THE GREAT INVOCATION

**From the Point of Light within the Mind of God
Let Light Stream forth into the minds of men. Let
Light descend on Earth.**

**From the Point of Love within the Heart of God
Let Love Stream forth into the hearts of men.
May Christ return to Earth.**

**From the Centre where the
Will of God is Known
Let Purpose Guide the little wills of men –
The Purpose which the Masters Know and Serve.**

**From the Centre which we call the race of men
Let the Plan of Love and Light work out
And may it seal the door where inequity dwells.**

**Let Light and Love and Power Restore the Plan on Earth. And
So It Is and It Is Done!**

It will of course be obvious to you that only those who have reached the stages of work described in Rules X and XI will truly comprehend my meaning. I would warn you again that the obvious significance of the remaining three rules is not in reality the true spiritual significance because we are in these rules dealing with the planned work of the Hierarchy during the next great cycle, that of the Aquarian Age, we shall therefore be considering those activities and plans which will usher in and mature that new culture and civilization which will slowly come into being when the world has straightened itself out after the processes of the world war (1914-1945). The rule runs as follows:

Rule 12

Let the group serve as Aquarius indicates; let Mercury speed the group upon the upward Way and let Taurus bring illumination and the attainment of the vision; let the mark of the Savior, as the group toils in Pisces, be seen above the aura of the group.

You will remember that the rule as given to applicants emphasized:

1. The use of the hands in service for healing, blessing and for invocation.
2. The mark of the Messenger in the feet; this referred to the use of the intuition, which is governed by Mercury.
3. The use of the "eye." This is not in reality the third eye (which is after all only a symbolic phrase), but the ability to use developed soul power. This is that intermediate potency found between the power of the mind and the dynamic electric energy of pure will.

For the initiate, this rule simply carries the same message but on an infinitely higher scale, and (if I may so express it) obedience to this rule calls in Aquarian energy, the reasoning power of Mercury, and the illumination of Taurus, in order to carry forward hierarchical work upon a planet and in a planetary cycle which have been conditioned by Pisces for more than two thousand years.

I would have you ponder on this, for in realization you will here have the formula for the work of the Hierarchy as it reconstructs the world after the destruction wrought since 1900 A.D. You have here also, a great triangle of energies, functioning through the medium of Mercury, the reasonable, reasoning Messenger of the Gods:

The Hierarchy is, therefore, at this time, conditioned by three great constellations:

1. **Aquarius**—The Custodian of that "life more abundantly" of which the Christ spoke and which He can draw upon at this time in a new and dynamic manner in order to bring about the restoration needed. This energy is the "implementing force of universality." It concerns the future.
2. **Taurus**—The Revealer of the vision, the "eye of the Gods," the donor of illumination. It is that which concerns the present.
3. **Pisces**—The Inspiration of the World Savior, and also the field of salvation. It is the field of force in which the two other forces must work. It has been produced by the past.

As these three constellations pour their energies into the great Ashram of Sanat Kumara, the Hierarchy, they are there concentrated and retained until released under "the swift design of Mercury" into the field of the human consciousness. The effect of this release is to awaken the intuition (governed as you know by Mercury), and to enlighten advanced humanity. It is through intuitive human beings that knowledge of the Plan is given to humanity and the work of restoration can be carried forward.
