

Part 12 - Opening Remarks - Prelude - EGA

UNIVERSAL RESPONSE TO MY FEELING UNEASY - SHEKINAH - PETER

PETER: I now call upon Shekinah of the Elohim and respectfully ask for a response as to my Proposal and what suggestions may be offered at this time, so I may continue or not as the case may be?

I spent many long hours refining my thoughts so that I may honour your request of me to *'reduce my ideas down to a single desired Proposal'* so as to give a clear and defined intention for the purpose of the formation and creation of The Elemental Grace Alliance Council. Time passes so quickly! I now put forward my refined focus of intention, and so, now put this forward as my Proposal in these words.

"To change or rewrite the Divine Charters with God for the Elementals and Nature Kingdoms so that a radical and significant shift can be made toward humanity's conscious awareness regarding their interrelatedness and co-creational abilities for a more active and mutually beneficial co-creative collaboration together."

The response was immediate!

SHEKINAH: *"'I AM' Shekinah, thank you for taking the time to find a more direct and focused Proposal as was asked of you. Indeed, you have turned many heads on this side of the veil, and the interest has been gathered at all Levels of Consciousness that you have suggested and, indeed, many more! What you are asking, Peter has some very great consequences assigned to it again, and it is because you are suggesting changing some of the specifics of God's Own Universal Laws, this is by no means a simple process. This is not even as simple as God Granting a Divine Dispensation for humanity or the Elementals. Certainly not from a human standpoint and not even from the Levels of Consciousness that would have to be consulted and confided in.*

"What you are asking now is not to offer suggestions for humanity to change as you originally were speaking of, but now you are talking about changing the way Creation takes place by the Lesser Builders of Form, indeed the Elohim Themselves! There was Great Surprise when this declaration was sounded throughout the Universe where it was heard, might We say, with some deal of scepticism. It indeed raised more than a few eyebrows, so to speak! But as We have seen before, the human mind, within its simplicity and naivety along with its purity of intentions, can indeed offer potentials for radical change that perhaps We had not fully considered or appreciated while holding onto the Greater View of the All That Is! This Proposal changes the original considerations for such a Council. This Proposal shall now require a different approach and one that indeed will remain closed to any Levels of Consciousness other

than those who are directly in Alignment to and Responsible for it. These will be the only Levels of Beings who will be allowed to partake within any such Discourses."

PETER: I could feel myself sort of spinning, for this really took me by surprise, and I was somewhat overwhelmed by the comments being made here by Shekinah.

SHEKINAH: *"Peter, you are not connecting with Us securely, so, We would suggest that you close for now and take some more time to deeply relax and find the Peace that will be required to continue this discussion. Meanwhile, know that your Proposal has been received, and there shall be many discussions on this side of the veil as to how We may proceed from here. You know that I cannot take charge of this process but only respond as a Mediator/Administrator Who shall sit over such Discourses and proceedings, guiding where necessary. This shall be your Creation, and the process shall be grounded through you upon the Earth Plane. The implications are Grand here, Peter, and it will take a Greater openness on your part to look at it even more deeply than you have already.*

"Take some time to review what has been shared, open to other levels of communication and Trust that all shall be revealed to you at the correct moment. Time is of the Essence, but in saying that, there can be no rush! You know what 'I AM' referring to! There is no room for error! Absolutely NONE!

"I AM' Shekinah - Adonai."

PETER: Thank you, Shekinah, I will leave it here for now and allow it to open again in due course.

Blessings.

Once again, I found myself in this dilemma of not really knowing what to do apart from opening my heart once again when I felt at Peace. What do I mean by feeling at Peace? I mean to find that place within me where my personality was no longer present. Not an easy task for me, I can assure you! This was the Key to finding the solution and resolution for this desired Universal Charge for this mission.

While I was awaiting my next moment of Peace so that I could go back into that Impersonal Space, God spoke to me once again, but this time through my Beloved Sue. I was sitting at the end of our bed when she asked if she could read to me what she had read last night when she awoke at 4 am. It was the reminder I needed to dive right back in where I left off! Sue was reading a book by Joseph Benner called *'The Way To The Kingdom'*. Written back in 1932, and this chapter, although very short, was part of another book he channelled directly from God called *'The Impersonal Life'*. Although the copyright has now expired, there are publications available to purchase, or you can go online and get downloads of the book here,

I would highly recommend all of Joseph Benner books if you are serious about stepping into the Christ Consciousness. Here is what Sue read to me that put me firmly back on track!
