INVOCATION: Beloved God 'I AM' Presence of the Mighty Majestic Christ Power Now Growing to Full Stature Within Us, We Call Upon Master Hilarion, Lord Jesus, Lord Melchizedek and AA Michael and His Shield of Truth, Protection and Love, to Pour Your Blessings Upon Us so that We May Exert Directive Power, Discrimination, Discernment and Self-Analysis in Applying and Integrating the 12 Mind Powers to Bring Forth Our Ideal Self, Our Regenerative Self. We Call Forth the God Attributes and Activities from the Very Heart of the Great Central Sun to Utilize and to Love and Bless ALL Life so that We May Accept and Integrate this Extraordinary Knowledge for New Perceptions and Realizations to Germinate and Grow Within. 'I AM' the Resurrection and the Life and 'I AM' the Great Calm Serenity That Allows Its Power of Light To Be the Dominion of Our 'I AM' Thoughts, Words and daily Activities.

REGENERATION OF LIFE OR GENERATIVE LIFE

After Enthusiasm and Zeal completely infuse our being, the next logical, sequential step is the inescapable desire to produce more of the same, to repeat the pattern, to share the good. We, therefore, move from Zeal into reproduction and creativity. Regeneration is defined as; *'spiritual renewal, to give, to gain, to grow new life'*.

Misinterpretation of Zeal, the immediately preceding step in the Birth of the Light Body, presumes an active state. But, as it has been explained, Zeal is a passive condition which cannot be forced. It cannot be consciously willed or manifested because it is an automatic reflex when all other conditions are in the Rightful Place and Order. Therefore, when this overwhelming sense of joy and Spiritual Passion infuses every thought, word and action, it generates an active Spiritual Desire to reproduce more of the same, to bring forth or to create further Spiritual ideas, compositions, new forms of life.

Spiritual Seeds or Ideas are always alive in the 'I AM' Individual; however, they do not germinate into manifested actions each and every time there is a flow of inspiration. It takes a special combination of Factors to germinate the New Spiritual Seed. So, the wise and patient 'I AM' Individual waits for the judicious moment and does not expect a new child or manifestation to be born as a result of every feeling of Divine Love and Action flowing through the consciousness and the Life's Services. There must be a Trust in Spirit's Overall Plan to Germinate the sperm/idea/Light with the ovum/Love, flowing throughout the Mind, Body and Soul.

In the case of Mary, Mother of Jesus, she prepared Herself as a Virgin Vessel by cleansing, understanding, accepting Divine Will; and expressing Joy, Thanks, and Zeal for Her Role as the Womb/Mother for Israel's Messiah. Until She had completed satisfactorily all the Preliminary Steps, She could not be given this Commission. Likewise, this must be True for all Godly Manifestations to come into Being! Be it a Child of God, an Idea, A Vision, a Mission, or a Divine Plan.

During Jesus' life, many opportunities and needs presented themselves for Him to manifest or to create the demonstration of Healing, Supply, Teachings, Soul Responsibilities and Missions of others; and to fulfil long-awaited prophecies of the Hebrew people. But Wisdom and Patience prevented Him from acting upon every single occasion. He responded discerningly, circumspectly, cautiously, prudently, lovingly and with the utmost deliberation.

Those in the Christ Consciousness do not spill the Seeds of Their Spiritual Energies and Ideas upon every occasion or to Prove the Fertility of Their Minds and Souls. Instead, they judge and weigh up the merits of the time, the place, the worthiness, and the receptivity of those involved. If They did not, they would empty the oil of Their Lamp, like the foolish virgins in Jesus' Parable and be spent and dried up when the Christ within required them to give of Their Inner Light and Life Force.

The Parable of the Wise and Foolish Virgins (*Matthew 25 New King James Version (NKJV)*)

1. *"Then the Kingdom of Heaven shall be likened to ten virgins who took their lamps and went out to meet the bridegroom.*
2. *Now, five of them were wise, and five were foolish.*
3. *Those who were foolish took their lamps and took no oil with them,*
4. *But the wise took oil in their vessels with their lamps.*
5. *But while the bridegroom was delayed, they all slumbered and slept.*
6. *And at midnight, a cry was heard: 'Behold, the bridegroom is coming; go out to meet him'!*
7. *Then all those virgins arose and trimmed their lamps.*
8. *And the foolish said to the wise, 'Give us some of your oil, for our lamps are going out'.*
9. *But the wise answered, saying, 'No, lest there should not be enough for us and you; but go rather to those who sell, and buy for yourselves'.*
10. *And while they went to buy, the bridegroom came, and those who were ready went in with him to the wedding, and the door was shut.*
11. *Afterward, the other virgins came also, saying, 'Lord, Lord, open to us'!*
12. *But He answered and said, 'Assuredly, I say to you, I do not know you'.*
13. *Watch therefore, for you know neither the day nor the hour in which the Son of Man is coming."* **End Parable**

The Law of Generation is undoubtedly the mystery of mysteries in human consciousness. Men have probed, with more or less success, nearly every secret of nature, but of the Origin of Life, they know comparatively nothing. It is true that they have, with chemical combinations, simulated life, but the activity has been temporary only.

In the phenomenal world, Life is the Energy that propels all forms to action. Life in the body is like electricity in a motor. As the engineer directs and regulates the electricity in a motor, so the Life in the body has its engineer. Life is not in itself intelligent; it requires the Directive Power of an entity that knows where and how to apply its force to get the best results. The engineer of the Life Force in the body of man is the Life Egoic Nature; this is the Consciousness of Life in the Organism.

The Life Egoic Nature is the most subtle and most variable of All the Mind Powers of man. It is an animal force and is designated in the Bible allegory as one of the *'beasts of the field'*. It presides over the Life and generative function of the body, and because of its tendency to separate and segregate itself from the other bodily functions, it is called the *'adversary'*. It is not essentially evil, but because of its place as the central pole of all bodily activity, its tendency is to centralize all action around its consciousness.

In its Divine-Natural Relation, the Life Egoic Nature has its positive pole located in the top head, which is the *'Heaven'* of man or woman's consciousness. When the personality gets active and begins to exercise in the Higher or Spiritual Forces, the Life Egoic Nature becomes inflated with its own importance and falls from *'Heaven'*, top head (Divine Consciousness) to earth (physical life), or front brain (intellect). When the seventy whom Jesus had Imbued with Spiritual Power returned, they proclaimed that even the demons were subject to them. Then Jesus said, *'I beheld Satan (alter-ego) as lightning falls from heaven'*. Jesus was evidently quoting Isaiah, who wrote in the 14th chapter of his book (King James Version):

'How art thou fallen from Heaven, O Lucifer, Son of the Morning; how art thou cut down to the ground, which didst weaken the nations!

For thou hast said in thine heart, I will Ascend into Heaven, I will exalt my throne above the Stars of God: I will sit upon the mount of the congregation, in the sides of the north:

'I will ascend above the heights of the clouds; I will be like the Most-High. Yet thou shalt be brought down to hell, to the sides of the pit.'

Jesus warned the seventy not to rejoice over their Spiritual Power and added, *'but rejoice that your Names are Written in Heaven'*.

To give man a body having Life in Itself, God had to Endow him or her with a focal life centre located in the generative organs. This centre of activity in the organism is also the seat of sensation, which is the most subtle and enticing of all factors that enter into being. But these qualities (sensation and generation) were necessary to man and woman's character, and

without them, they would not have been the complete Representative, or Image and Likeness, of God.

God does not tempt man to break His Law, but a Great Creative Plan is being worked out in which the Deity is incarnating Itself in Its Creation. This incarnation is called the Son of Man; in man, a wonderful Being is in Process of Creation. This Being is Spiritual Man and Woman who will be Equal with God when they overcome or handle, with Wisdom and Power, the faculties of the body. The body is the Garden of Eden.

What metaphysicians most need is a comprehension of the factors that go to make up consciousness. This requires discrimination, judgment, and self-analysis.

We talk glibly about God as Life, Love, Intelligence and Substance and about man or woman as His Manifestation, but when we come to describe that manifestation, we '*lump it off*' as the product of thought.

What we now need to know is how thought groups the different Virtues of Being, for on this combination depends the bringing forth of the Ideal Man.

We must learn to watch Our consciousness, its impulses and desires, as a chemist watches his or her solutions. Mankind forms their own consciousness from the Elements of God, and they alone are responsible for the results.

Consciousness is a deep subject, and to go into it exhaustively would require the writing of many books. Concisely stated, three Great Factors enter every Consciousness, Intelligence, Life, and Substance. The Harmonious combination of these Factors requires the most careful attention of the ego because it is here that all the discords of existence arise.

In Scripture, the Divine Life combined with Divine Substance is termed '*the Lamb of God*'. This phrase carries the symbology of the Lamb's Purity, Innocence, and Guilelessness. Its nature is to vivify with Perpetual Life all things that it touches. It knows only to Give, Give Unceasingly and Eternally, without restraint. It does not carry Wisdom; that is another Virtue of Being which man comprehends from a different part of his or her consciousness.

The Pure Life of God Flows into man and woman's consciousness through the Spiritual body and is sensed by the physical at a point in the loins. This is the '*river of the water of life, bright as crystal, proceeding out of the Throne of God and of the Lamb,*' referred to in the 22nd chapter of Revelation.

Only those who have come into the Consciousness of the Spiritual body can feel this Holy Stream of Life. When the ego has found it and laid in its cleansing currents, the ecstasy of Elysian Realms is experienced. It cannot be described because all the sensations of the mortal consciousness are coarse in comparison to its Transcendent Sweetness and Purity.

Many feel its thrills in part during Silent Meditation or in religious enthusiasm and are temporarily stimulated by its exquisite vibrations. Just here is where the danger lies for those who have not brought out the other Pole of Being, Intelligence.

The ego personality, through its recognition of this Life Stream, sets it flowing to every faculty. Being by Nature Formless, the Life Stream takes the mould and character of that into which it is poured. It is the servant of the ego personality, which mankind is, and through their failure to recognize the Divine Intelligence, which should show them how to use it in the right way, they blunder ahead in their ignorance, and the '*Lamb of God*' is slain from the foundation of the world.

The greatest danger of perversion lies in the direction of the carnal thought of sex because it is there that this Pure Stream has been most foully polluted by ignorance. Sex sensation has made a broken cistern of man and woman's consciousness; for generations, the Life Stream has been turned into this receptacle, and lust has robbed the bodies of the whole race, making them mere shells, void of the True-Life Force. The failing eye, the deaf ear, the festering of withering flesh all bear testimony to this perversion of God's Life.

Yet men and women, otherwise applying good reason, continue their lustful practices and, at the same time, wonder why God does not give them more Life.

They run here and there, seeking a restoring elixir for their failing powers; they call on God for help while they continue to squander their energy in lust.

Man is male and female, which are qualities of Mind, Love, and Wisdom. Every attempt to lower these Divine Mind Power Virtues or Attributes to the physical plane meets with disaster. It has been tried again and again in every age, and its votaries have always gone into demoralization if they persisted in trying to carry out their theories.

Yet it is not unlawful to have bodily sensations in regeneration. A change in ideas must necessarily produce a change in the body, and there is a perfect response in every Centre of Consciousness when Spirit has been welcomed as the Rightful Inhabitant of the body. The marriage mystically spoken of in Scripture and in other Sacred Books takes place in the Consciousness; it is a Soul Communion of the two-in-one, sweeter than that between the most Harmoniously mated man and woman. This eliminates sex in its outer manifestation.

Persistently deny the carnal belief in sex, and realize that the Life Stream, which has been turned outward and named sex, is not of that character in its Original Purity but is Pure Spiritual Life. Sex is mistakenly defined for the physical act of personal pleasure, however from the True Expression of this Divine Act of S.E.X. is the '*Synergetic Energy Exchange*' between man and a woman as an Expression of Creation that sets forth an Energy Explosion where Rejuvenation and Regeneration of the Mind, Body and Spirit can Unite in Holy Union with God Life, and thus becomes the Creative Force behind Manifestation itself of a Son or Daughter (Child) of God through Man and Woman, or as the case may be the Conception of

an Idea, Vision or Other Physical Manifestation in accordance to the True Nature of God Him Herself. That is, the Full Expression of the Mother's Love and the Father's Light!

You must cleanse this Pure Stream in its outward flow by destroying the carnal sense of sex. This can be done only by the Power of Your Word. Do not kill out the Life Manifesting through your body by denying it away entirely; deny away the sense of impurity with which the animal ego has clothed it.

'To the Pure all things are Pure' does not mean that lasciviousness is Pure, nor that the deifying of sexuality is Pure. The Purity is in Knowing that behind and interior to these shadows is a Pure Substance that is of God, that must be seen by the Eye of the Pure. So long as your eye sees sex and the indulgence thereof on any of its planes, you are not Pure. You must become so mentally Translucent that you see men and women as sexless Beings, which they are in the Spiritual Consciousness. See Only the Purity of the Mother's Love and The Father's Light that is Being Exchanged of the Energy of Divine Synthesis.

Sex lust is the father of death and denial. James, in the 1st chapter of His Epistle, gives its history in these words: *'Then the lust, which it hath conceived, beareth sin: and the sin when it is full-grown, bringeth forth death'*.

Paul says, *'to be carnally minded is death'* (A.V.), and Jesus, in the 12th chapter of Mark, sums up the whole question in these words: *'For when they shall rise from the dead [come out of the carnal consciousness], they neither marry nor are given in marriage; but are as Angels in Heaven'*.

To desire to be Instructed by God is the First Step in Exalting the Inner Life Force. The Sincere Desire of the Heart is always fulfilled by the Divine Law. All the woes of humanity have their root in disregard of Law. Man or woman must deal with many factors in his or her *'garden'*. The most *'subtle'* is the *'serpent,'* or sense consciousness. It is not evil, as we have been taught to believe. The allegory given in the 3d chapter of Genesis plainly teaches that sensation (serpent) is a blind force which should not be regarded as a Source of Wisdom. In its right relation, the serpent stands upright on its tail and forms the connecting link between the swift vibratory Forces of Spirit and the slow vibrations of the flesh. *'As Moses lifted up the serpent in the wilderness, even so, must the Son of Man be lifted up'*. In the body, the spinal cord is the main cable of sensation, *'the tree . . . in the midst of the garden'*, and its branches extend to all parts of the system. The *'fruit'* of this *'tree'*, which the desire for sensation (serpent) urges man to eat, is the seminal fluid, which flows throughout the nervous system and is the connecting link between the mind and the body. When desire for sensation leads man to dissipate (eat) this precious *'fruit'* of the *'tree'* in his earthly garden, the whole nervous system is drained of its vitality, and the spinal cord loses its capacity to conduct the Higher Life into the consciousness. Man or woman feels a lack; he or she is *'naked'*. Sensation is no longer a Heavenly Ecstasy but a fleshly sex vibration. It crawls on its *'belly'* and eats *'dust'* all the days of its life; that is, it functions in the driest, most lifeless part of man or woman's being.

Yet sensation is a Divine Creation; it is part of the Lord God's Formation and must find The True Expression somewhere in the consciousness. This brings us to the root cause of that appetite which craves stimulants and goes to excess in seeking satisfaction in eating and in drinking. The cause is plainly to be seen when we understand the anatomy of mind and body. Sensation is seeking satisfaction through the appetites. By listening to this serpent of sense, man or woman becomes sexually insane, a glutton and a drunkard. The remedy is this: Turn away from the lusts of the flesh and seek God. Take up the problem from its Spiritual standpoint. Sensation is a mental quality. It can be satisfied only by cultivation of the Spiritual side of the nature. If you are a sexual drunkard, deny the power of this ungodly lust over you. Pray for the help to overcome, then affirm your own Power and Spiritual Dominion over all the *'beasts of the field'* in your *'garden'*. When you have obtained mastery over sexual intemperance, you will find the conquest of appetite easy. Simply deny all desire for material stimulants and affirm that you are satisfied with the Stimulant of Spirit. Whenever the desire for the material stimulant manifests itself, say to it: You are nothing. You have no power over me or over anybody else. *'I AM'* Spirit, and *'I AM'* Wholly satisfied by the great flood of Spiritual Life that now fills my being.

The result of sin is death; the Truth of these words has been proven for ages. But when he was tempting her to disobey the Divine Law, the *'adversary'* said to Eve, *'Ye shall not surely die'*. The tragedy of Eden is being enacted every day in every individual of the race, and death reigns in consequence. We may call it by any other name, but the breaking up of consciousness and the separation of Spirit, Soul, and body take place just the same. As Emerson said, *'Behold a god in ruins'*. In face of the facts that God pronounced death to be the wages of inequity and that the experience of the race has proved His words true, many people have listened to the *'adversary'* and have believed his lie. We hear them on every side saying, *'Ye shall not surely die'*.

As the result of inequity, the whole human race is already *'dead in trespasses and inequity'*; that is, the race is a dying condition, which ends in the loss of the body. Death is not annihilation because a Resurrection has been Promised.

To be *'dead in trespasses and inequity'* is to lack the Realization of God, to be ignorant of His Laws and disobedient to it. When Jesus said, *"I AM' the Resurrection and the Life'*, He was telling of the Power of the Christ Mind to enter the mind and the body of man as quickening Spirit to Awaken the Whole Consciousness to the Knowledge of God. This Resurrecting Process is now going on in many people. It is a gradual change that brings about a complete Transformation of the body through renewal of the mind. Spirit, Soul, and body become unified with Christ Mind, and body and Soul become immortal and incorruptible. In this way, death of the physical is overcome.

Those who insist that men or women do not die as a result of sin are building up a false hope of finding life after death. Those who understand that eternal life has been lost to the race through sin and can be regained only through the Resurrecting Power of the Christ Mind in

the individual are building on the eternal foundation of Truth. Everyone must at some time come to understand that this statement is Absolutely True: *'He that hath the Son [consciousness of Christ] hath the life; he that hath not the Son of God hath not the life'*.

The belief that all the entities that speak through mediums are the Spirits of dead people is not proved. The communications are so fragmentary and usually so inferior to the natural ability of the supposed egos delivering them that those of wide investigation doubt the authenticity of the authorship. No great literary production, great scientific discovery, or great sermon has ever come from Spirits, yet the country in which it is claimed that they exist should contain all the wise people who have lived on the earth.

This theory of continuous progressive life after death contradicts the teachings of the Bible. God did not create man to die; death is the result of a transgression of Law. Christianity teaches that man and woman was created to live in his body, refining it as his/her thoughts unfold, and that the work of the Christ, the super-mind in man and woman, is to restore this state; that is, Unite Spirit, Soul, and body here on earth. This must be fulfilled in the whole race, and every thought of death, or the possibility of leaving the body, must be put out of the mind.

Practical Christians object to thoughts that tend to separate Soul and body because such thoughts build up a consciousness that finally brings about that dissolution. It is a fact, well known to those who have deeply studied the Law of Being, that death does separate Spirit, Soul, and body; that the communications received by spiritualists are but echoes of the Soul, without its animating, inspiring, Spiritual 'I AM'; this mentality that communicates falls in its turn into a sleep, or coma, even as the body does until the Law again brings about a Union with its 'I AM' or Higher Self, and the building of another physical organism takes place. This process of repeated bodybuilding by the ego continues until the man and woman, through Christ, makes a complete Union of Spirit, Soul, and body here on earth. This Union brings all of man and woman's powers into conjunction, and what is mystically known as the Jesus Christ man or woman, or redeemed man or woman, appears.

We can easily see how illogical, unwise, and futile it is to teach that men and women can lay off their body as a worn-out garment and, by weakly giving up and dying, go on to Higher attainment. We know whereof we speak, and we must proclaim this Great Truth that Jesus taught: *'Whosoever liveth and believeth on me [Spiritual 'I AM'] shall never die'*.

If God Created man and woman to die and go on to a Spirit Land to get their education, then it would be better for them to die in infancy and escape the hardships of life. Also, if death is part of God's Law, we are defeating the Law every time we attempt to escape death by trying to heal the body.

If man or woman's birth as an infant a few years ago was the beginning of his or her existence, then God has Performed a Miracle and made an exception of man and woman in the progressive Law of Development that is evident in all His Other Works.

The fact is, and it is well known to Initiates, that spiritualists are in communication with the mentality of humanity, that is, the personal consciousness. Not having developed the Superconscious Mind, they do not understand the Creative Law. They function mentally and physically in a thought psychism that is mixed and uncertain. Their communications can all be explained in the action of the subconscious minds of the living. The majority of mediums are uncertain as to whether they are moved by their own or some other mentality.

When man or woman has brought his or her Higher Self into Action, they will clearly see the relation of Spirit, Soul, and body in all phases of their action.

If you want to know all the Mysteries of Life, Study Life and put out of your mind every thought about death or the condition of the dead. Then through the Law of Thought Formation, you will build up in yourself such a strong consciousness of life that its negative (or absence) will ever be to you non-existent. Jesus meant this when He said, *'If a man keeps my word, he shall never see death'*.

The desire to live does not cease when the body dies. The mind lives on, not in Heaven or hell, but in the states of consciousness that it has cultivated in Life. Mind does not change with a change of environment. Those who leave the body of matter find themselves in a body of ether, which does not respond to their desire for coarse sensations. Jesus taught in Luke 16:23 that the rich man who died was in *'torment'* in Hades. In the original language in which the Bible was written, Hades was a term used to represent the unseen world. Those who have cultivated Spiritual thoughts find themselves at death in an environment and in an ether body corresponding to their prevailing thoughts. But the very fact that they died proves that they gave up to the *'adversary'*, that they did not attain the Dominion, Power, and Authority of Spiritual Man or Woman. Consequently, after a period of recreation and rest, they will again take up active, overcoming life in a flesh body through reincarnation. So, this process of life and death will continue until the ego overcomes inequity, sickness, and death and raises the body of flesh to the Body of Spirit without the tragedy of death. *'This corruptible must put on Strength; this mortal must put on Immortality'*.

Our theologians have not discerned man or woman's life in its entirety; they have attempted to crowd into one physical incarnation the character that it has taken aeons to develop. As taught by Jesus and by all Spiritual Teachers, the goal of man or woman is the attainment of Eternal Life, the overcoming of physical death. The human race on this Planet will continue to die and be reborn until it learns the Law of Right Living, which will ultimate in a body so healthy that it will never die. Jesus Demonstrated this, and He promised those who should follow Him in the Regeneration that they would never see death if they should keep His words. Many Christians are getting this understanding that they have not attained Eternal

Life so long as they allow the body to continue in the corruption that ends in death, and they are earnestly beginning the appropriation or eating and drinking, of the life and substance of the Lord's body until He appears again in their regeneration organism.

COLOUR VISUALIZATION

DIVINE REGENERATION AND REJUVENATION

RUBY RED

The Ruby Red is vivid, sharp, natural, bold; is often called true red or blood red. Blood is associated with the reproductive system, with the process of birth and with Spiritual Regeneration.

In the lesser stages of man's evolution, priests spilled the blood of the sacrificial lamb to symbolize that pain and death of one form of living make way for rededication and rebirth into a new and higher form. Jesus, at the Last Supper, gave his disciples wine, saying: *'This is my blood of the covenant, which is poured out for many....I will not drink again of the fruit of the vine (blood or Life Force of the physical form) until that day when I drink it anew in the Kingdom of God ('I AM' Self-Dominion).'*

Clearly, Jesus was indicating he would not manifest or reappear at the Second Coming in physical, mortal form but through Creative Life Force (Spiritual Blood) in the Light Body, the fourth-dimensional frequency form.

The female sheds blood each month at the end of her menstrual cycle. She sheds the old lining of the uterus (the old form) before forming a new one. Then if the sperm (idea) fertilizes the ovum (Soul), blood will carry nourishment to regenerate the new creation (manifestation of mind and Soul).

When I was in Switzerland at the Matterhorn on June 9th, 1975, Jesus used the red Ruby Stone symbolically to project new images for the re-formation of Europe. The Red Ruby stone, he said, symbolizes his blood, which he, as Jesus, gave to purify the physical form of man, the third-dimensional body. By his crucifixion and the giving of blood, the physical form of man on Earth became purified.

Now, this form is to be de-crystallized, regenerated, and absorbed by the pure form of the 'I AM' Light Body. Jesus channelled these words: *'I ask that you see all in symbology in this instance, as explained through my channel Nada-Yolanda and not take the literal explanation that so long has kept man bound in the physical and mortal concepts. For now, the fourth dimensional consciousness and the 'I AM' Self must dissolve all that you have held and have worked with and evolved out of. It has served its good purpose until now. Now release it and become new, renewed'. Be reborn.*

And So, It Is! As Above, So Below!
