

## Part 25 - Narayana and Divine Grace - EGA

---

### WEALTH - JOSEPH BENNER - MOTHER FATHER GOD - PETER

**JOSEPH BENNER:** *"YOU, to who I have given an abundance of that which the world calls Riches, hearken unto this My Special Message to you.*

*"You! Who are you that you should be thus Blessed above your Brothers and Sisters? Who are you that you should be given such a privilege when millions of your fellows apparently have nothing?"*

*"Have you ever asked yourself that question? Have you ever satisfactorily answered it? Or perhaps you think YOU did it all. That you have no one to thank for these so-called Blessings but yourself? Think you this is so? Let Us see.*

*"Did you ever wonder WHY you were born as you were, into the particular conditions that surrounded your entrance into this life?"*

*"Did you ever wonder why you had to contend with the particular conditions that surrounded and confronted you all along your journey up through life?"*

*"Did you ever wonder why YOU came equipped with the certain tendencies, qualities and powers of mind and soul you had while your brothers and sisters and even your parents were so entirely different or came much less fortunately equipped?"*

*"Have you arrived at any satisfactory conclusion? No? Then listen!"*

*"'I AM' Responsible for all this. I did it all. I chose those conditions for you to be born into. I Created every condition you met in life and forced you through them and through every experience of whatsoever nature. It was I who brought you to where you are today.*

*"You, of yourself, did nothing. That personality you call yourself is merely an automation which I move to suit My Purpose. Who 'AM I'? I, Who speak with so much Assurance and Authority?"*

*"Be Still and Know. 'I AM' YOU, Your TRUE Self. That Higher, Purer, Supernal Part of you that arouses itself as you read, which sits back and listens and judges or points out the Truth of these Words to your consciousness, and which from the beginning has guided and taught you all the Truth you know today.*

*"Not that personality you show to the world and which you THINK is yourself. Not that proud, selfish mask of a self that has been feeding you on error all these years.*

*"For 'I AM' your REAL Self, that Something in you which you KNOW has Made you all you REALLY are, that has inspired, and cautioned, and chided, and urged, and led you on and on,*

*despite hardships, obstacles, suffering, failure, until you have, in a dim, half-conscious way grown to rely upon it, without knowing definitely why.*

*“Yes, ‘I AM’ that Something. ‘I AM’ that Divine SELF of you, abiding deep within your human personality, almost stifled by its worldly ideas, its selfish desires, its foolish pride and ambitions, yet ever seeking, longing, yearning to make you conscious of My Existence, of My REAL Identity.*

*“Yes, My Child, that Something ‘AM I’, Who from the Beginning have been sitting here within, quietly waiting for this moment. Yet while waiting, it was really I Who was guiding you all the time, Who put each thought into your mind, made you do everything you did, and Who utilized the foreknown result of each thought and act so as eventually to bring you and others to a final conscious recognition of Me.*

*“And if I have permitted you to feed on these worldly ideas, to follow these selfish desires, to grow fat with pride, and even to gain the summit of all your ambitions, it was only that you might learn the hollowness of it all, and that you could awaken to the realization that there is something else, something which the SOUL of you yearns to bring forth.*

*“Yes, I have “Blessed” you by giving you all these things you sometime in the past desired, desired so strongly that you FORCED Me to give them to you. For Desire is the agent of My Will and supplies you with everything you want if you want it with sufficient power to compel It to serve you.*

*“But have these things proved the Blessings you thought and expected? Have you gotten out of them real enjoyment, and is your heart now at peace? If not, why?*

*“It is only because you have failed to recognize Me, your True Self, as the Giver and have used them not at all in My Service, but only to satisfy your own selfish pleasure. But I have allowed you to indulge yourself to your heart’s content with all such empty joys, even leading you on from one to another, holding out to you the possibility of finding in some new bauble, or sensation, or accomplishment, or power, that something you craved, but which, alas! You have never found and never even glimpsed - except, perhaps when in the hours of deeper remorse and penitence, you turned from this world of self you created around you to the Ideal within and dimly sensed THERE My ‘Presence’.*

*“Ah, Dear Child, I have indeed given you these Blessings, and they ARE REAL Blessings, for they are My Special Sign of approval to YOU.*

*“But the Blessings are not what you think them to be. The real Blessings are in the Qualities I have developed in you in the acquirement of these riches, in the attainment of these desires - the Qualities of determination to win, of persistence of purpose, the power to do, the ability to Master every natural fault and weakness that stand in the way, all of which are but different phases of My Will, the USE of which I have been teaching you, that later on I can manifest in*

*and through you, with your consent, My Will in Spiritual Ways, even as you have been manifesting It in worldly ways.*

*“In other words, all attaining, whether it be of money, power or fame - in art, literature or music, science, philosophy or religion, is but so much training in the USE of My Will. And therefore, labour, business, science, religion, the arts or the professions are merely incidents or the outer means I use to develop in you the CONSCIOUS use of My Will.*

*“You may think it is YOUR will that is so acting, but so long as you consider yourself as separate from Me, and you use this will only to please yourself, it naturally is self-will, and that is why it brings you no lasting or tangible good, only trouble, unhappiness and heartache when the novelty of possession wears off. And so, of course, you cannot know Me, and therefore cannot acknowledge that ALL that you do, or have, or suffer, is but the result of the action of MY Will working thus in and through you to bring about My Purpose.*

*“But the time is coming when you will understand somewhat of this. Hence this Message. Hence this special favour to you.*

*“You may ask, why I, God, the Omnipotent One, the all Good, the all Wise, made such an unequal distribution of My Blessings, of My Substance, of My Intelligence, of the use of My Will, giving to the few the vast surplus and to the many such a pitiful lack.*

*“You may well ask, for that is the problem I have given you, and all, to solve.*

*“But as I have enabled you partly to solve this problem, even though you do not know it, I will now disclose to you some of its apparent mysteries.*

*“KNOW, My Child, that I give nothing to anyone unless that thing has been earned by him. By earned, I mean grown ready for it, through desiring it so strongly that he finally draws from Me, his All-Powerful, Perfect SELF within, sufficient Life Force and Vital Energy to compel conditions and circumstances to yield up and other Intelligences to supply the necessary Means and Substance to provide form or actuality for that thing.*

*“So, it is that sometime in the past, either in this life or in a previous existence, you had arrived at the point where I could inspire in you the Idea of possessing Wealth. I could do this, for you had grown in Soul Stature and strength so that it had come time to awaken and develop in you certain of your Soul Qualities and faculties which I needed for use in My Service.*

*“So, I implanted in your mind the Idea of possessing Wealth or Riches. This Idea, following the usual course of Nature, in the process of time, put forth its rootlets within the soil of world conditions. These rootlets of determination, persistence, daring, doing, saving, seeing only success ahead, undiscouraged by obstacles, never recognizing failure, pushed their way unerringly to the most fertile soil through and past all obstacles, deep into the earth nature. Likewise, and at the same time, a little shoot from the Idea pushed its way up towards the Light and gradually began to show itself above the surface of your mental and material life.*

*This shoot, which was the STOCK of the Idea of Wealth, grew fast when once firmly rooted, and it soon became a sturdy, wide-spreading tree.*

*“That tree is the outward manifestation of your life today. The nature and kind of a tree is what your character is. Its leaves are your money. It's fruit just what the possession of that money has meant to you. If there is decay or unsoundness in root, trunk or branch, it is because of error, wrong or disease somewhere in the tree, which finally will destroy it unless remedied or removed.*

*“Is there any error, wrong or disease in YOUR tree, My Child? Are there any worms gnawing their way into its heart? Let Us See. Let Us search deep beneath the surface soil of world conditions, with its finely worked out system of ‘legitimate’ methods and its politically gained protection of the law. Let Us look underneath the bark of selfishness, with its human beliefs and opinions regarding the rights of the strong. Let Us peer into the cracks and crotches, the dark places in your life which are carefully hidden from the world. Let Us look unflinchingly into all these places and see if there are not some rotten spots.*

*“Have you attained all this Wealth by absolutely honourable and righteous methods? Has any part of it been gained by sharp business practices - yes, legitimate from the law's standpoint, but not from Mine, your True Self? Was part of it gained by deception of friends or partners? Part by taking advantage of trusts imposed in you. Part by going through bankruptcy and settling for a percentage of your just debts? Part by riding roughshod over weaker Souls. Part by deliberate fraud? Part by any means which aroused a protesting voice within you, and which voice, in moments of quiet and solitude, ever appears to remind and accuse?*

*“Ah, My Dear Child, can you truly say that none of the Wealth you possess is thus tainted? Yes, I know and understand.*

*“And Dear One, if you have suffered, and have regretted, and are now seeking to make restitution, it is because you have listened to My Voice and are beginning to recognize and long for My Guiding Influence in your life. But if you deny and loudly proclaim that none of the above applies to you, and you still refuse to listen to My Loving Voice Within, wee, faint, almost drowned by the loud tumult now going on in your heart, - Know, Dear One, that you, too, must suffer, must enter into a life of heartache and misery and sorrow, into which I must plunge you, in order to purge your Soul of the pride, self-will and self-love that now control you. So that you, too, can awaken to My Love and thus Learn to Hear and Know My Voice, ever seeking to point out to you the True Way of Life.*

*“As for your brothers, many, very many, I do not yet deem ready to receive the Idea of acquiring Wealth. In many others, the Idea has been planted, and they are merely feeling the Quickening Power of Desire, My agent. Others are forced by Desire to think and strive and are beginning to see the means of future acquirement. And still, others are in the act of producing tangible results.*

*"With all, however,' I AM' merely using the Idea of Wealth, and the Motive Power of Desire for its acquirement, to develop those Soul Qualities and mental faculties which will enable Me finally and fully to bring into Manifestation their Real Self, I, God within them, that through them My Will may be made manifest on earth even as It is in Heaven.*

*"With you, My Blessed One, in who I have brought to complete fruition My Idea of Wealth in the form of Money and Possessions, and who, as My Trusted Ones, are now capable and ready consciously to co-operate with Me in its use in My Service, when you can be convinced that I, God, will direct you in such use, - know that soon, very soon, you will become conscious that I Am within you, and that you need not go without to any other authority to learn this great fact. For I will cause you to KNOW that 'I AM' leading and guiding you and will gradually open up to your consciousness My Plan and Purpose for the Use and distribution of ALL that I have given you.*

*"You, who have already heard My Voice within and are seeking to satisfy Me by giving a portion of your wealth to churches, or libraries, or scientific research, or charity, or settlement work, or other enterprises thinking My Voice can be stilled that way, and that the yearning hunger in your heart may be thus appeased:*

*"Know that such acts are all in vain, for never can I thus be satisfied. My Voice will become only more insistent as you strive by giving merely a portion of the wealth you hold and which is ALL Mine and none of it yours, in such effort to please Me. For, My Child, 'I AM' already pleased with you. Are you not what I have made you? Is not all you have done what I permitted and even caused you to do?*

*"And if I have permitted you to try to propitiate Me by using your Wealth in such manner, it is only because such was all I could make you understand at the time of My Purpose surging within you. Therefore, when, in your desire to please Me, you attract to you many who ask you to give of your abundance to this or that charity, to this or that project for helping humanity, and what you call your business judgment tells you what is given will not be used properly or wisely for such purposes, and you do not respond, - know that you have likewise been led thus to refuse by Me, Who thus chose for you, even as I chose for you to give to those other enterprises, and all this for the fulfilling of My Purpose.*

*"For I have not only Reserved this Wealth, I have given you for a Special Service, and I have chosen you as My Agent in its distribution in the way I shall disclose to you all in due Season. But 'I AM' preparing your human mind so that you can understand it is not your Wealth I want, but YOU. I want you to know that you and I are One. that I, Your REAL Self, must now rule. That self-will and self-pleasure must dissolve to nothing, and My Will and My Pleasure must live and be FIRST and ALL with you from now henceforth.*

*"Therefore, 'I AM' preparing your mind so that I can speak direct to your Soul Consciousness from within, and 'I AM' Quickening your heart so you can become wholly conscious of My 'Presence' therein.*

*"So, beloved, if I say I want YOU, ALL of you, heart, soul, mind, body - all you are, all you have, all you ever hope to be or have, I say it because I want My Own, - YOU the Mortal expression of My Self.*

*"The time has come when you must know We are ONE, that there is no separation, no difference - only as you think there is. Hence, all you have or are Mine and always has been Mine and Mine only. And now I claim My Own. My own MUST come to Me. My claim you MUST recognize. And you MUST give back ALL - every penny, your home, lands, securities, business. Your body, intellect, heart, faculties, will, your whole personality - every loved possession, even the dearest treasure of your heart.*

*"For not until you have brought all and laid them at My Feet, and said, 'Here, Father, take ALL. Take and use, and only let Me Serve Thee. Command, and henceforth, I will obey.'" Not until you thus come in true humility, with a desire as strong to give to Me as the one which impelled you to get for self. Not until your Soul is so possessed with a yearning to serve Me and to rest Its wearied heart in My Love that It can no longer be denied, - can you ever enter into My Kingdom.*

*"Long ago, to another people, I said, 'It is easier for a camel to go through a needle's eye than for a rich man to enter the Kingdom of God'. This is just as true today. For he who I have deemed worthy to express the Qualities of Soul 'I AM' now expressing through you cannot easily humble himself, - cannot reduce that haughty personality, which so long has led and ruled, so he can go through the narrow gate of self-abnegation and self-denial.*

*"Yet I say unto you, you must come to that if you would enter into My Kingdom. This is all foolishness, you say. You cannot enter the Kingdom of God here on Earth. Even if you could, you would have to be shown of what practical value such an attainment was to one in business, with a family and all the associations and responsibilities of large and varied interests.*

*"Let Us see if it is not possible to find that Kingdom and to enter it right here on Earth. LISTEN! And ponder. Are you not seeking Happiness, Peace, Health, Love, the Fullness of Life here on Earth?*

*Think you, you will find them in the things and practices of the world? Have you not learned the futility of that?*

*"Think you, you can be truly rich and truly happy when millions of your brothers are in poverty and misery?*

*"No, My child. Not until you have risen above all the illusions of this world of yours, have had your sight cleared by misery and suffering, have felt the poverty of love, have hungered for the TRUE Bread of Life, and have finally gotten a taste of it through forgetting self and serving your brothers, with My Righteousness as the guiding influence of your life, - can you ever find*

*true happiness, find that peace, that harmony, that love your Soul craves. But when you HAVE found THAT, then you have indeed entered into My Kingdom.*

*“‘I AM’ come to you now to help you find that Kingdom, to make you aware of My ‘Presence’, I, that Something deep down in your heart that yearns for the highest, for PERFECT expression. that craves for the true riches of life, which now you know all the money in the world cannot supply.*

*“I, God, within you, AM speaking straight from out the depths of your heart, from My Kingdom there, sweeping aside all your accumulation of worldly ideas, beliefs and opinions, and AM Talking Direct to your Soul Consciousness.*

*“For the time has come when you must awake to your Divine Mission, to the REAL Purpose of your coming into this world, into this life, into this personality, into the possession of these Qualities, this ability, which entitled you to be the Custodian of the Wealth, I have given you, - but only for such Purpose.*

*“The time has come for you to know this, to Know Me, that within you which gave you this desire for wealth, which gave you the power to acquire it, which inspired and impelled and guided your every effort to attain it, and finally which now gives you the desire to use SOME of it in My Service.*

*“Can you not see that Something is I, your own True Self, yes, God Within you, the only God you will ever know, the God Who is not only dwelling and working thus in the Kingdom within you, but within your every brother, be he high or low, rich or poor, wise or ignorant. The God Who is gradually evolving your human personalities, with their mortal bodies, minds and intellects, so that He can eventually, through you, express ALL of His Divine Qualities, even as it is in Heaven?*

*“So, I have been evolving and unfolding you so that I can find perfect expression through you, just as I evolve the Rose, first the bud-shoot, then the bud, finally unfolding its petals - so that through it I can show forth some of My Perfect Fragrance and Beauty.*

*“But you, I have chosen to be a CONSCIOUS worker and expresser with Me. I have chosen you to be the means by which ‘I AM’ going to bring great Joy and Happiness into this world of sorrow, discouragement, discontent and misery. I have chosen you to be the avenue through which ‘I AM’ going to pour many Blessings into the hearts and lives of thousands of your brothers and sisters.*

*“Would you like to work thus with Me, My Child? Would you not like to be such an avenue to participate in this Joy and Happiness, to become a partner with Me in its distribution - with Me, your own True Self? Think! Think what it would mean! Is it possible? Could you really be a participator? You ask.*

*“Yes, and all you need to do is to turn within to Me, with perfect Faith and Trust, and Let Me show you the way. All it needs is for you to be CONSCIOUS of Me, abiding thus in your heart,*

*inspiring your every thought, word and act, no longer listening to self-will and self-interest, but only to Me, your Higher Self, as I tell you of My Plans and open up to you the wonderful visions of what I have in store for you if you faithfully follow My Instructions.*

*“Ah, My Child, if you only would! If you only could Know the Glory that awaits compliance with this longing surging in your heart! Then indeed would you be in Heaven, right here on Earth. And such Joy and Peace and Rest would be yours that your very Soul, even now at the thought of it, almost bursts its bounds in its yearning that it may be.*

*“Then would Life be a continual song of gladness, for the Sun of My Love would Shine continuously from out your heart, lighting and Blessing you all along the way. Then would We Joyfully start out each day to Our business or task, be it whatever it May you Letting Me do the Leading, and you waiting upon My Every Word, resting and trusting absolutely in My Wisdom and Judgment, KNOWING that the thing We do will always be just the RIGHT thing and that all that We do will bring SUCCESS, no matter what We undertake.*

*“How would you like to form such a Partnership, My Child? Would that not be better than spending most of your time worrying about business or investments or what to do with surplus, income, or profits in order to get the most returns for them. Fearing continually, when approached by friends or acquaintances, that they are trying to interest you in some favourite scheme, or in some unwise speculation, or some craftily conceived plan to relieve you of some of your money?*

*“Yes, if you would but enter into Partnership with Me, Letting Me be the Elder Partner throwing all responsibility upon Me, then indeed would you be relieved of all this, and you would find, instead of cares and burdens and problems, now so exacting they leave you not one moment's peace of mind, that all this has been lifted from you forever, and Life has become one glad round of happy days, filled to the brim with Soul satisfying experiences because wholly devoted to making others happy.*

*“And now, My Child, what say you? What are you going to do about it?*

*“I have shown you who and what you are. That you are nothing. That ‘I AM’, and you are NOT, - you being only one of My mortal Expressions, which I have brought into being in order to manifest on earth through you some of My Divine Qualities, and to bring Joy and Peace and Good Will into the hearts of many of My other and less complete Expressions.*

*“I have shown you all this. And you may not believe it. But that makes no difference. You can believe or not, as you choose. But whichever you choose, Know it is really I, Who choose, and not you. And if you disbelieve, it is only because ‘I AM’ not yet ready for you to entertain this belief. For you still have many disillusionments, disappointments, heartaches and sufferings to go through before you can come into True Understanding of My Meaning.*

*“But mark you, My Child! The Words I herein speak are seeds ‘I AM’ planting in your heart, and they will germinate, and the time will come when the Truth of them will appear plainly to*

*your understanding. Then you will know 'I AM' in you, that 'I AM' YOU, that I, your TRUE Self, must and Will Rule. And that all I have said herein shall blossom forth in actual manifestation in your life.*

*"You who understand and whose heart urges you to enter into full Partnership with Me. You, beloved, I herewith promise, shall soon partake of the Heavenly Joy that awaits. In the meantime, your work lies before you. You must BE STILL and learn to KNOW 'I AM' GOD, WITHIN you. You must study and meditate on this and My other Revelations. You must realize that I, God, AM all that there is. That I gave you all, and that I can take away all.*

*"You must accustom yourself to this Truth and must make ready to give back all to Me for USE in My Service. But, Dear Child, in giving all to Me, fear not. I, God, AM no outside person, I Am only your Real Self, your own True, Wonderful, Perfect SELF. I ask you to give to no one but Me, your TRUE Self, and then only that I may direct and guide you in its USE. Instead of holding for self, you now will hold for Me. Instead of seeking your pleasure, you now will seek only Mine.*

*"Henceforth you are to abide in Me and let My Words abide in you, and just to the extent you do this, you can ask what you will, and it will be done unto you.*

*"BE Still! - and KNOW 'I AM' - God.*

*"Know that 'I AM' Holding in Reserve for your wonderful uses for the Wealth I have brought into manifestation through you, uses different from any I have heretofore shown unto man. I have long been preparing you So that you can cooperate with Me in such use.*

*"How would you like to see Man, your brothers and sisters, many of them, thousands of them, hundreds of thousands, quickened as you have been quickened with the Realization of My 'Presence' within? How would you like to see them awakened to the consciousness of the possession of Qualities and Powers similar to those you possess, and which, with Me to guide and direct their use, will lift them and you to such heights your human minds now cannot conceive?*

*"How would you like to see the down-and-outs, the failures, the discouraged, the discontented, the weak, the sick, all Awakened to their Divine Heritage, to the Knowledge That ALL That I, the FATHER, have is theirs. And that each and all can be shown HOW to attain it - all that WANT to Know and ASK to be shown?*

*"How would you like to live in a community, in a world, where all were alike expressing My Highest Qualities and Powers, where each was seeking so to eliminate his personality, with all its limited, selfish ideas, beliefs and opinions, that My Perfect Life can express?*

*"Would that not be a beautiful world? Would that not be the Real Heaven? Dear Child, that is what is coming into manifestation. It is coming despite all appearances to the contrary. The Realization of this Heaven has already come to many. It is coming soon to many more, and*

*later to all, as My Quickening Power is brought to them, even as It has now been brought to you, and which first must come from without, before it can manifest Within.*

*"If you would like to hasten it's coming, Dear Child, I hereby give you that Privilege. If you would like to help, make it possible that thousands and thousands of your brothers and sisters can come into the Great Awakening, can come into possession of My DIVINE Qualities and Powers, then Beloved: **Turn Within to Me, and seek earnestly to KNOW My Purpose, Pray unceasingly, until I disclose it All, My Blessed One. Ask, and ye SHALL receive. Seek, and ye SHALL find. Knock, and it SHALL be opened unto you.**" End of Insertion.*

*"And So It Is Peter, it is late, so let Us call it a day and come back together again in the morning! Bless you, Dear Soul, and Thank You for all Your Loving Commitment to this Mighty Plan."*

*"You are welcome. See you again in the morning!"*

Next Morning

**PETER:** Good Morning, Mother, Good Morning, Father.

**MOTHER FATHER GOD:** *"Good morning, Son! Did you have a Good Night?"*

**PETER:** Well, that would depend upon what consciousness I would answer from. My humanness would say I had a dreadful night, nearly choking to death and unable to sleep until early hours of the morning and having tremendous pain in the centre of my forehead from which I passed out, only to wake again soon after. No, I had an awful night. Then again, from My Higher Self-perspective, I had a Fantastic Night, Bless You! Having finished Our dialogue around 11:30pm and going straight to bed, I felt energetically wired to the core! No way was I going to sleep.

My mind wandered all over these Discourses, and Visions came in from every direction, ideas flooded my being, it was incredible. Then suddenly, I began to choke. So, as not to disturb Sue, for now, it was around 1:30 am, I moved into the spare room. Got settled, and yet still no sleep in sight, hours went by still with all these visions and thoughts, and then suddenly I had this huge pain in my Third Eye region of my forehead. It was severe, yet I decided to sit with it and see where it would take me. As I focused all my attention upon it, I passed out! Seemed like only minutes to me, but it could have been any amount of time, I woke again, still wired with energy.

Then a screen opened in my mind, and I began to see writing, can't say what it was, but I heard myself ask, so what is my Resonance now? As you Know Father, Sue and I monitor our Resonances on a scale that we have devised ourselves that relates to 100%. Each gradient

defined by 1000 points. So, 50% would be 50,000 Resonance which simply, for us, indicates the percentage of Our perceived position as to how much of the Christos Consciousness has been Embodied to date. Anyway, checking 2 or 3 days ago, I had a huge drop down to 30,000 through some collective release that I was embodying.

But I had come back up again and fairly stable at 58,000 or around there somewhere, which was the highest I had been to date. Asking the question last night in that altered state of consciousness, after all this writing, the number 77 appeared so clearly on this whiteboard, and I immediately interpreted it as 77,000. Checking this morning, I discovered that I was at 77,000, 77%. Thank you for asking Beloved Mother, Yes, I had a fantastic night!"

**MOTHER FATHER GOD:** *"We have such huge smiles upon Our Faces, Dear Heart. Remember that such games for self-understanding are what I play for My Own Use! You heard Me tell you all that, Right? Last night, because of your Covenant with Me Through Beloved Vesta, your Re-Calibrations have begun, and you have not even reached the final pages of the book! That was Our Promise to you or anyone who may Surrender Themselves to Me and My Plan for them! It Is My Law!"*

**PETER:** Just the same, I feel exhausted and are still buzzing like a faulty electrical connection on the inside. I have the desire to finish these Discourses today, if possible, so can We proceed as I have a hospital appointment at 5pm and must leave here around 4 o'clock.

**MOTHER FATHER GOD:** *"Faulty connection, I don't think so! Old connections, preparing for Greater Amperages, more like it! Yes, as you wish, Dear Soul! Where would you like to begin today?"*

**PETER:** I would like to talk about numbers, please.

**MOTHER FATHER GOD:** *"Very well!"*

**PETER:** "Over the past, oh, I don't know, 7 days comes to mind, it has been brought to my attention that the book part of this Elemental Grace Alliance Council is fast approaching 777 pages in total. With the 77,000 Resonance I sit with this morning, the idea of completing this book with 777 pages, I have to accept that this was all part of Your Grand Design! And so, with this in Mind, I looked up the Metaphysical Meanings of the Numbers 777. This is what I discovered through a website called <http://sacredscribesangelnumbers.blogspot.co.uk/> . This is what it says about Angel Number 777".

**MOTHER FATHER GOD:** *"Number 7 is a Highly Spiritual number, and with this mystical 7 appearing tripled, makes its influences most Powerful. [Number 7](#) resonates with the attributes of [Spiritual Enlightenment](#), [Development](#) and [Spiritual Awakening](#), Persistence of Purpose, [Intuition and the Inner Voice of Wisdom](#), Mysticism, Contemplation, Knowledge and Understanding, Discernment and Consideration, and Good Fortune.*

*"Angel Number 777 indicates that you have listened to Divine Guidance and are now putting that Wisdom to Work in Your Life, and the time has come to reap the Rewards for your hard*

*work and efforts. You are being Commended by the Angels as your Successes are Inspiring, Helping and Teaching others By Example.*

*“Angel Number 777 informs you that you are being Congratulated, and your efforts have been Well Documented by the Angelic and Spiritual Realms. Know that your wishes are coming to Fruition in your life as a Direct Result of your [Positive Efforts and Attitude](#) to Life. 777 is a Very Positive Sign and means that you CAN expect Miracles, both large and small, to occur in your life now.*

*“The 777 repeating number sequence is a Message from Your Angels that you are on the Right Path and Living and Serving your [Divine Life Purpose](#). The Universe is Happy with Your Progress, and due to your Positive Efforts and hard work, you have Earned Your Rewards.”*

**PETER:** A fitting conclusion for the Discourses, Father, Bless You for All Your Love, Wisdom and Power to Design such an amazing Plan that is, hmmm, I can't find the word!

**MOTHER FATHER GOD:** *“Miraculous!”*

**PETER:** Hah, Hah, Hah LOL! Yes, Miraculous Indeed!

**MOTHER FATHER GOD:** *“What can I say, I Am God, ‘I AM’ The ‘I AM’ Presence in You and ‘I AM’ the God Within All My Children of Light and Love, All Of Who I have Created in My Likeness! A Loving Beginning to this day's dialogue and yes, 777 pages it shall be, as a Loving Completion to this My First Phase of the Elemental Grace Alliance, Radiations Centres Adventure. Please continue!”*

**PETER:** Okay! But let me know before We get to page 777, I don't want to have to go to 888! The book is slowly becoming too big to lift already!

**MOTHER FATHER GOD:** *“Funny, that is how a normal human would think! And this is something that, once again, We will pay close attention to in the near future because, indeed, one has to stop thinking like a human, if you are going to expand the Resonances within the Radiations Centres, both the Attractor Fields of the Human Heart and those of the Temples of Collective Groups. Indeed, think of this for a moment.*

*“I, through Beloved Shekinah and The Beloved Maha Chohan, have made references, a number of times, that the Words and Symbols for God have been used within these Discourses. Why do you think that the Bible has been so long-lasting and so Powerful within the world of Matter? In the King James Version, Old and New Testaments, God is used 4444 times.*

*“Now Peter, do your enquiries on that number! Here in the Elemental Grace Alliance, there is in total, including the Word ‘God’, ‘I AM’, and the Symbol for ‘God’ within the Christ Council image is, 2867, 1183, and 1558 Respectfully totalling 5608 times. Which, Dear Soul, reduces to a 1 - New Beginning! Magic! Yes?*

*Dear One, how ‘heavy’ is the Holy Bible? Do some people carry it everywhere they go? Do they rush to their places of worship and ever give a micro thought, ‘oh, this Bible is so heavy!’*

*"No, of course not, God is not 'heavy', but Lighter than the combined weight of your whole Solar System. So, that 'heavy' is just an analogy for the weight of all of one's burdens in life. 'I AM', You Are, the Creation of The Christos Energies that are all here now to relieve those who still believe in the burdens of these old programs and debilitating thought forms. Our 'Book' will not be 'heavy' Dear One, I Have not Designed it so! It is, in a Way, a Book of God, is it not? Think on this for a while, for it indeed has a lot of Truth within it. May I suggest that you meditate upon It, ponder the Messages I give to you through such meditations and then Consecrate My Messages into your Life! It is, therefore, a Book of God if it leads you to Me! I Trust that you will see It My Way!"*

**PETER:** That is a Powerful Statement, Father, and Yes, One that I can deem as Truth for myself, but I AM the one writing here, or at least the one on the surface writing here! I Pray that everyone who may read it sees it Your Way. Everyone has their own ideas about what weight is. Take the postal system, for example. To send the book to America and Australia from the UK will cost something like £26.00, and that is 2<sup>nd</sup> class, and the UK, well, that is fair enough £2.85; but in the USA and Australia, it is more than the cost of the book itself. That is so, it's just NOT GOD!

**MOTHERFATHER GOD:** *"No, it is not GOD! And that is why I have a Plan! But in the meantime, do as I have asked and send the e-book out free of charge so that no-one, not a single person who is open to receive, can receive without any conditions, limitations, bias, preconceptions or prejudices placed upon them. 'Render unto Caesar that which belongs to Caesar', and in the meantime, We shall work upon the Visions that I have given you regarding Divine Precipitation of the Book and many other things, just like 'The Feeding of the 5,000, known as the 'Miracle of the Five Loaves and Two Fish', that Jesus performed having 5 baskets of food left over.*

*"So, Peter, do not concern yourself with such matters, Jesus is your Sponsor, after all, and He will help you to Remember the Art of Precipitation. But We shall take this to another level, We shall teleport such Precipitations if it is a book My Disciples would like! No money for printing or manufacturing, no postage charges, packaging or handling! Well, maybe a little handling, for you will need somewhere to store 'the 5 Baskets' LOL!*

*"Yes, in the beginning, so be it, get some printed for those who want a hard copy, I will provide the money if they cannot, and so nothing to worry about there! You know Peter, in the New Cosmic Consciousness and this New 7<sup>th</sup> Golden Age, there is that number again, so much is going to change for humanity, but these changes have to begin in small, controlled environments so that these changes are Mastered. For without practice and Mastery, then, as you will discover in God Time, the slightest loss of focus will not produce Perfect results. So, one step at a time!*

**PETER:** Understood, yes I have seen all that happening in my mind's eye, and so converting it from my human consciousness to the Power of My 'I AM' Presence will take some practice, as you say!

**MOTHER FATHER GOD:** *"What would you like to discuss next?"*

**PETER:** How are the pages going?

**MOTHER FATHER GOD:** *Your persistent Dear Soul, but that is what I Love about You! We just have to get you to face a little more to the Light!*

**PETER:** I know. But We are in dialogue for a purpose!

**MOTHER FATHER GOD:** *"Indeed, We Are God 'I AM'!"*

**PETER:** Can you tell Me, no, do you have the Perfect site in Mind, indeed in Preparation for the first Radiation Centre so that We can start the next phase?

**MOTHER FATHER GOD:** *"That all depends?"*

**PETER:** What do you mean?

**MOTHER FATHER GOD:** *"It depends on what you see as to how you shall proceed from here. Remember, this is Your Creation, and it is for the purpose of human experience, not only for you but for all those who will come and join you! So Peter, 'where to from here'?"*

**PETER:** Oh, I get it, Your Design through me, right!

**MOTHER FATHER GOD:** *"Exactly!"*

**PETER:** I Am going to need a little help here, for in places, I Am already confused.

**MOTHER FATHER GOD:** *"Confusion is because you are trying to run two Energetic thought forms in confluence with each other. Choose one, and if you have to, then choose the other! But try not to run them as one single expression, for that will only create confusion."*

**PETER:** Are you ready for this?

**MOTHER FATHER GOD:** *"Are you ready for this?"*

**PETER:** That is what I just said.

**MOTHER FATHER GOD:** *"Funny, so did I!"*

**PETER:** Ah! You got me again! Okay, here I go! My Higher Thought tells me that the potential (and I use this purposefully for the moment) Radiation Centres must Emulate and Exemplify the Energetic Resonances of the Etheric Temples.

Not only in the Radiance of the Sacred Fire and Divine Qualities but in the physical ambience and Creativity, Simplicity, Architecture and Design, being able to cater for all the Angelic Forms, Masters and God Intelligences for Comfortability and Practicality. I have never been to an Etheric Temple before that I can consciously recall, so I am flying blind here, trying to see how an Earth facility could provide all those things within the framework of human 3<sup>rd</sup> Dimensional Reality.

I have looked upon the internet and found several homes, no, more like halls and castles. I am in England, after all, where these things are very plentiful around Great Britain. The grandeur, elegance and majesty and magnificence of many of them we will certainly be able to use, especially when I look at what I am presently surmising that the first Radiation Centre will or potential could become to Foundation Temple, Site or Centre for the whole of the world. The Head Quarters is all I can think of calling it for now.

Father, you have given me a Grand task, and the Elemental Grace Alliance Discourses has provided now so many options and directions to open to, such as the Creation of Christ Councils, Public Healing Centres, Disciple Radiation Core Groups for Exclusive and Private Work, Music Research and Medical Research Institutes, Spiritual and Disciple Training Facilities and Educational Research and Development Academy. There is the Environments for the New Cosmic Children and Their Guardians to be Established that will best Protect Their Integration into Earth Life!

Not all at once, of course. But, say, a 12-bedroom home or country property is not going to cater for such an extendable program, not to have to swap and change later along the way. You have told me that this is not a few years project but one that shall last for generations to come. So, although it is a grand consideration, as of today, I couldn't even form a Non-Profit Organization to hold the funds as they are made available.

But the Reality, as I see it for the moment, We are going to need a big place with lots of room and lots of bedrooms and catering facilities. Synergy of Energies shall Demand this specification. To give me some ideas to work with, I have found a place in the UK, not far from here, presently up for sale for £8,000,000. I have researched this property further, and although it provides for wonderful expansion and covers all our needs for several decades to come, it is sitting upon a series of coal mine shafts and with the present subsidence, estimations for the repairs to present damages is approximately £42,000,000. That scares me, especially as a builder myself. Not from the money side but by the sheer scale of work that could interfere with whatever activities that may be undertaken by us.

When I first saw the property, I thought that is Perfect! Then the reality hit me, and the size and present condition of the buildings became just overwhelming. It has 5 miles of corridors! It is the largest Private Stately Home or Hall in the whole of Europe, with 82 acres and 124,000 square feet. It is larger than Buckingham Palace, and that is saying something. Here is a link to this place just for the curiosity of the readers to see how they would personally respond to such a potential!

<https://wentworthwoodhouse.org.uk/>

And the aerial view from Google Earth. Look up Wentworth Woodhouse, Wentworth.

It was also a school and has within its grounds several buildings that were abandoned in 1983, I think, and which have since become quite dilapidated, but the potential, I do believe, is there, apart from the subsidence problems, of which I have not personally inspected, so who knows. I have also discovered on the internet that a sale of the property by a Hong Kong Investor has recently fallen through due to the subsidence problems.

Reports also tell of a £100,000,000 compensation claim with the Coal Authority. There is also a Trust Authority that requires any buyer to provide detailed plans for repairs, time schedules and then the reopening for public viewing, which in Truth, is completely outside of any of our desires.

All this really doesn't matter, but it helps me to visually present my thoughts and feelings as to this dilemma of where to start as far as the first location for the first Radiation Centre.

Or, We start really low key, and find a respectable home of 8 or 10 bedrooms and then start really small? From my perspective, I always am drawn to the bigger picture and really do not like to waste time or energy on progress from a material point of view, but lack of money has always been the chain around my legs that has kept me simple and focused on the smaller pictures. But if money is no obstacle, then I am Open for Guidance. Is England even the right place to start? Energetically it could be deep in the Himalayan Mountains. I am not attached to where ever I am asked to go, but if I do get a preference, I need some sunlight, sunshine and Sun Love to warm my bones!

I do not wish to guess where to go or what to focus upon to buy or Create, perhaps it is just land We need to build upon that I am a Master at! I just do not want to make any mistakes here, to maximize the times We have to get all this up and running, nor do I wish to waste copious amounts of time to look all over the world for the right location. It would be great to have you say to me, God, *'Peter, this is where we shall open Our First Radiation Centre! Here is the money to get started'*! Do that, and I will begin TODAY!

If I can just put forward another aspect of these New Radiation Temples. As I pursue the Knowledge of how these Centres will look, I see all these different Images on the internet and within the book 'The Masters and Their Retreats.'

All are just images, perhaps we could even call them idealistic, naïve, optimistic or even romantic images, but if they are somewhere within the scheme of Purity, Balance, Beauty, Pristine and Spacious, along with all the other Divine Virtues that Hold the Divine Qualities, then they cannot look like old, run-down, filthy and lack of maintenance, etcetera. For me, they must reflect the very Nature of the Radiance That They Will Emit and Radiate. So, they will have to be of these very High Standards. Am I right in thinking this way?

I can see that perhaps they could be held within the Pristine Nature Realms of, let's say, Lake Louise Banff, Canada, or the Mt. Pele of Kauai, Hawaii, where the Nature Spirits are still not as affected as most of the rest of the world? I truly do not have an attachment where they

may begin, perhaps on a deserted Island in Nature in the Caribbean, as long as it is higher than 7 meters! Smiling!

**MOTHER FATHER GOD:** *"7 meters! Who is the comedian here? I just Love Light humour! Now Peter, listen carefully, for I want you to KNOW this, it is important. You have shared a lot in your last dialogue, and so I now need to address each part, so bear with Me!*

*"Properties such as you have described are bountiful indeed, and yet none of them to date would even be considered for such use by the new Radiation Centres. Especially those that have caveats or conditions placed upon the acquisition of such properties. Why? Because there are many such Foundations that have their own agendas that are formulated within an Energetic of holding onto the past, even to the extent of promoting it, advertising it and going to great lengths to keep the past alive. What if the past has passed, and the New Cosmic Consciousness no longer wishes to accept the past as having any future for what is coming? They cannot in any way sustain their energies there, and so inevitably, they must be reclaimed in one way or another. Just look around the world and see how much of this reclamation is going on, to reduce the past to no 'thing' any longer!*

*"That is the Work of the Elementals, and by these old thought forms, like the ones being upheld by such Foundations or Groups, then that is working against the Elementals. You were told of the story about Volcanoes and the Calls to Freedom, These establishments and old buildings are the same in Principle. Stone, wood, earth, metal, glass, clothen materials where all the Elementals and Devas who created them and hold them in place because they were forced to work in environments of greed, opulence, ill-gotten wealth, slavery, control, manipulation, war, power and, well you get the picture. They are all calling for Release Now!*

*"So, Beloved Mother Gaia moves in mysterious ways to assist the Elementals in Their tasks. If not by volcanoes, floods, tornadoes, earthquakes, landslides, sink holes and many other forms of breaking down and making way for the new! You have seen what man does when his creations are brought to the ground. He simply rebuilds upon the same spots. Madness from the Higher perspectives.*

*"So, here you have, with your example, and I Am glad that you placed it here, for it gives a valid focus of what not to look for under such conditions of present ownership. This home has many conditions energetically associated with it that are not for discussion.*

*"But here is where it could work, if We 'could' acquire it without any caveats or conditions, We would release the Elementals, use Precipitation to rebuild and bring back to its Pristine State, and that property would be a Perfect example with potential as a New Radiation Centre. But no, it is not what I have in mind!*

*"A smaller residence may suffice, but there is a good reason why you look at the bigger picture. Of course, we are not going to waste time in getting all things placed in alignment. I would hardly ask for an acceleration program to speed up everything and then slow it down, looking*

*endlessly for some vague location. But I will place this eventually in your hands to make the final appraisal for such a site.*

*"I Know that you are aware of the potentials in Hawaii, particularly upon the Island of Kauai. You shall remember when you were there in 2006 that a site was allocated by another. This site eventually fell through due to partnership egos and such things, but the potential is still there. I am going to give you a sliding door scenario, Peter, to think about. Before you travelled to Hawaii those many years ago, I told you to place your house in order in Australia because there would be a very good chance that Hawaii would become your new home! It quite easily could have!*

*"You were offered an immediate Green Card to stay and work, building the WMCA swimming pool for \$3,000,000, weren't you? That was a great incentive, was it not! But you are not easily swayed by money! You could have even had a seat in Government upon the Island, but I know why that would not have been to your liking. Were you not asked to become a Spiritual Advisor with a Council of 12 to the Heir of the Throne in Honolulu in Hawaii, the present-day Ancestral Royals?*

*"These things were not by chance. And were you not granted Royal permission by the Late King and Queen of Hawaii to do the Work of Freeing its Ancestral Lineages and People from Past aggressions while you were there? Then there is Maui, you have God Business in Maui, the Kahus and Kahunas will welcome you with open arms there also, as you have already been told by Beloved Archangel Sandalphon. There is much to look forward to in Hawaii.*

*"So, when you travel to Hawaii soon, just remember that there are also potentials to access and assess upon the Island of Ni'ihau. There is information there for you that has never been retrieved to date. It is a most Beautiful and Private Island with its own volcano, once owned by the Sinclair Family, and that was bequeathed to their descendants, Elizabeth's grandson, Aubrey Robinson and his family. Yes, that is correct, the same Sinclairs that presently own Rosslyn Chapel. The Metatronic Energies of the Reshel Grids. Today one needs special permission to go to Ni'ihau, but with who you know upon Kauai, I Am sure that between Us, We can arrange a Special Visitation.*

*"The Ancestors knew you were coming last time, they will certainly know this time as well! You would have been very happy in Hawaii, Peter, as it is a very strong part of your Ancestral Lineage. You will return again one day, I can promise you that. Perhaps just a visit again for now, but there is a lot there that calls you Home! Remember what was said by God Himalaya about Lemuria Rising? I shall leave that there!*

*"Then there is Canada, yes Lake Louise, and many other locations. Again, Peter, you have much to do with these lands, especially in association with Archangel Michael and now Goddess Meta. She is looking forward to be Working with you on the use of Music in Healing!*

*"The time you spent in the music industry will not have been spent in vain! There are still many things to do before you need to make any choices as to where to set up the first Radiation*

*Centre, One Unified Step at a time. We are still not quite sure how those reading these Discourses will respond with their free will, but the ball is rolling in the right direction. Stay open for any progress reports and travel destinations I send your way! Is there anything else you would like to ask?"*

**PETER:** Yes, please, I would still like to broach two subjects, the name of the Radiation Centres and the Granting of Dispensations mentioned within the Discourses."

**MOTHER FATHER GOD:** *"Very well, let's begin with the names."*

**PETER:** Father, I am always very moved when Beloved St. Germain comes and speaks with me, and I listen very carefully to His words. I was wondering, at the time, what could we call the Radiation Centres, for I believed that this name will not truly attract the right energy by those who may see it. As you know, Radiation refers to something quite different, indeed very harmful, just the opposite of the Truth for Us. So, while I was thinking of this, St. Germain picked up on my thoughts and responded to give me some very Sound Advice. He said."

**ST. GERMAIN:** *"I would suggest, however, that each Centre would be called by the Name of the Over Lighting Master, Elohim or Archangel. For within Their Names, there is already embedded the Vibrational Qualities and Virtues of Their Gifts from God. This would help to Ground such Centres instantaneously upon Their Openings to begin Their Radiating Powers. For example, 'The St. Germain Lady Portia Sanctuary of the Violet Flame.' This would help people to immediately correlate themselves with the Divine Activities of that which is their own Ray Essence as it Shines forth."*

**PETER:** I took all this on board and considered long and hard, and then I remembered that He also mentioned 'The Narayana University of Earth Life' as part of an analogy to what He was sharing. So, with His Advice and using my own, oops, Your Influence: I began to look for something that would not only complement all that has transpired through the Elemental Grace Alliance but has become the very theme of this Project.

I am putting forward for your final Approval the name, 'Narayana Joy' Akasha Sanctuary or, if other areas were facilitated, Narayana Joy Academy, or Holistic Music Research or whatever. And each Centre, as St. Germain suggested, have the name of the Masters, Elohim or Archangels, which will Identify each specific Sanctuary overall known as The Narayana Joy Akasha Sanctuaries.

Why have I used the word, Akasha? Because as I discovered the Akasha Crystal Vibration of Love, Light and Wisdom that Surya refers to, for me, represents the God Consciousness of the Great Central Sun in Its Totality and inclusive of All Rays, Flames and Emanations of Love Substance. This is the Impersonalization of God being Radiated in, through and all around His/Her Creations. Indeed, Pure Consciousness, with no individual identity or personalized characteristics or qualities.

The word 'Akasha' comes from the Sanskrit word 'kash', meaning 'to radiate or shine.' So, the Sanctuary dedicated to St. Germain and Lady Portia will be called: Narayana Joy - The Akasha Sanctuary - Master St. Germain and Lady Portia. For, say, Archangel Michael, it would be Narayana Joy - Akasha Sanctuary - Archangel Michael and Archaii Faith. And so on! The Group activities may be identified as Narayana Joy Holistic Music Centre and the Narayana Joy Light Academy, for example, depending on how many different sections or departments there may be?

Narayana Joy

### Akasha Sanctuary

*St. Germain and Lady Portia*

**PETER:** So, what do you Feel about all this, Beloved Mother and Father?"

**MOTHER FATHER GOD:** *"Has a Beautiful God Ring to it, it is Perfect!"*

**PETER:** Wonderful! Okay, one last matter to speak of, and that is, can I ask if you have given any consideration for the Granting of such Dispensations that were mentioned throughout the Discourses?"

**MOTHER FATHER GOD:** *"More than that, Peter, I have Granted Every One of Them, and They shall Each, in Their Own time, will come into effect in Accordance to the Charters, Fiats and Decrees that I have attached to Them. I have even prepared New Charters for All My Elementals, Devas and Angelic Host Kingdoms, for They shall be Evolving alongside My Children. I have even prepared New Charters for My Children! So, the answer is YES INDEED, and it is because of what so many are now aligning themselves to around the world, within the New Cosmic Consciousness, that this has been made possible.*

*“So, the Granting of such New Charters, Fiats and ‘Rings Passeth Not’, cannot be discussed here for two reasons. First, the time is not appropriate to disclose such changes for humanity to become aware of publicly. The main reason for this is that should these be known, they may interfere with present free will choice within humanity and could create further imbalances before a firm Establishment of a Radiation Centre is in place with Its Principle Christ Council. Second, I will give this information through other messengers to disseminate so that it shall be shown, without doubt, that what has been founded here in the Elemental Grace Alliance is not the only Outlet for My Divine Flow!*

*“And so, Dear Soul, this brings us to the end of Our Dialogue. It has been fun, and there is much for those who care to feel into in a much deeper way! Peter, you have Honoured Me all along, and for that, I Bless You! We have much to do Now, so close this Chapter of the Elemental Grace Alliance and make preparations to receive further instructions soon. Do not concern yourself about the money side of things, as all will come by My Grace through donations, gifts, contributions and indeed, when the larger amounts are required, you shall be amazed indeed! Just remain open to receive Dear Soul, not something you do easily. But that must change also in the New Cosmic Consciousness. We, Alpha and Omega, Bless You, and We WILL Speak again soon!”*

**PETER:** It has been an incredible and eventful 13 months. Yes! God 13. I have indeed been Blessed with this Mission, thank you for choosing me!

**MOTHER FATHER GOD:** *“You are Welcome! But you have not seen anything yet! LOL!”*

**PETER:** I have a lot to look forward to then! Dear God, ‘I AM That I AM’, ‘I AM That I AM’, ‘I AM That I AM’. And So It Is.”

**MOTHER FATHER GOD:** *“Dear Peter, ‘I AM’ God, God ‘I AM’, ‘I AM’ God, God ‘I AM’, ‘I AM’ God, God ‘I AM’! It Is So! Light Humor, I Love It! What ‘Narayana Joy’ It Is!”*
