

## Part 21 - Protecting The future - Elemental Grace Alliance

---

### PROTECTING THE FUTURE - ALPHA AND OMEGA, 3<sup>RD</sup> AUGUST 2015

**MOTHER OMEGA:** “Beloved Sons and Daughters of Earth, I Am Omega, your Holy Mother who Loves you beyond all measure, without limitations or boundaries and Who so Desires for you to find that place within you that you may once again Know Me in My Fullness as Your Holy Mother. This gathering fills Me with so much Joy and Radiant Bliss, Knowing that there lies within this Sacred Journey of the Heart another opportunity for My Children to come Home and embrace Me with Their Love and glad tidings after such a long time away from My Three-Fold Flame.

“I cannot tell you how pleased I Am to sit and listen and feel the Essence of these Discourses that are focused with such Desire, not only to find the Love and Communion between Each Other but then to share that Love and Remembrance with all who have lost their way, far away from the fold of My Warmth and Nurturing Arms and Heart.

“Beloved Archangel Michael, I cannot be more Grateful for Your ‘*Presence*’ and all the Work you do to make this possible. Thank you, My Beloved, for the Protection you offer My Children.

“I see through the veil many now who will join this endeavour and can only ask that you do your best. But most of all, do not strive to be better, in many ways, it is more about doing less and allowing Us, Your Beloved Parents, to do everything for you so that you can become more alive with Our Impersonal Divine Qualities of the Supreme Feminine Attributes. By your own self, you can do nothing! All you have to do, Dear Children, is to find the Peace and the Silence within you to allow Us to communicate and Love through You.

“We are so very close, yet for you are still so much further away than need be! Please allow Me, Omega, to place My Arms around you and guide you Home where you belong! Now is a time where words will have less effect upon your lives than action will. So, this is, if I was to offer any guidance as part of these Discourses, what I would say to you. It is time to truly place into action what you have come to Know and feel as Truth. Nothing else matters!

“This I encourage you with All My Heart, your training is over, time now to put into practice what you have remembered, there is no need to repeat, repeat, repeat your lessons any more. Take the next step, and you will be amazed with how many Hands extend toward you to lift you up Higher and Higher! I Am the Mother, The Feminine Principles and the fulfilment of the Cycles of God Consciousness that is Divinely Expressed through Spirit/Matter Creation.

“I await your return with Arms open wide, I so Love You, My Children!”

**PETER:** Fortunately, I had a whole day before I would have to consider this situation more deeply. Today is the 5th of August, and yesterday I had a whole day of working. Being a builder, the job required a long day of working cleaning gutters, replacing a central heating System radiator, some painting and by the end of the day, I was knackered, if I can use that word here! So, I didn't have a lot of time to tune into what I felt was going to be a huge responsibility, as set out by Shekinah.

I had no idea how things would proceed from this point, only that I had to move out of the way and allow it all to unfold of its own accord.

I sort of began thinking what the next round of Discourses could focus upon as a theme, and could not have imagined just how aligned or how quickly it could all happen. It was getting so aligned, in fact, that I could put together a vast amount of information before even getting to the next speaker. Me!

As the last round of talks came about through a bee transmission, I wanted to offer the bees again the same opportunity to give me some guidance as to what to focus upon. After the last communiqué, two days, in fact, I received an email from Amazon advertising some books on bees and because I had bought several a month or so before, and my connection to bees, one of the advertised books really caught my attention.

It was called simply '*Bees*', a series of lectures by Rudolf Steiner. As soon as I saw the name, Rudolf Steiner, I knew that it would be a very metaphysical book, so I ordered it. It arrived two weeks ago and has been sitting on top of our fridge ever since. Apart from reading the back cover and flipping quickly through the book without focusing on anything else, I have not touched the book.

Last night as I made my way to bed, my arm outstretched to the top of the refrigerator and picked up '*Bees*'. I had no intention, but as it was an involuntary action to take it to bed and read the first three pages. That was all I needed to get my thought processes salivating in anticipation for what was beginning to build the structure for the Elemental Grace Alliance third round of Discourses.

On the surface, it did not say a great deal, yet due to the Nature of what the Alliance represented, it spoke volumes to me. I immediately saw the connection to several of the last Discourses, especially from Sekhmet, Beloved Vesta, Omega and Eloah Peace. It was all about the Divine Feminine Attributes of Mother God and the Divine Love Substance that pervades All Life.

I cannot, not include this here, as it is another vital part of the sequential events that are now in full swing. As a side note, just these few pages also enlighten us about why the bee

populations are presently dying in such vast numbers it makes perfect sense! Mass production beekeepers today are reaping the bees honey, and supplementing their winter food with processed sugar mixtures, none of which hold the Love Essence within them that the bees so need to survive. Man's interference once again, in the absence of Divine Cosmic Love!
