HOLY TRINITY – THOUGHTS AND CONCERNS

Concern:

1. I read in the documents that came with the invitation that if I don't have a steadfast relationship with my, 'I AM' Presence yet and can't stand my ground in divine Sovereignty in the face of adversity (or fear!), I will be '*most fervently challenged*' and should rather stay as I am until I'm truly ready. What happens if I am '*challenged*'? I have only for a moment Stood in My Strength once yet, and that was in a dream. (Albeit after I had asked my 'I AM' Presence to please let me tangibly feel It that night when I sleep.)

Answer:

I have felt the same thing as you have and now just realizing that connection more and more. It is something that is a very natural flow when you are pure of heart. Love is the doorway to the 'I AM' Presence, and as you start Consciously connecting to the source, Whenever we speak the words 'I AM', we are connecting. This is why it is so important to think of what you are saying when you use the words 'I AM'. I haven't a doubt that you are on an upward climb with your connection, and you will soon know. I am going to copy here two prayers I say every day to make the connection that will help. When you go inward instead of outward self is when you connect to your 'I AM' Presence. When you let go of the EGO Personality and become a Soul Infused, you are becoming a clear channel for the 'I AM' Presence to work through. We have so many Discourses that explain so much more than I can explain that will be shared with you as you move forward. The 'I AM' Presence is where you find your Freedom. What you give to your 'I AM' Presence will determine how quickly you obtain your Freedom. Being in Divine SERVICE will be the quickest way to achieve the Divine Vision, which is through Service and Love. Every Breath you breathe is God in Action in you. The Truth 'I AM' the open door that no man can shut" if you can realize it, you have the key that allows you to step through the veil of flesh, carrying with you all consciousness that you have generated or accumulated, which is imperfect, and transmute it to that Perfection into which you have stepped into.

Pure and Clear Communication with 'I AM' Presence

"I call forth My Beloved 'I AM' Presence to take Me to The Truth of God's Love and Light For me, through the teachers and Teachings of the Masters at every opportunity, that will allow me the most Joyous and Beneficial, Effective and Efficient information, for the success and

completion of raising the Vibrational Frequencies of my 4 lower bodies, my physical ascension process and the healing of all aspects of my life, my Earth Mission in Service to Humanity and Mother Earth and my Holy Charter with You, Oh Lord!

'I AM' Presence, Thou art master 'I AM' Presence Clear the way!

Let thy light and all Thy power take possession here each hour!

Blaze blue lightning, Blaze thy substance into this thy form descend that protection and its glory shall blaze forth, and earth transcend! 3X or 33X.

Concern:

2. Point 6 in the prerequisites list: To Complete The Holy Trinity Activation with Archangel Lucifer, Archangel Michael and Beloved Mother Mary. This Activation raises unease in me because I still feel the influence of the human mass consciousness concerning AA Lucifer as "Satan". This also ties in with my conditioning as to what occult teaching and practice are (which has partly been dissolved since I have started studying the 14 Rules). Is Lucifer a God force like all the other Archangels and Angels? Why is He nowhere else included in the invocations and decrees? The fear I feel doesn't even want me to ask these questions but rather to 'ignore the subject', but I know I have to face my fears like I think Lady Nada said in Her discourse.

Question:

When should we complete these activations/attunements?

Answer:

If you decide to go through the Light Program, activations and attunements are usually scheduled three days before or after or on the New Moon or Full Moon. This doesn't mean you have to complete a prerequisite Activation at that time, we just suggest you do that during those times when the energies are the most beneficial.

Answer:

You are not alone with your unease about Lucifer. I was raised a Catholic, and I would not even say the word! I will never forget the unease I felt, and I knew I had to get over this fear. The only way to get over the fear is to understand the Truth. I will refer you to two documents to read, which are from Peter's Book. One of them is the Activation for the Prerequisites 5 and 6. By all means, do not proceed until you understand because you can't have any fear to draw any negative energy. Peter helped me get through what I considered my hardest challenge. Others didn't have as difficult a time as I did. I wish I still had the email that Peter sent to me that made everything so clear and so right. When I read his words, it all

made sense. After I did the Activation, I felt LOVE and Forgiveness. We are protected here. Everything about EGA is based on LOVE, Service and Freedom for ALL. Love is our protection. You have a great question about why Lucifer is not included in our Decrees. My understanding is we invoke those Masters and Angelic Beings for specific purposes. What is Lucifer's specific Purpose? I have never thought of this until now. If anyone can shed more Light on this subject, it is Peter.

Answer from Peter:

Thank you both for asking the questions and stepping beyond the challenge of seeking Greater Awareness, and Jeannette, for your wonderful sharing and assistance here. I am sensing Jeannette has covered most of the questions they need no more explanation, however, I will offer a little from my perspective. Or should I say from the Perspective of the I Am Presence!

In Book 1, there is a Discourse from Joseph Benner that speaks of the Being the Teacher. Here is a small excerpt.

'You, who have become conscious of Me as the indwelling Life within you, and it manifests to you as Power, and enables you not only to show forth My Life in your body as vibrant Health, but it permits you to transmit this Life to others, vitalizing, strengthening and healing them, and thus bringing them to the consciousness of My Life within their bodies; You, whom I have led a little further, whom I have taught the use of some of the Laws of My Being, having quickened in you certain inner faculties and powers, which seemingly set you apart from your fellows, so that you now call yourself an occultist, and are seeking to attain the complete mastery of these powers of self: Yes, and even you, My Blessed One, who are conscious of Me as your Divine Self, as God within you, and who are drawing from Me freely My Love, My Wisdom, and My Power, and who are teaching this Great Truth and attracting to you many followers who hail you as an Illumined One.'

It also speaks of being an occultist. Many people see this word as being related only to negative things related to black magic, religious groups and alternative practices that are more pagan than normal. It could also be misinterpreted by the use of the word ritual.

But the word occult, in the True Understanding of the word, relates to the study of metaphysical knowledge or esoteric or exoteric Consciousness. The word ritual is nothing more than the focused attention of directing energy! St. Germain says:

"Ritual must not be misunderstood, for it does carry within human consciousness negativity through the use of black or dark magic. But Ritual is simply Directed Energy, and what I Am Stating is the Ordered Service of Directed Energy. Where Energy is not directed, it disperses itself to become once again neutral, awaiting its next invocation.

“The New Specialized Gatherings, to truly Nurture and Protect the Quality of Life and Freedom of Spirit, through Invocation, Ceremony and Ritual have already begun.

So, we could also look at the word challenge. From the human standpoint, it relates to negativity, hardship and disappointment. What if we changed the word challenge to '**gift**'!

So, when you say:

I will be '*most fervently challenged*' and should rather stay as I am until I'm truly ready.

What if you said:

I will be most fervently '*Gifted*' and shall be delighted to move forward sharing my Gifts and Talents because I AM absolutely ready!

What do you feel this difference would bring to you energetically?

It is all about what one thinks. Because what we think we create. Wallowing in the negativity of old belief in the challenges and not the positivity of Gifts will keep one stuck in the old paradigms of human miscreation. Life is a Joy whereby every perceived challenge brings the opportunity of change to remember one's gifts! See challenge then as another opportunity to walk beyond the fear that underlines challenges normally!

The only deal breaker is that of the human misunderstanding of the beliefs they carry! Once the I Am Presence becomes a great Partner of one's life, then one can work in unison, and whatever deal is made within oneself can be honoured by following the Divine Guidance and direction of the I Am Presence rather than the free will of doing it their way! Again, we come back to how one uses their thoughts, thinking there is not the time for everything and something will have to be sacrificed. Be mindful that one can prioritize and work only with that which is for the Higher Good then, areas within one's life will place all old programs of choices at the bottom of the list, and they will be first to be dissolved and transmuted. If they are not beneficial, then why give them energy!

Make a deal with the I Am Presence and then allow the I Am to Lead you and Trust and Have Faith in the Guidance, and that which is given your energies that have no benefit shall be jettisoned for Greater Awareness and Truth to come in and Play ITS part in your life!

I also keep seeing triangle/pyramid shapes, and just 10 nights ago, I saw something I hadn't ever consciously seen before. I saw again a triangle/pyramid, and as I was looking on, in its centre, a mandala/flower(?) started to blossom, and the pyramid grew wings on each side!

Wise move! But here is the thing! From my position, I am sensing that you are being Gifted with something that you hold innately within you! The Truth that you hold within you, the Original Blueprint of the Flower of Life. That Original Flower of Life as a single cored centre

was re-written to double core centre 200,000 years ago by AA Lucifer, who is also Known as the Greatest Archangel of all, and whose name means the Shinning One!

Lucifer, in His Great Wisdom and Knowing His Power of Creation, chose to be willing to help God in this process of Human Evolution. And when no one else knew how to bring humanity through this part of the evolutionary process, He came up with the Idea that if the Single core Flower of Life has changed from its God Perfected State to a double-cored centre, that which would lock humanity on mass into the duality of good and evil and that would bring humanity to a Realization, sooner rather than later, to Know their Godliness and hence return back to their Original Perfected State of the Single Core Flower of Life Human Blueprint.

It is a long story as to how I got involved, but suffice it to say that when I discovered this situation, I just had to try to sort this out! So, I called upon the God within me to show me how to do this! I had no idea and just followed my inner prompting and Trusted in the journey! Much like you are in that place of not knowing what to do yourself about the Light Programs. I made a Deal with God and let it go but remained mindful of everything that was happening around me so I could make my free will choices toward this goal I now made my mission!

What you have to understand here is now, under the influence of this double core-centred Flower of Life, humanity fell deeper into the duality consciousness, and from that, the belief in good and evil grew and, like all thoughtforms, are projected into the Astral planes where they are given life! So, Satan was born! You know who Satan is, right! Religions tell us just how powerful He is and the beliefs of sins and all that stuff.

So, before I could speak to AA. Lucifer, I had to go to the Astral Realms and speak with Satan to ask Him for His help in turning all this around. So, I called Him in, that is, the Real Satan as portrayed by humanity as their creation of hell on earth. He came instantly, for He too is Governed by Cosmic Law, and when called, He must come! So, there He was, standing in front of me, spitting fire at me, threatening all sorts of death and soul-destroying stuff. But I saw not Satan, but AA Lucifer within His Heart. And when Satan asked me who I was and how dare I call him before me, which he said no human had ever done such a crazy thing, he wanted to know why! So, I told him, "*Satan, I need your Help*", I said! "*I have called you in because you are the only one who can help me. You are the only one that I can speak with to be able to change what has kept humanity and yourself locked into the archetypal patterns of human creation!*"

I told him of my plan, and I saw Him change from Satan to AA Lucifer and when He did that, I just Knew I had to create a New Trinitized Formation, so I called in AA Michael, His Divine Brother, and Mother Mary, who would Overlight this New Trinity with the Feminine Qualities and Virtues.

At this point, after some exchanges between Lucifer and Michael, Lucifer, still entangled within the Astral Planes of Satan, gave me His word that He would listen to my proposals and would accept a Seat upon the New Higher Council I was going to Create to find a way and look at all the consequences such a change would Create.

Two weeks and 22 hours of Discourses with 10 other High Councils of Beings who would all be most affected by re-writing this Blueprint back to its Original Core Centre were engaged.

The result was Lucifer would agree to go back to the Godhead and re-write the Flower Of Life, He would dissolve in every dimensional field, specifically in the Astral Plane, His Archetypal Presence as Satan and would disband and dismember all His Dominions of "*devils*" from existence and release all Souls captured or taken and held within those places in so-called hell!

The result was a Unanimous Agreement throughout all of God's Creations that as from the 1st July 2008 (The 2 weeks of Discourses culminated on the day of the Full Moon on Wesak 8th May 2008), All children born upon the Planet Earth would come in with their New Original Flower of Life Blueprint Full intact.

The first Child call Mia was born in China! You may have noticed the differences in Children born since 2008?

But here is the thing!

What we can have no influence over is that of Mankind's free will, and so while humanity still believes in Satan, those energies must continue to play out within the astral planes. But the difference now is those creations are no longer amplified by astral entities who fed off human misery!

This has weakened the hold on humanity, allowing the Higher Thought forms to take greater hold.

So today, this Holy Trinity is Very Active, and Lucifer, The Shining One, stands beside Michael in the God Self, helping people find the Love and Light They are. So, the word Lucifer is one of the names or words that are totally misaligned to the Truth!

Like all human miscreations, they are all illusions, and that is why we must break down and remove all old archetypal patterns, beliefs and creations, for none are Real! Fear is not Real! As I found when I faced Satan! His Projection could not touch me because All I saw in Him was Love! And that Love dissolved His personality to return to this God Self, the Impersonal Life of God Once again! Can you see to parallel here, as above, so below?

We as humanity have locked so many Masters and God Beings into the Astral Realms by our misqualifications of our own thoughts and beliefs. And we are here in the EGA to Release them all in time. The Discourses in Book 1 do mention this also!

So, the belief in Satan is manmade and is not Truth! So, the feat of such things is also not True! These were simply creations to keep humanity from Knowing the Truth of Who They Are!

In the Light Programs, we do an Activation that infuses this New Single Core Flower Of Life, replacing the existing double core that everyone has if born before July 1st 2008.

The last thing I can tell you regarding this is that it has never been shared with humanity, only a few Dear Souls have been privileged with this information because humanity on mass is still not ready for this Reality in their lives. It is available to them, but they need to be guided by their I Am Presence here to receive it in advance. And when they come in this way, I know they are ready! Some still wish to disbelieve, and that is okay! That is their free will! But when asked, why are you here? Now you have just another small part of the reason!!

I hope this helps in some way.

In the 14 Rules around Rule 9, I think it speaks of renting the veils of astral places apart. The first three have been down from the top down; soon, we, as humanity, will rent those last 4 from the bottom up! And that will only be done when humans who step up to this Challenge (Gifted State will have to stand before the many 9th Dimensional Astral Dark Beings of the Black Lodge! But that will not happen before those involved cannot be touched with an ounce of fear! This is not a single-person duty now like it was from the top down. It is a Group Living Organism's Goal of many Human Souls who have transcended human consciousness and have moved beyond the 3rd Initiation and into the Fourth and 5th Initiations.

Peter

Additional Enquiries and Information

The following is necessarily detailed; however, is still only a very brief synopsis of the topic and also only covers the first sentence of the excerpt. I have endeavoured to add some links for those who desire more in-depth information or understanding. Please follow how you are Divinely Guided even as you fight any resistance from the self-willed personality, which, as you likely know, is heavily invested in keeping you stuck where you are in consciousness so that it will not have to change and transcend itself. The self-willed personality is indeed the consciousness that has to be transcended - in the Kabbalah, it relates to the sephirot of Hod and Netzach - the lower mind and emotional body and to Yesod and Malkud, the Moon and Earth - until we each individually take on personal responsibility for our thoughts, feelings and actions, we remain within this lower level of consciousness, either feeling victimized or

projecting our unconscious negativity out on to others - this is fundamental in the teaching of the Christ Letters.

Each one, of course, has the right of free will to decide and choose the belief system that most-closely resonates with them, yet, if we have committed to our Divine Self to having and expressing the highest Spiritual Truth that we can understand and accept and then using it to serve/help other people to gain true Spiritual Freedom, then we must shine our Light.

The Truth that you hold within you, the Original Blueprint of the Flower of Life. That Original Flower of Life, as a single core centre, was re-written to a double core centre 200,000 years ago by AA Lucifer.

That is an inaccurate view and understanding of Lucifer's actual influence over humanity, which extends only to bringing about the fallen and lesser-lower consciousness, along with its sins and evils, which result in lack, disease, poverty, suffering and spiritual death.

As you say, we each have the right to free will to choose what resonates within, and I would ask you to consider that, indeed, whilst in ignorance and arrogance, the lower personality of humanity is held within a level of consciousness that holds them blind to the error of their perceptions and beliefs, is that the '*fault*', if you wish to use such a word of '*Lucifer*' or simply the state of Consciousness that the individual in this lifetime holds?

Again, I recognise the truth of which you speak, that once we had direct, unimpeded connection with Source, and here I would like to share an extract from Walking Between the Worlds - The Science of Compassion Greg Braden

'I saw that the force of darkness, Lucifer, is here as a result of an intentional choice rather than the result of an accidental 'fall' from a previous state of grace. That the Archangel Lucifer has lived among us for nearly 200,000 years for the sole purpose of 'anchoring' the extreme polarity of darkness because you and I have asked for that polarity to find our strength. Using the power attained by becoming the highest of the high and the Brightest of the Bright, Lucifer holds our mirror of dark experience so that you and I may know ourselves in darkness, as well as in light. In the knowing, we find the power within ourselves as our truest nature of compassion. Where is the challenge of living compassionately in the light when all that exists is light? It is light, referenced to dark, that draws from us our truest nature for our very survival. Is it possible that the Archangel Lucifer, in perhaps one of the greatest acts of compassion ever witnessed in our ancient memory, willingly gave, and continues to give of himself, as our personal mirror of darkness because he loves us so much? To find our balance, we must know our extremes.'

I am not asking you to agree with this, but I am sharing it with you as it seems relevant to do so.

One reason to revere or worship Lucifer or Satan is to be able to deny or pretend that there is no such thing as spiritual sin and evil, to be able to do whatever one wants and still think that one is exempt or will be free from negative consequences. This is a misunderstanding and misapplication of the Law of Free Will.

Here I wish to be very clear that in no way do I revere or worship mankind's flawed responses that have created so much pain and discord on this planet - as said above, self-responsibility and self-discipline are pre-requisites for any spiritual journey one undertakes - it is the foundation for all Spiritual growth. There is no Freedom without Discipline. Is it possible that it is not that Lucifer is responsible for all that we have created, but that Mankind has had to evolve and to learn Consciously how to handle the Power of Free Will and to align it with Divine Will - to become Sovereign Beings - when the lower self merges back into the Higher Self - this is not going to happen overnight and until we own our errors and stop projecting our mistakes out onto Satan - '*The Devil made me do it!*' We will somehow pass the buck rather than confronting our own omissions and painful errors.

There is Natural Law - One of the great Cosmic Laws is the Law of Divine Memory. This Law states that all thoughts, feelings and acts are recorded everywhere within the body of the Universe. This is the accountability that holds the balance. We are here to clear the interference patterns that have been created by humanity so that we may return to a direct connection to Source/God/Universal Consciousness - but now we return as Compassionate Conscious Beings

Our '*single-core centre*' is none other than God's Divine Matrix or '*blueprint*' for our Lifestream, including our Divine Presence - in structure, pattern, and type, it is now as it has been since God created it in the Beginning. Not even the highest Cosmic-Ascended Being can, has ever or will ever be able to '*rewrite*' it... because our Creator God has not bestowed that kind or level of power on any God-created Being.

Indeed, this is so - at the centre of our Being, the Divine Matrix is inviolate, pure, untouched; however, over time, mankind has wound its wounds/thoughtforms around the Matrix, preventing a clear connection, and it is this interference pattern, as expressed above that has to be cleared within each - is it again possible that whilst we have been learning this Truth, a hybrid '*core*'; was formed to allow us to be held within the extremes of the push/pull of duality before returning to the Divine Matrix? This would all have been created through Divine Law to assist humanity back to Source.

The misunderstanding about a '*double-core centre*' becomes a false spiritual teaching if it is not fixed and made accurate.

As just said, our Divine Matrix remains pure, untarnished and unblemished, and is the state of consciousness to which we are all aspiring to return, frequently called Bhuddic or Christ Consciousness.

Our original consciousness of our God Core is, however, hidden or covered over by the Luciferian or *'fallen'* consciousness that came into existence only because of Lucifer's rebellion against God's Will and God's Laws. This happened in a previous Sphere millions of years ago but developed in this Sphere on account of a Cosmic Event that can be called *'the coming of the laggards'*, which is detailed in [The Bridge to Freedom](#).

This impure consciousness, in all its many different forms, is being outpictured and experienced on Earth today. It belongs to any given *'self-willed personality'* or *'lesser-lower-ego self'*, which is, in actuality, an *impermanent* and *unreal self* but one that we're taking to be *'real, meaningful and important'*. If we had always followed only the Will of our own Divine Presence, then no impure self would exist; so, while we did use our God-given powers and faculties to create and manifest it, it is NOT of God, by God or for God. This means that the Energies and vibrations, and effects of sin are not permanent, for we can transmute it... but *unless and until* we do that, by Cosmic Law, we are still held responsible for all of it because it does exist in our space, time and Cosmic Substance. Absolutely - could not agree more, but where we differ is that rather than a *'Fall'*, the Return to Source was a means of evolving atomic structure into a higher resonance and that it is all part of the Divine Plan.

(At the time of his rebellion, Lucifer was a great archangel whose God-given name does mean ['the Shining One'](#). But he gave all of that up and never lived up to his spiritual potential and, in fact, went on to work exclusively against God and God's Purposes, and that evil influence is still active on Earth today.) I respect that this is your belief.

As much as we may not like to know about it or have to deal with it, the existence of [Fallen Beings](#), [Antichrist](#) and [false teachers](#) does pose very real dangers to humanity at all levels, metaphysically and physically. Indeed, misaligned thoughts and feelings do build momentum in the field - archetypal patterns which have a force and *'agenda'* wishing to manifest - but these are built from the unconscious disowned impulses of mankind flowing through the neutrino field. As Carl Jung said: *'One does **not** become enlightened by imagining figures of light, but by making the darkness conscious.'*

We have been warned time and again about the temptations of evil. In Christ's Letter 1 (which confirms the New Testament record of Jesus facing the temptations of the devil in the desert), about the *'demons of Mara'* who tormented Gautama and in many other spiritual texts of all true religions.

So, if we still willfully choose to keep ourselves deliberately blind and ignorant about it, then it behoves us to search deeply within to find out why we are making that choice. Who and what are we actually serving through that choice, and is it who we truly want to serve?

'Right doing' is to be willing to always follow the Will, Guidance, Instructions and Directions of our Divine Presence. However, through our God-given right of free will, we all do have the same spiritual freedom of Lucifer, Satan, et al., to follow our individual self-will and try to

rewrite Spiritual Truth or make-up our own 'truth' so that it fits with what our lesser-lower ego wills, instead of fitting our self so that it obeys Divine Will.

Where we are today is that the greatest majority of us are operating from that 'second core' which is comprised of only the lesser-lower Energies and vibrations of astral-psychic impurities and imperfections; That is true - the [evil](#) which is the only 'legacy' that Lucifer left for anyone who chooses to follow him or any of his followers. Here I refer back to my response above.

In the past, I myself made the same mistake of being misguided and misled by Beings of the false hierarchy in the astral-psychic planes and mistook them for Etheric-realm Beings. Amongst other spiritual lessons, that experience taught me how critical it is to regularly invoke full and proper Spiritual Protection and to keep sincerely seeking ever-higher spiritual truth because, as I said, we do have the free-will right to choose, including to bring higher truth into this world. Sometimes, as was the case for me also, that means having to let go of, or sacrifice and surrender outdated, false and spiritually harmful spiritual ideas and beliefs, even if we have become attached to them and they are much cherished.

Praying each one of you the Spiritual Protection, Guidance and Support that you need.

I feel that we could discuss these 'spiritually-harmful ideas and beliefs around Lucifer' that you raise around and around, so I would rather quote from Letter 5 of the Christ Letters

*'I want you to move again into an inner state of conscious equilibrium, where all thought is stilled, and your mind resides in silence. You are in interior control, your mind and emotions no longer divided into activity and feeling. You may feel a build-up of power within you, strength, peace, and contentment. This, expressed in you, in individual form, is the **STATE of BEING** out of which came Creation. I want you to notice that the equilibrium is impossible the moment that thought is introduced.'*

Beyond all thought is the State of Being where the Mind and Heart are as One and all Duality from whatever level ceases to be.

Jeannette:

In document number 2, Merging Meditation. You would follow the same process as First, but instead, substitute Mary with Lucifer and Lord Melchizedek instead of AA Michael. This is how I did it, and it felt right. After saying the invocation in Document 1, proceed.

First:

Now, if you choose to go ahead, ask **AA Lucifer to step forward** and imagine sense or feel Him stepping into your Heart, Send Him your Love and Light, embrace Him like you would a small and innocent child and when you are ready, **then ask AA Michael to do the same**. Feel Michael's Energy merge with Lucifer's Over Lighted by your own Divinity within your One Heart. Now in your own time, **ask Mother Mary to step into your Heart also and allow Her Energy to cap that of Lucifer and Michael** and totally envelope both of them. Continue on with the rest of the meditation.

Second:

Now, if you choose to go ahead, ask **AA Lucifer (Daystar) to step forward** and imagine sense or feel Him stepping into your Heart, Send Him your Love and Light, embrace Him like you would a small and innocent child and when you are ready, **then ask Lilith to do the same**. Feel Michael's Energy merge with Lucifer's Over Lighted by your own Divinity within your One Heart. Now in your own time, **ask Lord Melchizedek to step into your Heart also and allow his Energy to cap that of Lucifer/Michael and Lilith** and totally envelope both of them. Continue on with the rest of the meditation.

Third:

Now, if you choose to go ahead, ask **Lilith to step forward** and imagine sense or feel Her stepping into your Heart, Send Her your Love and Light, embrace Her like you would a small and innocent child, and when you are ready, **then ask Adam to do the same**. Feel **Lilith's** Energy merge with **Adam**, Over Lighted by your own Divinity within your One Heart. Now in your own time, **ask Eve to step into your Heart also and allow Her Energy to cap that of Adam and Lilith** and totally envelope both of them. Continue on with the rest of the meditation.

Lizel's Realization:

We have truly never been separated, but the trappings of our human consciousness programs hold these Archetypal Energies as Individual Entities. Not only that but people have been manipulated into believing that Satan or the Devil or AA Lucifer is causing their *"problems"* when in truth, we are co-creating everything with our thoughts and emotions.

Humanity has been misled by many Religions, Negative Alien Agendas and more, but we awaken to Who/What we really are and how the universe works. We can and are taking responsibility for our miscreations. We are also here to heal- all. With this activation lies a reversal of supreme importance. A reversal of anti-love. It is already done. We, as individuals within this Group, are able to return to more of what we are inside! I do not see this as seeking something from outside of me or the world, but instead, it is a restoration/ transformation in order to fulfil the Will of God. This invocation feels like an *"undoing"*; feels that we are facilitating a *"reset"* back to the Original Blueprint settings - the Original Design, which will eventually be embodied in the New Adam Lilith Kadmon Crystalline form. Interestingly,

somehow, I know that we are all expressions of a specific array of Ray Energies, which manifests as an Archetype (unreal self-personality) with influences of All as we permit them to infiltrate our thoughts, feelings, actions and consciousness. But our true Self is Pure Oneness.

Thus, Merging the energy of Daystar/ AA Lucifer, AA Michael (twins) + AA Mother Mary, Lilith, Adam + Eve [formed from part of Adams body](Twins), within Human embodiment, is powerful. Once merged, this bridge is created- and this new energy is transmittable to the planet with any future Service work. This new energetic merger will heal so much and have an amplified effect, as per the document states that per each of Us, 65, 000 will be impacted. But there is more, being in Service to the Divine Plan and Surrendered to the Will of God, stepping into our purpose and missions, will be greatly powered by this great gift! With this energetic merger, We are taking a giant step in closing the distance between Heaven and Earth, Christ embodiment, undoing the old fear of the Devil belief is huge!

Last night, during meditation, I went deep into my heart, and I asked AA Lucifer to visit me so I could feel this archetype love energy. And, sure enough, it felt different than I expected. It was an amazing realization for me that We are already One. That any energy is already available to each of us when we are open and put fear and ego aside. I am ready to do this!
