## Day 64

### Invocation

We Call Upon Beloved Arcturus and Diana to nourish the Essence and Qualities of this 14 Rules Study Program today, in RHYTHM. We know that We are Encouraged, Inspired, Supported, and Moved to maintain the Truth of this Study with Djwhal Kuhl's Presence, and that it proceeds with the regularity with which We breathe each breath, as We inhale the precious Pranic Breath of Akasha Life, and with which We exhale all impurities to be swept up by the Violet Transmuting Flame blazing in, through and all around us. We call forth the Elemental Grace Alliance Council and the I Am Presences' of the Sun of Even Pressure Council to join with us now! We call forth Beloved Chohan St Germain and the Goddess of Justice, Lady Portia, Archangel Zadkiel and Amethyst to imbue us with Radiation of the Qualities and Virtues of Transmutation through the Violet Flame, Invocation, Diplomacy, Music Arts and Justice. With unbound enthusiasm that qualifies the Manifestation of this Invocation without falter, We express this demand in the Violet Transmuting Flame, knowing that It comes Blazing on Our Behalf, and that Master Rakocsy Magnifies, Amplifies, Strengthens and Intensifies this Decree 1,000-Fold.

## THE GREAT INVOCATION

**From the Point of Light within the Mind of God  
Let Light Stream forth into the minds of men.  
Let Light descend on Earth.**

**From the Point of Love within the Heart of God  
Let Love Stream forth into the hearts of men.  
May Christ return to Earth.**

**From the Centre where the  
Will of God is Known  
Let Purpose Guide the little wills of men –  
The Purpose which the Masters Know and Serve.**

**From the Centre which we call the race of men  
Let the Plan of Love and Light work out And  
may it seal the door where inequity dwells.**

**Let Light and Love and Power Restore the Plan on Earth. And  
So It Is and It Is Done!**

Begin Writing -

The Law of the Supplementary Seven is the great synthetic Law of Life or of Spirit and is the law with which the initiate works; it is this law he wields. From acceptance of the laws of nature and obedience to the laws of the soul, he passes into the positive phase of understanding and wielding the Law of Life. Because this is a governing law for all initiates, and because we know that the nature of life-energy or of spirit cannot be grasped until after the third initiation, it is exceedingly difficult for me to write in explanation of this law. You have not yet the initiate consciousness. I have therefore had to express this law in terms of form, whereas the initiate understands it from its formless angle.

This law is concerned with the wielding of energy in the world of the Spiritual Triad and not with the distribution or the transmission of this energy to the three worlds in which average humanity habitually dwells. Right wielding of this law (controlling energy in the initiatory world of causes) automatically brings about activity, movement, force expression, and right distribution of these forces in the lower three worlds. These are,

under the evolutionary law, direct reflections of the three higher worlds of the Triadal light and life. Motivation, the use of the eye of vision (turned this time by the initiate functioning in the world of causes upon the worlds of human living), and the correct direction of force in cooperation with the hierarchical Plan condition all the activities of the initiate working with this law. Clearer than this I cannot be.

This Law of the Supplementary Seven is concerned with the inflow of energy from the seven planetary centers to the seven groups or types of men, via the seven groups within the Hierarchy. In this work of transmission, the seven centers of the initiate are used as agencies; their work, therefore, is not the interrelated work of right transmission of energy within the septenary constitution of the etheric body of the individual initiate, implementing his life expression, but is the task of being responsive to the seven types of planetary energy which are received in a pure state. It is then channeled through the seven centers in the initiate's etheric vehicle and out into the world of men as regenerative and constructive forces. These living spiritual energies—transmitted by the individual initiate from the planetary centers—are handled by him under a great uniform plan and are the means whereby salvation (to use an old familiar word) can come to the aid of humanity. This is the "saving force" in its various aspects, of which the Great Invocation speaks: "The hour of service of the Saving Force has now arrived". (The Externalization of the Hierarchy, page 249.) The high Initiates (Those above the rank of Master) work with the energies coming from the seven planets of the solar system at this time active; these feed or implement the seven planetary centers. But the Law of the Supplementary Seven is applied by initiates below the rank of Master, and they are therefore working solely with the seven centers within the Form of the One in Whom we live and move and have our being.

One of their first tasks is to bring about a free flow and right energy relations between the three major centers in our planet which correspond to the head, heart and throat centers in man. They are occupied with the circulation of energy between Shamballa, the Hierarchy and Humanity. This circulation, which for the first time in planetary history includes the highest center, Shamballa, is not yet completely established. Shamballa has been in touch with the center called Humanity by impact several times in the history of the race. But there has been no reciprocal action and no free flow. Humanity has taken the impact of energy and this impact has wrought changes in the activity of the center, but there has been no "responsive return," as it is esoterically called, and hence no circulation. The Shamballa force has hitherto been transmitted via the Hierarchy. For the first time, and in this century, there has been direct impact. The diagram on page 90 may make this clearer.

## A LIMITED EXPLANATION OF THE LAW OF THE SUPPLEMENTARY SEVEN

### WHAT IS IT?

- The great synthetic Law of Life or of Spirit, with which the Initiate works
- It is exceedingly difficult to understand this Law unless one has Initiate consciousness
- It is applied by Initiates below the rank of Master, and they are therefore working solely with the seven centers within the Form of the One in Whom we live and move and have our being

### WHAT IS IT CONCERNED WITH?

- The wielding of energy in the world of the Spiritual Triad and not with the distribution or the transmission of this energy to the three worlds in which average humanity habitually dwells
- The inflow of energy from the seven planetary centers to the seven groups or types of men, via the seven groups within the Hierarchy

### HOW IS IT USED?

- By the Initiate working in cooperation with the hierarchical Plan and through the use of the eye of vision
- By the Initiate using their seven energy centres as agencies and being responsive to the seven types of planetary energy which are received in a pure state
- The Initiate channels this energy through their etheric vehicle and out into the world of men as regenerative and constructive forces

## ONE OF THE INITIATE GROUP'S FIRST TASKS

### FREE FLOW OF RIGHT ENERGY RELATIONS

- One of their first tasks is to bring about the free flow and right energy relations between the three major centres in our planet which correspond to the head, heart and throat centres in man

### CIRCULATION OF ENERGY

- They are occupied with the circulation of energy between Shamballa, the Hierarchy and Humanity
