Part 9 - 4th Activation

ELEMENTAL GRACE ALLIANCE - GROUP MERKABAH ACTIVATION

'This Activation and Attunement Has Finally Arrived'!

When I first contemplated this Group Merkabah Activation, I thought that it could be open to anyone who simply wished to Align themselves to the Elemental Grace Alliance. But now, having formed the New Sun of Even Pressure Group and working through in sequence all the activations presented, I have seen just how important this Activation is and, indeed, cannot be offered to anyone who has not completed such Activations.

THE VISUAL EXPLANATION

This Visual is the representation of the Group Merkabah for the Sun of Even Pressure Group's Focus upon. The Image is made up of the following Symbols and Foundational Structures.

- You have the Flower of Life Human Blueprint in the centre at the top, and with this Flower of Life is the New Sun Of Even Pressure Council Sigil.
- The Centre of the Flower of Life also represents the Element of Fire.

- Then we have the Dove of Universal Peace that shall also represent the New JerUSAlem over the Land mass of America. The Return of the Dove! This is explained in detail in the Keys of Enoch. Key 1 - 0 - 4
- We have the Capstone that is also being Aligned to the Capstone of Jericho upon the Great Pyramid of Giza and to each of our own Personal Merkabahs.
- We have the EGA Merkabah.
- Behind this Merkabah, we have the Angel with wings represented as Archangel Michael and His Legions of Angels!
- The purple is in Honour of Beloved St. Germain and His Role as Chohan of the 7th Golden Age.
- The Colour purpose, as it fades out around the edges, represents the element of Ether.
- We have the 4 strings of Eagle Feathers representing the number 4 as Mother Earth, The Eagle representing Far Sight and Higher Vision/Wisdom, and the also the Feathers double up representing the Freedom of all Indigenous Peoples of the World. The Feathers also represent the Element of Air.
- The Seeds on the Strings represent New Spiritual Growth and the Element of Earth.
- The Diamond is the Diamond Heart of Sacred Knowledge.
- Within the top of the Diamond Heart is a Heart representing the New Adam/Lilith Kadmon Human Heart of Divine Love, the 888 within that is the Embodiment of the Christ Consciousness.
- The Sigil in the lower part of the Diamond Heart is the Elemental Grace Alliance Sigil.
- The Water Element represents the New Human Emotions integrating the 4 lower chakras into one Chakra Point. This is Dragon Energy and what they have come to Teach us!
- The 12 suns around the image represent the future Christ Councils. Beginning with 12 World Councils made up of 12 other Christ Councils totalling 144 Christ Councils, all with 12 Members each. (20,736 people, this is a Primary Objective to achieve over the next 10 years maximum.)

End Note:

The Sun of Even Pressure Council, as presently established, is not expected to Create any such Christ Councils, however, it is foreseen that some of its Members will indeed begin the Christ Council Assemblies in the very near future as part of the Formation of the New Radiation Centres and temples of Light being Made Manifest around the World.

THE EGA COSMIC GROUP MERKABAH ACTIVATION

Its Purpose is to Align Each Individualized Expression of God, Each Person as a Human Soul, Who Wishes to Align themselves with the Elemental Grace Alliance Divine Plan and The Narayana Joy Sanctuaries, Radiation Centres and Temples of Light, To Be Made Manifest around The Globe.

This Is All Part of The Progressive Process Of Unifying The Christ Consciousness Within, As One Body, One Mind, One Consciousness! This is a Platform from which we can Evolve into The Christ Councils and Temples of Light. We simply cannot continue to remain separate in Our Endeavours To Reach Our Group Ascension any more! Intent and Desires Alone are Not Enough!

The Call for Like-Minded Souls to begin Gathering as One Soul Group within a Whole Human Race is no easy task, and this by no means will be faced with many human challenges. In saying this, however, I Know that the Elemental Grace Alliance has been God Designed and Implemented in Accordance with Universal Law. I Know we have the Support of Every Hierarchy, Chohan, God and Goddess, every Elohim and Eloah, Director, Master, Angel and Archangel. I Know that We have the Approvals of the Entire Karmic Board of Directors to make this happen! I Know That Beloved Godmother Vesta has invested Her Energies in Me and is awaiting many, many more Souls to come before Her to do the same!

In saying all this, one would think that it should be made Manifest instantaneously. And it could indeed!

But what we are lacking in the Plan thus far, even as of today, are the Divine Individualized Expressions of God as Human Souls upon the ground who are not yet fully aligned with their own 'I AM' Presences! Those who do not yet know who their Master Sponsors are and have not yet taken their Soul Purpose to Beloved Vesta to receive Her Investment! How many even know that this is all Universal Law and must be achieved before full embodiment of the Christ Consciousness can take place?

Those who are now feeling the Guidance from their 'I AM' Presence toward the Elemental Grace Alliance must be asking themselves why this is so? And the Answer must come from within each Dear Soul! I Know that without human Souls starting to move into positions of Self-Empowerment and the Declarations of Their Personalized Sovereignty with Their 'I AM' Presence, we are still in lack of the potencies needed very, very soon to fulfil the Mighty Victory of the Proposals contained within this Plan!

This Activation of the Cosmic Group Merkabah is yet another opportunity in Accordance to Universal Law to enhance and focus the Energies of Divine Consciousness into our human lives! But in saying this, Beloved St. Germain has a very clear admonishment to anybody choosing to step forward now to Honour and Respect all Universal Principles of Creating and belonging to a Christ Council here upon Earth, unless they are indeed fully aware of all consequences according to Divine Truth!

St. Germain bears His Soul to us about such New Groups. He says within His Discourse on page 660 of the EGA Book;-

“Oh, I plead with you, Beloved Children of the Light who have been in this Light for sufficient years and Who have awakened as Way Showers: never allow your human self or anyone else to cause you to question for one second your ability to build your Temples or to make your Ascension, even in this embodiment. I tell you again that age, as you know it, has nothing whatever to do with it. The Expansion of the Light within you has everything to do with it, and the human self knows nothing about that.

“The Pledges you take will be to your own ‘I AM’ Presence and no one else. Do not, please, I press upon you, go into those groups out of curiosity, wonder, speculation or even awe, unless you are absolutely willing to fulfil that requirement to which you have and must Declare your Intention by placing your Name in Covenant of the Calling. You may not understand yet what it means, or the Action of the Law, when unfaithful to your Own Light. So, I tell you this in advance, Dear Ones. Your Heart has always been willing, and now your intellect may say, ‘Yes, I am willing to abide by this.’ But please, please remember, you will be acting under the Law of Your Great ‘I AM’ Presence, the ‘All Seeing Eye of God’, Your Mighty ‘I AM’ Presence, from which no single motive or act is hidden. Sometimes the Messengers have pleaded with the Beloved Disciples and Initiates for so long, yet they will still go on doing the things that they know in their Hearts are a tragic mistake, regardless of what they believe is right in their Hearts.

“They think that no one knows it. We cannot help knowing what is within your motive, what is within your World. For it is imprinted on the atmosphere about you because every thought, feeling, and motive is a record which We have to read. Not that We seek to do it, but if We are going to help you, We must read it. Will you not feel now in this moment, and hold it forever, that the ‘All Seeing Eye of God’, which your Higher Mental Body uses, knows every single thing that occurs in your Life, every feeling and motive that is there? Do not try to deceive your ‘Presence’!

“I am speaking with all the Love of My Heart, for I want to help you. I want you to see, if you will, the mistake of just humanly entering into a thing without a Pure, Honest motive behind it. Remember, in your Heart Centre, as well as in the Heart Centre of the other Beings who may Serve the ‘Attractor Field’ or Teachers of God, must come Purity, Loyalty, and Faithfulness if you are to go forward in the Light! Deception is an unpardonable karmic generator,

anywhere in the World, and so much more in magnification with anyone who has the Knowledge and indeed is already working with their Mighty 'I AM' Presence".

So, this Activation is one that shall indeed bring each Dear Soul closer to The Christ Consciousness Within! And in doing so will assist in many, many ways to Amplify and Magnify the Divine Focus within every person wishing to Serve Humanity through this God Plan. It will offer Guidance and Direction to find their Sponsors and or take Their Soul Mission to Beloved Godmother Vesta for Her Investment! This is not the activation yet, but the prelude to it, offering information for those wishing to make a well-informed decision with Their 'I AM' Presence!

The Beloved Maha Chohan said this during His Discourse in the 'Elemental Grace Alliance The God Awakening Book 1' about the New Radiation Centres and Temples of Light soon to be made Manifest upon the Planet:-

*"So, from this time forward, We shall refer to These Blessed Souls as '**Disciples**' of the 'New Cosmic Light' or the 'New 7th Golden Age'!*

"You see Dear Souls, to become 'Immortal', a Christed One if you like, one has to take a completely different view upon life in relationship to the concept of being human. Within the Immortal Flame of Life is the call, which must be answered by every Deva, Angel and God, but mankind uses it not, and the Priceless Stream of Electronic Light flowing into it is spilled into imperfect living. There are many levels and stages to being human, and sooner or later, one must come to the next 'ring passeth not', make new choices and pass through, leaving everything of the old consciousness dissolve away and return to the Solar Sun for Re-Polarization. For those who have studied religious doctrine, you may have heard this saying, 'Be Ye Perfect, even as your Father in Heaven is Perfect'. For if you do not, Life 'will' return you to your next incarnation and then the next, and this rendition of one's individual consciousness, again, again, and again will align to one's conscious beliefs of each previous lifetime, taking it to the next embodiment, only to continue where you left off. That is until you fulfil the Supreme Edict of Life, that of Ascension as A Christed Soul. When the Decree of the Laws of Life are obeyed, We shall find that the Manifestations of the Constructive, Positive, Beneficial, Loving Way of Life will all become Immortal.

"Beginning in 2016, the Cosmic Motion and the Movement of Earth's Radiation and Light will expand toward new potentials within mankind. Many are already feeling the Energies intensifying, and unless these Radiations/Forcefields are used in a constructive and benevolent way, the individual who applies them will only qualify them with his/her own feelings of anxiety, confusion, irritation, bitterness, resentment, anger and feelings of abandonment, projecting them against those around them in all situations and circumstances. This shall only continue to create human frustration and chaos within their own mind and body, which constantly embeds them and others within the limitations of fear-based manifestations.

“During the present Expansion of the Light in, through and around the Earth, it is absolutely imperative now for those individuals ready, to keep a more concentrated and focused control over their own thoughts, emotions/feelings and spoken words; compelling them to be constructive, positive, beneficial and functional while giving recognition to ‘nothing’ that is not for the Greatest Good of All Concerned. If they are to avoid continual distress and countless loss to themselves and their world, they must elect to follow this, Path! At no time in the history of the planet has this been so important as it is at this present moment”. End of Excerpt.

So, here we are to expand this line of expression and creativity through thoughts, words, feelings and Love in Action into the physical domain of Human Manifestation. For the Elemental Grace Alliance Divine Plan, this means to Unify EVERYTHING that pertains to this God Plan and to Hold this Unification within the Forcefield of Human Consciousness, to Focus, and Commit, Magnify and Expand these New Potentials to Create and Execute All within the Proposals of the Elemental Grace Alliance Project. However, to do this, we must Obey Universal Laws and in Their Divine Order of Implementation so as to make it Made Manifest! Therefore, as Part of this Plan now, we can Activate and then Align each person to Our Collective Group, Cosmic Merkabah. This can now be achieved by individuals who have or are in the process of reading the Elemental Grace Alliance Book and completed all the relative Activations as set out herewith:

In A Course In Miracles, it says:-

"It is the mind that interprets the eyes' messages and gives them 'meaning.' And this meaning does not exist in the world outside at all. What is seen as 'reality' is simply what the mind prefers. Its hierarchy of values is Projected outward, and it sends the body's eyes to find it. The body's eyes will never see except through differences. Yet it is not the messages they bring on which perception rests. Only the mind evaluates their messages, and so only the mind is responsible for seeing. It alone decides whether what is seen is real or illusory, desirable or undesirable, pleasurable or painful.

"It is in the sorting out and categorizing activities of the mind that errors in perception enter. And it is here correction must be made. The mind classifies what the body's eyes bring to it according to its preconceived values, judging where each sense datum fits best. What basis could be faultier than this? Unrecognized by itself, it has itself asked to be given what will fit into these categories. And having done so, it concludes that the categories must be true. On this, the judgment of all differences rests because it is on this that judgments of the world depend. Can this confused and senseless 'reasoning' be depended on for anything?

So, the Objective here is to Unite in One Focus, One Intention, One World Wide Mission to Heal Humanity, The Elementals, Devas, and The Angelic Host and to Clean Up this Planet to return it to its Pristine State it once was! Not to keep them separate anymore! A Course In Miracles says, "The One answer to sickness of any kind is healing. The One answer to all illusions is Truth".

We seek The Truth of God for the success of The Elemental Grace Alliance Divine Plan and All Its Agreed Proposals, as set out by Our I Am Presences'! I know what we are attempting to do has no basis on anything we have ever experienced on Planet Earth Ever before, so what is being described above is offering guidance not to view the Elemental Grace Alliance Project as anything that has ever gone before. It must be viewed for what it is presenting itself as, A New

Potential in Bridging the Gap between Human Consciousness and the Elemental, Devas, and Angelic Host Kingdoms, and much more!

It shall bring new experiences and will stretch one's imagination, indeed all one's senses to new heights and new potentialities, but our commitment and dedication to the task shall be asked for, Indeed Is being asked for here and now, to Align to the Elemental Grace Alliance Cosmic Group Merkabah.

As the Life and The Resurrection Of Love and Light that You Are, to Unify Your Entire Being to this Project, you shall be making a Pledge, a Pledge that you yourself will Create with your 'I AM' Presence to Enter a new Covenant with God! This Covenant, like the one you shall make with Godmother Vesta to receive Her Investment of Energies, shall last until the Evolution of Humanity upon Mother Gaia is complete in Its Ascension Plan! This has not been possible until now, and because you have been so Divinely Guided to this Now Moment, it is being offered to you! This is Your Responsibility Alone to Accept or Not!

Your Pledge, as St. Germain says, is to your Own 'I AM' Presence, Your God Within. It is not made to The Elemental Grace Alliance or any Member or Group within it! This Pledge is with yourself, it is just the Elemental Grace Alliance that shall offer you the vehicle to fulfil your Pledge. That is the Plan!

So, it is time now for you to Create with your 'I AM' Presence your Pledge. You may say and Declare and Decree anything you wish. Give it some deep consideration, for this Pledge shall become an integral part of everything you do from this time forth.

For those of you who may need a little guidance here, I am attaching that which I declared as my Pledge before I began the Elemental Grace Alliance Project. Use it if you wish, but your own words shall have the Greatest Power within them if they come from your own Inner God Consciousness and Soul. You may add your name here at the same time if you wish, but God already Knows who you are, so this is entirely your choice to do so or not?

My Covenant to God for the Elemental Grace Alliance for consideration:

Dear God/Goddess:

"Beloved All-Provider, You Who art my Inexhaustible Supply, my Sufficiency in all things: I hereby Covenant with You to devote this my human life in all its form, My Soul, and everything You have given to me for Your Service; to work from this moment forth only for You, letting You Guide and Direct me in all things.

"In return, I ask only for Love, Wisdom, Power and Understanding that I may know Your Will and Your Meaning when You speak directly to me and for the Strength never to doubt Your unfailing Supply and Support.

“Beloved Father, Divine Mother Within and All around Me:

“You have placed in My Heart a Great Desire to give forth unto the world the Message of this Proposal called ‘The Elemental Grace Alliance’. I know that this is Your Desire and that You have chosen me as the medium through whom You will bring it into manifestation. I now ask You to remove from me everything that hinders the outward manifestation of this Desire and that You now supply me with all the means necessary to give Perfect Expression to ‘The Elemental Grace Alliance’, both in my own life and to the billions of my Brothers and Sisters in the manner in which You Command to Express Your Loving Idea. Guide and Direct me, Dear God/Goddess, with Your Will To Be Made Manifest here on Earth.

“As You have privileged me to be Your Holy Instrument and Messenger to give to the world this new potential and activity, I ask that You quickly enable me to bring it into use and that You Guide me in all my ways to that end and bring to Your Work the greatest possible returns for Earth and All Its Life Forms to be at One with Your Divine Attributes, Qualities and Virtues. It is Your Work, Your Idea, Your Divine Will and Your Holy Desire, ‘I AM’ here to be of the Greatest Service That I Can Be for You! And So It Is!

“In the Name of The Holy Father, The Divine Mother, The human will to do, and The Holy Spirit; In the ‘Presence’ of Jesus The Christ In Me, I am That I am, and I accept that this task shall articulate to the best of my human abilities and Highest Awareness, God’s Impersonal Love and Life for the Greatest Good of All Concerned. And It Is So - Amen.”

*Once this activation is complete, we shall go to Godmother Vesta and present Ourselves as the Group Merkabah Force Field to Her to ask Her for Her Investment. **But this shall be a separate Event to this Group Merkabah Activation. We save this process for last (#18 Prerequisite.)***

THE ELEMENTAL GRACE ALLIANCE COSMIC MERKABAH GROUP ACTIVATION.

We begin with a Prayer

To say everything out loud through your own Voice Resonance

OPENING PRAYER

MOTHER FATHER LIFE

FATHER-MOTHER-LIFE, you are my life, my constant support, my health, my protection, my perfect fulfilment of every need and my highest inspiration.

I ask you to reveal the true Reality of Yourself to me. I know it is your WILL that I shall be fully illumined, that I may better receive awareness of Your ‘Presence’ within and around me.

I believe and know that this is possible.

I believe that you protect and maintain me within Your Perfect LOVE. I know that my eventual Purpose is to EXPRESS YOU.

As I speak to you, I know that you are perfectly receptive of me, for you are UNIVERSAL LOVING INTELLIGENCE, which has so marvellously designed this world and brought it into visible form.

I know that as I ask YOU to speak to me, I am sending out a consciousness searchlight into your Divine Consciousness, and as I listen, YOU will be penetrating my human consciousness and coming ever closer to my increasingly receptive mind and heart.

I commit myself and my life into your Loving care. Amen.

The Intelligent Christ, the Conquering Christ, sends forth Abundance and Love to the Entire Universe. Supreme Mind is everything. 'I AM' Supreme Mind! 'I AM' Supreme Wisdom, Love and Power. From the very depth of My Heart, I shout the glad thanksgivings I Am That I Am, this Sublime and exhaustless Wisdom.

My Heart is filled to overflowing with God's Peace, God's Love and God's Joyous Light of the Conquering Christ. I see in every face I meet that same Christed Beauty. I hold, by God's Own Hand, in deep Humility and Gratitude, My Heart's Chalice that is filled with God's Love and Light that is poised to offer in Grace to All of Life, this Radiant Love and Light.

I Am Grateful, I Am Grateful, I Am Grateful.
