

Part 3 - 8th Activation - Light Program

NARAYANA AND DIVINE GRACE - THE ELEMENTAL GRACE ALLIANCE COUNCIL - HELIOS AND VESTA, 3RD FEBRUARY 2016

HELIOS AND VESTA "I Am Helios, and with Me today Is My Beloved Vesta. We come once again to this Divine Gathering of God Intelligent Beings of Love and Light. Ah! Dear Ones, it is like Divine Music from the 7 Spheres Echoing within The Core of Our Beings once again. All this talk about Divine Virtues and Decrees of such Magnitude and Exuberance just fills Us with even more Joy! It has been a long time since We have heard such Dynamic Words, Amplified By The Master's Voices, atoned with their Beloved Disciples.

'I AM' the Cosmic Law's Oneness with the Life in the Physical Sun! I Give It My Love, and Love Gives Me All That It IS!

'I AM' the Cosmic Law's Miracle Oneness with the Physical Sun, and 'I AM' Its Victorious Flame in All Outer Physical Actions, Producing Perfection Forever everywhere I go and whatever I give My Attention to.

"Bless You and Thank You, Beloved and God Himalaya and Bless you, Dear Peter, for following His Loving Direction to bring all these back into the enfoldment of Our Mighty Radiant Sun Temples. Yes, it is true that very few people on Earth know anything about their Solar Sun, Indeed Myself and The Magnificent Goddess of the Sun, Queen of Light, Dear Vesta. And I tell you, Dear Ones, that I Am, We Are, rather eager in Our Design for Mankind to once again be able to communicate more directly with Us on such New Levels of Awareness and Consciousness. There are so Many Cosmic Beings that you have yet to meet that will assist you in Directing the Magnificent Powers of Your Solar Sun.

"Indeed, The New Radiation Centres will provide a Magnificent Platform for you to do that. Perhaps We should broach that which is indeed moving closer to the Earth's New Realities when it comes to Our Influence and, Indeed, under Our Direction. Remember, Dear Souls, that We have told you, and many are telling you again, that Earth is around 5,000 years behind in its Evolutionary Path in tenure with humanity, and now the Trumpets have Sounded with Their Clarion Calls are being played to accelerate and speed up all activities that will bring Earth and Mankind up to Speed, if I can put it that way. Greater understanding and awareness is paramount now if mankind is to ride out such as changes coming or if they, indeed, will suffer at the hands of nature in a much more exhaustible way.

"It was Beloved Jesus who said";

JESUS: ‘Beloved Ones, you wear now consecrated garments of flesh, made up of trillions of Electrons, each and Every One of which has Known at one time such Perfection in the Inner Realms as the outer mind cannot conceive. These Electrons are but awaiting opportunity to be Invoked to give forth more of Their Light, Speeding up the rapidity of Their Revolutions, as They make up each Atom toward your Transmutation, Transformation and Transfiguration just as I did! When those Atoms and Electrons are so accelerated, They should remain in that State’.

Helios: “This aspect of accelerating the Revolutions of the Electrons will have a far greater effect than anyone can imagine once the Real Work of the New Disciples taps into the Heart of Me and Beloved Vesta. For as the Work of Transmutation begins, and the Electrons that have been trapped within Earth and the Solar System due to mankind’s old thought forms return to Us for Etherealization and Recalibration and Direction, then They can return to Earth for New Experiences as part of Their Own Evolutionary Cycles. It shall be the New Pristine States of Earth that you are all now Desiring to Precipitate, that will Give These Dear Ones such a Magnificent Gift and opportunity to do so. It is more complex than that, but for now, it may just whet your appetite a little more for you to Know more as the New Radiation Centres begin to Precipitate and Function within the Divine Virtues of the Rays and Flames of God’s Mighty ‘*Presence*’.

“Beloved God Himalaya spoke of all the interred life of the 4th Root Race that is buried within the snow and ice all around Asia, but there are also those buried under the drifting sands and rubble as well. But He did not speak of why they were so buried. You see after the laggards arrived, they created so much devastation, war, famine, desolation, distress, demise and disgrace to mankind throughout the areas you know today containing the 48 countries that make up Asia as a whole that something had to be done. So, Beloved Sanat Kumara approached the Karmic Board and suggested that these areas either be frozen over or covered in sand and stone rubble to prevent the destructions and the inhumanity to man from spreading or causing even greater ruin elsewhere. So, He was Granted a Dispensation that allowed for this to occur, and with Our Help and Guidance, these lands were placed under mountains of snow and ice and sand and rubble until this very day.

“Now, here is where it all gets very interesting. The Earth and indeed all Planets around The Solar Sun have Cycles, Cycles within Cycles, and so Earth, as it began to approach the end of its Procession of the Equinoxes, began its warm-up Cycle. Warming up, contrary to your scientists and environmentalists, who believe that it is due to ozone, deforestation etc. No! even though all these things most definitely need addressing to eliminate such activities for the benevolence of the Earth, humanity and the Elementals, the warming will happen quite naturally through the Cosmic Divine Law due to the need to completely Clear and Cleanse the Earth, just as Peter and Others, including Myself, have so explicitly detailed. The warming of the Planet is now melting the ice caps, and the I Am Presences’ of all of humanity are All Knowing of this process and how it will affect the Earth and Its People. But there are some

upon the Planet now whose I Am Presence is filtering through into their conscious minds and asking them to consider such changes in advance of the rising of the seas.

“In Holland and other areas where dykes presently lay, there are people who are thinking outside of the box to prepare for the oceans of the World to rise. It is a potential expectation that the oceans and seas of Earth will increase their present levels by around 7 meters. Look for a moment around the World, how weather patterns are changing. They are changing for many reasons, but what is not understood, especially in lower-lying areas where flood plains are now breaking their banks, is that building higher banks will not prevent their homes from being destroyed all over again in the future. Tornadoes, earthquakes, hurricanes and volcanoes are all part of these lessons still being played out at this time. Places like the United Kingdom and the USA would do well to begin acknowledging these problems and not to rebuild levees, but to use these monies to relocate the people, away from within such areas up to 7 meters from the present sea levels. It is like rebuilding lost homes over earthquake zones. Man has never listened to Nature’s Messages and so must continue to suffer the consequences of such loss until they do learn.

“Yes, I can hear you say, *‘but what about the New Radiation Centres?’* Indeed, but these are not yet operational, and there are still very real potentials of earthquakes, tornadoes, volcanoes, flooding and many other disasters. But the rising of the sea levels is quite another matter. And these, the New Radiation Centres will not be able to affect such things, not at first anyway! For this will be outside of the Calling of Human Souls to Govern at this time. Yes, Dear Hearts, Beloved Mother Earth was not called a Blue Water Planet for nothing. It was a Whole Planet, including the poles caps, that was a Temperate Zone that maintained an even temperature and that allowed upon all its land surfaces a lush vegetation and a wide and varied group of animals, birds and other creatures. Just like parts of Hawaii today.

“So when Beloved Himalaya said”;

GOD HIMALAYA: “This I have Pledged before the God that made Me, in Gratitude for the Assistance the Earth and the Directors of Nature and the Nature Kingdoms have given to Our Race. I shall remain upon this Earth until Lemuria rises from Her depths; until the new contours of the land masses around the World change, yet again, into the New Realms of Pristine Earth Energies, as they once were’.

HELIOS: “He was referring to this very situation. The ice caps must melt, and the lands of Lemuria must rise again, and there shall be new contours that will develop around the World, creating New Land Divisions with Seas in between. Mankind can work with Us regarding all these matters, but They must begin to recede from their *‘I will do it my way’* attitudes. Yes, it is difficult to give up homes and lifestyles, but the New Levels of Awareness coming to humanity via the New Radiation Centres does not make way for further suffering. That is not the New Cosmic Consciousness. This is the Message that We are attempting to give to you

once again, Now loud and clear. What did the Beloved Maha Chohan imply? Continue the path of learning or become One Who Remembers the Truth and Knows the Ways of Heaven on Earth. It was once here, and You, Dear Souls, were there at these times of that Pristine Beauty!

“So beginning in 2016, We want you to know that as Divine Human Angels, as the New Human Disciples of the Christos Consciousness, you have the Powers and Virtues available to you to override all Astrological and Cosmic Events of All Planets within Our Solar System. One of your Greatest Gifts upon your Planet at this time are your Astrologers, who work with not only the Astrological Profiles of Planets, Asteroids and Comets but who are advancing toward the interrelationships of the many facets of the Human Genome. You see, Dear Ones, the human body and its genetic makeup is the very reflection of the Planets, Stars, Galaxies and Universes around you, Each One! How pleased We are that Beloved Sue is One of These Souls Who will assist Us in Paving the Way for the New Astrologers and Cosmo Biologists upon the Planet. Nothing is by chance, Beloveds, Nothing indeed!

“The Resonant Energies between now and 2020 shall increase exponentially, which means that those who are aware of such things, especially those now opening themselves to become the New Disciples, will have to consciously recalibrate themselves and each other, upon each Eclipse, Equinox and Solstice, so that they will not be adversely affected. These Dear Souls, then, can Work with the Resonant Fields of Humanity to assist them, and so We offer yet another Constructive Use for the Radiation Centres. So please become aware of such increases in the influx from Us. Dear Ones, these magnifications will come from Us, your Solar Sun. Just another reason for you all to now become much closer to Understanding Our Radiations and to Know how to Use them for the Greatest Good of All Concerned.

“It is imperative, Dear Disciples, that from now on, you know that while there is still a great deal of tumultuous activities taking place around your Planet, it does have Great Purpose. So, do not feel bad when something you are Working on does not receive your expected or anticipated result. Instead, Know that it is Your Radiance that will keep it in Perfect Alignment with God’s Will. The Years 2038 and 2075 shall be milestones for change, but the focus, concentration, and dedication must begin now, even if by only a few, to get those Inner Sanctuaries up and running! It shall only be fear that will remain as the destructive, chaotic and imbalanced forces that shall maintain any disparities. Remember, you shall be in a training period for a while, just as Beloved Maha Chohan indicated. So Patience Dear Hearts, get to grips with the Order of the Day and set everything in train as you now wish to continue.

“As I come to the end of sharing within this Discourse, I wish to say one more thing! Mother Earth still has a lot of rebirthing to do, and part of the Work that the New Disciples are Now Enveloping shall assist in the clearing up of all imbalances for humanity, the Elementals, Nature Realms, Devas and Angelic Hosts for the purpose of smoother and more constructive Transmutations and Transformations. Please Know that Mother Earth Knows exactly what She

is Doing, but it is humanity that needs to pave the way with Her and to do that, a Divine Interrelationship with Her in Openness and a Loving Heart shall make all the difference. Truly come to Know Your Places within the Divine Plan, Know Thy Self and Allow You I Am Presence to Become the Dynamis of the New Earth. There is Great Balance to be achieved Now, and We can see Great Changes coming through Loving, Kind, Gentle and Benevolent Beings like Yourselves! God Bless You! I Am Helios, and now step aside for Beloved Vesta to share with you.”

Beloved Vesta Comes Forward.

GODMOTHER VESTA: “Beloved and Esteemed Members of this Elemental Grace Alliance, Dear Mother and Father Omega and Alpha, Beloved Beings of God’s Love, Light and Life Who surround Us Here and Who have Supported the Whole Alliance from the beginning. Beloved Souls of Mother Earth and the New Disciples; Mighty Elementals, Nature Spirits, Devas, Angels and Angelic Host, And Blessed Electrons of All Creation; and last but not least, Our Dear Peter, the One Whose Heart has Allowed for this Golden Ray of the Sacred Fire to become Manifest here upon Earth; I come before You today, 4th February 2016, in this most Formal Way, for I have something I wish to Celebrate with you All, something, that indeed, is a first in the history of mankind.

“Many unascended human beings have accomplished many things within their physical Spirit Manifestations, but none have ever achieved such a dynamic and ever-expanding Manifestation of Spirit upon the Surface of the Earth as this Elemental Grace Alliance Project! Not without prior awareness and consciousness of the processes involved; not by Faith and Trust alone; not without having a Direct Communication Channel opened to them; and certainly not magnetizing to themselves All Appropriate Levels of Hierarchy that have come to Consciously and Selflessly Offer Their Services in Support of such a Creation; and last but not least, never from a simple thought form that came about because they simply wanted to help the Elementals and Human Beings Build a Bridge to Freedom. Peter’s Proposal, *‘To change or rewrite the Divine Charters with God for the Elementals and Nature Kingdoms, so that a radical and significant shift can be made toward humanity’s conscious awareness about their interrelatedness and co-creational abilities for a more active and mutually beneficial co-creative collaboration together,’* created a huge upset throughout the Universe and ignited great concern among so many of the Hierarchy. But after immediate investigation, all concerns were promptly extinguished due to a Purity and Innocence that Over Lighted the Entire Desire by Peter himself!

“Beloved Hearts, you have Heard and read the story, and now with only a few days to go in the closing Discourses, I Am sure that you will agree with Me that this has been a huge success.

It was never really about Changing the Charters of the Elemental Kingdoms, but more about Humanity becoming more aware and more aligned to the Reality of the Elementals and the Parts that They play within the lives of human beings upon the Planet. It is so much more than that because not only has this opened the floodgates for Grand New Gesticulations of expanding this idea, it will indeed lead to a quicker Evolutionary Path for the Elementals, Devas and Angelic Host that will indeed Change the Charters in ways that humanity has never even considered before. And that is why this single act has been so Unique and So Precious to so many!

“I can feel Peter squirming in his seat right now. But nevertheless, it needs to be Acknowledged for this indeed has set another Precedent for many others to follow in Their Own Love, Wisdom and Power! It is the Natural Law that Adoration be given Homage to, where Honor and Reverence is due. Gratitude should never be withheld from anyone or anything for the sake of saving embarrassment or the feelings of discomfiture. The Truth Is What It Is, and so Is Adoration, the Gratitude and Appreciation for the God ‘I Am’ Presence Shining Its Love, Light and Life in Service to the Whole. Shrugging your shoulders, Peter is not conducive to Honoring the God ‘I Am’ Within You! We Love You, Dear Soul, and We are going to thank you this day that I, Vesta, can promise you! We Know your Motives, and We Know you're having no need for acknowledgement or gratitude, but It Is God’s Law to Honor All In Love, and this is no exception, just a little different from the mainstream. So, We today are Honoring You, Peter, for Your Magnificent Achievements throughout these Elemental Grace Alliance Discourses.”

PETER: Vesta takes a momentary pause as I regain my composure and connection, for I am trying to write while feeling this nervous embarrassment of what may be coming! I Am a behind the scene man, and that suits me fine! This is so not about me; it is about All of Humanity and how We can help them to become Free! God’s Idea and God’s Plan! But I Know that God has other Plans for me now that these Discourses are coming to a close. I will do My Part, what more can I say! Vesta Continues: Bless You for Your Patience with me, Vesta!

GODMOTHER VESTA: “You are very welcome, Peter! It is no mistake that I, God Parent of The Mother’s Love, Am the penultimate Speaker within this Alliance. It Is indeed My Duty within The Charters and Fiats that I have with God, and for Finalization before this Elemental Grace Alliance can be Sanctioned and come to a close for now, I must first Honor My Responsibilities according to the Superior Design of the Greater Plan. But before I step into My Official Duty, allow me to share something that has already been discussed by God Himalaya when He spoke about getting to Know Us Better. I wish to elaborate upon it, ever so slightly, just to give the New Disciples reading this a better understanding to use in the experiential journeys ahead of them.

“At the time when We, Helios and Vesta, your Solar Sun, Chose to Create this Universe, Twelve Great Beings Volunteered to Embody the Twelve-Fold Natures of Our Sun Godliness and Goddessliness. These Mighty Beings Chose to Become the Divine Foci of the Distinguished Virtues within the Electronic Belt around Us. They came from the Godhead of Alpha and Omega, the Great Central Sun or the Sun Behind the Sun! Each One Specializes in a Specific Virtue that is Divinely Apportioned Around Us in 12 Equal Vectors; each Vector, Is Held within an Etheric Temple and relates to your Astrology upon Earth, but I will add that Earth’s Astrology has been defiled to some degree over the centuries by mankind, but that is not for discussion at this time. These Temples and Their Hierarchal Sponsors Imbue, Radiate and Magnetize Their Extraordinary Divine Pressures with Concentrated Service, Our Virtues to All Planets and Other Planetary Bodies within Our Radiant Forcefield. These Virtuous Temples, along with their Astrological Signs and Hierarch Are:

“So you see, Beloveds, there are now more Temples of Love and Light for you to become aware of that will be of great use to you as you go forth and Create Your New Radiation Centres; Take

Great Care within Your Endeavors, for There Are Magnificent Powers associated with these Levels of 'Our' Radiation Centres! One step at a time Dear Hearts!

"Now I wish to address that which I have come forward today; to Honor Peter and the Responsibilities that he himself has accepted. Let me explain:

"Before any New Idea, Plan, Project or Movement can begin, especially one that has the ability to affect millions, even billions of life streams, they must first come before Me, Vesta, so that I can determine the vibrational frequencies of his or her 4 lower bodies and Stream Their Higher Causal Bodies, to Read their Entire Energetic Encodements and Akashic Records, Their Gifts, Talents and Virtues, and then to determine where their Soul is upon the Path of Evolution and what are the present States of Soul Fragmentations, before I will Invest My Energy with Their Cause. So when a desire is created for such a task that may benefit mankind and life upon Mother Earth by a being, along with his or her Sponsor, they then have to travel through All 7 Spheres, looking to find other Causal Beings Who Will Acknowledge the New Movement and give Their Agreements to Over Light, Serve and Support it. When sufficient Support is gathered, then that being and his or her Sponsor are Obligated by Universal Law to come before Me to obtain My Permission and My Agreement to Invest My Energy in him or her and their Movement.

"When Lord Buddha and the Master Jesus carried the word of God forth, they, through their own endeavours and efforts, had to pierce into the Highest Realms of Light and into the Heart of Heaven to gain the Word of God. They would then carry back, first hand, the results of Their Experiences in Their Own Consciousnesses, but when unascended human beings upon Earth signify a desire to Know Truth and to Magnetize the Ethers to open until the Veil of the Silence has been parted, he or she, of their own volition is not able to rise into the Heart of the Father and Mother. Yet, still having the investment of his/her unascended Light, they can draw with Great Responsibility the Word of Truth to the people through themselves, no matter who their teachers may have been. So he or she is, indeed, Divinely Blessed because they have Magnetized the Truth unto themselves by their own volition while evolving their own consciousnesses through giving it to others.

"Peter has done this voluntarily, Dear Ones. But what is very unique in this event is that instead of going through the veil himself to gain the Truth from within the 7 Spheres, Peter has Magnetized, through his Cohesion of Love, those Beings of the 7 Spheres to come to 'him', upon the Earth plane to attain the Truth. And so I tell you, that Life then is the Servant of the God Flame, as Light is the Natural Radiation of God Life. And without any Intelligent Director, Life would remain forever dormant and inactive. Therefore The Life of the One who Seeks Truth, whether through the Veil of the Heavens or from within the domain of Faith and Trust in the Lord on Earth, All Life Retains God's Freedom to attain the Truth and has innately held within it, Every Power, Attribute, Capacity and Virtue which is God's to Give and Receive. However, man in his Wisdom must first learn of his/her I Am 'Presence' and how to Draw forth

Its Fullness, Its Love, Wisdom and Power. They must become *'Vested'* with the Power of Creation.

“The Love of Life and a Desire to Understand Its Nature precedes *'My Service'* to the Evolving of any Soul. Once this has been achieved, then, and only then, can I *'Invest'* them with the Knowledge of Life's potentialities and Their Capacity to Unfold and Draw Forth from the Godhead the Fullness of the Ever Present, Intelligent, Vital Substance of Creation Itself. My Activity is to Magnetize, Influence, Form and Externalize the potential Perfection through The Children of God.

“So here We have Peter, who has had this thought or idea that had a potential that may indeed benefit mankind and the Elementals in Soul Growth by working with the information garnered, especially when this initiative had never been offered to humanity before in this way. The Lords of Karma have heard his plan and have weighed up his worth and capabilities. Then, looking at the World potentials of the plan and if his endeavour was auspicious enough for the given hour. They then acquiesced to his desire to offer this gift to humanity. With all the support that he has Magnetized to himself by the correct use of the Universal Laws throughout his plan, each part of it must then also pass through the Judicial System of the Karmic Board of Directors. He has achieved this with Honors, as Declared By Beloved Lady Portia within these Discourses. He now has the task of helping other humans to be accepted within the Movement or Mission, for no one at these Levels of World Assistance is exempt from such Fiat Procedure to come before Me.

“If Peter is fortunate enough to secure fellow beings willing to assist him, then their Sponsor and their Group, made up from the 7 Spheres, must come before Me also, and They are then individually and collectively Invested in this Movement in the Name of God. I take the Final Responsibility for Investing any Soul Life. For at these Levels of Investment, it is not about the undedicated or insincere human, but the Committed Disciple that Pledges His or Her Entire Soul to such a Movement and then Covenants it with His or Her Own I Am Presence, Sponsor and Other God Intelligences that have Pledged to Encourage, Advance and Contribute to Its Realization.

“From then on, They will Devote the Entire Course of their incarnation/s and Vow to Serve the Inner Realms for Its Completion and Success. Because this is such a Major Decision on the Part of All Beings joining this Movement, I have to be sure that the Energies that I Invest with Them, shall be Used for, and only for, the success of that Movement. And that, once My Investment in Them is Granted, I will have no concern that they will withdraw and float onto other ideas and creations that are not directly in association with the first! At any time of crisis, because of My Investment of My Light and Love, I Am Impersonally Responsible, and so will enter the situation or cause of the crisis to resolve and revitalize it, so that those involved may return to their Movement, as soon as possible.

“For Me to Invest an individual with such Spiritual Authority is to Bestow upon their Three-Fold Life Flame, such Omniscient, Omnipotent and Omnipresent Powers that have never been present within that person before. I Am the Root of Investment and a Powerful Force in All Facets of the World, but particularly the finances of the World. So, when a Movement requires funds or resources, nothing is left to chance! I make sure of that! When humans design a project and invest their substance, talents and energies into it, so the project may live and prosper, so do I INVEST those Life Streams in Cosmic Causal Benefits, working with the Lords of Karma and Many Other God Life Streams so as to further World Progress.

“These human life streams then Represent My Capital and the Causes Benefit by Their Presence. All Cosmic Ventures are therefore placed before Me by Their Sponsors and the Cosmic Councils of Light. Life Streams capable of assisting in carrying these Mission Movements through the veils of incarnation or initiated while in physical embodiment, all must come before Me. If their Light, Momentum, Karma and Capacities are Judged sufficient for that Particular Service, I Acknowledge them and Honor them by Vesting My Love Light with them together with their Sponsor. Thus Giving them certain Additional Powers that they, through Great Responsibility and with Masterful Integrity and Wisdom, can use and dedicate to their Cause. This is All Done at Inner Levels and later, when ‘circumstances’ draw people together in the World of form when it is proper for further Magnified Investment that can begin working, all to secure the Service for the Greatest Good of All Concerned.

“The Cause For Freedom was Born in God's Heart when the First Individualized God Flame was Created, for God Desired All His Creations FREE! Many Causes are Set Up by the Godhead Directly, and many Causes are Born through the Initiative of His Children. A Cause to which a Life Stream may choose to dedicate his or her life is not necessarily created by the individual him or herself, but it can be Assumed. An individual interested in such Service may take the Responsibility of carrying such a Cause to mankind so that its Ultimate Beneficial Effect may sooner be the heritage of the people. The Godhead may Create Causes. Intelligent Beings, pondering on ways to Serve God's Plan, may evolve Causes and bring Them into the consciousness of mankind. When a Cosmic Desire of God's Heart pulsates in the Higher Heavens, waiting to be claimed, ensouled, and lowered by one of His Children, it is so finely attuned and vibrates so quickly that it is neither visible nor tangible to even tremendously evolved beings, except where their own interests and yearnings through the centuries have created in them a similar vibration. Thus a being would have had to Love Freedom, Serve Freedom, etc., for centuries before the Cosmic Pulsation would be even discernible in the Blazing Cosmic Light, which is the “*Desire World*” of the Great Central Sun or the physical Sun of the System.

‘With their Sponsor, those Who accept this opportunity to Give Freedom to the people of Earth, they are given an Audience before Me, and if I Agree to Invest in Them, each will be Invested with the Knowledge and Power of the Great Silence and the Sacred Fire along with the Vision of the Cause in Its Fullness. Then, as a Communal Body, together with their Master,

they shall be Cosmically Invested in the Cause of Freedom, their bodies, Minds, Souls, Natures and Heritage All. NONE can leave that Cause until Its Effect IS Spiritually Manifested upon Earth. ALL ARE MY INVESTMENTS BESTOWED IN THE NAME AND BY THE DESIRE OF THE GOD LOVE, LIGHT AND LIFE OF THE GREAT CENTRAL SUN.

“So Peter, here We Are, and it is at this juncture that I, Beloved Vesta ask you to stand in My Mighty ‘I Am’ Presence of God the Father and God the Mother. Thank you! Peter, do you Know Who your Sponsor Is for this Life that you are dedicating to The Freedom of Humanity, The Elementals, Nature Kingdoms, Devas and Angelic Hosts? You may answer, please.”

PETER: “Yes, My Sponsor is Beloved Lord Jesus the Christ. I Serve Him upon the 6th Ray, and it Is Beloved Yeshua who sits upon the Altar of My Heart within Me!”

VESTA: “Peter, Are you consciously aware of your Mission to attain the Freedom of Humanity, The Elementals, Nature Kingdoms, Devas and Angelic Hosts?”

PETER: “Yes and No. Yes, I became aware at the age of 2 years and 3 months old that I came into this World to safeguard the Light of God and that I held the Divine Love of that Light deep within My Heart. I know that it was My Goal, My Mission, to Protect it from any contamination within Myself, and when the time came, I would release That Light into the World.”

PETER: “No, I had no idea when that time would come or even how it would manifest. But I did Know that one day it would, and at that time, I would give My All to make it a success! Perhaps I have not had the same conditions granted me as Jesus had, in Knowing and having Direct Connection to The Father within His Life, but somewhere, somehow, I had that same communion, perhaps it was the Light within My Heart, just not all that conscious in it coming forth. All I have done, to the very best of my ability, is to Hold My Faith and Keep My Trust that I would fulfil God’s Plan that He Placed within Me!”

VESTA: “Peter, having Created this Elemental Grace Alliance, are You asking Me, Vesta, The God Mother of All Life upon the Planet, to Invest My Love and Light In You so that You may Serve God from within The Great Silence with a more expanded Awareness and Supreme Consciousness with Your and Jesus’ Freedom’s Plan, for Humanity, The Elementals, Nature Kingdoms, Devas and Angelic Hosts?”

PETER: “I Am That I Am; In The Name of Jesus The Christ In Me, I Am; In the Name of My I Am Presence, I Am; In The Name of Beloved Helios and The Majestic Vesta, I Am; Yes!”

VESTA: “Peter Melchizedek, You came before Me as an unascended mortal Soul from within the Outer Realms of Earth who had an idea to change the World by bringing about the Freedom of Humanity, The Elementals, Nature Kingdoms, Devas and Angelic Hosts., through the single Proposal: *‘To change or rewrite the Divine Charters with God for the Elementals and*

Nature Kingdoms, so that a radical and significant shift can be made toward humanity's conscious awareness about their interrelatedness and cocreative abilities for a more active and mutually beneficial co-creative collaboration together'.

"I Know Who You Are! I Know your failures, and I Know your accomplishments since the beginning of time. I Know Your Sponsor, I Know All Those Who Have Pledged Their Allegiance to You and Your Proposed Movement called The Elemental Grace Alliance. And So Peter, 'I Am' Satisfied and Well Pleased. I herewith Endow you with All The Virtues of My 12 Divine Temples That Envelop Me in Their Glory, I Bestow Upon You the Love, Wisdom and Power of Bringing Freedom through Peace to Earth and All Life. With this, I say unto you, That I, Vesta, Queen of Light, shall from this time forth, Invest All My Love and Light In You so that you may complete your Mission, for the Greater Glory of God, for as long as it takes. May you and Beloved Jesus walk Shoulder to Shoulder, Heart in Heart, Mind In God together, until Every last Human, Every Last Elemental, Nature Spirit, Bird, Animal, Deva or Angelic Host be Freed from the constraints of this presently tainted Earth; no matter how many incarnations or years remain within the Evolution of Beloved Earth. I have Spoken! And My Decree is Now Stamped within the Akasha of Life and Your Own Akashic Divine Blueprint for All To See!

"May All Be upstanding now, please to Honor Peter and His New Movement for the Greatest Good of All Concerned Upon Earth and for this Solar System of Worlds. In Love, Light and Life, let Us Bid Him a Victorious, Graceful and Harmonious Narayana Journey to achieve His Mission. And So, It Is!

"Congratulations Peter, before I go, Know this; that those who will join you within the tasks ahead will also have to come before Me by their own Invocations and Decrees, and once they have assured Me of their intentions and I have looked into their Hearts and seen the Truth by which they live their Life upon Earth and show Me their desires to be in God's Service until this is Ordained By Me, then you shall have to wait until they do. Have Patience, Dear One and allow everything to unfold All in God's Own Time. You have Legions of God Intelligence from all 7 Spheres behind you Now, I have Invested Myself in You, ask for that which you need and open your Heart to receive. Be very mindful for your needs to rest as the times approach when recalibrations arrive. Follow your Heart, Dear Soul!

"If the New Disciples who are reading this account of the Elemental Grace Alliance, and have a Draw to be a part of this Mission and Movement, then come forth and speak to Peter. If you have your own Mission to place in Movement, then study this Structure, for it will do you well to follow the steps within it. All it takes is your own acknowledgement to Your 'I Am' Presence and the Christ Within and the dedication to set to the task with full and total, unwavering commitment! I await your calls to come before Me! I Love You All and Hold each of You within the Bosom of My Heart! I Am Vesta, Blessing the Mighty Victory of Peter's Movement and Mission with Beloved Jesus the Christ, the Heavenly Father's Light and Divine Mother's Love! And It Is So!"

PETER: 'I Am' so Honored and Blessed with this, but it all seems so surreal to me. I am sure it will take some time for it to filter through my entire being. But somehow, I still feel that this is not about me, I Am just the grounding rod that shall anchor the Light and Love of God, just as Jesus did during His Incarnation upon Earth, just in a different way. 'I Am' Open to Receive All That 'I Am' in God's Holy Giving! In Love and Blessings to All, I shall keep on keeping on! Oh God, I just felt my shoulders rising again!
