions of the many Facets of Consciousness through the Twelve Solar Hierarchies. The many Virtues that Express through the Retreat of the Sun through the actions of the Solar Hierarchies is responsible for drawing the migrations that have entered the US through its Eastern Coast, as well as inspired the creation of the Statue of Liberty ".*

This Beloved Goddess has Devoted Herself to the Virtue of Freedom. She streams and holds the Cosmic Consciousness of Freedom on Planet Earth. The Goddess of Liberty sits on the Karmic Board and is the speaker for the Board, Representing, the Second Ray of Love-Wisdom.

The Goddess is on the clock of the Twelve Solar Hierarchies, representing the attribute of God Gratitude, at the 7:00 position along with the Lords of Karma, directly across the clock from St. Germain.

At the time of the American Revolution, the Goddess of Liberty appeared to George Washington at Valley Forge in the winter of 1777, in what has been called 'George Washington's Vision' and in which he was given three prophecies about America, called the 'three great perils'. Washington was called by the numinous Goddess, whom he did not know, 'Son of the Republic, look and learn.' Each prophecy concerned a peril of war to be visited upon the Democracy of the United States, in which She will be Victorious by turning Her Eyes to God and fighting for the Victory of Liberty. Washington is said to have concluded, "Let every child of the Republic learn to live for his God, his Land, and Union.' The Goddess of Liberty has taken the Bodhisattva vow to remain in the Service of Earth until every man, woman and child has made their Ascension. 'It all depends on you. When you know it through and through you will not fail, for the Eye of Compassion, the Mother's eye, so mild and pure, looking upon the life-waves beneath Her feet, cannot escape the truth. It all depends on you. Children of My Heart, Rise and Pass through the door of objectivity and become the Woman Clothed with the Sun.'
