

# Rule 13

## Day 118

### Invocation

Through Beloved Cyclopea and Crystal, We celebrate the Power of CONCENTRATION that empowers us as We study the Rules this day, and that We are imbued with the Wisdom to follow through, to stay with this Study until it is wholly completed. We are grateful for the constant re-establishment of the mental picture and emotional vista underpinning this Decree. We call forth the Elemental Grace Alliance Council and the I Am Presences' of the Sun of Even Pressure Council to join with us now! Exultation floods our every cell at the Materialization of Beloved Djwhal Khul, Chohan Hilarion, the Goddess of Charity, Archangel Uriel and Archaii Aurora in the Radiation of the Qualities and Virtues of Transmutation through the Ice White Flame of the Vision, Conception, Science, Truth and Charity.

### DAILY PRAYER BEFORE I STUDY AND GO ABOUT

#### MY FATHER'S AND MOTHER'S BUSINESS

*O Divine Mother, Father, may we actualize through intention and extension our body vehicle, Singing Eternally before the Throne with the Words: Kodoish, Kodoish, Kodoish Adonai 'Tsebayoth. May the Hierarchy and the Bands of Heavenly Angels Sing with us on earth as it is in Heaven. May the Holiness of Our Brothers and Sisters in the Higher Worlds be with us in every heartbeat and every thought-form. We Pray that all of the Letters in the Language of Light be Eternally Expressed in this Holy Prayer and Song Ceaselessly for us.*

## **THE GREAT INVOCATION**

**From the Point of Light within the Mind of God  
Let Light Stream forth into the minds of men. Let  
Light descend on Earth.**

**From the Point of Love within the Heart of God  
Let Love Stream forth into the hearts of men.  
May Christ return to Earth.**

**From the Centre where the  
Will of God is Known  
Let Purpose Guide the little wills of men –  
The Purpose which the Masters Know and Serve.**

**From the Centre which we call the race of men  
Let the Plan of Love and Light work out  
And may it seal the door where inequity dwells.**

**Let Light and Love and Power Restore the Plan on Earth. And  
So It Is and It Is Done!**

**Begin Writing -**

These three great Lives Who have associated Themselves with the Lord of the World might be regarded as constituting aspects of His personality, though this is not technically so. The name Sanat Kumara is not His true name; it is only the first letter of that name which is known only to the Masters, whilst the second letter is known only to the Chohans. The first syllable of His name is known in the Council Chamber at Shamballa, but the rest of His name remains unknown as yet. The three Buddhas of Activity are to the planetary Logos (to give you another definition) what the Spiritual Triad is to the dedicated personality of the initiated disciple, for such is the spiritual status of the planetary Logos; the one of the three Buddhas now coming into activity is the one Who works through the spiritual will.

Within the body of the planetary Logos humanity is slowly building that which they call the Antahkarana; this is, in reality, the linking thread between the head center of Sanat Kumara and His heart center. Ponder on these words. There is a mystery involved here and it is little that I can do to make it clearer. As humanity builds or

creates the triangles of light and of goodwill, they are in reality invoking a response activity from two of the Buddhas of Activity—the One Who works through the medium of the will aspect, and the One Who works through love in humanity, intelligently applied.

Forget not that these three great Buddhas summarize in a peculiar sense the transmuted essence of the previous solar system in which intelligent activity was the goal. Today, that essence underlies all the activity of this solar system but is motivated by love, which was not the case in the earlier manifestation. The Buddhas Themselves form a deeply esoteric Triangle.

The two types of triangles now being created by a mere handful of people are related to that basic triangle. A third type of triangle will at some much later date be constructed but only when these two earlier types are well established in the consciousness of humanity. Then the activity of all the three Buddhas will be involved and present, and a major planetary integration will take place. This is symbolized in man when the three centers in the head (the ajna center, the brahmarandra center, and the Alta major center) are all functioning and unshakably related, thereby constituting a triangle of light within the head.

From the triangles now being created and those later to be assembled, the Buddhas of Activity will extract that essential quality (at present very rarely to be found) which will go to the building of this aspect of the planetary Antahkarana.

The triangles of light and of goodwill are essentially invocative. They constitute the a.b.c. of the coming Science of Invocation. Their strength is dependent upon the depth of feeling in the one case, and the strength of the will in the other, with which they are created. I have here given those disciples who are launching this new project which is so close to my heart a new and useful hint. This work must go on. It is because the entire concept is so new and different to anything hitherto projected that it seems so impossible of achievement; the triangles project has its incentive in such highly esoteric sources that some disciples regard the work as exceedingly difficult and thus complicate, by their thinking, its essential simplicity; others regard it as the simplest thing in the world, and by an emphasis upon the exoteric and the organizational angle, they again hinder the true type of triangle being created. Disciples need to be aware of the true proposed plan and find ways to make clear the middle position between the difficulties brought forward and the simplicities which distort.
