

Part 5 - Introduction - Elemental Grace Alliance

PROGRESS REPORT TO THE ELEMENTALS AND NATURE BEINGS - HELIOS - PETER, 5TH FEBRUARY 2015

PETER: Dear God 'I AM' of Holy Incorruptible Matter and of Infinite Speed, I herewith call forth all Elemental Beings, Nature Spirits, Devas and the Angelic Ones who are now aligning themselves with the Elemental Grace Alliance at the levels of 3rd and 4th Density reality. In The Name of the Father, Son and The Holy Spirit, I ask that you Be Still and Know that 'I AM' God. That 'I AM' That Which You Are in Oneness with our Prime Creator. The Christ is within me, And So, It Is! As Above, So Below!

I now wish to inform All Who have arrived and who are gathering to listen as I explain the present advancement of the discussions within the Elemental Grace Alliance Council.

I will be very happy to take any questions as I proceed with this dialogue.

PETER: *'Dear Ones, welcome to my humble heart and place of abode. First of all, I wish to sincerely apologize for not sharing with you to date the state of our Discourses within the Council Meetings, but in Truth, we have not yet begun, other than an opening speech by Shekinah and myself, simply to introduce ourselves to the Esteemed Representatives who have come to honour each of you within this potentiality of finding a radical solution and decree to the present lack of awareness within humanity as to your Divine Charters and Roles with God.*

'I wish you all to know that nothing is more important now than to work toward finding a better way in expanding humanity's conscious awareness about their interrelatedness and co-creational abilities with you, the Elemental and Nature Beings. Our aim within the Alliance Council is to find that way for a more active and mutually beneficial co-creative collaboration between each other.

'Beloveds, I would simply ask at this early stage that you please become aware that humans, including myself in many ways, who cannot see you or even are aware of your 'Presence' most of the time, is a most frustrating element of our makeup! For it is human Nature that when something is out of sight, then it is generally out of mind! And this, for me personally, is one of the greatest imbalances of all! It is like being born into the dark and never knowing that the Sun Existed!

'How incredibly miserable that would be, to never know the Sun, to never Know Who You Are! Can you imagine then why humans, in general, are such a sad race of beings. For without the Truth of God, no heart can be at Peace, and no personality Soul can be filled with Joy. For us humans, even when we know better, we can so easily get caught up in our everyday activities

that face us so ardently each moment as the time of day passes by. Our lives are so filled with lies and illusions that to break out of these circles of negativity is just so hard. We take everything so literally and find it most difficult to see beyond that which we cannot see or hear physically.

‘This aspect alone is indeed one of the most significant of all our human characteristics that we must all take into deep deliberation to find our resolution, to obtain Peace and be Free of all our burdens.

‘I ask simply that each of you, at your own levels of awareness and consciousness, to please be patient. We are yet to truly begin our Discourses, only due to the fact that to start our communications, there must be a most harmonious State of Balance, for without this Balance as the foundation of our talks, no potentials will ever be attained.

‘I herewith, with hand upon my Heart, promise that as The Elemental Grace Alliance Discourses offer anything substantial that can assist in that moment, I will bring that information forward with the approval of the Council. Indeed, you are all part of the discussions, regardless of how it is all played out, just not in the same direct way as some. That does not mean that there are any preferential positions, just an Order of Responsibility as to God’s Divine Laws of Creation and God’s assigned Work for each.

‘Are there any questions that you would like to ask at this time?’

HELIOS: *“‘I AM’ Helios, your Solar Brother, and I step forward at this intermediate gathering on behalf of those who have assembled. As you know, I, along with My Beloved Vesta, hold a Seat within the Alliance, yet ‘I AM’/We Are also very much responsible for the Many Who Work so hard and so tirelessly for the benefit of humanity. We, the Solar Sun, hold a ‘Presence’ that has radiated God’s Love long before the beginning of this Solar System and Beloved Mother Gaia, and We continue to Shine Our Light, for without this Love Energy, nothing would survive in this Solar System at all.*

“I speak on behalf of all the Elementals and Nature Realms at this time and give thanks and gratitude for your due diligence and timeless Heart in this Proposal. Please Know We shall be there working alongside you and all those other human Souls who choose to formulate this opportunity into a mutually Beneficial Blessing for all. It will not be as important as you may think for progress reports as such. Our sense is that there was a little loss in the translation offered. It is more to do with progressing within a deep rapport and empathy in Love with the Elementals and Nature Spirits. This Heart Love emanated and radiated to all The Divine Beings is man’s ticket to a Joy-filled affinity in Brotherhood and Sisterhood with Them. A Divine Unity in Conscious Creative Endeavours.

“Most Elementals gathered here today do not understand what is transpiring, They are unaware of the complexities and dynamics of what has been laid upon the table within this

Alliance, yet it is Simply your Love for Them that will provide all that They need to open Their Hearts to you. It is as plain and as simple as that!

"I shall leave it at that for now and ask only for Love to Flow from your Heart, whether you see those who are working fervently on humanity's behalf or not. They ARE there, else humanity would simply not be!

"It is time to begin the next stage of the Discourses, We have already Gathered those who will represent Us and may the Joy Radiate throughout the entirety of All Life within the Grand Evolutionary Plan for this Solar System and Universe.

"Bless You, and We shall speak again another time."

PETER: Thank you, Helios, without a doubt, We will!

I shall close for now and keep that Love Flowing most enthusiastically, of course! - Love Peter

PETER: I now had to connect with those who have shown their interest in joining the Elemental Grace Alliance as the representatives of those who have stepped forward within the Higher Alliance to hold Seats upon The Elemental Grace Alliance Council.

In the meantime, I felt the deep urge to accept Master Jesus' desire to introduce Himself and Mary Magdalene as Their representation within this Council Gathering.

And So, It Was!
