THE GREAT INVOCATION

**From the Point of Light within the Mind of God
Let Light Stream forth into the minds of men.
Let Light descend on Earth.**

**From the Point of Love within the Heart of God
Let Love Stream forth into the hearts of men.
May Christ return to Earth.**

**From the Centre where the
Will of God is Known
Let Purpose Guide the little wills of men –
The Purpose which the Masters Know and Serve.**

**From the Centre which we call the race of men
Let the Plan of Love and Light work out And
may it seal the door where inequity dwells.**

**Let Light and Love and Power Restore the Plan on Earth. And
So It Is and It Is Done!**

Begin Writing -

These qualities and gifts concern divine attributes and capacities for which we have as yet no words as they lie beyond the scope of human consciousness, being utterly unknown even to advanced human beings. They only begin to manifest as tendencies between the second and the third initiations, in the same way as the instincts in a small child are, in reality, the germs of later intellectual attitudes and activities. It is needless, therefore, for me to enlarge upon them; unless you are an initiate of the third degree, my words would be meaningless to you and would convey naught. The clue lies for you in understanding the three words—Happiness, Joy, Bliss. Do you, as you speak of bliss, understand wherein it differs from happiness and joy? Bliss is associated with complete Being; it concerns the interior attitude of the Whole.

As the individual disciple builds the rainbow bridge, the Antahkarana, and as a group of disciples build the group Antahkarana, they make possible the "Triadal perception" referred to above. When the disciple has flung one strand of living light (through the power of magnetic love) across the space separating the Triad and the personality, he

discovers that he is a part of a group. This group recognition—faulty and unintelligently expressed at first—is the factor which enables him to pass, along the anchored thread, into the Ashram of a Master.

From the angle of the old teaching, the Ashram of the Master and the focus of the Hierarchy were on the higher levels of the mental plane. Today, that is not so. They are on the plane of spiritual love, of the intuition and of buddhi. The Hierarchy is both retreating towards the higher centre of Shamballa, and at the same time advancing towards the lower centre, Humanity. Both these activities have been made possible by man himself; the growing intuitive perception of humanity, in its higher brackets, enables him to function upon the Path of Discipleship and on higher levels than ever before. This the Hierarchy recognizes. The growing aspiration of the masses is also drawing the Masters closer to humanity than ever before. This is an instance of the ability of the initiate consciousness to function on initiate levels and also in the three worlds simultaneously. Of this the dual activity of the mind is a symbol, acting as it does as the common sense and so dealing with all matters in the three worlds, and as the spiritual mind at the same time, dealing with all matters connected with the soul, with light and illumination.

The second demand, that the sense of synthesis should be the goal of the training given to applicants in the New Age, is a direct evidence of the new Shamballa contact, because synthesis is an attribute of the divine will and the outstanding quality of Deity. It was inevitable that intelligence and love should be evolutionary objectives on the planet and the first two divine aspects to be developed, for they are qualities of the will; they make the manifestation of the divine will possible; they guarantee its intelligent application and its magnetic power to draw to itself all that is needed for the expression or the manifestation of the divine envisaged purpose, visualized synthetically, and motivated, implemented, engineered and made possible by the dynamic aspect of the same will.

It is interesting to note that there is every evidence in the world today that the Shamballa energy is directly impinging upon the human consciousness and directly producing results. The destroyer aspect of the first Ray of Will or Power is producing worldwide destruction through the use of the first kingdom in nature, the mineral kingdom. That which is made of metals and chemicals is bringing catastrophe and destruction on earth, primarily in the human kingdom. At the same time the second attribute of the will, synthesis, is evoking an equally widespread response. This sense of synthesis has a mass effect earlier than it has an individual effect, and this is a thing of interest and importance to note at this time. Later, the dynamism inherent in the will, wielded by the New Group of World Servers and by the disciples and initiates of the world, will turn that instinctive mass response into factual experience and produce the "appearance" on earth of the new, developed "quality" which "life" seeks in the New Age to demonstrate. In the first volume of this Treatise, I called attention to the three divine aspects: Life, Quality and

Appearance. They are now in process of making their appearance in final form for this particular cycle.

BUILDING THE ANTAHKARANA

AS THE INDIVIDUAL DISCIPLE BUILDS THE ANTAHKARANA

- They fling one strand of living light, through the power of magnetic love, across the space separating the Spiritual Triad and the personality
- They discover that they are part of a Group

AS A GROUP OF DISCIPLES BUILD THE GROUP ANTAHKARANA

- This Group recognition — faulty and unintelligently expressed at first — is the factor which enables them to pass, along the anchored thread, into the Ashram of a Master

THE DUAL ACTIVITY OF THE MIND

THE OLD TEACHING

- From the angle of the old teaching, the Ashram of the Master and the focus of the Hierarchy were on the higher levels of the mental plane

TODAY

- That is not so. The Hierarchy are on the plane of spiritual love, of the intuition and of Buddhi

RETREATING AND ADVANCING

- The Hierarchy is both retreating towards the higher centre of Shamballa, and at the same time advancing towards the lower centre, Humanity

MADE POSSIBLE BY HUMANITY

- Both these activities have been made possible by the growing intuitive perception of humanity now able to function upon higher levels than ever before

THE POWER OF ASPIRATION

- The growing aspiration of the masses is also drawing the Masters closer to humanity than ever before

SIMULTANEOUS PRESENCE

- This is an instance of the ability of the initiate consciousness to function on initiate levels and also in the three worlds simultaneously

DUAL ACTIVITY

- Of this the dual activity of the mind is a symbol, acting as it does as the common sense and so dealing with all matters in the three worlds, and as the spiritual mind at the same time, dealing with all matters connected with the soul, with light and illumination
