## **THE GREAT INVOCATION**

**From the Point of Light within the Mind of God  
Let Light Stream forth into the minds of men. Let  
Light descend on Earth.**

**From the Point of Love within the Heart of God  
Let Love Stream forth into the hearts of men.  
May Christ return to Earth.**

**From the Centre where the  
Will of God is Known  
Let Purpose Guide the little wills of men –  
The Purpose which the Masters Know and Serve.**

**From the Centre which we call the race of men  
Let the Plan of Love and Light work out  
And may it seal the door where inequity dwells.**

**Let Light and Love and Power Restore the Plan on Earth. And  
So It Is and It Is Done!**

Begin Writing -

The devas are the agents of the divine will because they are a consequence of the point of attainment of our planetary Logos as He exists outside the seven planes of our sphere of existence, the cosmic physical plane. They are conditioned by His cosmic astral and mental vehicles. In a definite sense, they *are* the agents of the Universal Mind, even though they are *not* mental *as we understand that term*. They are sometimes regarded as blind forces, but that is only because they get their inspiration from levels of divine awareness outside the range of the human consciousness, no matter how high, or when used in its widest connotation.

Their controlling Agent in manifestation is the Triangle of Energy to which we give the name the "Three Buddhas of Activity." They are therefore closely connected with the third aspect of divinity. They are essentially the "eye within the Triangle"—a most familiar symbol to many today. They are the expression, in activity, of the All-See-ing Eye"; through their agency God *sees*, and through them and the energy directed through

them, He directs the creative process. They are under the complete control of the three Buddhas of Activity, Who are the cosmic Prototypes of the Lords of the three major rays, but not in the sense usually understood when the rays are considered in their relation to man. They are the correspondence of these three rays and are responsible for the entire manifested universe, but only within the orbit of the third aspect, the expression of the Universal Mind.

They come from the cosmic mental plane, just as the energy—distinctive of the second aspect—comes from the cosmic astral plane. God is mind. God is intelligent functioning. God is creative activity. *These are the qualities of the deva evolution.* God is love. God is relationship. God is consciousness. These are *the three qualities of the Christ evolution.* This latter evolution is carried on within the created sphere of influence of the third aspect. God is life. God is fire. God is pure being. *These are the qualities of the spirit aspect, the omnipotent aspect of Deity.* All these three aspects focus themselves and find an outlet for expression upon the levels of the cosmic etheric planes and upon the levels of the etheric planes known to humanity in the three worlds. The Law of Correspondences is infallible, if rightly approached and applied.

This broad and general presentation must be rightly grasped if the rule, as given to disciples and initiates, is to be correctly understood.

You have been taught that illusion is the characteristic which must be mastered by the initiate as he "escapes" occultly from the three worlds via the mental plane. (*Glamour: A World Problem.*)

Glamour, you are told, is the characteristic of the astral plane, and must be dissipated by the disciple as he "escapes" mystically on to the Path of Initiation, just as the initiate finds himself (after mastering illusion) on the Path of the Higher Evolution. Maya is the conditioning factor on etheric levels, and must be evaded and overcome by the probationary disciple as he "escapes" from the thralldom of the physical plane. Thus, he learns to tread the Path of Discipleship. These characteristics are, however, only the reaction of humanity to the activities of the deva evolution, rightly and divinely proceeding with their task of implementing the divine will. When the sphere of their activity comes into contact with the human intelligence, the effect upon humanity (before mastery is gained) is to compel men "to wander in the fields of maya, to drown in the sea of glamour, and to respond to the pull of illusion.

In this teaching, you have presented to you, though in a somewhat different form, the ancient problem of duality, involving as it does the immense potency of the deva

evolution. It definitely affects humanity; this is due to the fact that it is an expression of the will aspect of Shamballa. As man develops the will aspect, he learns to break loose from the aura of the deva evolution, and the major task of the Hierarchy (as far as basic essentials are concerned) is to "provide sanctuary" to those who have liberated themselves from the ocean of deva energies in which their vehicles must perforce move and live and have their being, but with which they have otherwise no point of contact, once liberated by their own effort and will "from the angels." Let us now study Rule Ten.

## SOLVING THE ANCIENT PROBLEM OF DUALITY

### QUALITIES OF THE DEVA EVOLUTION

- God is Mind - God is intelligent functioning - God is creative activity
- Conditioned by the planetary Logos' cosmic astral and mental vehicles
- The Devas are the expression, in activity, or the All-See-ing Eye and through their agency God sees
- Through them and the energy directed through them, He directs the creative process

### QUALITIES OF THE SPIRIT ASPECT

- God is life - God is fire - God is pure being
- The omnipotent aspect of Deity
- These qualities empower humanity in developing the Will aspect
- Through lessons, humanity learns to break loose from the aura of deva evolution

### QUALITIES OF THE CHRIST EVOLUTION

- God is love - God is relationship - God is consciousness
- Carried on within the created sphere of influence of the Universal Mind
- The major task of the Hierarchy is to "provide sanctuary" to those who liberated themselves from the ocean of deva energies
