PETITION APPEAL - SOUNDING OUR NOTE - PETER, 24<sup>TH</sup> OCTOBER 2019

**INVOCATION:** Infinite 'I AM' Presence! From Thy Ancient Sanctuary, We Find Thee Pouring Forth Thyself Into Manifestation with Conscious Intelligent Expression, that Thy Perfection be Manifest in all phases of Life; and that All of Earth which has been wrongly qualified by mankind be Raised into that Ascended State; Thy Eternal Perfection.

**PETER:** Greetings Dear Hearts; today, we share the last Part within the Petition Contingencies, Earth Nuclear & Chemical Affairs Alliance Council, SOEPC, Petition Appeal.

Master Djwhal Khul explains this to us in the '*Ashram Of Synthesis Lessons*' that we wish to say we shall at every opportunity send forth Our '*SOUND*' to Attract all those who belong to this Ashramic Group Life for the Purpose, Will and Wisdom to be expanded and implemented in All areas of This Divine Plan! DK says:

Another concept that was contained within the intended projection has to do with the fact that this particular Group Membership is very limited in its awareness of what actually constitutes the Group Unit, in physical manifestation, of which it is a part.

What is actually a Group manifestation? It is the reflection, via a vertical alignment in the three worlds of human endeavour (that is, the physical world, which includes the etheric world, the astral world and the mental world), of the horizontal relationships existing within the Ashramic Group Life. You must be very careful then, as you look at this particular Group Unit, at its Membership, not to limit it to this Membership, to these few individuals who now comprise the Group.

This is extremely important, and in this particular area, your consciousness must be expanded to a very great degree.

After this, as you consider this Group, align with the Ashramic Group Life and become conscious of the vastness of that Group Consciousness.

Remember, I have told you previously that, within the Ashramic Group Life, there is that consciousness which is concerned or related to the Plan via the field of finance; there is that consciousness which is related to the Plan via the field of healing, and so on. Do not limit your concept of this particular Group to a limited Field of Service; though your particular Field of Service is limited to teaching, do not limit the Group to this. Neither limit the Group to the Membership or the Consciousness of the Membership as it now exists.

At this particular time, a great effort is being made, not only from an Ashramic Level, that is, within the Buddhic Sphere, but within the three planes of human endeavour, to bring into manifestation a reflection, within this area, of the Ashramic Group Life of which you are a small part. You can aid in this effort by aligning with the Ashramic Group Life, by endeavouring to become conscious of its Note, and then by Channelling into the three worlds of human endeavour the Energies of the Ashramic Group Life via the Sounding Forth of that Note.

Let the Ashramic Group Life so condition the Group Aura that it will become magnetically attractive, attracting into its periphery all of those whom the Divine Plan intends to work in close relationship in this area with this small Unit. This is extremely important.

That, as you, a small nucleus, Sound your Note within the three worlds of human endeavour, this Note will attract all of those, who, as they come together in the physical plane of appearances, will constitute a reflection of the Ashramic Group Life.

It will attract all of those for whom it is intended, regardless of where those individuals might be located in time and space. In other words, it wouldn't make any difference if they were in France or England or where they were. If this is carried out properly by this Group, it will attract all of those in this area who are supposed to work together as an objectification of the Ashramic Group Life.

Simply recognize the fact that a Group Consciousness, manifesting in the three worlds of human endeavour, is an objectification of the Ashramic Group Life. That this small Group is but a tiny fraction of the reflection of that aspect of the Ashramic Group Life within which you live, move and have your Being on Soul Levels.

You must be extremely careful; do not use the concrete mind in an attempt to attract individuals from any specific field of endeavour, but only to attract those who, on Soul Levels, constitute the Field of Spiritual Relationships within the Ashramic Group Life with which you are directly related. We don't attempt to determine who they might be; we simply Sound the Note that will attract them. The point that is so important here is that you realize at this moment that the instrumentality of this particular Group, as an objectification of the Ashramic Group Life, is incomplete.

That it is half-born as yet. That, as it is at this moment, it is not instrumentally capable of carrying out the Plan for this area for which it is responsible. That there are others in incarnation who are just as related to the Thought-Form Presentation, to the Ashramic Group Life, to the Plan for this area and for other areas, as are you. That a part of your service now to the Plan is to **'Sound that Note'**, which will attract those individuals karmically related (that is, related in the Ashramic Group Life) to this Plan. That, as you Sound this Note, you are expectant, you are awake, and you will recognize the individuals as they respond.

In other words, realize that the Group, as a perfect instrumentality, is perfect once it is completely born into the three worlds of human endeavour.

As you contemplate the Ashramic Group Life, as you become receptive to its Frequency, this will enable you to demonstrate the quality of the Ashramic Group Life within your own life and affairs, to Channel those Energies which originate within the Ashramic Group Life, to bring through into outer manifestation the Impulse which Originates within the Ashramic Group Life.

Esoterically, then, the Note of the Ashramic Group Life will be Sounded within every act you commit in the three worlds of human endeavour. It will demonstrate as Colour, as a Quality, as a Tone.

The effort now is to prepare you to Serve those who are ready to receive the teaching. But remember, the Group, now, to which I am referring, the instrument of the Divine Plan (insofar as the externalization of the Ashramic Group Life is concerned), will not consist of students. It consists of Co-Disciples. And this is extremely important. These are Co-Disciples you are attracting. Later, as you go out into the field to teach, you will use this same technique to attract your students. But now, the need is to attract those who are your Co-Disciples to work with you in this area.

Let us not limit these Co-Disciples. Many of them have had the equivalent of The Nature of the Soul via other methods, other techniques, via other schools. That they are related in the Ashramic Group Life and that they have a part to play, that is the important point. Do not concern yourselves with their training, for they will be attracted as you reach the level which makes it possible for them to unite their development, their knowledge, their training with yours. Beloved Lady Portia, Esteemed Directors of the Karmic Board, Chohans, Lords and Ladies of the Seven Rays, Masters and All Other Members of the Elemental Grace Alliance Council, and Beloved Galactic and Intergalactic Emissaries of the Light, Elementals, Devas and Angelic Host, We the SOEPC Stand Forth before You All Now and say *'The time for change is upon us'!* We have engaged as best we can under the circumstances to date. We have given Our Decrees, Covenants and Pledges of Service to Humanity, Earth, Elementals, Devas, and Angelic Host, along with the lower three Kingdoms of Life.

It is with Divine Blessings that we say, *'Let us now Move Forward; let us Accept and Unite with All those Who are in Support of Us and this Divine Elemental Grace Alliance Divine Plan'!*

There is so much that needs to be done, and the quickest way to do this we will need all the help we can get on all Levels of Dimensions and Worlds!

We have the Support of All Those Who have declared Their Support to us, so, in return, we declare to return this support to the Highest potentials we can muster! That means change for us, a lot of changes!

It was Our Beloved Master, *'The Great Divine Director'*, who said this:

Do not think for a moment that those of Us in the Hierarchy who are working with you would not welcome any one of you whose capacities are such that they could be put to work on a full-time basis. In other words, this problem of yours is a problem for Us. We must work it out differently than you do because we cannot endeavour to solve this problem for you. We can only solve the problem this presents for Us. End Excerpt

As the Spokesperson, I Am unable to speak for any other Member of the Sun of Even Pressure Council in what I Am about to say, for each must make their own *'free will'* choices regarding this matter. However, as Part of this Petition Appeal, 'I AM' personally Willing to give All that 'I AM' to this Divine Plan and Be in Service Full-Time, whatever that means. So, Beloved Hearts, you Know Who 'I AM', You Know what I can and can't do, You Know my capabilities. I Declare this day to ***'blast me wide open'*** and then put me to Work Full-Time, so I may help in whatever area that best Serves This Divine Plan!

I shall open this up now for All Members of the SOEPC to come forward to also make whatever choices they may feel is most appropriate for themselves, in their own ways, directly to You, as and when they feel ready! And So, It Is!

As for the 6 Petitions:

1. ***The Cleaning Up Of Nuclear Fallout And Chemical Waste Dispensation.***
2. ***The Universal Ambassadors Educational Dispensation.***
3. ***The Ascension Flame Dispensation (The 144,000 Seeds Of The Adam/Lilith Kadmon Man And Woman Dispensation).***
4. ***The Removal Of Planetary And Human Primal Karmic Cell Implants And DNA Programming Dispensation.***
5. ***The Dissolution Of Technology That Shall Suppress Humanity Within Any Sort Of Delayed 'Incarnational Loop' Of Any Compartmentalized Mind Consciousness Dispensation.***
6. ***The Time Contraction Dispensation.***

We will Sound Our Ashramic Group Life to Attract other Members that can Support All Six Petitions in whatever way we can with the Full Guidance, Support and Resources of those Who Over Light Each One! To this, We say:

**'I AM' the Conquering, Victorious '*Presence*' in any achievement We Desire; that 'I AM' now the Full Dominion of Every Application that We make; that 'I AM' the '*Presence*' always within Every Demand, Supplying, and Fulfilling It.**

**'I AM' the '*Presence*' which Enables Us to See or Hear with the Inner Sight and Hearing.**

**'I AM' the Governing Love, Wisdom and Power with Its Attendant Intelligent Activity, which is Acting today in every single thing that We think or do. We Command this Infinite Activity to take place every moment and be the Sustaining Guard about Us, that We Move, Speak and Act ONLY in Divine Order.**

**'I AM' the Commanding, Governing '*Presence*', moving everywhere before Us during the day, Commanding Perfect Peace and Harmony in All Activity.**

**'I AM' the ONLY and Perfect Energy Acting there. Therefore, every appearance of disturbance is instantly corrected.**

**'I AM' Pure Inspiration. 'I AM' this Pure Light right here in Action 'I AM' this Pure Revelation of everything We want to Know.**

**'I AM' the Ascended Being We wish to be Now.**

**'I AM' the Governing Power of All Activities We do, and therefore it is always normal to Us.**

**'I AM' the Divine Wisdom that allows the 'I AM' Creativity Itself Unfolding Within Our Sacred Contract with God.**

**'I AM' the All-Pervading, All-Powerful, All-Knowing '*Presence*' Whose Activities cannot fail.**

Yes, We, the SOEPC, desire to work and live our lives through Divine Will and Be these All-Loving, All-Wise and All-Powerful Beings. We invite All to begin the New Life Now, that is, after the Granting of these Petitions when Agreed. We will make this a priority in our lives and make these connections to our 'I AM' Presence every single day from now on!

The 'I AM' Presence will Direct Us daily to externalize what is known as the Ashramic Group Life and the Ashramic Consciousness, both of which the Elemental Grace Alliance is working toward to fully understand and implement daily. We Are, as the Grounding Staffs, doing whatever We can in accordance to what the Cosmic Laws will allow, and endeavour to bring into the outer appearance the Visible Manifestation of the Living Cosmic Christ Power via this Ashramic Group Vehicle. This Group will not consist of a few individuals in one room, in one city, in one state, in one part of the world. It will consist of a Group which is composed of All Disciples of the New Ashramic Consciousness throughout the entire World, who will respond

to the impact of their own Divine Plans and who, in their Response and Resonance to Our Ashramic Group Sound, consciously Initiate themselves into these Hierarchical Efforts.

It is with Grateful Heart and Joyous Mind that we, the SOEPC, now stand back and await the Response from the Karmic Board of Directors, deliberation and as to how we All shall proceed! Thank you for the Patience given for this rather long Appeal. God Bless You All! And So, It Is!

**BENEDICTION: O Mighty Ones of the Golden City! Glorified are We in Thy Wondrous Radiance. Privileged Are We in the Use of Thy Great Rays. Blessed Are We in the Conscious Recognition and Acknowledgement of Thy Mighty 'Presence'. Enfold Us forever in Thy Transcendent Light and Life, for We Have Thy Mighty Work to do!**
