Will of God is Known
Let Purpose Guide the little wills of men –
The Purpose which the Masters Know and Serve.**

Let the Plan of Love and Light work out
And may it seal the door where inequity dwells.**

This Rule tells us that "the group toils in Pisces." This simply means that the field wherein the New Group of World Servers works is that of mankind, conditioned and ruled for the past two thousand years by Piscean energy. This is, as you know, the energy which produces mediation, and which develops sensitivity in the individual. The work accomplished by and through this energy is so successfully accomplished that it has produced a mediating group of servers; this group acts as an intermediary between the Hierarchy and Humanity, and it has also developed the sensitive response of humanity to contacts, and to such a degree of sensitivity that the response to be accorded to the activities of the New Group of World Servers is very real and cannot be negated.

It should be remembered that the Piscean energy with which the group has to work is opposed to the incoming energies from the Hierarchy and the New Group of World Servers. This is owing to the fact that the energy of this constellation is passing out concurrently with the sixth ray energy, with which it peculiarly "coincided," as it is esoterically called. Hence the present difficulties. The passing out of the influence of Pisces, the slow withdrawal of the sixth ray force, the incoming Aquarian energy, via the Hierarchy (affecting at this time mainly the Hierarchy itself and the mental and astral planes) are conditions to which we must

look for the origin of all our present troubles. In this involved situation, you have a planetary demonstration of the significance of inner causes, producing outer effects.

Slowly, however, the Hierarchy is beginning to implement both the Shamballa energy and that of Aquarius; the Masters Themselves have to learn how to use new incoming energies in the service of the Plan, just as the individual has to learn, in any particular incarnation, to work with and use the available astrological forces which make their impact upon one or other of his bodies or upon his entire personality; such energies, as you well know, can be turned to good uses or to bad. It is not possible for the Masters to turn energy to evil ends, but They necessarily have to master new techniques and the new methods of work called for by the new conditions; these can either affect the Hierarchy itself or will produce reactions in the fourth kingdom and in the other kingdoms, producing rapidly changing orientation and attitudes.

These forces and energies—from the zodiac or from one or other of the seven rays—have poured into and through our planetary Life for countless aeons. Each time that they cyclically make their appearance, the forms and substance in the three worlds upon which they impinge and through which they pass are different in the degree of evolutionary response and of sensitive reaction to impact. The response and the reactions of the human family as a whole, or of the individual within that whole, will differ from that of the previous cycle; with these factors the Hierarchy has to contend, changing cyclically its technique and altering its modes of work in order to meet the changing need. Bear this in mind. This has never been more evident to the Masters than today. The war might be regarded as a revolt by the form side of nature against the old conditions, and against the new incoming conditioning factors on the part of the Black Lodge. Between the two forces—one sensitive, onward moving, ready for that which is new and better, and the other reactionary, static and determined to gain a strangle hold upon the life within the form—the Hierarchy stands at the midway point:

- a. Throwing all its weight on the side of that which is new, spiritual and desirable.
- b. Adapting itself simultaneously to new conditions and new emerging factors.
- c. Standing like a wall of steel, unshatterable and immovable between humanity and the forces of evil.

This has been an epoch of crisis, and the great moment for which the Hierarchy has been preparing ever since it was founded upon the Earth. Slowly down the ages, men have been trained and prepared for initiation; they have been taught to develop the initiate-consciousness; they have taken then their place within the ranks of the Hierarchy and have—later—passed into the higher center, Shamballa.

Paralleling this line of unfoldment of the individual, there has also been a great though slow expansion of the human consciousness and a gradual steady progress forward into light. It has now become possible to create the New Group of World Servers—men and women sensitive to the inner and newer vision and to the incoming forces and energies. Each group, therefore, whether it is the Hierarchy, the New Group of World Servers, or mankind itself, is wrestling with its own interior problems of response, of recognition and of responsibility; each also is actuated by an outgoing movement in two directions: towards that which is higher, and which indicates a better and more spiritual future, with all that that implies, and also towards that which is rooted in and related to the past, which is crystallizing, reactionary, blind in its selfishness and materiality, and which is implemented to retain the old things which should pass away and to fight that which is new.

As individual aspirants, you all know that this condition exists in the conflict waged interiorly and expressed exteriorly between the soul and the personality. The same conditioning factors can be seen also working in every group, organization, world religion, and in every nation, as well as in the planet as a whole. Millions of years ago, the Hierarchy realized that such a time of crisis and of conflict was inevitable. The easiest way to handle it would have been as lesser conflicts were dealt with in the past—by a process of final intervention. Shamballa and the Hierarchy could have unitedly ended this world crisis, but it would then have again arisen and have gone on arising until humanity itself ended it once and for all upon the physical plane.

Of this situation, the determination of the United Nations to win and to enforce complete surrender upon the aggressor nations which are the agents of the Black Lodge is symbolic and also symptomatic of the progress of the human spirit. (Written in September 1944.) This time, the Hierarchy refrains from outer action, but simply inspires and transmits the needed energy, leaving mankind to find its own way into freedom, and out of Pisces into the aura and the field of activity of Aquarius, guided by those who are responsive to the illumination which Taurus confers.

THE TOIL IN PISCES

THE TOIL

- The field wherein the New Group of World Servers works is that of mankind
- This world has been conditioned and ruled for the past two thousand years by Piscean energy
- The Piscean energy produces mediation, and which develops sensitivity in the individual

THE RESULT

- The work accomplished by and through this energy is so successfully accomplished that it has produced a mediating group of servers
- This group acts as an intermediary between the Hierarchy and Humanity
- They have developed the sensitive response of humanity to contacts to a degree that is very real and cannot be negated

OPPOSING ENERGIES

- It should be remembered that the Piscean energy with which the group has to work is opposed to the incoming energies from the Hierarchy
- The influence of Pisces, the slow withdrawal of the Sixth Ray force, the incoming Aquarian energy, via the Hierarchy are conditions to which we must look for the origin of all our present troubles
- Just as the individual has to learn, so to does the Hierarchy as they implement the emerging Energies of Aquarius and Shamballa

PAST, PRESENT AND FUTURE

AEONS PAST

- Slowly down the ages humanity has been trained and prepared for initiation, moved by energies from the zodiac or from one or other of the seven rays pouring into and through our planetary Life
- Humanity have been taught to develop the initiate-consciousness, with some taking their place within the ranks of the Hierarchy and some later passing into Shamballa
- Paralleling this line of unfoldment of the individual, there has also been a great though slow expansion of the human consciousness and a gradual steady progress forward into light
- Millions of years ago, the Hierarchy realized that such a time of crisis and of conflict was inevitable, realizing that the previous easier methods of approach would not be suited to what was to come

THE PRESENT

- It has now become possible to create the New Group of World Servers through men and women sensitive to the newer vision and to the incoming forces and energies
- Each group is wrestling with its own interior problems of response, whether the Hierarchy, the New Group of World Servers, or mankind itself
- Each group is impressed to move towards that which is higher, and which indicates a better and more spiritual future, with all that that implies
- Groups are moving from that which is rooted in the blind selfishness and materiality of the past, being called to side with the Soul over the personality

MOVING FORWARD

- While the time for Shamballa and the Hierarchy to unitedly end world crises is long past, humanity is now called to end these once and for all on the physical plane
- Progress built upon determination showing the progress of the human spirit is now left entirely to humanity to find its own way into freedom
- And so while the Hierarchy refrains from outer action, They inspire and transmit the needed energy, guiding those who are responsive to the illumination which Taurus confers

THE MEDIATING ROLE OF THE HIERARCHY

- Throwing all its weight on the side of that which is new, spiritual and desirable

**ONWARD
MOVING**

- Adapting itself simultaneously to the new conditions and new emerging factors

ADAPTABLE

- Standing like a wall of steel, unbreakable and immovable between humanity and the forces of evil
