

Part 1A - Rule 1 - Rule Study Program - EGA

THE RELEASE OF PRIMAL CELL OF PLANETARY AND HUMAN KARMIC MEMORY

It has been our experience, to do this activation and release, one would do well to read/visit the information in the EGA Book that explains exactly what it is all about. Refreshing the ego personality, and outer mind requires constant reminding, so this would be the first thing you are invited to do. Pages 222 to 228 of the EGA Book.

First, preparation is a key factor. Call upon your 'I AM' Presence to guide you, be mindful of books, blogs, channels, and information that you may be led to unconsciously. Give your 'I Am' a few days to communicate with you. No activations are going to be done on your own, this is a Team effort between you and your Guides and Helpers. And Indeed, any support from any Dear Human Souls will also be of Great Value to you if this is your choice. We at the Sun of Even Pressure Council shall be supporting you also!

Second, remember what Lady Nada shares in Her Discourse about the result of any activation and its levels of completion and effectiveness. One is only ever going to release, activate or heal in accordance to their own Vibrational Frequency and Light Quotient. So know that any activation can only be as effective as these things. Lady Nada page 576 in the EGA Book.

Here on Earth, all healing requires grounding within the Earth Dimension, and this means by human beings themselves! This is the Plan, the Goal, The Purpose of Our Existence Here. So, to have a Group of Dedicated Souls, of High Levels of Vibrational Frequencies and Light Quotients, Committed to this Love, Light and Life in Action in the flesh, so to speak, Who shall dedicate Their Love, Wisdom and Power to Over Light those wishing to undertake such Initiations, Alignments and Re-calibrations can only amplify and intensify the overall average of what Beloved Lady Nada is implying in Her Discourse. I will put it another way so as to not misunderstand the point I am making here.

Imagine a stream beside a river. This stream is as large or small as one may deem it to be. But the river is much larger. The stream and the river both flow toward the ocean...When the stream meets the river, it becomes part of that river and no longer remains the stream. And so its force, its potency, its power, its determination, its direction becomes unified with its ONLY intention. .To reach the ocean! .There it becomes one with all oceans, do you see?. Give this some thought, there is much there to contemplate that is in alignment to one's Spiritual 'Life Stream' Path today. –

Lord Jesus, in His Discourse, page 470 says this;

“God’s Plan and His Design for Earth and Humanity is not for Higher Beings to do the work for humanity, but for human beings to raise their consciousness and Heart Resonances High enough that they themselves can utilize the same Powers as We do. Beloved Zadkiel was correct when He said that We ARE limited to the use of Our Potentials until man himself or herself becomes a Conscious Part of the Unification in Administering to such Desires and Goals.

Then it was Lady Portia who told us this:

“Those Dear Souls who have garnered the Radiation of Energies for the first Line of Initiation are then given the opportunity to sustain the second. So many upon the Planet Earth ignore the Laws of God and their own opportunity to make any advancement, whatsoever, along Spiritual Lines that it is a requirement of the Great Law that the few in every age carry the weight of Planetary Karma in order that the many might find the opportunity for overcoming both in the present and in the future because the Planetary Platform has been Preserved. Jesus The Christ was the Liberator of the world because in the moment of Victory, He held the Balance of all mankind. This means that the Radiation of Light that He garnered within His Own Aura was sufficient to hold the Balance for the entire weight of the sins of the world. Because He held that Balance, you and all of mankind have the opportunity for evolution here and now.

“It is now your turn Dear Souls, you who are the Way Showers and Who have Contracted to take on this responsibility. Now you can join the Forcefields of Your Light Momentums through the New Formations of the Radiation Centres for that of the Salvation of the world. By having such Groups of dedicated Souls, the weight of the world can be diluted, so to speak, and by the Declarations you make as ‘In Christ I Am God also’, the Salvation of the world may come to fruition in a much shorter time frame. Therefore, draw unto yourselves the Energies of Salvation that are for the preservation of a planet and its people.

“Beloved Children of God, Call forth then, your Holy Christ Selves, beating within your Hearts and that of all of mankind. You are being called by your Benevolent Father and Divine Mother today to become the New Radiators or Transmitters of Light under the auspices of the New Radiation Temples. Expand the Virtues of those Centres for which you shall be given the Individualization of such by the Father of Light! Expand the Nature of Father Mother God, given you before you took physical form! Expand and manifest now that Part and Pattern of the Great Divine Plan for which you were allowed to come into embodiment to do by the Great Karmic Board! Oh, thou Beloved Holy Christ Self within the Hearts of all mankind, hear My Voice, My Words through your feelings, your minds, and the Etheric Substance, and the flesh of you, the Blessed Ones gathering together again, just as the Essenes did around Jesus before His Ascension. I Call Upon You Now in the Name of the Great Central Sun! Draw upon the Glory of your Own Causal Bodies, Magnetize the Radiation of the Sacred White Fire Electronic Light that you have built in, through and around you, over the centuries that have passed.

Release now your Flood Gates of Divinity for which the Individualized 'I Am' Presence has sustained you through these aeons of time"!

This is what we have created as part of the Elemental Grace Alliance Divine Plan. We now have a River called The Sun Of Even Pressure Council, and many streams are now flowing toward the Ocean. Some streams are lucky enough to flow directly into the ocean, but the majority need the rivers to get there! This Work is to help those wishing to unify with their own I Am Presence. It is not about uniting with the Sun Of Even Pressure. Unless one wishes to of course. This Group is just an Impetus to help one along their own Path of Love, Light and Life!
