

## Part 2 - 8<sup>th</sup> Activation - Light Group

---

### WORDS FROM PETER VESTA INVESTMENT

Blessings Dear Hearts,

I have received a number of emails privately that concern the uncertainty of making such a Pledge and commitment to any Plan, let alone this Elemental Grace Alliance Divine Plan. To be giving one's eternal Covenant to anything for this lifetime, let alone any number in the future, is a very daunting thought to the human experience.

So, I wish to share this in the event anyone else is having second thoughts. I am sending this to all and make no reference to anyone in particular. So, treat it as how relevant it may be and, more than that, just how exactly are the information and signs that have been placed around this event, from the Cosmic Alignment of planets to the latest Astrological and Gene Keys overlays and the latest Discourse from DK about stepping off the Yellow Brick Road and coming Home!

Here is what I wish to say:

Dear Brothers and Sisters

Any reaction from an emotional or mental sense can create uncertainty. I say reaction because if one responded, they would be coming from the Heart and not the mind.

No matter, let us look at this from some basic Truths!

1. There are no such things as coincidences.
2. You are always exactly where you need to be.
3. NOTHING is given to you that you are not ready for!
4. Your ego personality reacting is not your 'I Am' Presence Being.

Any questioning about this Covenant is coming from an insecurity within your personality ego mind, and this will always set you in a place of uncertainty.

So, there is an element here where Trust is being called for. You have Trusted yourself this far, all the way through all the Light Programs. These were your tests in Standing Forth in

your own Inner Convictions of your Own Divine Soul Purpose. To prove this, what is your Heart telling you right now?

The Cosmic Law, Dear Ones, is at play here, and I can tell you-you would not have come this far if you were not ready! You would have been removed long ago! You are part of this Soul Family!

But do not take my word for it! You have to Feel it, Know it and Open to it with and through your own experiences. In the latest Discourse Yellow Brick Road from DK, He says this:

“Your optimism, enthusiasm, and pure intentions to take the next steps in your own Evolution must be tempered is Sound Adherence to your Inner Guidance and the Revelations that are presented to you via your own experiences and Heart Knowing!

“The Lord Buddha has said that We must not believe in a thing said merely because it is said; nor traditions because they have been handed down from antiquity; nor rumours, as such; nor writings by sages, because sages wrote them; nor fancies that we may suspect to have been inspired in us by a Deva (that is, in presumed spiritual inspiration); nor from inferences drawn from some haphazard assumption We may have made; nor because of what seems an analogical necessity; nor on the mere authority of our Teachers or Masters. But We are to believe when the writing, doctrine, or saying is corroborated by Our own reason and consciousness. *“For this,”* He says in concluding, *“I taught you not to believe merely because you have heard, but when you believe of your consciousness, then to act accordingly and abundantly.”*

“So, this formation of another New Seed Group is another opportunity to be of Hierarchical assistance in inaugurating the New Age methods and techniques and to train Groups (for it is a Group Age), which can express the New Age types of work. In previous attempts in Teaching the 14 Rules for Group Initiation, prior to these, that began by the Elemental Grace Alliance, certain group limitations-initiated difficulty and led to the closing of several individual groups. I assigned the major failure to such inactivity of the Heart Centre in the majority of the past members; this leads necessarily to inadequate integration. This has not been part of any of the Trial Study Groups here to date; We are very pleased to say.

“I mention this now because I would urge those members who have been selected to Work in this New Group to bear in mind that they may quite easily carry such manner of tendencies into this New Group. Please be sure within yourself why you have come, you are here because you are meant to be here. But while any conflict of personality interest is present, your full and undivided attention has the potential not to come forward!

“Only a fresh dedication and a renewed *aspiration towards inspiration* can prevent the recurrence of certain static tendencies; only a Clear Vision of the nature of glamour and of its effects in the individual and Group Life can eliminate the danger of infection from that old

tendency; only a Humble Spirit which is not occupied with the faults and failures of others can prevent the injection of an attitude of criticism and judging; and only an attentive watchfulness on the part of a certain few of the Members can protect this New Vehicle from a collapse based on inexperienced self-confidence.

“I am endeavouring to remove out of this Group even the slightest elements, which might perchance handicap not the Group per se, but a Disciple or Initiate. Group Unity is not dependent upon personal sympathy, personal liking and understanding, as it may exist between the group members, *but upon the capacity to absorb and assimilate, to uplift, to change and to transmute those units which seem at first to be uncongenial or even unsuitable - from the limited point of view of the Group Member or Membership.* In the past decades, this has been often overlooked, but upon the capacity of those here today, Group success is a Vision We shall Hold with you”!

So, this is the matter at hand, are you in your Heart, or are you in your ego mind when questioning this final Activation?

I propose two questions here, 'Do you have a fear of making a mistake in your choice here? Which is you, the human being who wishes to continue to be in control of your own present beliefs, or the Human Adam/Lilith Kadmon man or woman, who releases all control and Let's Go and Let's God, your Own 'I Am' Presence to move beyond all controlling mechanisms? The 'I AM' does not make mistakes! The 'I AM' IS!

You have made or are attempting to make a decision based on something the mind cannot comprehend, it is trying its hardest, but it is simply not possible from this standpoint. Have you ever considered that you have already made this Pledge while you had the Mind of God? The MIND of Infinite Intelligence beyond all human intellect? Have you considered that you are exactly where you need to be right at this moment, today being the exact day of a Cosmic Alignment where Pluto and Vesta are in the Heavens offering such an Investment of Energies? It is only what you ask for that is given unto you! That is the Law! Cosmically speaking, can the human mind ever understand the timing of such an Event? Was this created by any human decision or choice at all? Can the mind comprehend millions of years, 1000's of incarnations to arrive at this very Now Moment to make such a transition possible?

If we were to take on board and understand we Are the New Christed Beings to walk this Earth, would there not be an Inner Knowing that could only be Acknowledged from within the Heart of All Creation? In our Universe and the reflection of that Solar System being expressed within this human biology, our '*Solar*' Plexus and Human Heart!

Beginning now, we are entering a time where the Laws upon this planet shall be able to be broken, and that includes the Laws of Existence, The Laws of Time and Space. Remember the interview with Michael Roads, who continually broke the Laws in his garden, well, the State

of Stillness of no mind will be the foundation of such changes. Breaking such Laws is not related to the Divine Consciousness per se, but the Laws that pertain to human reality!

I Know you are all ready, and I Know you all have already had the Investment of Vesta Energies, what all of you do not have right now is the full alignment of your personality with your Soul and Monadic Bodies. Do you think for one moment that you would be here in this Group without having done this when you had the Mind of God before this incarnation? We are just recreating that moment from within a physical human plane of existence. This Activation is as illusionary as being human! Do you see? It is just the experiences we have come to attain while in physicality to raise the Consciousness of a Planet from the bottom up and not from the top down! It is all about the process, not the Result! It is about the Self Realization for the ego personality to FEEL the Truth from within the 4 Lower Bodies before we "**Return Home**" to where We have all come from, wherever that may be.

Finally, not having an open communication to your 'I AM' Presence right now is not the end of the world! In fact, it is just the beginning of a New One!! After the Vesta Activation, within a few weeks, we begin to focus on this in a much more dynamic way! It is time to Trust and have Faith; call in your 'I Am' Presence for Guidance, and if you choose to do so, go to Vesta and make whatever Vow you wish.

I tell you that the Investment of Energies have already been Granted for the whole Alliance Council, it is clear and so well defined it cannot be misunderstood. What you are doing is simply aligning the Love that you Are, The Service that you wish to Provide in whatever way it may Shine Forth through your Rays, to join this Divine Plan the Be Of Service to God, to Humanity, The Elementals, Devas and Angelic Host, the Animals and the Plants and of course, a World in Need!

I give you fair warning, though, if you remain cautious or unsure right now after this response, then do not go any further. You have come this far, and so another opportunity will present itself to you, no problem, tomorrow, in a week or next year? It is all a matter of Letting Go and Letting God! Listen/Feel within for the I Am to Guide you!

All this then remains in your hands. This is between you and your 'I AM' Presence and nothing or no one else. Only you can make this next decision.

Follow your Heart Soul from intellect to Intuition (Divine Consciousness). It does not need to be late in coming; it is here Now to Create Instantaneously if you allow it!

I Love You All,

Always and In All Ways!

I share all this with each of you for any further considerations that you may deem appropriate.

I close with this Excerpt from the Yellow Brick Road Discourse.

“Seek then, the Mighty Powers of Peace, Dear Brothers and Sisters, and turn that Divine Peace into the Beauteous and Bounteous Joy that it Beholds as a Beacon of Light! Ignite that Light within you and Shine it forth at every opportunity. Travel no further along the Yellow Brick Road than you must! Return HOME at the first opportunity”!

In Love and Light.
