THE GREAT INVOCATION

**From the Point of Light within the Mind of God
Let Light Stream forth into the minds of men.
Let Light descend on Earth.**

**From the Point of Love within the Heart of God
Let Love Stream forth into the hearts of men.
May Christ return to Earth.**

**From the Centre where the
Will of God is Known
Let Purpose Guide the little wills of men –
The Purpose which the Masters Know and Serve.**

**From the Centre which we call the race of men
Let the Plan of Love and Light work out And
may it seal the door where inequity dwells.**

**Let Light and Love and Power Restore the Plan on Earth. And
So It Is and It Is Done!**

2. Let the group demonstrate the higher meaning of the lessons learnt, and these are four and yet are one.

Aspirants learn, as they proceed upon the Path of Probation, to see the meaning of their physical plane activities in terms of the world of desire, of the astral plane. What they do originates upon that plane and gives their deeds meaning. This is the a.b.c. of elementary occultism and of true psychology. Later, they enter a higher world of meaning and find that "as a man thinketh in his heart, so is he."

Thus, the lesson of karma-manasic impulse is slowly mastered and (in the process of learning) desire, prompted by the mind and implemented by the personality, loses its hold upon the aspirant. Later again, and as the soul begins to dominate, he learns the meaning of love and slowly, and oft through the mastering of pain, he absorbs the significance or meaning of group activity, group relation, and group initiation. He stands, therefore, at this stage ready (as this Rule expresses it) to learn the higher meaning of four lessons, processes or stages which are in themselves, nevertheless, one lesson. The four lessons which he has learnt up to this point have prepared him for the four lessons which—as an initiate and as one whose consciousness is focused in the Spiritual Triad—he must now master. To summarize, they constitute the four phases of an activity which will bring him to a point of tension which will indicate the next possible initiatory stage. Four words could be used to express these processes: Radiation. Magnetization. Transmutation. Impartation.

Let me very briefly indicate some of the elementary significances of these words to the initiate-consciousness:

1. Radiation. The initiate is a radiating center of light and love. This radiation has two effects:

- a. It has made him an essential and vital factor for unity in the Master's Ashram.
- b. It has enabled him to gather around him his own group and thus begin to form his own ashram. The personnel of the world group which will reveal the hidden mystery will all of them be "radiant centers" to a greater or lesser degree. They will thus be invocative and evocative. This thought holds the clue to the Law of Synthesis, of unity and of fusion as given in Rule XIII for initiates.

2. Magnetization. The initiate who is radiating light and love is himself being magnetized by the highest of the present known divine aspects—Life. This expresses itself through will and purpose and is therefore dynamic in character. The initiate is charged constantly with life, and consequently can work with the impelling Law of Evolution which (as worded in the rule we are considering) will "carry the group together towards the Higher Three." See you not how the different phases of the teaching lead from one to another and provide a great ladder of approach to reality? I would call to your attention that in the Fourteen Rules for Applicants and in the Fourteen Rules for Disciples and Initiates you have the two great foundational courses of the coming Schools of the Mysteries, for which I have prepared the world in Letters on Occult Meditation.

3. Transmutation. This indicates here an achievement and not a process; the work of transmuting the lower nature into the higher and desire into love, of transforming personality purpose into group livingness and being, has led to that complete transfiguration which makes the entire process of transmutation no longer needed. But—and this is the point to be emphasized—because of this achievement, the art of transmutation is now the instrument which the initiate can use and transmute that which is not himself, and thus consciously and with clear purpose further the ends of evolution. Transmutation "disappears" out of his own life, but the forces which have been transmuted into spiritual energy begin now to have a dynamic transmutative effect in the world of forms wherein he now chooses to work and serve, according to his ray and ashramic intent.

4. Impartation. Reference to this is made in the Book of Revelation, found in The New Testament. There we are told that the initiate is given a white stone, and in the stone "a new name" is found written; this is the "hidden name egoic." I am at a loss at this point as to how to express the higher significance of this. This impartation marks a climaxing point in the attainment of the point of tension where the Sound can be heard and not the Word alone. Never forget that the O.M. is simply a symbolically sounded word which is intended to bring into the minds of those upon the Path those two great points of tension wherein:

- a. The "hidden name egoic" is conferred upon the disciple. This, as far as he is concerned, is the Word of his soul ray.
- b. The Sound heard of which the O.M. is a symbol. This is the first letter of the sevenfold Name of the planetary Logos. More upon this subject may not be given, nor am I in a position to give it.

SLOWLY MASTERED

- Desire, prompted by the mind and implemented by the personality, loses its hold upon the aspirant
- As the soul begins to dominate the meaning of love is learned
- Slowly, and oft through the mastering of pain, the significance or meaning of group activity, group relation, and group initiation is absorbed

PREPARATION

- This has all been preparation to learn the higher meaning of four lessons, processes or stages which are in themselves, nevertheless, one lesson
- The four lessons learned up to this point have been preparation for the four lessons which must now be mastered
- Later, the higher world of meaning is entered and it is found that, "as a man thinketh in his heart, so is he."

Rule 13 – Day 112

THE FOUR PROCESSES OF ACTIVITY

RADIATION

- The initiate is a radiating centre of love and light
- This radiation has made them an essential and vital factor for unity in the Master's Ashram
- **This radiation has enabled them to gather around their own group and thus begin to form their own ashram**
- The personnel of the world group which will reveal the hidden mystery will all of them be radiant centre to a greater or lesser degree
- They will thus be invocative and evocative

MAGNETIZATION

- The initiate who is radiating light and love are themselves being magnetized by the highest of the present known divine aspects – Life
- This expresses itself through will and purpose and is therefore dynamic in character
- The initiate is charged constantly with life, and consequently can work with the impelling Law of Evolution which will carry the group together towards the Higher Three

TRANSMUTATION

- This indicates here an achievement and not a process
- This is the work of transmuting the lower nature into the higher and desire into love, of transforming personality purpose into group livingness and being
- The forces which have been transmuted into spiritual energy begin now to have a dynamic transmutative effect in the world of forms wherein they choose to work and serve

IMPARTATION

- This impartation marks a climaxing point in the attainment of the point of tension where the Sound can be heard and not the Word alone
- The hidden name egoic is conferred upon the disciple. This, as far as they are concerned, is the word of their Soul ray
- The Sound heard of which the O.M. is a symbol. This is the first letter of the sevenfold Name of the Planetary Logos
