Beloved Elohim Peace Speaks as recorded in the book by Thomas Printz The Seven Mighty Elohim

Speak January 2, 1955

Beloved Children of the One Living God! I come to you, today, to bring the description of the activities of My Ray (the Sixth Ray) – MINISTRATION AND PEACE. This now completes the instruction by the Seven Mighty Elohim of Creation, on Their Seven-Fold Flame, in this Series of Addresses, which began some weeks ago. "The Seven Steps to Precipitation" are the unalterable process of All God Creation – finite and Infinite.

I come into Earth's atmosphere, today, through your magnetic "force field," the centre of which is above your sanctuary, the Energies of which "force field" have been drawn here from the Heart of Creation, in answer to the calls of your precious Hearts, all through the years. On the Energies of your own life, I shall write the words which complete the pattern of conscious precipitation, by which we Created the Universe, under the direction of Helios and Vesta. A part of this Creative Scheme, which We brought forth into manifestation at that time, was your own sweet Earth, which is now the platform beneath your feet and has provided for you, and your fellowman, a "school room" to which you voluntarily chose to come, to learn the conscious Control and Mastery of Energy.

What we have done, on a Universal Scale by the use of these Seven Progressive "Steps" in Consciousness, EACH AND EVERY ONE OF YOU CAN AND ONE DAY MUST USE TO DRAW FORTH, Direct from the Universal, those Gifts of Light's Perfection which are the Will of God for you to enjoy and to be able to give to your fellowman. THE ABILITY TO PRECIPITATE IS A NATURAL ATTRIBUTE AND POWER OF YOUR OWN I AM PRESENCE – Your Father/Mother God – the Source of your Being and the Creative Heart-Centre of Your Present Consciousness.

Your I AM Presence became conscious of Itself as a living, breathing being, when it was first directed out of the Universal First Cause. When that Presence found Itself to be an Individualization of God Consciousness, it then chose to draw, to Itself, the Substance of Primal Light (Life) and Qualified It with the God Ideas of its own, personal consciousness. This Qualified Light was then sent forth, by It, to Create and Expand the Beauty, Glory and Ecstasy of Creation.

Since the very Nature of God Light is to Expand Perfection, that "I AM" Consciousness then determined, within Itself, to leave, for a time, the Heart Centre of the atmosphere of Its Creator and explore the Seven Spheres of Consciousness which surround Its Godhead – the Sun from whence it came. It remained for as long as it chose, in each Sphere, to learn to use the Specific Powers of Creation in each of these Realms. In this way, the I AM Presence drew, into Its Own Causal Body, the Seven different momentums of Qualified Energy, which appear as Seven Bands of Colour. As the "I AM" Consciousness gradually proceeded from Sphere to Sphere, it finally chose the activities of One of those Spheres, which most appealed to Its liking, and It there decided to develop some Specific Expression of God Power within that Sphere, as Its Gift to the Universe.

Your First Creative Experimentation

After the individualization of your own life stream had passed through all of the Seven Spheres of Creative Consciousness (the Causal Body of the Godhead) those who decided to try embodiment upon the planet, Earth, then applied for such permission to the Manu of the First Root Race (the Cosmic Being who was in charge of the Evolutions here at that time). Thus, in

the denser substance of the Earth plane, that presence learned to wield the Powers of thought, feeling, spoken word and action and to consciously create as the Father Creates. "Hitherto hath the Father worked; now, the Father and I work!"

Now comes the time when each individualized God Flame must work, cooperatively, with the Father, to expand the borders of His Kingdom. The above statement of Jesus has been spoken by Us to the chelas, this year, perhaps more than any other and every man has interpreted it according to his own understanding. Some feel that it means but a Greater Radiation of sustained harmony. Others feel that it means the spreading of the Light and Truth, by contacting more of mankind, acquainting them with the Laws of Life – helping to bring them to a Realization of the Power and Powers of Creation, which are within them.

Still others feel that it is learning the ways and means of actually engaging the energies of the inner and physical bodies, in Creating as the Seven Mighty Elohim Create, in a conscious, ordered, scientific precision, by the use of thought, feeling, spoken word and action, thus producing instantaneous precipitation, directly from the Universal. Of course, "Expanding the Borders of the Kingdom" means all of these things and more! Now and then, one will find a naturally peaceful and harmonious type of individual, the very radiation of whose aura brings the benediction of God's PEACE to all the life it contacts. Such a one may be compared to a beautiful flower, growing in a lovely garden, adding to the beauty and perfection of that garden, for any and all to enjoy. However, such a flower is not endowed with the God Gift of free will and choice and has no conscious volition or capacity of its own, to be other than it is. It has to depend upon the gardener for its sustenance and protection and is wholly subject to the whims of anyone passing through that garden, who might wish to cut it down.

Now, however, you who have chosen to accept the instruction of the Elohim, as well as the instruction which has been brought to you by the Ascended Master Saint Germain and the Hierarchy, are no longer to be considered "unconscious" radiating centres of Divine Love and Harmony, no matter how beautiful such Radiation may be. At this time, We are seeking those who are willing to be Conscious co-workers with the Spiritual Hierarchy, of which the Ascended Masters and Cosmic Beings are Active Members.

Those among you, who can grasp the explanation and use of the Power of Precipitation, which instruction has now been given you by the Elohimic Builder, become Masters of the descent of Energy into the physical world, in sustaining, protecting and expanding the Radiation of Perfection for yourself and your fellowman. We expect this of you. Your conscious use of these Powers will more quickly bring this world back, again, into the Paradise of Loveliness which it was in the beginning when it first came forth as Our Loving Handiwork. Then, one must also become Master of the Power of Etherealization (the instantaneous returning of form back into the Universal when such Precipitated Form has served its Purpose), so that the God Life does

not remain imprisoned, in any vehicle of expression, longer than that prescribed by its Creator, for its Actual Service.

Step 7 - Part 2

**Beloved Elohim Peace Continues to Speak as recorded in the book
by Thomas Printz The Seven Mighty Elohim Speak January 2, 1955**

Peace - God's Positive Power

As I speak to you today, I shall endeavour, at least, to touch upon the high points of the assignments which have been given me to bring to your attention, in the limited time which has been allowed Us for this purpose.

First of all, right here, I would like to remove from your minds the erroneous human concepts concerning the God Quality of PEACE. PEACE is not a negative quality! It is the most positive and most concentrated activity of Power which is manifest in any realm. PEACE is not lethargic, indifferent or inactive! Let us examine PEACE for just a moment as a Quality. Just how much Power of Control does it require for you to hold your peace, to remain absolutely poised and Master of every situation – regardless of the aggravation – in the midst of your immediate family, your business associates, your co-workers in this activity, or the world at large? You know that it requires all the Power of Control you are able to manifest!

In this series, of the explanation of the precipitating activities of the Seven Elohim, I am the last one to come to you, inverting the positions of Beloved Arcturus (Elohim of the Seventh Ray) and My Humble Presence as the Elohim of the Sixth Ray. This is because, after you have

fed the form you wish to precipitate with your own life, and the actual manifestation of that which you desire has appeared here, that manifestation must then be held within the feeling of undisturbed PEACE. Otherwise it will disintegrate and return to the Universal, from whence it was originally drawn.

When an Ascended Master uses the Power of Precipitation, he always has a very definite Design in Mind, which He Desires to bring forth, for some Specific Purpose that will benefit, not only one life stream or even a group, but all life everywhere! He first decides, within Himself, by His Own Designing Power of thought and feeling, that which He wishes to manifest, even as you might himself, desire to create a lovely ceramic vase.

Then, by projecting forth His feeling of Divine Love, He Calls, to Himself, Elemental Life, in the Form of Electronic Light Essence (which fills the Universe everywhere) and, through the Magnetic Power of that Love, such Elemental Life Obeys His request to fill the Form He is Creating. The Master then Breathes the Light and Love of His Heart upon that Design and, with the feeling of Loving Gratitude for the obedience that Substance has given Him, He Commands that it be sustained in that Form for a certain period of time, for as long as it can render constructive Service to Life.

Divine Economy

Beloved Ones, the Ascended Masters are most conservative in Their use of life. There is a Great, Divine Economy of the Cosmic Law, which most generously provides the limitless abundance of every good thing for all to use, as freely as the air they breathe, and yet does not permit the wasting of a single electron, nor the sustaining of a single electron, nor the sustaining of a single electron in any form, which has served its intended purpose! The Ascended Masters, having become the Cosmic Law in Action, do not have any 'clutter' in Their Worlds or Activities. They know that Primal Life, which comes from the Heart of God must obey Them, because such is the Law. Therefore, They know that Their Creations, made up of that Light and Love, will remain intact for just as long as They Decree them to be.

Should the Ascended Masters require homes, clothing, means of conveyance – anything They might require, either in the Realms of Light or here, when They are assisting mankind, all is designed and precipitated instantaneously, from Universal Light, and Serves Their Purpose for as long as necessary. Then, as Beloved Arcturus said in His address, when the form is no longer desired, the directed Light Rays of Violet Fire, from Their Hearts, Throats and Foreheads, enter into the Centre of that manifested form, releasing the Cohesive Power from within that precipitation.

Then, that Elemental Life, no longer feeling the Cohesive "Pull" of that Love and Command of the Immortal Flame within the Form, begins to disintegrate it and automatically returns it to

the Sun from whence it came, for repolarization. Sometimes this etherealization is instantly done, in what would seem to be like a cosmic “explosion.” Sometimes it is done slowly and gradually, just as the petals fall from a flower and its form ceases to be.

These Powers of Precipitation and Etherealization are now available to you, for your joyous, individual use and you are now at a place, on the Spiritual Path, where you should be using them. You can, most assuredly, if you will definitely determine to follow through the concise “steps” which have been given to you in our addresses, for these “steps” are absolutely mathematical in their precision!

I shall finish here for now, but would most ardently share with you, that it is up to you to become so familiar with these steps that they become second nature to you. Before I go I say Be At Peace Dear Souls for Peace is the Cohesive Power of Love, Light and Life!

Here ends Part 2 and the Seven Steps

Now go and practice, practice, practice!

God Bless You

Peter
