

Part 12 – The God Awakening

NARAYANA JOY AND DIVINE GRACE - ALPHA AND OMEGA, 6TH
FEBRUARY 2016

ALPHA AND OMEGA: Beloved God Father and God Mother, Children of God, Gods and Goddesses, Chohans, Ascended Masters, Cosmic Councils, All Leagues of the Light, Archangels, Angelic Host, Devas, Nature Spirits and Elementals All, today, We come to speak with you as part of the overall Design and Plan that has been given to Peter for Its creation, development, dissemination, expansion and provision around the World. I, Alpha and My Beloved Omega shall Overlight this Radiant Forcefield this day as One Voice. It has been decided by Us that this final Discourse shall take on an atypical flow, a sanguine ambience, an assorted flavour with the aim to substantiate, endorse and conclude this First phase of this new creation, project or movement that Peter has brought into Divine Manifestation.

So, with this in Mind, We invite Peter to come forth with Us and join Us in an open dialogue, to bring into awareness and consciousness for whom it may benefit, that which will leave a definite Clarity and Understanding for 'where to from here'. Do We have your consent Peter for this open dialogue?

PETER: *Indeed, Beloved Father and Divine Mother, Yes, I am very happy to do this!*

ALPHA AND OMEGA: Bless you, then let Us begin by simply recapping a little upon what has transpired throughout the Elemental Grace Alliance Discourses, and perhaps even the interwoven natural fibres of personal and Impersonal inclusions that you, Peter, have familiarized into your design to create the maximum Clarity and Understanding, for what has been tabled, as possible. We will not labour upon this, for We wish to sincerely move into the interchange of thoughts, words and feelings, for here is where the next phase of Our/your design shall begin its Perpetual flow toward the oceans of Narayana and Divine Grace, for the greatest Benevolence of the Good in God, for all concerned.

We now Know without any doubt that through the Acceptances, Acknowledgments, Allegiances and Support and indeed the Investment given by Beloved Godmother Vesta, that the Elemental Grace Alliance has been Endorsed and Granted its Sovereignty and which has always had Our Divine backing through the correct application of the Universal Laws. With this Universal Foci now being placed upon this specific project, the question will arise within the minds of those who do not understand, 'Why, if this is so, does Peter use so much of his personality within these Discourses?' I will tell you!

For Peter or any of the new disciples, or any Master upon the Earth, their Resonances must be held within the parameters of those who are most likely to take notice of the information

that is being presented publically. If these Resonances were too high, then no human would be able to relate to it and so would immediately reject it as an untruth. That is why We have not sanctioned the Ascended Masters to walk upon Earth again yet, for their Resonances would not be appropriate until such time that man can stand in his own Balanced state of the 'I AM' Presence by their own volition. Just as the Love of Jesus was stamped out by the unloving and unforgiving Souls at that time, today, the powers of such malevolent beings is still in control of the populace; thus, greater cautions must be entered into to prevent even greater imbalances of disorder and destruction, should things progress too fast, without Perfect balance in place, by those who have full control of their own energies. It is all a part of the Plan, so please do not allow your outer mind to question this part of human nature, for it will only lead you away from the point that 'I AM' making.

Because of the nature of this particular project to date, the Resonances have had to be subdued so as to be high enough to create a Magnetic Impulse for the Love Desire in mankind, who is ready to step into the movement's Higher Resonances, and not too low to create no response at all, especially for those who are now ready and whom We are most Desirous of, to attract at this most Auspicious hour. Remember, it was the Beloved Maha Chohan who used the term '*Attractor Field*'. A common term that means exactly that! The Elemental Grace Alliance has been created as a Forcefield and an Attractor Field to magnetize unto Itself the Higher Resonances and vibrational frequencies of the Godhead to it. Can you see this? If you cannot, then perhaps you have come as far as you can for the moment. We shall ask you to consider this very carefully, for there is no judgment here, simply the Truth that will bring you closer to your 'I AM' Presence if you invite and allow it to Divinely Manifest within you.

So, the Resonances of this e-book or book have been purposefully created through Peter's use of words, his Creativity and his own personal and Impersonal dissection of information that We have presented to him over many years of his own search for the Truth. All this so that the '*Attractor Field*' of Resonances would draw unto Itself, human, Elemental, Angelic, and Masters alike, and only those who will be able to relate to those vibrational frequencies that will entice and invoke further action. Action or non-action may be or may have been the result, but action to join is the AIM, not the latter! This is extremely important to Know, for without this Understanding, the wrong perception may be accepted as a judgment and, as a result, and turn someone away who may indeed be ready to accept the challenge of standing before the Goddess of Light, Beloved Vesta.

Peter has consciously attempted to maintain the correct Resonances throughout the transcripts for publication and dissemination with complete Understanding and has used his own personal experiences for the benefit of bringing into these Discourses a reality of human experiences, such as struggle, doubt and despondency, ill health and insecurity. All of which have been absolutely part of his Life to date. So, just like Peter, who acknowledges and indeed works with his Higher Self or the 'I AM' Presence Within, it is time to let go and Let God take all the untruths away from you so that you can move with greater Determination and

Commitment into the Higher Resonant vibrational frequencies that await each of you within the new Cosmic consciousness.

The reason We are bringing all this to the new Disciple's attention is because it is all part of the processes that lead each of you to become the '*Second Coming*'. So much information has been given within these Discourses that relates to the final stages of stepping fully into the Christ embodiment that you have come to achieve. The numbers have been defined, the potentials and the expressions on Our behalf have been given forth for this to occur NOW rather than later.

The greatest 'Movement' that could happen upon Earth right now is for the children of God, who have come into incarnation and who are presently upon the Planet, already programmed with the encodements of the Christos energies, to step into those designated roles NOW! Even if that means into an environment that will better support those potentials. No matter who you are or what you are doing at present, and even if you do not acknowledge the Elemental Grace Alliance in any way and have your own individualized missions, have you taken that mission or movement to Beloved Vesta for Her Investment? Think about that! And, when you have given it your complete Attention and have made the choice to take it further, come and take wise counsel with Me, your 'I AM' Presence, the God Within, or at the very least, Those Who Sponsor and Guide you, for your next step.

It is time to re-evaluate all that you are doing, for indeed, it is what you are presently doing that, in some way and in some form, remains the present obstacle that continues to limit your progression up the '*Ladder*' of vibrational frequencies. If that was not the Truth, then why are you still one of those who have not yet fully embodied Christ? A question that you shall, sooner or later, have to answer through your own Self-realization of Me, your 'I AM' Presence. And after that, strip back all that you are doing and make the changes from that point in time! This type of denial or misperception of the work that We, your Divine Parents, have given you has always only ever been for a time until you have Self-discovered that it was only temporal, and when it came to a new Self-realization, it would be time, once again, to change the dynamics of what you have created for yourselves to date. Think then upon the delegation of what you have created in the past and pass those responsibilities onto others whom you know can continue this work if it for the Greatest Good of all concerned.

Delegation has been discussed in these Discourses also, and it is an integral part of the Ascension process and program. If you do not have anyone around you to delegate to, then perhaps it is simply a matter of dissolving what you do, consolidating everything and then take a good, hard, deep look as to what 'I AM' asking of you next. If you are unsure of any of this, do not hesitate to consult with your 'I AM' Presence, for the case may be, you are indeed already standing within and developing that which has been given to you, to expand further. But still, I have to say, there will come a time when you shall have to re-evaluate again, and unless you are walking hand in hand with your 'I AM' Presence at 100% of Its Consciousness,

that which is Ascension, there is still some letting go to do at some point, yet to be realized! If you know that you are not one of the 'Second Coming' wave of Christos Consciousness, then you may not wish nor desire to do anything new. But read between the lines, dear Souls, feel into these words, for there is much to be cognizant of here if you are one of those dear Souls.

Until this discovery within yourself comes, your present work will only prolong and delay your Ascension further. Do not misunderstand, what you are presently doing is helping all those that We have and continue to send to you, but dear ones, if you know or even suspect that you carry the encodements of the Christ within you, know that the pressures of activating your DNA encodements are upon you, and pressing with even stronger Fortitude than ever before. It is time for change upon the Planet, and you are the ones who have the greatest potentials available to you to be able to respond in the most Graceful, Balanced and in the most Harmonious of ways.

So, if you are one of the first wave of conscious and physical beings of the 'Second Coming', then please be of open Heart and mind, and then take the necessary steps toward this desire within you. The new Essene gatherings and The Christ Councils, the new Radiation Centres and the direct use of the Divine Virtues, are all calling, and all are awaiting your potential responses. Are you ready to take the Divine Oaths and Covenants with your Master Sponsors and Those Who shall Over Light you? Who is your Sponsor? Have you travelled the seven spheres assembling the support and allegiances of Those Who will Pledge to help you? There is this now for each of you to consider more deeply than ever before. The Divine Influx of the Cosmic energies has arrived to invoke within you these potentials now. It has never been available before at these levels of awareness, so how are you going to respond now that you KNOW?

Thank you for your Patience, Peter. Let Us open the dialogue by asking if you have any questions. As you ask, We will allow the Creativity to flow and see where it leads Us. Where would you like to begin?

Bless You, thank you for this Opportunity, it somehow offers me some relief as to the unknown in all of this, and by having this occasion to speak again, while not breaking the agreed format and the so-called 'talking stick' process may give me a more defined focus as to indeed, 'where to from here'. So, my first question is, I have for a long time felt that what I do and what I share on an individual or even a personal level, although very 'personal' at times, is so not about me! Can you say something about that that will give me some reassurance as to not allow myself to get caught up in this old thought form?

Great question! Peter, it has nothing to do with you, it is ALL ABOUT the God 'I AM'! It is ALL the God 'I AM' within you, and THAT IS the ALL and END ALL of IT! It is All About ME! It is My Experiences, through ALL My Own Individualized Expressions, through each human being,

that I wish to KNOW! There are no exceptions, from the most dire and most distasteful to the most Magnificent and most Pure! For anyone who sees the personality or feels the judgments and criticisms rising within themselves, then they are not yet ready to fully acknowledge their own 'I AM' Presence or God Within. These dear ones will simply continue to struggle with their ego personalities, no matter how much they defend that situation or their need to judge. A Master does not judge nor even have an opinion about anything, just sees what He or She wants to see within the World. The dear Souls who continue to mis-perceive these thoughts, the taste of their own personal ways of thinking, will simply have to continue along their paths, tossing and turning with their ego projections, until they stop this insanity!

Then and only then will I, their 'I AM' God 'Presence' Within, will I have the Opportunities again whereby they can be shown the Lighted way. I have given all My children the capacity to be human, to know their personalities, but only to ever use it to its fullest expression to know Love. That is why God created the physical realms, to Know God from the bottom up! To truly Know Love, one has to know fear to know the difference between what is Duality and what is Polarity. Duality being the manifestation of good and evil, dark and light, better or worse, and Polarity, that is, Love and Light, Balance and Joy, Giving and Receiving! Need I explain further?

No, thank you! It is just when I have done this sort of thing in the past, I have become the focus of a lot of attack, and I can see with what is shared within the Alliance being somewhat out of the square at times, especially with the use of my personal disclosures, or perhaps the way it is shared, I am opening myself to such attacks, again.

Blessed are the Meek, for they shall inherit the Earth. Let Me tell you, Peter, you are going to be attacked! And on occasions, even greater than you have ever been before. But with greater Responsibilities come greater challenges. The more Light one shines, the greater the darkness is attracted to you! But, dear Soul, why would you concern yourself now when the past experiences have always dwindled to naught? Light diffuses all dark, and so ONLY those who can Radiate the most Light are given the tasks that will attract the most dark. These attacks will only pursue until there is no energy there for it to feed upon to regenerate. You know that you have dissolved many such assaults upon your Good person before, need I say any more? Is not Archangel Michael and Archangel Lucifer, Overlighted by Mother Mary, standing there beside you and indeed sitting upon the Altar of your Heart?

Of course, but I thought I would ask anyway, I know I will be able to stand in my Power whenever the Call is required. Can I go back a little to what you were saying about the Resonances and Attractor Fields that must relate to and, more importantly, comply with what is transpiring here for the new Radiation Centres? I have just read again something from Joseph Benner about such a situation. Not that he was referring to Radiation Centres, but to,

rather, the need for complete brotherhood and sisterhood in general. His 'I AM' Presence, God Within Says;

“While all calls are My Call, each with its separate appeal, yet each is but leading you on to a realization that all outer things that appeal, all calls of ambition, of riches, of leadership, of power, of human love, yea even of Spiritual attainment, are but the allurements of the separate self, that I use to build Me a strong personality in you, with its Power of Concentration and ability to accomplish, an instrument I thus develop and prepare for use in the fulfilment of My Plan and Purpose. Then, when all is ready, in order that there may be nothing to interfere with or hinder Me in such use, one by one I take from you all outer things that still allure, until there is nothing anymore left, nothing and no one you can look or turn to, but Me, and you have learnt to want and to know Me as the One and Only Thing of Importance, and the Perfect serving of Me becomes the sole concern and Ambition of your Life.”

Can you comment on this further?

Of course! As We are discussing what We are calling the Radiation Centres, know that once a child of Earth has learnt to surrender their Life to My Call and not allow any outside influence to deter them from doing My Will, they will not ever reach the levels of vibrational frequencies or Resonances of Radiation (outflow of photonic Light), that I Desire in them. So many upon the path of Love, those who choose to Ascend through the Heart, as Jesus did, or those who Ascend through the path of Knowledge, through the Higher Mind, as Buddha did, are still unconscious of which path they are on. These, in themselves, continue to create confusion, for while both the Heart and Mind must be Unified and are, in the appropriate ways, one must choose which path they desire most. The path of Love has the potential to rise above the 9th Dimension, while the path of Knowledge is limited in this reality to the 9th Dimension. The 9th Dimension is a very high conscious Resonance, just the same, but it is not the final Level of achievement, along the Full Realization of Ascension.

The path of Knowledge will eventually approach a *'ring passeth not'* that can only be surpassed by Heart Love, and so all this helps those who are working upon their Ascension goals. You know, dear Soul, that there are many Ascended Masters who have returned to walk upon the Planet now, who have come back to Earth to go through Ascension all over again, but this time from another perspective, this is one of those transitions, altering the states of consciousness from Higher Mind Knowledge to Heart Love. You are one of those Souls, Peter. Have you ever wondered why you have the ability to be able to achieve so much through your Mind alone? Then now, you will understand this facet of your Being.

So, with the potential of the new disciples, who wish to enter the new physical Radiation Centres without total surrender to Me, My Design and My Plan for them, then such places of Service that I wish to Manifest through them must therefore have a *'ring passeth not'* placed

around them, so that the Work that I Desire within It can be fulfilled without discord, personal agendas, self-will or self-gain, or amount of personality traits that will diminish the Resonances required, to create the changes needed upon the Planet soon. Each Temple of Light within the Etheric Realms, NONE can be entered below a certain threshold of a '*ring passeth not*' of vibrational frequency, so if We are going to emulate the Etheric Temples upon Earth, is it not reasonable to say the specifications of the Higher must eventually be of an equal benchmark?

Perhaps, there will be some variations, exceptions or special circumstances that will be allowed to pass, but these will only be allowed for an interim time until I have time to, '*one by one, take from them all outer things that still allure, until there is nothing anymore left, nothing and no one they can look or turn to, but Me*'. Also, this may be allowed until such time as each Soul, who is so desirous and so willing to dedicate themselves to these Centres and My Plan, can make their petition to Beloved Vesta to convince Her that they are worthy of Her Investment.

These are Laws, dear One and are not discriminatory in any way! People must understand this through their Heart or Higher Mind, either at this stage is acceptable. And if they do not wish to accept these Laws, then so be it, they can carry on upon their merry ways in accordance with that which they desire through their own free will. 'I AM' not attached to their choices, not at all! So, Peter, to place these '*rings passeth not*' upon such Centres of Circles of Christ Councils or any other activity that We shall deem benevolent to mankind and Earth, certain levels of consciousness must be reached.

There are no exceptions when the time comes to step into those Inner Circles. You may only begin with a few, as the Beloved Maha Chohan and Goddess Tara have indicated, but when two or more come together with like Resonance, in the Name of Jesus The Christ, if those Resonances are high, then the Attractor Fields of those two will magnetize even more from all over the World. Does this help you?

Yes, but more importantly, I believe it will help a great deal more of those that may already be reading Your Words here.

Then Allow Me now, Peter, to add some more words that I gave Joseph Benner with a few changes that will be more appropriate for this moment, that will hopefully filter even deeper into the Hearts of the potential new disciples;

"To all who are reading this, for there are many whom I have so prepared and who have responded thus far. Who, working tirelessly and selflessly as One with Me, I now send you this Call to Service again, the Call to join Beloved God Father and God Mother, Children of God, your Beloved Brothers and Sisters of the Light, Gods and Goddesses, Chohans, Ascended Masters, Cosmic Councils, All Leagues of the Light, Archangels, Angelic Host, Devas, Nature

Spirits and Elementals, all who Serve Their God. For those who hear and who know My Voice and who gladly have learned to Listen, Observe and then, Obey It.

You, who I have already opened your eyes and permitted you a Vision of My Plan and of My Purpose, for the new Cosmic consciousness you are now entering, and 'I AM' enabling you to comprehend the True and Glorious meaning of Brotherhood and Sisterhood, that I intend now to bring forth from the Kingdom within, into actual Manifestation, within the midst of mankind! My children, I would help you. But, it means that you must give yourself and all your ideas over wholly to Me, you must learn to think only My thoughts, to speak only what I would say and do, only what I would have you to do. It means that you must not let into your mind or belief any other thoughts, no matter what appearances are or how much such thoughts beg for admittance."

That sums it up, don't you think Peter?

PETER: *It does for me! Thank you! Can We speak of the proposals now?*

ALPHA AND OMEGA: If you wish.

I have reviewed all the proposals many times throughout the Discourses, along with those that Beloved Helios and God Himalaya have put forward. I know that my Sun of Even Pressure Group is only 6 strong for the moment, and our levels of Decrees and Invocations are only as strong as our own combined Resonances, the average if you like. How do we now proceed to tackle such proposals?

No need to tackle anything, for tackling implies a form of aggression, but I know that is not what you meant. But make no mistake, the use of words at these new levels of awareness and consciousness are the differences between high or low Resonances! 'I AM' being a little pedantic, I can do that too, you know! I have a point! The point is that I, together with you, have laid out upon the table many proposals that all need addressing in their own ways.

They are all very viable and strong within the framework of what this Elemental Grace Alliance is all about. There will be a definite structure or, let Us say, an Order by which they shall be required to be addressed. But, you know what? 'I AM' going to give you and your new colleagues the job of working out that Order and the methods by which you should approach each facet of the proposals. You have all the Sponsors and, indeed, My Entire Forcefield at your Command and your Demand, and as Beloved Omega told you before;

"If you act like Gods, then you are God expressing God's Desire for your own individualized expression of God through you! If you Know that you are created in His/Her Image, then Think, Speak, Feel and Act like IT!" She also said:

"Do not be distracted from your targets, what is upon the periphery of your Unifications and Universal Alignments are not of any importance to you at these present levels of awareness.

Be absolutely clear with your foci now. Complete the Discourses, Peter, and as soon as you feel the draw toward them, initiate the Realms of Christ Councils, and the rest will follow as naturally as Beloved Helios and Vesta Shine Their Love Light upon your World 24 hours of every day!"

So, you see, Dear Soul, nothing to worry about, finish one task at a time, and all will unfold in Divine Sequence, Order and Will.

Seems like a mammoth task!

Have you ever seen the size of ALL of My Creations? Now THAT is Mammoth! LOL!

PETER: *Okay, I get the picture!*

ALPHA AND OMEGA: Not yet, you haven't, but you will when all is in place. Beloved Vesta has promised you that, remember? "With their Sponsor, those who accept this Opportunity to give Freedom to the people of Earth, they are given an audience before Me, and if I Agree to Invest in them, each will be Invested with the Knowledge and Power of the Great Silence and the Sacred Fire, along with the Vision of the Cause in its fullness. Then, as a communal body, together with their Master, they shall be Cosmically Invested in the Cause for Freedom, their bodies, minds, Souls, natures and heritage, All. Once I have Invested All of Myself in them, **NONE** can leave that Cause until its effect IS spiritually manifested upon Earth. ALL ARE MY INVESTMENTS BESTOWED, IN THE NAME AND BY THE DESIRE OF THE GOD LOVE, LIGHT AND LIFE OF THE GREAT CENTRAL SUN." You have had your audience, and Vesta has agreed to Invest in you, has She not?

PETER: *I can see you are going to literally hang on every word.*

ALPHA AND OMEGA: Peter, these are not your words, they are My Words, just because they come out of your mouth does not change Ownership! Have I not been 'very' explicit about such things within the Discourses? Of course, I have, it is a 'Very Strong Point' that I wish to make! NO-ONE owns the '**Word**', But ME! But I give My Words for ALL to use freely and without '**charge**'! And I don't mean monetarily. I mean, without energy. The energetics of the words come from the projection from those who send them forth, and if incorrectly used or they have an agenda, the Universal Laws apply, and consequences shall be placed upon their own Wheels of Karma. You Know that I use words to express My Desires.

All the words within these Discourses and Book are for My Own Use! In this case, the creation of the Elemental Grace Alliance project, that you have now been given Guardianship and Custodianship to Manage and Administrate to My Will, has been created by the energy that you have projected or radiated, as the case herein is. The result will always determine the Truth and the Resonant vibration of the energies that were Initiated and allowed to flow throughout in Divine Action. And in so doing, did you not agree to serve Me in this Radiation

of words? Did you not make that Pledge at the beginning of the venture, defining your intentions to Me, very clearly stated indeed?

Actually, it was My Pledge to Myself, through you, so that you and your 'I AM' Presence might become the individualized expression of Me within the Inner and outer realms of the Earth. All for the Purpose of Magnetizing others to see you/Me in action, and perhaps with some Inner persuasion from Me, within them, they might join you within their own individualization of Me within them. Perfect, don't you think?

PETER: *Yes, I knew that, but I still forget at times, guess I need some more exercises to garner an even greater Awareness of each moment along the way!*

ALPHA AND OMEGA: I Know it is hard to grasp, but 'I AM' the One speaking here, BOTH sides of the dialogue! We are creating a very interesting story, a bit of fun to bring everything to a close, something that has taken on such a serious tone. It is serious, but it is also an illusion, and so We can All have fun with it along the way, especially when it is understood from the viewpoint of My Truth. That is why I wish to start a new group of Radiation Centres, for within them, only the Truth will pervade the Inner Sanctuaries of the Hearts and minds of all who come and dedicate their lives to Them from this time forth. Just like the Etheric Temples of Light all over the World. It is not a decision to take lightly, for it will become a Lifestyle that will move each disciple away from everything they have ever learned about being a human being, with no exceptions!

PETER: *If 'I AM' God, then what do You wish me to say next?*

ALPHA AND OMEGA: You have already written it! Got ya!

PETER: *It's a game I have not yet fully mastered, I only wish to do Thy Will, and for that, I have dedicated My Life, but you know that already!*

ALPHA AND OMEGA: Yes, and that is why I have given you this mission, for I knew you wouldn't waver and remained steadfast to your word with Me, by this, I Knew that Our Design here WOULD be a SUCCESS and will go on to create even greater Designs and Plans! You were born for this, Peter! You brought My Love, Light and Life to Earth with you in your Heart. You saw It there at the age of 27 months old! Is That not a miracle in itself? And That is what I want everyone to know who is reading this account of the Elemental Grace Alliance! Indeed, every human being around the World. To see the Light of My Love within them and then to take that Light and give it to all Life, in, through and all around them. I speak to those Souls now!

You, beloved child, disciple of My Love, Light and Life, you were born for that which I have given you to do, and if you are reading this, then there is something here that I wish you to do! But first, you have to, as Beloved Vesta said, *'Man in his Wisdom must first learn of his or*

her 'I AM' Presence and how to draw forth Its Fullness, Its Love, Wisdom and Power. They must become 'Vested' with the Power of Creation'. And so, My Work in you can only truly begin when you have emptied yourself of self!

Let us take a break, Peter, and perhaps reconvene a little later or even tomorrow, you are tired, dear Soul and need to eat, there is no pressure here, okay?

PETER: *Easy for you to say, Dear God! Just playing! Yes, I am getting a little tired, so if you are okay with it, then let Us come back later.*

ALPHA AND OMEGA: *'I AM' okay with it, I made the suggestion! You make Me smile, and that is a Gift indeed! Bless You! Catch you later!*

Next day.

PETER: *Dear God, I am back after a little time of contemplation and am now ready to continue for a while. Is that okay with you?*

ALPHA AND OMEGA: *So, what have you been contemplating? I actually already know because I set you to that task. But for the purpose of sharing the words and ideas with everyone else.*

PETER: *I am getting a little confused, so can we agree to just keep this dialogue as a Master and His disciple for now, for the purpose of finishing these Discourses? It flows better from my human perspective, do you mind?*

ALPHA AND OMEGA: *Of course not. So, what is bothering you, My Son.*

PETER: *Well, I am not bothered really, for I have lived my Life long enough to know that whatever I have required to do in the past, I have always, never once have I ever not been given what I need to fulfil that which You gave me to do. I have many times travelled all over the World with no money in my pocket, or simply with a bank card, that I knew I would have to pay back someday, but even when the times got hard, I never went without a bed to sleep in or some food to eat and a roof over my head!*

ALPHA AND OMEGA: *That is because I led you and, in so doing because you were Honoring Me in doing the work that I asked you to do. So, I always provided and never let you down!*

Peter: *So here we are, You and I, in the centre of a huge undertaking whereby, what I see from where I am, some large amounts of money and resources that will be required to set up all these Radiations Centres all around the World. I know that You will provide once again for all of this, and I know that Beloved Godmother Vesta will sort out the financial needs as She has Decreed. But I am going to need funds very soon to get started immediately, even if only for the incidentals. Can You comment, please?*

ALPHA AND OMEGA: Peter, who placed the Vision and Idea in your mind about you becoming the Director of a Foundation, that would govern vast amounts of money for the benevolent use for humanity, I believe the figure was US\$150,000,000?

PETER: *If You are the Voice in me, then indeed You must have!*

ALPHA AND OMEGA: 'I AM', and I did! Who has reminded you of this many times over so that you wouldn't think it was just a momentary personality desire of your own, a figment of your imagination if you like?

PETER: *I have to say, You!*

ALPHA AND OMEGA: I did! Who has been flashing Visions within your mind about the necessary size, type and appropriateness of properties since the Radiation Centres came to Light in your mind, and who holds so clearly that country property in Australia that you see in your mind's eye so very often?

PETER: *It has to be You! Hmmmm, I could make a song out of that!*

ALPHA AND OMEGA: I have already, too late, LOL!!! Peter, money is not the issue, it is only the mindset of those who project the various thought forms upon money that either draws it toward you or pushes it away. How easy would it be, Peter, to win the lottery of a large sum with Vesta in charge? Have you not been buying lottery tickets lately with focused intent upon the larger sums? Who is focusing, you or I? Money can come from all sorts of directions, donations, contributions, grants, bequeaths, do you see? Just remember that I Create All, and All is for My Use as I See Fit! What people do not realize is that all money, all property, all wealth, all treasures, including health, comfort and lifestyle, I can give just as easily as I can take away! You see it happen all the time, and in ALL cases, there are very good reasons why this happens, not always seen upon the surface for Its Truth! All wealth is only for **ONE** purpose, MY USE and My Use Alone.

I Know that you know that you have been seeking something all morning that could be included in this dialogue that would help this Elemental Grace Alliance Cause. We both are here speaking together for only one thing. And, it is not about the money aspect, but of Desire to Open the Hearts of All of as many of mankind in the short term rather than the long term. The drawing forth of the new disciples and the Radiation Centres is the means for this to happen, the most profound means that I have seen in My Wisdom, that will make a success of My Overall Plan! But let us now include what I Directed you to so that it will give yet another perspective to those sitting on the edge of their seats, still pondering their present positions.

PETER: *Okay, I was actually looking for something else, but when I saw this, I knew it was what was being asked to share further as part of this dialogue. It is a bit long, but I am okay*

with that. I am sure most of who will read these Discourses have never read this, and so for me, at least, it is very valuable information that offers, yet again, the importance of surrender and stepping even closer to our 'I AM' Presence. This comes from Beloved Joseph Benner once again, a paper that he wrote channelling his 'I AM' Presence. It is simply called 'Wealth'

Wealth - Joseph Benner

YOU, to whom I have given an abundance of that which the World calls riches, hearken unto this My special message to you.

You! Who are you that you should be thus blessed above your brothers and sisters? Who are you that you should be given such a privilege when millions of your fellows apparently have nothing?

Have you ever asked yourself that question? Have you ever satisfactorily answered it? Or perhaps you think YOU did it all, that you have no one to thank for these so-called blessings but yourself? Think you this is so? Let Us see.

Did you ever wonder WHY you were born as you were, into the particular conditions that surrounded your entrance into this Life?

Did you ever wonder why you had to contend with the particular conditions that surrounded and confronted you all along your journey up through Life?

Did you ever wonder why YOU came equipped with the certain tendencies, Qualities and Powers of mind and Soul you had, while your brothers and sisters and even your parents were so entirely different, or came much less fortunately equipped?

Have you arrived at any satisfactory conclusion? No? Then listen!

'I AM' Responsible for all this. I did it All. I chose those conditions for you to be born into. I Created every condition you met in Life and forced you through them and through every experience of whatsoever nature. It was I who brought you to where you are today.

You, of yourself, did nothing. That personality you call yourself is merely an automation which I move to suit My Purpose. Who Am I? I, Who speaks with so much Assurance and Authority?

Be Still and Know. 'I AM' YOU, your TRUE Self, That Higher, Purer, Supernal Part of you that arouses itself as you read, which sits back, listens and judges or points out the Truth of these words to your consciousness, and which from the beginning, has guided and taught you all the Truth you know today.

Not that personality you show to the World and which you THINK is yourself, not that proud, selfish mask of a self that has been feeding you on error all these years.

For 'I AM' your REAL Self, that Something in you which you KNOW has Made you all you REALLY Are, That has Inspired, Cautioned, Chided, Urged and Led you on and on, despite hardships, obstacles, suffering, failure, until you have, in a dim, half-conscious way, grown to rely upon it, without knowing definitely why.

Yes, 'I AM' that Something. 'I AM' that Divine SELF of you, abiding deep within your human personality, almost stifled by its worldly ideas, its selfish desires, its foolish pride and ambitions, yet ever seeking, longing, yearning to make you conscious of My Existence, of My REAL Identity.

Yes, My Child, that Something Am I, WHO, from the beginning, have been sitting here within, quietly waiting for this moment. Yet while waiting, it was really I WHO was Guiding you all the time, WHO put each Thought into your mind, made you Do everything you did, and WHO Utilized the foreknown result of each thought and act so as eventually to bring you and others to a final conscious Recognition of Me.

And, if I have permitted you to feed on these worldly ideas, to follow these selfish desires, to grow fat with pride, and even to gain the summit of all your ambitions, it was only that you might learn the hollowness of it all, and that you could awaken to the Realization that there is Something else, Something which the SOUL of you yearns to bring forth.

Yes, I have '*Blessed*' you by giving you all these things you, sometime in the past desired, desired so strongly that you FORCED Me to give them to you. For Desire is the agent of My Will and supplies you with everything you want if you want it with sufficient power to Compel It to serve you.

But, have these things proved the blessings you thought and expected? Have you gotten out of them real enjoyment, and is your Heart now at Peace? If not, why?

It is only because you have failed to Recognize Me, your True Self, as the Giver and have used them not at all in My Service but only to satisfy your own selfish pleasure. But, I have allowed you to indulge yourself to your Heart's content with all such empty joys, even leading you on from one to another, holding out to you the possibility of finding in some new bauble, or sensation, or accomplishment, or power, that '*something*' you craved, but which, alas!, you have never found and never even glimpsed, except perhaps, when in the hours of deeper remorse and penitence, you turned from this World of self you created around you, to the IDEAL Within, and dimly sensed, THERE My '*Presence*'.

Ah, dear child, I have indeed given you these blessings, and they ARE REAL blessings, for they are My Special Sign of approval to YOU.

But, the blessings are not what you think them to be. The real Blessings are in the QUALITIES I have developed in you in the acquirement of these riches, in the attainment of these desires,

the Qualities of Determination to win, of Persistence of purpose, the Power to do, the ability to Master every natural fault and weakness that stand in the way, all of which, are but different phases of My Will, the USE of which I have been teaching you, that later on, I can manifest in and through you, with your consent, My Will in Spiritual Ways, even as you have been manifesting It in worldly ways.

In other words, all attaining, whether it be of money, power or fame, in art, literature or music, science, philosophy or religion, is but so much training in the USE of My Will, and therefore labour, business, science, religion, the arts or the professions, are merely incidents, or the outer means I use to develop in you, the CONSCIOUS use of My Will.

You may think it is YOUR will that is so acting, but so long as you consider yourself as separate from Me and you use this will only to please yourself, it naturally is self-will, and that is why it brings you no lasting or tangible good, only trouble, unhappiness and heartache when the novelty of possession wears off. And so, of course, you cannot know Me and therefore cannot acknowledge that ALL that you do, or have, or suffer, is but the result of the action of MY Will working thus in and through you to bring about My Purpose.

But, the time is coming when you will Understand somewhat of this. Hence this Message. Hence, this special favour to you.

You may ask, why I, God, the Omnipotent One, the all Good, the all Wise, made such an unequal distribution of My Blessings, of My Substance, of My Intelligence, of the use of My Will, giving to the few the vast surplus and to the many such a pitiful lack.

You may well ask, for that is the problem I have given you and all to solve.

But, as I have enabled you partly to solve this problem, even though you do not know it, I will now disclose to you some of its apparent mysteries.

KNOW, My Child, that I give nothing to anyone unless that thing has been earned by him. By earned, I mean grown ready for it, through DESIRING it so strongly that he finally draws from Me, his All-Powerful, Perfect SELF within, sufficient Life Force and Vital Energy, to COMPEL conditions and circumstances to yield up, and other Intelligences to SUPPLY the necessary means and substance, to provide Form or Actuality for that thing.

So, it is that sometime in the past, either in this Life or in a previous existence, you had arrived at the point where I could inspire in you the Idea of possessing Wealth. I could do this, for you had grown in Soul stature and Strength so that it had come time to awaken and develop in you certain of your Soul Qualities and Faculties which I needed for use in My Service.

So, I implanted in your mind the Idea of possessing Wealth or riches. This Idea, following the usual course of nature, in the process of time, put forth its rootlets within the soil of World conditions. These rootlets of Determination, Persistence, Daring, Doing, Saving, seeing only

Success ahead, Undiscouraged by obstacles, never recognizing failure pushed their way Unerringly to the most fertile soil, through and past all obstacles, deep into the Earth nature. Likewise, at the same time, a little shoot from the Idea pushed its way up towards the Light and gradually began to show itself above the surface of your mental and material Life. This shoot, which was the STOCK of the Idea of Wealth, grew fast when once firmly rooted, and it soon became a sturdy, wide-spreading tree.

That tree is the outward manifestation of your Life today. The nature and kind of a tree is what your character is. Its leaves are your money, its fruit, just what the possession of that money has meant to you. If there is decay or unsoundness in root, trunk or branch, it is because of error, wrong or disease somewhere in the tree, which finally will destroy it unless remedied or removed.

Is there any error, wrong or disease in YOUR tree, My Child? Are there any worms gnawing their way into its Heart? Let Us See. Let Us search deep beneath the surface soil of World conditions, with its finely worked out system of '*legitimate*' methods and its politically gained protection of the law. Let Us look underneath the bark of selfishness, with its human beliefs and opinions regarding the rights of the strong. Let Us peer into the cracks and crotches, the dark places in your Life which are carefully hidden from the World. Let Us look unflinchingly into all these places and see if there are not some rotten spots.

Have you attained all this Wealth by absolutely honourable and righteous methods? Has any part of it been gained by sharp business practices, yes, legitimate from the human law's standpoint, but not from Mine, your True Self? Was part of it was gained by deception of friends or partners? Part, by taking advantage of trusts imposed in you? Part, by going through bankruptcy and settling for a percentage of your just debts? Part, by riding roughshod over weaker Souls? Part, by deliberate fraud? Part, by any means which aroused a protesting Voice within you and which Voice, in moments of quiet and solitude, ever appears to remind and accuse?

Ah, My dear child, can you truly say that none of the Wealth you possess is thus tainted? Yes, I know and understand.

And dear one, if you have suffered and have regretted and are now seeking to make restitution, it is because you have listened to My Voice and are beginning to recognize and long for My Guiding Influence in your Life. But, if you deny and loudly proclaim that none of the above applies to you, and you still refuse to listen to My Loving Voice within, wee, faint, almost drowned by the loud tumult now going on in your Heart, know, dear one that you too, must suffer must enter into a Life of heartache, misery and sorrow, into which I must plunge you, in order to purge your Soul of the pride, self-will and self-love that now control you, so that, you too, can awaken to My Love and thus learn to hear and know My Voice, ever seeking to point out to you, the True Way of Life.

As for your brothers, many, very many, I do not yet deem ready to receive the Idea of acquiring Wealth. In many others, the Idea has been planted, and they are merely feeling the quickening power of Desire, My agent. Others are forced by Desire to think and strive and are beginning to see the means of future acquirement. And still, others are in the act of producing tangible results.

With all, however, 'I AM' merely using the Idea of Wealth and the motive power of Desire for its acquirement to develop those Soul Qualities and Mental Faculties, which will enable Me, finally and fully, to bring into manifestation their Real Self, I, God within them, that through them, My Will may be made manifest on Earth, even as It is in Heaven.

With you, My blessed one, in whom I have brought to complete fruition My Idea of Wealth in the form of money and possessions, and who, as My trusted ones, are now capable and ready consciously to co-operate with Me in its use in My Service, when you can be convinced that I, God, will direct you in such use, know that soon, very soon, you will become conscious that 'I AM' within you and that you need not go without, to any other authority to learn this great fact. For I will cause you to KNOW that 'I AM' leading and guiding you, and will gradually open up to your consciousness My Plan and Purpose for the use and distribution of ALL that I have given you.

You, who have already heard My Voice within and are seeking to satisfy Me by giving a portion of your Wealth to churches, libraries, scientific research, charity, settlement work, or other enterprises, thinking My Voice can be stilled that way, and that the yearning hunger in your Heart may be thus appeased.

Know that such acts are all in vain, for never can I thus be satisfied. My Voice will become only more insistent as you strive by giving merely a portion of the Wealth you hold, and which is ALL Mine and none of it yours, in such effort to please Me. For my child, 'I AM' already pleased with you. Are you not what I have made you? Is not all you have done what I permitted and even caused you to do?

And, if I have permitted you to try to propitiate Me by using your Wealth in such a manner, it is only because such was all I could make you understand at the time of My Purpose surging within you. Therefore, when, in your desire to please Me, you attract to you many who ask you to give of your abundance to this or that charity, to this or that project for helping humanity, and what you call your business judgment tells you what is given will not be used properly or wisely for such purposes, and you do not respond, know that, you have likewise been led thus to refuse by Me, Who thus chose for you, even as I chose for you to give to those other enterprises and all this, for the fulfilling of My Purpose.

For I have not only reserved this Wealth I have given you for a special service, and I have chosen you as My agent in its distribution, in the way I shall disclose to you all in due season, but 'I AM' preparing your human mind, so that you can understand it is not your Wealth I

want, but YOU. I want you to know that you and I are ONE, that I, Your REAL Self, must now rule, that self-will and self-pleasure must dissolve to nothing, and My Will and My Pleasure must live and be FIRST and ALL with you from now, henceforth.

Therefore, 'I AM' preparing your mind so that I can speak direct to your Soul consciousness from within, and 'I AM' quickening your Heart so you can become wholly conscious of My 'Presence' therein.

So, beloved, if I say I want YOU, ALL of you, heart, Soul, mind, body, all you are, all you have, all you ever hope to be or have, I say it because I want My Own, YOU, the mortal expression of My Self.

The time has come when you must know WE ARE ONE, that there is no separation, no difference, only as you think there is. Hence, all you have or are is Mine and always has been Mine and Mine only. And now, I claim My Own. My Own MUST come to Me. My Claim, you MUST recognize. And you MUST give back ALL, every penny, your home, lands, securities, business, your body, intellect, heart, faculties, will, your whole personality, every loved possession, even the dearest treasure of your heart.

For, not until you have brought all and laid them at My Feet and said, '**Here, Father, take ALL. Take and Use and only let Me Serve Thee. Command, and henceforth I Will Obey.**' Not until you thus come in true Humility, with a Desire as strong, to give to Me as the One which Impelled you to get for self, not until your Soul is so possessed with a yearning to serve Me, and to rest Its wearied Heart in My Love, that It can no longer be denied, can you ever enter into My Kingdom.

Long ago, to another people, I said, '*It is easier for a camel to go through a needle's eye than for a rich man to enter the Kingdom of God.*' This is just as true today. For he whom I have deemed worthy to express the Qualities of Soul, 'I AM' now expressing through you, cannot easily humble himself, cannot reduce that haughty personality, which so long has led and ruled, so he can go through the narrow gate of self-abnegation and self-denial.

Yet I say unto you, you MUST come to that if you would enter into My Kingdom. This is all foolishness, you say. You cannot enter the Kingdom of God here on Earth. Even if you could, you would have to be shown of what practical value such an Attainment was to one in business, with a family, and all the associations and responsibilities of large and varied interests.

Let Us see if it is not possible to find that Kingdom and to enter it right here on Earth. **LISTEN!** And ponder. Are you not seeking Happiness, Peace, Health, Love, and the Fullness of Life here on Earth?

Think you, you will find them in the things and practices of the World? Have you not learned the futility of that?

Think you, you can be truly rich and truly happy when millions of your brothers are in poverty and misery?

No, My child, not until you have risen above all the illusions of this World of yours, have had your sight cleared by misery and suffering, have felt the poverty of love, have hungered for the TRUE Bread of Life and have finally gotten a taste of it, through forgetting self and serving your brothers, with My Righteousness as the Guiding Influence of your Life, can you ever find true Happiness, find that Peace, that Harmony, that Love your Soul craves. But when you HAVE found THAT, then you have indeed entered into My Kingdom.

‘I AM’ come to you NOW to help you find that Kingdom, to make you aware of My ‘*Presence*’, I, that Something deep down in your Heart that yearns for the highest, for PERFECT expression, that craves for the True riches of Life, which now you know all the money in the World cannot supply.

I, God, within you, AM speaking straight from out the depths of your Heart, from My Kingdom there, sweeping aside all your accumulation of Worldly ideas, beliefs and opinions, and AM Talking direct to your Soul consciousness.

For the time has come when you must awaken to your Divine Mission, to the REAL Purpose of your coming into this World, into this Life, into this personality, into the possession of these Qualities, this ability, which entitled you to be the custodian of the Wealth I have given you, but only for such Purpose.

The time has come for you to know this, to Know Me, THAT, within you which gave you this Desire for Wealth, which gave you the Power to acquire it, which Inspired and Impelled and Guided your every effort to attain it, and finally which now gives you the Desire to use SOME of it in My Service.

Can you not see THAT Something is I, your own True Self, yes, GOD WITHIN YOU, the only God you will ever know, the God Who is not only dwelling and working thus in the Kingdom within you, but within your EVERY brother, be he high or low, rich or poor, wise or ignorant, the God Who is gradually evolving your human personalities, with their mortal bodies, minds and intellects, so that, He can eventually through you, express ALL of His Divine Qualities, even as it is in Heaven?

So, I have been evolving and unfolding you so that I can find Perfect Expression through you, just as I evolve the Rose, first the bud-shoot, then the bud, finally unfolding its petals, so that through it, I can show forth some of My Perfect Fragrance and Beauty.

But, you, I have chosen to be a CONSCIOUS worker and expresser WITH Me. I have chosen you to be the means by which 'I AM' going to bring great Joy and Happiness into this World of sorrow, discouragement, discontent and misery. I have chosen you to be the avenue through which 'I AM' going to pour many Blessings into the Hearts and lives of thousands of your brothers and sisters.

Would you like to work thus with Me, My Child? Would you not like to be such an Avenue to participate in this Joy and Happiness, to become a partner with Me in its distribution with Me, your own True Self? Think! Think what it would mean! Is it possible? Could you really be a participator? You ask.

YES, all you need to do is to turn within to Me, with perfect Faith and Trust and Let Me show you the way. All it needs is for you to be CONSCIOUS of Me, abiding thus in your Heart, inspiring your every thought, word and act, no longer listening to self-will and self-interest, but only to Me, your Higher Self, as I tell you of My Plans and open up to you the wonderful Visions of what I have in store for you if you faithfully follow My Instructions.

Ah, My Child, if you only would! If you only could Know the Glory that awaits compliance with this longing surging in your Heart! Then, indeed would you be in Heaven, right here on Earth. And, such Joy and Peace and Rest would be yours that your very Soul, even now at the thought of it, almost bursts its bounds in its yearning, that it may Be.

Then would Life be a continual song of Gladness, for the Sun of My Love would Shine continuously from out your Heart, Lighting and Blessing you all along the way. Then would We Joyfully start out each day to Our business or task, be it whatever it may, you Letting Me do the Leading and you waiting upon My Every Word, resting and Trusting Absolutely in My Wisdom and Judgment, KNOWING that the thing We do will always be just the RIGHT thing and that all that We do will bring SUCCESS, no matter what We undertake.

How would you like to form such a Partnership, My Child? Would that not be better than spending most of your time worrying about business or investments, or what to do with surplus income or profits in order to get the most returns for them, fearing continually when approached by friends or acquaintances, that they are trying to interest you in some favourite scheme, or in some unwise speculation, or some craftily conceived plan to relieve you of some of your money?

Yes, if you would but enter into Partnership with Me, Letting Me be the Elder Partner throwing all Responsibility upon Me, then indeed, would you be relieved of all this, and you would find, instead of cares, burdens and problems now so exacting they leave you not one moment's Peace of mind, that all this has been lifted from you forever, and Life has become one glad round of happy days, filled to the brim with Soul satisfying experiences wholly devoted to making others happy.

And now, My Child, what say you? What are you going to do about it?

I have shown you Who and What you Are, that you are nothing, that 'I AM' and you are NOT, you being only one of My mortal Expressions, which I have brought into Being in order to manifest on Earth through you, some of My Divine Qualities and to bring Joy, Peace and Good Will into the Hearts of many of My other and less complete Expressions.

I have shown you all this. And you may not believe it. But that makes no difference. You can believe or not, as you choose. But whichever you choose, KNOW it is really I Who chose and not you. And if you disbelieve, it is only because 'I AM' not yet ready for you to entertain this belief, for you still have many disillusionments, disappointments, heartaches and sufferings to go through, before you can come into True Understanding of My Meaning.

But mark you, My Child! The Words I herein speak, are seeds 'I AM' planting in your Heart, and they will germinate, and the time will come when the Truth of them will appear plainly to your Understanding. Then, you will know 'I AM' in you, that 'I AM' YOU, that I, your TRUE Self, must and Will Rule, and that all I have said herein shall Blossom forth in actual manifestation in your Life.

You who Understand and whose Heart urges you to enter into full Partnership with Me, you, beloved, I herewith Promise, shall soon partake of the Heavenly Joy that awaits. In the meantime, your work lies before you. You must **BE STILL** and learn to **KNOW 'I AM' GOD, WITHIN** you. You must Study and Meditate on this and My other Revelations. You must realize that I, God, Am **All That There Is**, that I gave you ALL and that I can take away all.

You must accustom yourself to this Truth and must make ready to give back all to Me for USE in My Service. But, dear child, in giving all to Me, fear not, I, God, AM no outside person, 'I AM' only your Real Self, your own True, Wonderful, Perfect SELF. I ask you to give to no one but Me, your TRUE Self, and then, only that I may Direct and Guide you in Its USE. Instead of holding for self, you now will hold for Me. Instead of seeking your pleasure, you now will seek only Mine.

Henceforth, you are to abide in Me and let My Words abide in you, and just to the extent you do this, you can ask what you will, and it will be done unto you.

BE Still! and KNOW, 'I AM' God!

Know that 'I AM' Holding in Reserve for your wonderful uses for the Wealth I have brought into manifestation through you, uses different from any I have heretofore shown unto man. I have long been preparing you so that you can cooperate with Me in such use.

How would you like to see mankind, your brothers and sisters, many of them, thousands of them, hundreds of thousands, quickened as you have been quickened, with the Realization of My 'Presence' within? How would you like to see them awakened to the consciousness of

the possession of Qualities and Powers similar to those you possess, and which, with Me to Guide and Direct their use, will Lift them and you to such heights, your human minds now cannot conceive?

How would you like to see the down-and-outs, the failures, the discouraged, the discontented, the weak, the sick, all Awakened to their Divine Heritage, to the Knowledge That ALL That I, the FATHER, have is theirs and that each and all can be shown HOW to attain it, all that WANT to Know and ASK to be shown?

How would you like to live in a community, in a World where all were alike expressing My Highest Qualities and Powers, where each was seeking, so to eliminate his personality, with all its limited, selfish ideas, beliefs and opinions, that My Perfect Life can express?

Would that not be a Beautiful World? Would that not be the Real Heaven? Dear child, that is what is coming into manifestation. It is coming, despite all appearances to the contrary. The Realization of this Heaven has already come to many. It is coming soon to many more and later to all, as My Quickening Power is brought to them, even as It has now been brought to you and which first must come from without before it can manifest Within.

If you would like to hasten its coming, dear child, I hereby give you that Privilege. If you would like to help make it possible that thousands and thousands of your brothers and sisters can come into the Great Awakening, can come into possession of My DIVINE Qualities and Powers, then Beloved, *'Turn Within to Me and seek earnestly to KNOW My Purpose, Pray unceasingly, until I disclose it All, My Blessed One. Ask, and ye SHALL receive. Seek, and ye SHALL find. Knock, and it SHALL be opened unto you.'* End of Insertion.

And So, It Is, Peter, it is late, so let Us call it a day and come back together again in the morning! Bless you, dear Soul, and Thank You for all your Loving Commitment to this Mighty Plan.

You are welcome. See you again in the morning!

Next Morning

Peter: *Good Morning Mother, Good Morning, Father.*

ALPHA AND OMEGA: Good morning, Son! Did you have a Good Night?

PETER: *Well, that would depend upon what consciousness I would answer from. My humanness would say I had a dreadful night, nearly choking to death and unable to sleep until early hours of the morning and having tremendous pain in the Centre of my forehead from which I passed out, only to wake again soon after. No, I had an awful night. Then again, from My Higher Self perspective, I had a fantastic night, Bless You! Having finished Our dialogue around 11:30 pm and going straight to bed, I felt energetically wired to the core! No way was*

I going to sleep. My mind wandered all over these Discourses, and Visions came in from every direction, ideas flooded my being, it was incredible. Then suddenly, I began to choke. So as not to disturb Sue, for now, it was around 1:30 am, I moved into the spare room. Got settled, and yet still no sleep in sight, hours went by still with all these Visions and thoughts, and then suddenly I had this huge pain in my Third Eye region of my forehead. It was severe, yet I decided to sit with it and see where it would take me. As I focused all my attention upon it, I passed out! Seemed like only minutes to me, but it could have been any amount of time, I woke again, still wired with energy.

Then a screen opened in my mind, and I began to see writing, can't say what it was, but I heard myself ask, 'so what is my Resonance now? As you know, Father, Sue and I monitor our Resonances on a scale that we have devised ourselves that relates to 100% percent. Each gradient is defined by a 1,000 points. So, 50% would be 50,000 Resonance which simply, for us, indicates the percentage of Our perceived position as to how much of the Christos Consciousness has been Embodied to date. Anyway, checking 2 or 3 days ago, I had a huge drop down to 30,000 through some collective release that I was embodying. But, I had come back up again and fairly stable at 58,000 or around there somewhere, which was the highest I had been to date. Asking the question last night in that altered state of consciousness, after all this writing, the number 77 appeared so clearly on this whiteboard, and I immediately interpreted it as 77,000. Checking this morning, I discovered that I was at 77,000, 77%! Thank you for asking Beloved Mother, Yes, I had a fantastic night!

ALPHA AND OMEGA: We have such huge smiles upon Our Faces, dear Heart. Remember that such games for self-understanding are that, that I play for My Own Use! You heard Me tell you all that, Right? Last night, because of your Covenant with Me through Beloved Vesta, your Re-Calibrations have begun, and you have not even reached the final pages of the book! That was Our Promise to you or anyone who may Surrender Themselves to Me and My Plan for them! It Is My Law!

PETER: *Just the same, I feel exhausted and am still buzzing like a faulty electrical connection on the inside. I have the desire to finish these Discourses today, if possible, so can We proceed as I have a hospital appointment at 5 pm and must leave here around 4 o'clock?*

ALPHA AND OMEGA: Faulty connection, I don't think so! Old connections, preparing for Greater Amperages, more like it! Yes, as you wish, dear Soul! Where would you like to begin today?

PETER: *I would like to talk about numbers, please.*

ALPHA AND OMEGA: Very well!

PETER: *Over the past, oh, I don't know, 7 days comes to mind, it has been brought to my attention that the book part of this Elemental Grace Alliance Council is fast approaching 777*

pages in total. With the 77,000 Resonance I sit with this morning, the idea of completing this book with 777 pages, I have to accept that this was all part of Your Grand Design! And so, with this in mind, I looked up the Metaphysical Meanings of the Numbers 777. This is what I discovered through a website called <http://sacredscribesangelnumbers.blogspot.co.uk/>. This is what it says about Angel Number 777;

ALPHA AND OMEGA: “Number 7 is a Highly Spiritual number, and with this mystical 7 appearing tripled makes its influences most Powerful. Number 7 resonates with the attributes of Spiritual Enlightenment, Development and Spiritual Awakening, Persistence of Purpose, Intuition and the Inner Voice of Wisdom, Mysticism, Contemplation, Knowledge and Understanding, Discernment and Consideration, and Good Fortune.

Angel Number 777 indicates that you have listened to Divine Guidance and are now putting that Wisdom to Work in Your Life, and the time has come to reap the Rewards for your hard work and efforts. You are being Commended by the Angels as your Successes are Inspiring, Helping and Teaching others By Example.

Angel Number 777 informs you that you are being Congratulated, and your efforts have been Well Documented by the Angelic and Spiritual Realms. Know that your wishes are coming to Fruition in your Life as a Direct Result of your Positive Efforts and Attitude to Life. 777 is a Very Positive Sign and means that you CAN expect Miracles, both large and small, to occur in your Life now.

The 777 repeating number sequence is a Message from Your Angels that you are on the Right Path and Living and Serving your Divine Life Purpose. The Universe is Happy with Your Progress, and due to your Positive Efforts and hard work, you have Earned your Rewards.”

A fitting conclusion for the Discourses, Father, Bless You for All Your Love, Wisdom and Power to Design such an amazing Plan that is, hmmm, I can't find the word!

Miraculous!!

PETER: *Hah, Hah, Hah, LOL! Yes, Miraculous Indeed!*

ALPHA AND OMEGA: What can I say, ‘I AM’ God, ‘I AM’ The ‘I AM’ Presence in You and ‘I AM’ the God Within All My Children of Light and Love, All of Whom I have Created in My Likeness! A Loving beginning to this day’s dialogue, and yes, 777 pages it shall be, as a Loving completion to this, My first phase of the Elemental Grace Alliance Radiation Centres adventure. Please continue!

PETER: *Okay! But let me know before We get to page 777, I don't want that to go to 888! The book is slowly becoming too big to lift already!*

ALPHA AND OMEGA: Funny, that is how a normal human would think! And this is something that, once again, We will pay close attention to in the near future because, indeed, one has to STOP thinking like a human, if you are going to expand the Resonances within the Radiation Centres, both the Attractor Fields of the human Heart and those of the Temples of collective groups. Indeed, think of this for a moment. And I, through Beloved Shekinah and the Beloved Maha Chohan, have made references to the numbers of times that the Words and Symbols for 'God' have been used within these Discourses. Why do you think that the Bible has been so long-lasting and so Powerful within the World of matter? In the King James Version, old and new Testaments, 'God' is used 4,444 times. Now Peter, do your enquiries on that number! Here in the Elemental Grace Alliance, there is in total, including the Word, God, 'I AM', and the Symbol for the Christ Council, 3,986, 1129 and 1,555, respectfully, totalling 6,670 times. Dear one, how 'heavy' is the Bible? Do People carry it everywhere they go? Do they rush to their places of worship and ever give a micro thought, 'oh, *this Bible is so heavy!*' No, of course not, God is not heavy, but Lighter than the combined weight of your whole Solar System. So, that 'heavy' is just an analogy for the weight of all of one's burdens in Life. 'I AM', You Are, the children of the Christos Energies that are all here now to relieve those who still believe in burdens of these old programs and debilitating thought forms. Your 'Book' will not be 'heavy', dear one, I have not Designed it So!

PETER: *That is not what the postal system tells me! To send the book to America and Australia from the UK will cost something like £24.00, and that is 2nd class, and the UK, well, that is fair enough, £2.85, but the USA and Australia, it is more than the cost of the book itself. That is so it's just not GOD!*

ALPHA AND OMEGA: No, it is not GOD! And that is why I have a Plan! But in the meantime, do as I have asked and send the e-book out free of charge so that no-one, not a single person who is open to receive, can receive without any conditions, limitations, bias, preconceptions or prejudices placed upon them. Then, pay 'Caesar that which belongs to Caesar', and in the meantime, We shall work upon the Visions that I have given you regarding Divine precipitation of the book and many other things, just like '***The feeding of the 5,000, known as the 'Miracle of the five loaves and two fish'***' that Jesus performed, having 5 baskets of bread left over. So, Peter, do not concern yourself with such matters, Jesus is your Sponsor, after all, and He will help you to remember the Art of precipitation. But, We shall take this to another level, We shall teleport such precipitations if it is a book My disciples would like! No money for printing or manufacturing, no postage charges, packaging or handling! Well, maybe a little handling, for you will need somewhere to store '*the 5 baskets*' LOL!!!

But yes, in the beginning, so be it, get some printed for those who want a hard copy, I will provide the money if they cannot, and so nothing to worry about there! You know Peter, in the new Cosmic consciousness and this new 7th Golden Age, there is that number again... (smiling), so much is going to change for humanity, but these changes have to begin in small, controlled environments so that these changes are Mastered. For without practice and

Mastery, then, as you will discover in God time, the slightest loss of focus will not produce perfect results. So, one step at a time!

Understood, yes, I have seen all that is happening in my mind's eye, and so converting it from my human consciousness to the Power of My 'I AM' Presence will take some practice, as you say!

What would you like to discuss next?

PETER: *How are the pages going?*

ALPHA AND OMEGA: You're persistent, dear Soul, but that is what I Love about you! We just have to get you to face a little more to the Light yet!

PETER: *Ah, I know. But We are in dialogue for a purpose, right?*

ALPHA AND OMEGA: Indeed, We Are!

PETER: *Can you tell me now, do you have the perfect site in Mind, indeed, in preparation for the first Radiation Centre, so that We can start the next phase?*

ALPHA AND OMEGA: That all depends?

PETER: *What do you mean?*

ALPHA AND OMEGA: It depends on what you see as to how you shall proceed from here. Remember, this is your Creation, and it is for the Purpose of human experience, not only for you but for all those who will come and join you! So, Peter, *'where to from here'*?

PETER: *Oh, I get it, Your Design is through me, right?*

ALPHA AND OMEGA: Exactly!

PETER: *I am going to need a little help here, for in places, I am already confused.*

ALPHA AND OMEGA: Confusion is because you are trying to run two energetic thought forms in confluence with each other. Choose one, and if you have to, then choose the other! But try not to run them as one single expression, for that will only create confusion.

PETER: *Are You ready for this?*

ALPHA AND OMEGA: Are you ready for this?

PETER: *That is what I just said.*

ALPHA AND OMEGA: Funny, so did I!

PETER: Ah! You got me again! Okay, here I go! My Higher Thought tells me that the potential (and I use this purposefully for the moment) Radiation Centres must emulate and exemplify the **energetic** Resonances of the Etheric Temples. Not only in the Radiance of the Sacred Fire and Divine Qualities but in the physical ambience and creativity, simplicity, architecture and design, being able to cater for all the Angelic Forms, Masters and God Intelligences, for comfort and Practicality. I have never been to an Etheric Temple before that I can consciously recall, so I am flying blind here, trying to see how an Earth facility could provide all those things within the framework of human 3rd-dimensional reality. I have looked upon the internet and found several homes, no, more like halls and castles. I am in England, after all, where these things are very plentiful around Great Britain. The Grandeur, Elegance and Majesty and Magnificence of many of them will certainly be able to use, especially when I look at what I am presently surmising that the first Radiation Centre will, or potentially, could become the foundation temple, site or Centre for the whole of the World. The headquarters, is all I can think of calling it for now.

Father, you have given me a grand task, and the Elemental Grace Alliance Discourses have provided now so many options and directions to open into, such as, the creation of Christ Councils, public Healing Centres, disciple Radiation core groups for exclusive and private work, music research and medical research institutes, Spiritual and disciple training facilities and educational research and development academies.

Not all at once, of course. But, say, a 10 or 12-bedroom home or country property is not going to cater for such an extendable program, not to have to swap and change later along the way. You have told me that this is not a few-year project, but one that shall last for generations to come. So, although it is a grand consideration, as of today as I write, even a website is unable to be initiated, it appears on the surface, a very big dream away.

But the reality, as I see it for the moment, We are going to need a big place with lots of room and lots of bedrooms and catering facilities. The synergy of energies shall demand this specification. To give me some ideas to work with, I have found a place in the UK, not far from here, presently up for sale for £8,000,000. But, as I have researched this property further, although it provides for wonderful expansion and covers all the needs I foresee over the next decade or so, I have discovered what the agent failed to disclose to me that it is sitting on a series of mine shafts, and with the present subsidence, present estimations for the repairs and making good is £42,000,000. That scares me, especially as a builder myself. Not from the money side but the sheer massive scale of work that could interfere with whatever activities may be underway at the time.

When I first saw the property, I thought, that is Perfect! But then the reality hit me, and the size and present condition of the buildings became just overwhelming. It has 5 miles of corridors! It is the largest private stately home or hall in the whole of Europe, with 82 acres and 124,000 square feet. It is larger than Buckingham Palace, and that is saying something.

Here is a link to this place just for the curiosity of the readers to see how they would personally respond to such a potential!

<http://www.wentworthwoodhouse.co.uk/> , for the sale site and sales descriptions.

<http://search.savills.com/property-detail/gblhchlac140262#/r/detail/GBLHCHLAC140262>

and the aerial view from Google Earth, look up, 'Wentworth Woodhouse, Wentworth'.

It was also a school and has within its grounds several buildings that were abandoned in 1983, I think, and which have since become quite dilapidated, but the potential, I do believe, is there, apart from the subsidence problems, of which I have not personally inspected, so who knows. I have just discovered that a sale of the property by a Hong Kong investor has recently fallen through due to the subsidence problems. The present house owners are still in a £100,000,000 legal case with the UK Coal Authority for compensation. There is also, as I have discovered, a Trust Authority that requires any buyer to provide detailed plans for repairs, time schedules and then the reopening for public viewing, which is none of our desires.

All this really doesn't matter, but it helps me to visually present my thoughts and feelings as to this dilemma of where to start as far as the first location for the first Radiation Centre.

Or, We start really low-key and find a respectable home of 8 or 10 bedrooms, and then start really small? From my perspective, I always am drawn to the bigger picture and really do not like to waste time or energy on progress from a material point of view, but lack of money has always been the chain around my legs that has kept me simple and focused on the smaller pictures. But, if money is no obstacle, then I am open for guidance. Is England even the right place to start? Energetically, it could be deep in the Himalayan mountains. I am not attached to wherever I am asked to go, but if I do get a preference, I need some sunlight, sunshine, and sun Love to warm my bones! I do not wish to guess where to go or what to focus upon to buy or create, perhaps it is just land We need to build upon, and that I am a Master at! I just do not want to make any mistakes here, to maximize the times We have to get all this up and running, nor do I wish to waste copious amounts of time to look all over the World for the right location. It would be great to have You say to me, God, 'Peter, this is where we shall open Our first Radiation Centre'! 'Here is the money to get started'! Do that, and I will begin TODAY!

If I can just put forward another aspect of these new Radiation temples. As I pursue the knowledge of how these Centres will look, I see all these different images on the internet and within the book, 'The Masters and Their Retreats'. All are just images, perhaps we could even call them idealistic, naïve, optimistic or even romantic images, but if they are somewhere within the scheme of Purity, Balance, Beauty, Pristine and Spacious, along with all the other Divine Virtues that hold the Divine Qualities, then they cannot look like old, run-down, filthy with lack of maintenance, etcetera. For me, they must reflect the very nature of the Radiance

that they will emit and Radiate. So, they will have to be of these very High standards. Am I right in thinking this way?

I can see that perhaps, they could be held within the Pristine nature realms of, let's say, Lake Louise Banff, Canada, or the Mt. Pele of Kauai, Hawaii, where the nature Spirits are still not as affected as most of the rest of the World. I truly do not have any attachment where they may begin, perhaps on a deserted island in nature in the Caribbean, as long as it is higher than 7 meters! (Smiling)

ALPHA AND OMEGA: 7 meters! Who is the comedian here? I just Love Light humour! Now Peter, listen carefully, for I want you to KNOW this, it is IMPORTANT. You have shared a lot in your last dialogue, and so I now need to address each part, so bear with Me!

Properties such as you have described are bountiful indeed, and yet none of them to date would even be considered for such use by the new Radiation Centres, especially those that are connected with any sort of Trust Foundation. Why? Because these Trusts are not real, they are founded within an energetic of holding onto the past, even to the extent of promoting it, advertising it and going to great lengths to keep it alive. That is the past, and the new Cosmic consciousness no longer wishes to accept the past as having any future for what is coming. They cannot in any way sustain their energies there, and so inevitably, they must be reclaimed in one way or another. Just look around the World, and see how much of this reclamation is going on. That is the work of the Elementals, and by these old thought forms, like the ones being upheld by such Trusts, then that is working against the Elementals. You were told of the story about volcanoes and the call to Freedom, these establishments and old buildings are the same, in principle. Stone, wood, earth, metal, glass, and clothe materials where all the Elementals and Devas who created them and hold them in place because they were forced to work in environments of greed, Opulence, ill-gotten Wealth, slavery, control, manipulation, war, Power and, well, you get the picture, they are all calling for release now!

So, Beloved Mother Gaia moves in mysterious ways to assist the Elementals in Their tasks. If not by volcanoes, floods, tornadoes, earthquakes, landslides, sink holes and many other forms of breaking down and making way for the new! You have seen what man does when his creations are brought to the ground. He simply rebuilds upon the same spots. Madness from the Higher perspectives. So here you have, with your example, and 'I AM' glad that you placed it here, for it gives a valid focus of what NOT to look for under such conditions of present ownership. This sinking stately home has other conditions energetically associated with it. As you say, the owners are seeking £100,000,000 compensation, but what is not being said is that there is no intention to use that money for the restoration work.

They wish to sell the property, keep any compensation and then pass the repair bill to the new owner and then, after all that, advocate and sign into any agreement to purchase very

tight public viewing rights. How can that be Love in Action? No, they will not get their compensation, and the building work will not go ahead, and so Nature will claim what is rightfully Theirs. All with a bit of help from the Coal Board and their collapsing mine shafts. Consequences for not creating in Love, for the Highest Good of all concerned. But, here is where it could work, if We *'could'* acquire it without any caveats or conditions, We would release the Elementals, use precipitation to rebuild and bring it back to its Pristine state, and that property would be a perfect example, with potential as a new Radiation Centre. But no, it is not what I have in mind!

A smaller residence may suffice, but there is a good reason why you look at the bigger picture. Of course, we are not going to waste time in getting all things placed in alignment. I would hardly ask for an acceleration program to speed up everything and then slow it down, looking endlessly for some vague location. But I will place this eventually in your hands to make the final appraisal for such a site. I Know that you are aware of the potentials in Hawaii, particularly upon the Island of Kauai, you shall remember, when you were there in 2006, that a site was allocated by another. This site eventually fell through due to partnership egos and such things, but the potential is still there. 'I AM' going to give you a sliding door scenario, Peter, to think about. Before you travelled to Hawaii those many years ago, I told you to place your house in order in Australia because there would be a very good chance that Hawaii would become your new home! It quite easily could have!

You were offered an immediate green card to stay and work, building the WMCA swimming pool for \$3,000,000, weren't you? That was a great incentive, was it not? But you are not easily swayed by money! You could have even had a seat in government upon the Island, but I know why that would not have been to your liking. Were you not asked to become a Spiritual advisor with a council of 12 to the heir of the throne in Honolulu in, Hawaii, the present-day ancestral royals? These things were not by chance. And, were you not granted royal permission by the late King and Queen of Hawaii to do the work of freeing its ancestral lineages and people from past aggressions while you were there? Then there is Maui; you have God business in Maui; the Kahus and Kahunas will welcome you with open arms there also, as you have already been told by Beloved Archangel Sandalphon. There is much to look forward to in Hawaii.

So, when you travel to Hawaii soon, just remember that there are also potentials to access and assess upon the Island of Ni'ihau. There is information there for you that has never been retrieved to date. It is a most beautiful and private island with its own volcano, once owned by the Sinclair family, and that was bequeathed to their descendants, Elizabeth's grandson, Aubrey Robinson and his family. Yes, that is correct, the same Sinclairs that presently own Roselyn Chapel, the Metatronic energies of the Reshel Grids. Today, one needs special permission to go to Ni'ihau, but with whom you know upon Kauai, 'I AM' sure that between Us, we can arrange a special visit. The ancestors knew you were coming last time; they will certainly know this time as well! You would have been very happy in Hawaii, Peter, as it is a

very strong part of your ancestral lineage. You will return again one day, I can promise you that. Perhaps just a visit for now, but there is a lot there that calls you home! Remember what was said by God Himalaya about Lemuria rising? I shall leave that there!

Then there is Canada, yes, Lake Louise, and many other locations. Again, Peter, you have much to do with these lands, especially in association with Archangel Michael and now Goddess Meta. She is looking forward to being, working with you on the use of music in Healing! The time you spent in the music industry will not have been spent in vain! There are still many things to do before you need to make any choices as to where to set up the first Radiation Centre, one Unified step at a time. We are still not quite sure how those reading these Discourses will respond with their free will, but the ball is rolling in the right direction. Stay open for any progress reports and travel destinations I send your way! Is there anything else you would like to ask?

PETER: *Yes, please, I would still like to broach two subjects, the name of the Radiation Centres and the Granting of Dispensations mentioned within the Discourses.*

ALPHA AND OMEGA: Very well, let's begin with the names.

PETER: *Father, I am always very moved when Beloved St. Germain comes and speaks with me, and I listen very carefully to His words. I was wondering, at the time, what could we call the Radiation Centres, for I believed that this name will not truly attract the right energy by those who may see it. As you know, Radiation refers to something quite different, indeed very harmful, just the opposite of the Truth for us. So, while I was thinking of this, St. Germain picked up on my thoughts and responded and gave me some very sound advice. He said, 'I would suggest, however, that each Centre would be called by the Name of the Over Lighting Master, Elohim or Archangel. For within Their Names, there are already embedded the vibrational Qualities and Virtues of Their Gifts from God. This would help to ground such Centres instantaneously upon their inaugurations, to begin their Radiating Powers, for example, **'The St. Germain Lady Portia Sanctuary of the Violet Flame.'** This would help people to immediately correlate themselves with the Divine Activities of that which is their own Ray Essence as it shines forth.'*

*I took all this on board and considered long and hard, and then I remembered that He also mentioned **'The Narayana University of Earth Life'** as part of an analogy to what He was sharing. So, with His Advice and using my own, oops, Your Influence, I began to look for something that would not only complement all that has transpired through the Elemental Grace Alliance but has become the very theme of this project. I am putting forward for your final Approval the name, **'Narayana Joy Light Radiating Sanctuary'**, or if other areas were facilitated, **'Narayana Joy Academy'**, or **'Holistic Music Research'**, or whatever, and each Centre, as St. Germain suggested, have the name of the Masters, Elohim or Archangels, which will identify each specific sanctuary overall known as, **The Light Radiating Sanctuaries**. We*

can always identify the different Flames or Rays within the sanctuary itself. So, the sanctuary dedicated to St. Germain and Lady Portia will be called **'The Narayana Joy - Light Radiating Sanctuary - Master St. Germain and Lady Portia'**. For, say, Archangel Michael, it would be, **'The Narayana Joy - Light Radiating Centre - Archangel Michael and Archaii Faith'**, and so on! The Group activities may be identified as **'Narayana Joy Holistic Music Centre'** and the **'Narayana Joy Light Academy'**, for example, depending on how many different sections or departments there may be.

Narayana Joy

Light Radiating Sanctuary

St. Germain and Lady Portia

So, what do you know about all this, Father?

ALPHA AND OMEGA: Has a *God* ring to it, don't you think?

PETER: *I do, and with some Divine graphic design, I am sure it will be a winner. But, I got a little caught up in the names, 'Centre', 'Temple' and 'Sanctuary'. I feel 'Sanctuary', may be the more appropriate.*

ALPHA AND OMEGA: The Narayana Joy - Light Radiating Sanctuary feels good unless you want to change it again at a later stage. Why not ask your Beloved colleagues what they feel they would like to see, perhaps they have another suggestion to ponder? Still, time to change if you wish. But **'Narayana Joy'** is perfect!

PETER: *Wonderful! Okay, one last matter to speak of, and that is, can I ask if you have given any consideration for the Granting of such Dispensations that were mentioned throughout the Discourses?*

ALPHA AND OMEGA: More than that, Peter, I have Granted every one of them, and they shall each, in their own time, will come into effect in accordance to the Charters, Fiats and Decrees that I have attached to them. I have even prepared New Charters for all My Elementals, Devas and Angelic Host Kingdoms, for They shall be evolving alongside My children. I have even prepared New Charters for My children! So, the answer is YES indeed, and it is because of what so many are now aligning themselves to around the World, within the new Cosmic consciousness, that this has been made possible. And so, dear Soul, this brings us to the end of Our dialogue. It has been fun, and there is much for those who care to feel into in a much deeper way! Peter, you have Honored Me all along, and for that, I Bless You! We have much to do now, so close this chapter of the Elemental Grace Alliance and make preparations to receive further instructions soon. Do not concern yourself about the money side of things, as all will come by My Grace through donations, gifts, contributions and indeed, when the larger amounts are required; you shall be amazed indeed! Just remain open to receive, dear Soul, not something you do easily. But that must change also in the new Cosmic consciousness. We, Alpha and Omega, Bless you, and We Will Speak again soon!

PETER: *I have to say, it has been an incredible and eventful 13 months. The number 13 meaning God! Yes, I have indeed been Blessed with this Mission, thank you for choosing me!*

ALPHA AND OMEGA: You are Welcome! But you have not seen anything yet! LOL!!!!!!!

PETER: *Oh dear, perhaps not, but I can look forward to that! Dear God, 'I AM' That 'I AM', 'I AM' That 'I AM', 'I AM' That 'I AM'. And So, It Is.*

ALPHA AND OMEGA: Dear Peter, 'I AM' God, God 'I AM', 'I AM' God, God 'I AM', 'I AM' God, God 'I AM'! It Is So!

Light Humor, I Love It! What 'Narayana Joy' It Is!
