You will see; therefore, the significance of the teaching now being given out anent the building of the Antahkarana. It is only through this bridge, this thread, that the disciple can mount on to that stage of the ladder of evolution which will lead him out of the three worlds, which will bring the personality into rapport with the Spiritual Triad, and which will finally lead the Members of the Hierarchy (when Their term of service is completed) on to the Path of the Higher Evolution. The Antahkarana is built by aspirants and disciples and initiates of the seven ray types and is therefore a sevenfold woven thread; it constitutes the first stage of the Path of the Higher Evolution. It is to that Path what experience in the mineral kingdom of the Life of God is to that same Life when it reaches the fourth or human kingdom. You can see, therefore, how significant is the coming Science of Comparison; not yet has this science of comparative analysis been turned into a definitely recognized line of approach to truth. The Law of Analogy is the key which unlocks the understanding.

Something of the quality and the revelatory power of the intuition is known by all disciples; it constitutes at times (from its very rarity) a major "spiritual excitement." It produces

effects and stimulation; it indicates future receptivity to dimly sensed truths and is allied—if you could but realize it—with the entire phenomena of prevision. A registration of some aspect of intuitional understanding is an event of major importance in the life of the disciple who is beginning to tread the Path to the Hierarchy. It provides testimony, which he can recognize, of the existence of knowledges, wisdom and significances of which the intelligentsia of humanity are not yet aware; it guarantees to him the unfolding possibility of his own higher nature, a realization of his divine connections and the possibility of his ultimate highest spiritual attainment; it steadily supersedes soul knowledge, and the energy pouring in to his consciousness from the Spiritual Triad—particularly the energy of the sixth and seventh spheres of activity—is the specific and particular energy which finally brings about the destruction of the causal body, the annihilation of the Temple of Solomon, and the liberation of the Life.

Then that which in time and space has been termed the soul can "onward move in life." Evolution as we *now* understand it ceases; yet evolutionary unfoldment proceeds along new lines which are based upon the past, but which produce very different results to those sensed even by the advanced disciple in his highest moments. A new life-expression appears which moves onward freed from all form yet subject still to limitations "within the circle of influence of the greater Life," but not limited by life within the many forms which progress, surrounded by that circle, that divine ring-pass-not. There is still the broad confining sweep of the purpose and the life-intent of the planetary Logos, but within that periphery and sphere of activity the Triads move with perfect freedom. Their onward push towards the higher states of Being is carried out in conformity with the life urge of the One in Whom they live and move and have their being. You will note, therefore, that these words in reality cover or deal with *life processes* and not with form building or the experience in forms, as usually understood.

A consideration of these at present inaccessible truths may serve to inspire your minds, evoke your intuition and give you vision and increased spiritual perception.
