

Part 11 - 7th Activation - Light Group

LIFE IS ACTION - GOD IS NOT QUIET - LADY NADA, 23RD MAY
2018 (UPDATED AUGUST 2022)

LADY NADA: “Dear Beloved Brothers and Sisters, I come today to speak with you as part of this Elemental Grace Alliance Divine Plan and its present state of Evolution within its own Expression of Its Divine Unity within the Great Universality of the Whole. As you know, We are all here Listening intently with all your conversations, all your inner and outer flows of how you are perceiving the changes going on within your lives right now. We have heard it all before, so many times with so many wonderful intentions and heart-felt acts of benevolent love in action, and we never question the authenticity of such motives or purity in heart and mind. For it is these very acts of genuinely caring and sharing that have moved humanity to where it is today!

“But I can say with all honesty, never have We been so alive with hope, anticipation, promise and aspiration than We are now!! Listening to the gentle reminders that are coming forth, that have behind them of something so profound, so insightful, so sensitive, and so reflective that it moves us all even closer to you all than we have ever been, that is, since the last Golden Age. The vigilance to detail, observance to focus, adherence to vision, steadfast in action, and compliance to the Laws and dedication to Life, moves Us in a way you cannot imagine right now!

“In a recent sharing within your May Rule 1 Study Group, the Gene Key 54 was mentioned. Richard Rudd expressed it in this way;

Gene Key 54 from Greed to Aspiration to Ascension.

“The 54th Gene Key concerns the notion of Ascension - the continual alchemical transformation of matter into Spiritual Essence. At a certain point, a spontaneous physical transformation begins to work through the body. The process of Ascension takes over, and you cannot stop or interfere with it. All personal cultural and genetic memory is burned from the body. Kundalini is likened to a fire - a liquid fire which burns the water molecules within the physical body, vaporizing them to create a steaming process in which spiritual essence is refined. After a certain period of time, sometimes spent in physical pain, stillness reigns over the body, and you experience the purity of consciousness without thought. This process continues until the physical body becomes more and more translucent. One aspires, and sooner or later, one Ascends.

“On May 29th, it is being proposed that this May Group continue with the 13 Rules for Group Initiation. I do not wish to be the One to describe all the benefits of this to you, for that I shall

leave to other of Our Brothers or Sisters to expand upon this notion of Ascension. However, suffice it to say that the 29th May 2018 that this would be is of such significance to you, individually and as a collective group, in ways that goes far beyond simply talking about God, Unity Consciousness, Higher Consciousness, Alternative Dimensional Realities and Rings Passeth Not! Cosmically speaking, the Universal Movement of the Planets have come to meet you in a place of Universality that you have only ever spoken of, never really understood, or indeed experienced. But all this is about to change for the better.

“That is, to attain that, your perceptions of God, Shamballa, Hierarchy, Masters and Life must change. You simply cannot, without creating more difficulties for yourselves, pass through the next Rings of Consciousness without changing your perceptions of you and your interrelationship with the Whole of God’s Creation. From the lowest to the Highest, from that which stares you in the face to that which is so far outside of what you have ever known in physicality! Thousands of lifetimes it has taken you to arrive at this moment, thousands of lifetimes living and experiencing the trials and tribulations of being human, thousands of lifetimes of forgetfulness. What if this single lifetime is the one you have all been waiting for? An interesting question, don’t you think?

“Dear One and All, I wish to offer you a perspective that will assist you in making the maximum use of what you are about to encounter in your Lives. For nothing you have ever known before can truly explain the potentialities before you. As human beings, you only see life through what you experience in physical reality, and so if the significance of the words Matter is Spirit and Spirit is Matter is going to be understood, you truly do need to move away from your conceptualization of what is logical compared with what is Pure Reason. One is about using the lower mind to understand, which can never comprehend the Truth in its Higher forms, and the other is a Knowing that has nothing to do with logic or the lower mind. So, when one speaks of those things I have mentioned about God, it is not logical and can only be understood through Pure Reason. I wish to give you an example that you can appreciate further to what has taken place in your own realities within the development of this Elemental Grace Alliance. I have asked Peter to include here in the Discourse Proposals 6 and 7 for your review and deeper consideration within the EGA Book. Please read them, and I will continue with an edict or announcement of sorts to plant yet another seed of Consciousness for you all to ponder even more deeply over as you move closer to the initiation or activation on 29th May coming up. Let us take Proposal 6 first.

“Proposal 6. To Make Divine Temples More Accessible and Rememberable For Those Who Attend In Their Etheric Light Bodies Or Garments When Asleep or in Deep Meditation.

“To speed up many aspirants’ journeys toward their enlightenment, I wonder if there is a way that the Mystery Schools within the Divine Ethereal Temples around the World could be more accessible from a more incarnate conscious perspective. In other words, for those who request to attend these Temples from within the 3rd Dimension during their sleeping hours

most generally do not ever physically remember their lessons or guidance upon their waking. I know this for a fact, for I am speaking of myself here! No matter how many times I ask or how many times I travel to these Temples of Light, I have yet to have any recall whatsoever, either of the Temple of visitation or the activities in which I took part. So, from my human perspective, how can I consciously put into action that which I cannot remember?

“I know if I had conscious recall, just how much more of a concentrated effort I would put into my life so that my Service to God and Humanity would be far more expansive and beneficial to the Greater Whole. We need help in this matter, and so I put this forward as another opportunity to invoke Our Divine Brothers and Sisters to get more involved with us.

“Only today I heard a story of a man whose Angel Guide came to him by physically manifesting before him and told him that he would be taken consciously, if he agreed, to a Temple for Lessons and the like. So, maybe this could assist more aspirants if opened in a way to them that would complement the sincerity of that aspirant more directly.

“Perhaps there can be a leniency of the Charters that pertain to the present state of these conditions. Am I correct when I say there are no conditions or boundaries within the Love of God if one surrenders to God’s Will for them?

“I know that there are many Light Cities around the Planet just waiting to descend into physical manifestation, so maybe the time first requires Earth clearing of old consciousness before more physical Temples can be attended consciously? I don’t know!

“Can I propose another Dispensation for this purpose? Maybe the ‘Leniency for Chelas and Aspirants Dispensation’.

“I know for me there are many physical Mystery Schools offering all sorts of Spiritual Guidance, but I have yet to find one that does not have a significant monetary value placed upon it for attendance. I have always believed that God’s Love was given freely! I know that this is the Truth, but that Freedom is yet to be offered to humanity.

“In The Name of Our Beloved Mother and Divine Father and The Holy Spirit; In the Name of My ‘I AM’ Presence and the Christ Jesus in Me, I Lovingly Invoke the Services of All Those Divine Beings of Love and Light Who may help Us in this Causal Healing! Bless You! And So, It Is! As Above, So Below! I Give Thanks, I Give Thanks, I Give God Thanks! Amen!

End Proposal 6.

“As you all know, the Elemental Grace Alliance is a Divine Plan, Divinely Created through the Seven Steps of Precipitation. You know that the writing of the Book was also through Love in Action and was Created through the same processes. You know the story now, but what you do not know, at least not entirely, that the very things have been asked for within these Proposals, with the very idea of Bridging the gaps of Consciousness between humanity and

the Elementals, Devas, and Angelic Kingdoms was not only its Plan. It was also to Bridge the chasms of Consciousness between humanity and not only the Masters, Shamballa and Hierarchy, but also other Universal and God Intelligences with which you are connected and related to, in one form or another. So, when you, Peter, asked for these Dispensations, you were not asking for yourself but for the whole of the human race. It could be said it came from you, but what if it came from Us as another encodement within your DNA that was meant to be a wake-up call?! You have been told on many occasions now, by so many, that the Elemental Grace Alliance is Over Lighted by all Seven Spheres within this Solar System. How could this be so if human beings themselves were not of the same Seven Spheres, each individually and collective in Groups bearing the Divine Qualities and Virtues, the Qualities and Virtues that have been simply lying latent until the Codes were triggered.

“What if the projections outside of yourselves were not actually outside of yourselves and were, in fact, within you. Have you ever heard of the maxim ‘You Are the Ones You have been waiting for’? It’s not a maxim, Dear Ones!

“What is a Golden Age? Look it up, and see for yourselves, then wonder how such a period could come into being if there were no Golden Ones. You have been told to ‘think Groups Dear Ones, think Groups’! In the previous Golden Ages, the Master, Angels walked among the masses. In this Golden Age, the Masters, Shamballa, Hierarchy, Elohim, and Angelic Beings will first Ascend directly out of the physical biology. What if you were already here waiting to make that choice? What if the Ones you have been waiting for is the very Reflection you see in the Mirrors of your Consciousness and Lives?! What if the Ashrams you think you are calling upon are the Ashrams (Circles of Consciousness) you are creating as the Circles of Light that you are now participating within in physicality? If you believe in ‘no coincidences’, then how can you, in the Name of God, not believe this?!

“You wonder if there is a way that the Mystery Schools within the Divine Ethereal Temples around the World could be more accessible from a more incarnate conscious perspective. Is the Elemental Grace Alliance, not a Mystery School, educating and guiding the way to reveal the Mysteries of life? Is this not what you asked for, for it to be more physically incarnate? Are you not in the process of Creating the Manifestations of the Etheric Radiation Centers there upon the ground? Do you believe this, or are you still questioning these ideas, visions or dreams? Do you still doubt and see this as too big a task for you all? I tell you, not a single person reading or listening to this is not aligning themselves to this New Golden Age herein and now!

“Let us look at Proposal 7 before I close for now.

“Proposal 7. To Open Closer Physical Contact With 5th Dimensional Beings and Higher.

“This option is about the endless notifications that we (humans) have heard about regarding humanity and first contact. I know that this has not yet happened due to the present state of

consciousness and the conscious controlling of humans by such persons as the Cabal or those called the Illuminati, that still hold sufficient power to upset the equilibrium of the whole Consciousness Grid Matrix of Earth.

“I Am also aware that every World government has been contacted and warned about Right Action for Compliance with Human Freedom and Humane Rights. Are there any comments regarding this matter that can be shared within the Elemental Grace Alliance?

“The other option here is that if sincere aspirants had visitations within the physical Realms of their own private dwellings and lives, the emphasis that this would provide, I am sure, would impact the efforts of such Souls to do far more than is presently being done. I have no doubt that proof today would massively swing the pendulum from ‘*belief*’ to ‘*Knowing*’ in a very short time. That helping hand would have a far stronger impact if it could be grasped for real from a physical perspective.

“St. Germain said, as aforementioned, is this not what He was referring to, to give all His Assistants unbound Freedom to Know the Truth?

“No man can work with bound hands and feet nor with sealed lips and blindfolded eyes - I must have My Friends walking in Freedoms Robes if they are to assist me in the attainment of this glorious destiny for our Planet and its people.

“It was indeed Beloved Omega Who Stated that it is time for less words and more action.

“Now is a time where words will have less effect upon your lives than action will. So this is, if I was to offer any guidance as part of these Discourses, what I would say to you. It is time to truly place into action what you have come to Know and feel as Truth. Nothing else matters! This I encourage you with, with All My Heart, your training is over, time now to put into practice what you have remembered, there is no need to repeat, repeat, repeat your lessons any more.

“Could I respectfully and humbly say, in Light of this Guidance from Mother Omega, that, That which is in Heaven is on Earth, As It Is Above, So, It Is Below?

In the book ‘*Seven Mighty Elohim Speak*’, Beloved Arcturus says:

“In early Golden Ages, Beloved Ones, when the Archangels and the Ascended Masters just naturally walked and talked with unascended mankind, the magnificent perfection which was drawn forth by the Power of Invocation was brought about because of the understanding of the necessity of Rhythm of Invocation and its application. This was necessary to have the constancy of the outflow of the energy from above.

“This constancy of the release of perfection called forth from the God head, made it possible for the atmosphere of Earth to be kept completely free from disease, disintegration and all manner of human shadow”.

“I know that we are not in that place right now of what Arcturus describes above, yet being at the beginning of a New Golden Age. And while the mainstream may hold onto old conscious beliefs, there are those who do indeed Know the Reality of the earlier Golden Ages.

“Therefore, can I propose that the God Dispensations for Higher Beings, which have already been given the permission to open communication once again with humanity, now be extended to this previous Reality of Earlier Golden Ages, albeit in selected situations? The physical contact, not just mental visions or with/in communication by clairaudience or impressed Light Language that requires specific interpretation on the part of the recipient, but in a physical form that would be fully embraced and recognized through Self-Realization by those Souls who have committed and declared their Allegiance and Alliance to Serve Humanity and Earth in the Name of God and the Christ Jesus in them?

“It was St. Germain again who said;

“Now that the Spirituality is accepted, albeit not fully understood, then the partaking of the Truth about Being Spirit must go hand in hand with thoughts, words and actions.”

“A lower level of consciousness is now able to be transcended and elevated to Higher Levels of Awareness and Truth. Truth never stops expanding, and to keep up with these rates of expansion, one must make new decisions constantly within their lives.”

“Does this not mean that once one is fully engaged with commitment and dedication to God that the Truth of Spirit can manifest Spirit in Matter? Spirit as Matter? There can be no separation at these levels of awareness! Hence the direct physical manifestation of Higher Beings who can lower their rates of vibration sufficiently to touch the Heart, Love and Light of those human Souls Who so Lovingly Desire such Heart connection and Service under a Master or other Divine Light Being. Is the Truth not in the eating or the experiencing? For me, a physical visitation would unquestionably remove any doubt of such Divine Reality for so many! I do not doubt the Reality of this, but the ‘Presence’ of God in this way I believe, could open New Doors, New Potentials, New Levels of Awareness. I And God Are One! ‘I’ meaning each human Soul, not ‘I’ as the personality of that Soul but As the Pure Radiation of One in the All That Is. I And God Are One!

“All that ever acts is Life. From the smallest to the greatest thing, there is a definite action. Life is Action - Life is not Quiet. Life in its freedom of action is always dynamically positive.
ADK Luk

“We could change the word Life to Love or God; it is very Powerful.”

“In The Name of Our Beloved Mother and Divine Father and The Holy Spirit; In the Name of My ‘I AM’ Presence and the Christ Jesus in Me; I Lovingly Invoke the Services of All Those Divine Beings of Love and Light Who may help Us in this Causal Healing! Bless You! And So, It Is! As Above, So Below! I Give Thanks, I Give Thanks, I Give God Thanks! Amen!”

End Proposal 7.

“The other option here is that if sincere aspirants had visitations within the physical Realms of their own private dwellings and lives, and the emphasis that this would provide, I am sure, would impact the efforts of such Souls to do far more than presently is being done. I have no doubt that proof today would massively swing the pendulum from ‘*belief*’ to ‘*Knowing*’ in a very short time. That helping hand would have a far stronger impact if it could be grasped for real from a physical perspective.

“Do you not have the proof now? If not, you have been looking in the wrong places! Remember, Dear Hearts, that beliefs are not necessarily Truth, and they can change as often as you change your mind. Knowing, on the other hand, you cannot change, Knowing is unalterable and undeterred in its Truth! Once you KNOW, there is no returning to belief, no returning to doubt! If you wish to KNOW the Truth, you need to free yourselves from old past beliefs and thought programs. To Live a Quality of Life and a Freedom of Spirit, you must unbind yourselves and see yourselves beyond your present perceived limitations. **To do this, think big and send your consciousness through the Rings of Consciousness, anchor your Consciousness to where you wish it to be and then come back and work on the Physical biological to meet the requirements that will then allow the physicality to follow through and eventually meet you on the other side.** I say this intentionally for it has a Power only You can release within yourself first, then as a Group!

“St. Germain said, *‘No man can work with bound hands and feet nor with sealed lips and blindfolded eyes - I must have My Friends walking in Freedoms Robes if they are to assist me in the attainment of this glorious destiny for our Planet and its people’.*

“So, what do you think He meant??

“Did you note the word that St. Germain used, ‘*My Friends*’. He said, not disciples and Initiates. Was that a slip of His tongue, a mistake on Peter’s part as a personality slip in consciousness? No, St. Germain did not say, I must have My Disciples and Initiations from My Ashram, walking in Freedoms Robes if they are to assist me in the attainment of this glorious destiny for our Planet and its people. He said: ***‘I must have My Friends walking in Freedom's Robes if they are to assist me in the attainment of this glorious destiny for our Planet and its people’.*** That means, does it not, thereupon Earth??

“Does this not mean that once one is fully engaged with commitment and dedication to God, that the Truth of Spirit can manifest? Spirit in Matter? Spirit as Matter? There can be no separation at these levels of awareness! What do you feel about this question?”

“Hence, the direct physical manifestation of Higher Beings who can lower their rates of vibration sufficiently to touch the Heart Love and Light of those human Souls Who so Lovingly Desire such Heart connection and Service under a Master or other Divine Light Being, Is the Truth not in the eating or the experiencing? Ahh, Dear Brothers and Sisters, I need say no more.

“Just by Pure Reason alone, one could see a Reality playing out here, a Reality that no amount of logic could ever reveal!

“Life is Action - God is not Quiet. Love, in its freedom of Action, is always dynamically positive.

“The Elemental Grace Alliance’s request for Dispensation is now Granted by the Karmic Board of Directors. Now YOU, Dear Hearts, must give Life, Love and God to them! You are the Ones Who, By God’s Divine Will, Will Decree how things shall Act out here, but only if you KNOW the Truth!

“I Am Your Sister Nada! Call upon Me anytime! I Love You All throughout all time and space and beyond All Worlds and Dimensions! We are One.”
