I Embrace the Merging of all previous Seals into the Seventh Seal and, with My free will, do hereby give Totally and Unequivocally the Acceptance to Unite Together all of My Atmic Bodies into My Monadic Body.

I commit Myself to the deepest Devotion to the Path of Illumined Truth. In Embracing and Loving my shadow in all of Earth life, I step into My Innate Power, becoming at last the Bridge of One Unity Divine Consciousness that carries me fully into the All-Knowing of The Adam Lilith Kadmon Man and

Woman Embodiment with My Prime Creator. I Celebrate the Purpose of my Service Endeavors to this Divine Plan for the Elemental Grace Alliance, assisting mankind to embrace the Law of Life. I dedicate my Life to the weaving of God's Energies Through me. I Commit and Consecrate myself to this Most Holy Cause, Selflessly Magnetizing, Sustaining and Radiating the Gifts of Life for the Impersonal Blessings to all sentient life; mankind, the Angelic Host, the Elementals, the Nature Kingdoms, Devas, Animals, Birds, Fish and all Micro-Organisms, Crystals and Minerals, and not forgetting Beloved Earth Herself. I commit myself to the Incorporation of Truth through the Cohesion of Eternal Love.

In this Totality of Selfless Service, I Give Thanks for the Understanding of how I Am involved with the Radiating Centers, when and how I can Assist the use of Force Fields so that I can Serve in the Transmutation in any localized area of crisis. In my Consecration to Selfless Service, I Celebrate the Reality of Divine Truth of such Holy Force Fields in Absolute Freedom and without encumbrances.

I Accept All Levels of Graded Radiation that Are required within My Service so that I, along with My Brothers and Sisters, can manifest the capacities of Holy Life Streams that Draw and Expand the Qualities and Gifts of the Godhead. I anticipate that whatever preparations I must make, what extent of discipline is required of Us, is made clear to me by My Sponsors and the Members of the EGA, so I may Execute this Divine Plan at Their Optimal Levels.

Through my expression of free will, I do hereby accept the Grant to Pass through the next Ring/s of Consciousness, by the Cosmic Law of more than Ordinary Release of Instructions, into the Combined Force Field known as the Elemental Grace Alliance. In so accepting this Divine Dispensation, I Know that this is My opportunity to Ascend more deeply into the Selfless Service of Thy Will.

I Give Thanks for all this and the greater interaction between me and My Divine Sponsor. I Give Thanks for all experiences that have led me to consciously cultivate Truth, Harmony, Peace, Wisdom, Balance and the Sustaining of Divine Radiance. Father-Mother-Life Bears Witness and Works through me to Transmute the entirety of all shadow, all karma, all mistakes, before the All That Was, and Humbly Surrender myself and My Life to this Divine Cause. I Celebrate the Ignition of the Golden Flame of the 12th Ray within my Heart to also remove all bands of forgetfulness for all time, space and dimensions. The 12th Ray that Manifests in Perfection with the Divine, Creative Endeavors of Illuminating Intelligence and One Unity Consciousness.

'I AM' the Cosmic Law's Miracle Action of the Life in the Great Silence, and that Life in Its Glorious Cosmic Blessings and Perfection without limit, manifests through All the Life that I contact and releases Its Powers to fulfil the Divine Plan.

'I AM' the Cosmic Law's Miracle Action for the Full Authority of the Cosmic Law, Being Grounded through me in Accordance with Divine Will, as the Crystal Cup of Divine Consciousness.

'I AM' the Cosmic Law's Miracle Action of the Ruby Ray Purging Old Consciousness from all life here on Earth to Re-Unite in the Oneness of the Great Silence.

As the New Human Race of the Adam/Lilith Kadmon Man and Woman now begins to walk upon the planet, I Acknowledge and Unite in One Divine Consciousness with the All That Is; to Cleanse, Release, Transmute and Re-Calibrate the world shadows of victimhood, blame, suppression, fear, control, the need to protect through massive armouries of mass destruction, or the lack of self-responsibility as a human being, local community, religion, sect, nation or world community. Humans are not victims of their experiences; they are victims of their attitudes towards their experiences. It is time for humanity not to act as victims but to act responsibly to the situations they find themselves in - no complaining and no blame!

Therefore, I Call Forth the Divine Consciousness To Activate the Cosmic Law that will now trigger and activate the genetic codes within the DNA of Humanity to guide them away from the victimhood consciousness.

I Call for the Release of all tensions worldwide, of all warring factions, or those threatening any such actions against another around the world. This includes the interactions between North Korea and the USA, Pakistan and India, and India and China, but is not limited to just these attitudes and situations.

I, in Divine Will, can no longer reside in such attitudes of victimhood and therefore Rise in Love for the Divine Freedom of All within an endless font of Love Energy from the Nucleus of Creation Itself.

I, therefore, Command to Stand United in One Unity Consciousness of Cosmic Law on this cusp of change as a Siddhic Supernova for the incarnation of the Divine Feminine Spirit.

I Call for the end of victimhood and all its facets and interactive attitudes through the Divine Flow of the Divine Feminine.

I Demand and Command this Action to Amplify and Intensify in Accordance to God's Will and Cosmic Law, to Purify, Cleanse, Release, Transmute and Re-Calibrate all the DNA fractal lines throughout humanity, resulting in a burning up of the collective karma in My DNA and the eventual eradication of all disease, confrontation, disharmony, imbalance, control, manipulation and all other negative actions and attitudes towards each other upon the physical plane. I Call Forth The Powers of the Mountain Ranges of the World, The Powers of Nature and the Divine Elementals, through Their Respective Directors, to shatter all pressures

in the outer realm projections of such attitudes and actions of inhumane victimization towards and of mankind.

I Call Forth the Great Light Substance to Pour over all nations of the world and every human life stream, not limited to position, rank, office or human status, as a Balancing Force within them and their atmosphere's within and around them.

I Command and Demand that any unnecessary destruction of life or property not be allowed to take place through the hands of any human being whose consciousness holds true to inharmonious attitudes and actions.

'I AM' the Cosmic Law's Miracle Release of the Powers of Nature and the Forces of Light within the Mountain Ranges of the world into my outer use and direction for the Greater Blessing of Love and Perfection to Life."

'I AM' the Cosmic Law's Miracle Action of the Life in the Great Silence, and that Life, in Its Glorious Cosmic Blessings and Perfection without limit, manifests through All the Life that I contact to releases Its Powers to fulfil the Divine Plan."
