

Part 4 - Protecting The Future - Elemental Grace Alliance

THE PARABLE OF THE TAR PIT - BY LEE CARROLL & KRYON, 2ND JULY 2015
(WWW.KRYON.COM)

PETER: This Parable is one of many that Lee Carroll has offered humanity freedom to access and use at will, provided the credits and address of his site are mentioned as the author. So, with that, I reproduce this parable here in this account of my experiences to enhance and give clear imagery of what I believe is being asked by St. Germain, as I see it anyway. I pray that it is of great benefit to you. The parable begins:

KRYON: “Imagine yourself, along with many other human beings, in a tar pit covered with tar, dirty from head to foot, unable to move quickly from place to place because the tar is so thick. As you plod from place to place, you become used to this condition, and year after year, your life is lived in this fashion along with the others. Like the gravity of the planet, the encumbrance of the tar is simply accepted - a fact of life for all. This is your imagined state.

“Suddenly but quietly, you are offered a gift from God. It’s a ‘*magic*’ tool that cleans your body and keeps it clean even while you are in the tar! Like an energy field, it actually repels the tar as you walk through it. You accept the gift and the work that must go with it, and you begin to learn how to use it. Slowly you change. To others, you are beginning to stand out, for you are different, fresh and clean while they are moving around you, still in the dark tar. You begin to realize how you have co-created this for yourself, but you also realize that it was a very personal gift, o, you say nothing. Now, do you think the others around you will ignore you as you walk freely without the tar touching you or encumbering your feet? They will watch the tar touch your body and never soil you.

“What do you think will happen? AH! Watch! THEY are about to change! The first thing that will happen is that wherever you walk, there will be space, for they will clear the way for you. The second thing that will happen is that they will ask you how such a thing is possible. And when they find the ‘*magic tool from God*,’ each of them will begin using it for themselves, and more humans will also be ‘*clean*’- each person creating for him or herself personally, just as you did for yourself. As you silently continue your life over a period of time, look at what is happening to those around you! More than half of them will be ‘*clean*’ and unencumbered by the tar. Stop and think about what has really happened. You have not evangelized your gift or asked any of these people to change for you, and yet they changed anyway. This is how the result of just how the one... Creates for the many!

“We tell you, dear ones, that when you change yourself, it is the beginning of change all around you. Humans cannot be still when they see Peace and love emanating from you. It is disarming and loving all at the same time. Like a magnet among other magnets, your new

polarity will eventually have an effect on the alignment of everyone around you, and your existence will never be the same.”

End of Parable.

PETER: If you wanted to see Lee’s postscript for this Parable, then you may do so by visiting the site. I have been following Kryon since 1986, or was it 1984? Either way, Kryon has been an amazing gift in my life and, indeed, very helpful for to be able to achieve what I have throughout my Spiritual Awakening.

Today is the 2nd of July 2015, and now I await for the next Speaker to make Themselves known to me and when They feel it is going to best represent Their Divine Communication Energetically. Two days passed by.
