

Part 15 - Opening Remarks - Prelude - EGA

THE INAUGURATION OF THE ELEMENTAL GRACE ALLIANCE COUNCIL - PETER, 19TH JANUARY 2015

PETER: Today is the 19th of January 2015, and as I woke this morning, I realized that I was still deep within a dream! It was only yesterday that I completed my last communication with Shekinah, and the dream that I thought was a dream was actually me listening to Shekinah's opening Address to the Council and those who had assembled as part of the Elemental Grace Alliance.

It wasn't until after a few minutes of hearing His Voice that I realized I was dreaming, but in Truth, I was lying in bed with my head upon my pillow, hearing the Voice of Shekinah speaking. So, I removed any further thoughts from my mind and opened my Heart and settled in to listen carefully to Shekinah's Heart Sharing. It was not a long Address but one of extreme depth and meaning. With a total recall of the transmission, I place His Words here as part of the Official Opening and Introduction to begin the Grace Alliance Discourses. I am not at all aware of how they may unfold and can only Trust and have Faith that They will flow in accordance to God's Will and the Greater Plan's Design.
