## THE GREAT INVOCATION

**From the Point of Light within the Mind of God  
Let Light Stream forth into the minds of men. Let  
Light descend on Earth.**

**From the Point of Love within the Heart of God  
Let Love Stream forth into the hearts of men.  
May Christ return to Earth.**

**From the Centre where the  
Will of God is Known  
Let Purpose Guide the little wills of men –  
The Purpose which the Masters Know and Serve.**

**From the Centre which we call the race of men  
Let the Plan of Love and Light work out  
And may it seal the door where inequity dwells.**

**Let Light and Love and Power Restore the Plan on Earth.  
And So It Is and It Is Done!**

Begin Writing -

Then the great seventh initiation, which is a dual one (love-wisdom in full manifestation motivated by power and will), will be consummated, and the Buddha and the Christ will together pass before the Lord of the World, together see the glory of the Lord, and together pass to higher service of a nature and caliber unknown to us. In this connection, it is wise to remember that three great energies are focused in Shamballa, the seat of fire:

1. *The Energy of Purification:* This is the power, innate in the manifested universe, which gradually and steadily adapts the substance aspect to the spiritual by a process which we call purification, where humanity is concerned. It involves the elimination of all that hinders the nature of divinity from full expression, and this again from inherent or latent capacity. This necessitates the leaving behind, stage

after stage, cycle after cycle, life after life, and plane after plane, of every tendency in the form nature which veils or hides the glory of God. It is essentially the energy which substitutes good for evil. Human thinking has debased this concept so that purification is related mainly to physical phenomena and physical plane life and to a selfish idealism which is largely based on the thought of the sanitary care of substance. An enforced celibacy and a rigid vegetarianism are familiar instances of this, and these physical disciplines have been put in the place of emotional loveliness, mental clarity, intuitional illumination, and the thoughts of the aspirant become focused downwards into matter and not outwards and upwards into light.

2. *The Energy of Destruction:* This is a destruction which removes the forms which are imprisoning the inner spiritual life and hiding the inner soul light. This energy is therefore one of the major aspects of the purificatory nature of the divine Life, and that is the reason why I have put purification ahead of destruction. It is the destroying aspect of life itself, just as there is a destructive agency in matter itself. Two things must be borne in mind in connection with the destroyer aspect of Deity and with those responsible for its appearance:

- a. The destructive activity is set in motion through the will of Those Who constitute the Council at Shamballa and Who are instrumental in bringing the forms in all the subhuman kingdoms into line with the evolving purpose. Under cyclic law, this destructive energy comes into play and destroys the forms of life which prevent divine expression.
- b. It is also brought into activity through the determinations of humanity itself which—under the Law of Karma—makes man the master of his own destiny, leading him to initiate those causes which are responsible for the cyclic events and consequences in human affairs.

There is naturally a close connection between the first Ray of Will or Power, the energies concentrated at Shamballa and the Law of Karma, particularly in its planetary potency and in relation to advanced humanity. It will be apparent, therefore, that the more rapidly the individual aspirant approaches the third initiation, the more rapidly and directly will the individual's karma be worked out. Monadic relation, as it becomes established, lets loose the destructive aspect of the basic energy, and all hindrances are destroyed with expedition. This is true also of humanity as a whole. Two factors have, subjectively and spiritually, precipitated this world crisis: The growth and development of the human

family and (as you have been told) the inflow of the Shamballa force at this particular time, both as a result of Karmic law and the planned decision of the Great Council.

### THE THREE GREAT ENERGIES OF SHAMBALLA

#### PURIFICATION

- The adaptation of Substance to Spiritual Purpose
- The elimination of all that hinders the Expression of the Divine
- The Energy that substitutes fear with Love

#### DESTRUCTION

- Destroys the forms which are imprisoning the Inner Spiritual Life
- The Activity set into motion through Those who constitute the Will of Shamballa
- Through Cyclic Law this Energy repurposes that which prevents Divine Expression

#### ORGANIZATION

- The Energy set into motion through the Seven Ray Qualities
- Creates, Cyclically or under Law, the manifested world as a field for Soul Development
- An avenue through which Divine Purpose is wrought through the Medium of the Plan
