### PAYING IT FORWARD PAYING IT BACK - ST. GERMAIN, 26<sup>TH</sup> JUNE 2019

Beloved God 'I AM' Presence of Infinite Love and Light, Who is the Harbinger of All That Is Immaculate in Conception As It Is In Heaven and on Earth, whether of human Child or any other physical creation of and for The Eternal Cosmic Christ Love, I Call Forth The Mighty 'I AM' Presence, to Bring Forth the Truth of what we are experiencing within the Elemental Grace Alliance at the moment, that is being exemplified in our attempt to create a New Petition for the Granting of a New Dispensation by the Karmic Board of Directors. We require greater Understanding, that which will assist the human personality and the ego mind to better understand the Divine Work we are here to accomplish for and on behalf of God for the Benevolence of All Life. Bless You, Bless You, Bless You! We are Grateful!

**INVOCATION: Thou Mighty Majestic Christ Power, now growing to Full Stature within Us! We Call forth the 'I AM' Presence into Action in Every man, woman and child; the Power of Light and Love means Peace and Victory of All Divine Intention that is Eternal!**

**ST. GERMAIN:** Greetings, Dear Hearts, I wish to tell you today, as you transit this minor regression, that what Brother John has shared with you is the best thing that could have been said by any of Us. Sometimes We in the Higher Realms not so much as forget the human condition, for many of us remember it only too well, but in a way, remembering it, having passed through it and still being in it are two quite different things. We could see the dilemmas continuing within the EGA, regardless of the Guidance we were giving. So, it was decided to change tact! To put it bluntly, *'Rock Your Boat!'* How it will turn out, We cannot say just yet, but We had to try, for although all your Intentions have been of the Purest of Heart, which you have proved to Us by passing through the Rings of Consciousness this far. You have not yet been able to.... translate is the best word I can describe at this time. these advancements from your own standpoints because you cannot yet see what you have achieved, that which We can Know and See.

You are simply unable to see anything tangible, whereby you can touch it, not just sense it! Brother John was correct when He offered you the difference between how each Master or God Intelligence sees you. And so, because there are many levels to this, We too must change the lensing of Our Glasses, if you will, to step up and take advantage of what has already been achieved to date by each of you as individuals and the Elemental Grace Alliance as a Group.

We could not have asked Brother John to speak to you from His perspective if you have not been Granted the Extra Ordinary Release of Instructions, for without this, your free will would not have allowed it! And as you know, that would be against the Cosmic Laws involved. So, we are now going to assist you in a greater capacity to offer you closer direction as to what to focus your attentions upon. We will not do it for you, and We will not be explicit! They

will come as suggestions and directions only, you are all Masters in your Own Rights, and the amalgamations of all Qualities and Virtues, Gifts and Talents, training and experiences are now available for your own full presentation to the Group as a Living Organism.

That is if you are in Agreement and then can, and I repeat what Brother John stated, “*work Together in a One-Pointed Focus in Order to Materialize any aspect of the Divine Plan for humanity: that is to materialize in a process, in a Sequence of Order and to have to Work so that you can see it. Here it is in manifestation; there is no question about it. What happens here is that the Principle or the Concept Above the Principle is Accepted and Agreed upon*”; this Dear Hearts must be Agreed “*within that which considers itself to be a group as to the working out of that Principle, its Application.*”

Your thoughts become things. Don’t fight it. Don’t think there’s anything else. Don’t entertain the false premises of fate, luck, or a God who judges, withholds, or decides. **You decide! You manifest!** You are the Ones who now, through your other Dispensation through Cosmic Law, are Authorized to say what shall act out here from within the Elemental Grace Alliance Forcefield. This is why you are here. This is what you came to discover. You were Born to Experience your Absolute Dominion over every flimsy, malleable illusion of time and space, to have, do, and be anything.

Truthfully, it couldn’t be any easier. All you have to do is think of what you want and refuse to deviate from that thought. This will invariably set you into motion, stir up the magic, and unleash the Full Force, Power and Majesty of a Universe conspiring on YOUR BEHALF.

It’s worth everything you’ve got; Be strong, Be vigilant, Take action, and the Kingdom of Heaven shall appear at your very feet. But if you continue in the ways you have been, that without Agreement to what you have Covenanted to do and Become .... How can there be any Group Unity, Oneness or even Ascension without Agreement?

We have told you; you are at the cutting edge of humanity’s evolution. You have entered an opportunity and worked hard to get this far, do not let thinking like a human set you back decades of time.

So, if you will give Me your attention, and that of the Ascended Masters, first to your ‘Presence’, then to Us, then will We be able by the Release of your Energy, and remember Dear One’s, whether it is in your business, whether it is in your government, or whether it is in the conquering of all human conditions, the imperative need is for some of your physical energy, which is your Life, to be released, that We may amplify that to do the things in the physical octave that are required.

Things that you will not be able to do! It is imperative! Without that, We could not do it because mankind have placed themselves in that condition by lack of understanding, and you have to **‘pay it back’ now**. You have to give back to Life all you have taken! Are you getting

the Picture, do you think for one minute that the idea of your petition ended up with the name '*Paying it Forward*'? To Pay it Forward, you have to Pay it Back! And when your Energy Quotas are balanced, then the Energies you receive from the Dispensations You Have been Granted, then all that Energy is '***Paying It Forward***'.

It does not need another Grant, Dear hearts; it just needs your combined Forcefield of every person who Covenants their Life to this Mission, to this Divine Plan! Any Divine Plan will ask exactly the same things from those drawn to it. But the like-minded will have to find all this out for themselves. But We have covered that for them, for I tell you they are covered. Why? Because the Elemental Grace Alliance is the Result of a Hierarchical Petition where We saw one unascended human being who had the potential to find his way through the quagmire of human conditions to draw unto himself not just the whole of the Company of Heaven but many like-minded and **QUALIFIED** human beings to take this Divine Plan to a whole New Level of Human Endeavour.

Think of it! No one is to blame for what is/has been happening; it is human nature not to want change, to want it, but not prepared to take it into their own hands to make it manifest! Here is where the agreement you have made and the lack of participation is a reflection of the thoughts one entertains in the human lives. If you want change, then only you can make that happen. It is like wanting to change your life by beginning with a full detoxification of your system but only going and taking a shower, making yourself an organic drink in the morning and then going about all your old life habits and situations just the same. This changes nothing! Not without the thoughts and the program of these thoughts by placing all into a New Paradigm of Action.

You see, mankind has accepted Life, embodiment after embodiment, and from the majority, not an "*I thank you, God*", not once, just taking it for granted that Life was supposed to flow. Well, you were given Free Will to use that Energy. Energy in itself does not discriminate; it flows, and if you do not choose how it is going to act, then it just flows forth like that, with no particular accomplishment of any kind. But when you Realize, and you know on one level, that you are the one who must determine whether that Energy is going to act constructively or destructively for you, then you become the Master of the Energy that is flowing into your world, and you can direct it constructively. That is Victory!

Notice the difference because it is imperative: When you have allowed this Energy to flow forth, it is like a fan going in all directions through the Power of your Radiation, or its Radiation through you. Then notice the difference in your Acknowledgment of your '*Presence of all Life*'. You have your Power of Concentration and Attention, which is your Life. If you hold your attention upon a given objective for its Accomplishment and hold it there unwaveringly, the Power of Life is compelled, I repeat, IS COMPELLED, to flow directly into that. If you will hold that Concentration and Attention absolutely unyieldingly into that objective, there is

NOTHING in creation that can prevent its Achievement. Not one thing Dear Souls. NOT ONE THING!

If you want to succeed in your Life no matter what it is, whatever your attention is upon, train yourself to hold your Attention upon the Goal and COMPEL the Life to Flow into that. By Harmony in your feelings, it will accomplish amazing things. Once you have broken through the human shell and find one small achievement after another, then the strength and courage shall ARISE in you, and you will say, "***I AM' the Victory of Life!***"

Then as you continue to hold that Concentration or Attention where the direction of Life flows into that, without wavering, just the same as when you take a magnifying glass and move it around, nothing happens, but when you focus that glass in the Sun's Light you see the Light move; if you hold it still, that Power of Light from the Sun will start a fire. Just exactly as the Power of your Attention is held on the Concentration that becomes the Fire of Life that sets ablaze the Energy for its Perfect Achievement. Your choice is what you focus your attention upon. The more things you focus upon, the less effective shall be the Light to start that Fire!

That is why mankind have not achieved because they allow their attention to be taken here or there, except once in a while, they come back to that goal, but only for a short time. Again, the attention wavers here, there, and everywhere instead of being held steady. And why? Because the human accumulation of mankind does not want mankind to hold concentration long enough to let them find out, they are the Master of that Energy and Life that Flows through by the Power of their Concentration. That, My Brothers and Sisters, is the Secret of Life!

You have no idea unless you try it out, the Power that actually exists within one of your physical bodies today, even as you stand. Think of it, the Light that beats your physical Heart is directly connected with the Powerhouse of the Universe, your Mighty 'I AM'; and by Harmony in your feelings and attention There, you cause that Energy to Flow with an ever-increasing Power and Firmness. Now think of the statement, '*where one or more are gathered, there shall I be!*' **There shall the 'I AM' Presence BE.** And when the Acknowledgement and Adoration of that 'I AM' Presence is declared to the Universal, so the Laws of the 'I AM' Presences being the Application of the Laws of Magnification and Multiplication. Three people have the potentials of Magnifying and Multiplying the Energies for Paying It Back a million times over!

Do you not see that the Energy which goes forth from you can be Charged with any Quality? Any Virtue? Any Instruction through Invocation and Decree? It can be Charged with Firmness; it can be Charged with Achievement because all that Energy is Self-Luminous, Intelligent Substance that goes forth. You don't see that physically, but yet it is so. That Energy is Self-Luminous, Intelligent Cosmic White Fire Substance that goes forth, and you Qualify it with the Achievement Desired because you are to determine how that is going to Act Out in your

world. That is why mankind is given Free Will. But they have to choose. It is not a matter of can you or will you, but you HAVE to do it! You are the Ones who HAVE to put it into Love In Action. Until mankind learns they MUST do it, they don't. They believe something will come along and take care of them. No, Dear Souls, this WILL NOT do it.

I have known individuals and have watched them. They had this idea; they would not pay particular attention to it, but because they had gathered a momentum and a tremendous Charge of Energy in a former embodiment, that Energy Flowed forth because it was already Qualified. But as soon as that is exhausted, they are like a punctured balloon. That is what mankind does when they do not understand the Law because it is the way of Life that flows. Many times in former embodiments, you have gathered tremendous Energy; some have, others have not, and when one has tremendous accomplishment in this Life, it is because he has Charged his feeling world with tremendous Energy. You are here today because of this Law.

So, do not entertain lack of focus and place your attention on things that you have not come here to achieve. Survival is not an achievement! You need to live, We understand that, but the levels of existence are different, and if you do not have enough in your life as you see it, then again, the same Laws apply! How are you focusing your attention to live your life and achieve what you desire, even at the basic levels of life's needs?

Here I wish to offer you some Guidance to help you in your New Focus of Attention;

They are not the same as the Conditions of Engagement that I have given you, but they do fill in aspects of them that could help you understand and, more importantly, DEFINE where you are right at this time and, indeed, any time in the future!

Let Us recap!

The Elemental Grace Alliance Council is the Resultant Manifestation of a Divine Petition made by Shamballa and the Hierarchy, not by name, but Granted just the same! That means that under normal Cosmic Law, this Elemental Grace Alliance does not need, in all areas, to have certain Petitions Granted! That is why Grants that have been given through El Morya, The Great Divine Director and the Karmic Board Themselves is just the Reflection of their Own Grants to let you upon the Ground to Know the Powers of Cosmic Law that you have earned and Achieved by your Compliance and Obedience to your 'I AM' Presence. Do you see! With those that have been humanly created as part of the Over Lighting Grant, let us call them Addendums to the EGA Grant; then, these must go through the normal procedures of Cosmic Law!

The Proposals made by Peter in the Book are Addendums; these were not Created by Us and put there in place! So, too are the Additional Proposals asked for by the Masters and Other God Intelligences as the Discourses unfolded, such as God Himalaya and Lady Nada, The Great Divine Director and Beloved Godfather Helios, to just name a few. These were requested because an opportunity was made available by These Dear Ones after seeing for Themselves how the Elemental Grace Alliance was coming into a Divine Manifestation! These will all need Petitions because you will be those who MUST activate Them!

When the Dispensation for the Divine Clemency and Amnesty were Granted, this Opened the Door for Us and, indeed, the Whole Company of Heaven to come and begin the biggest movement to clean up this world that has ever been seen before, and in fact, will never be

seen again on this planet. A dam has burst open, and the Flood of Violet Fire Transforming Light is now Flowing out over the whole of the World. We can now take Charge of this Earth Once and FOR ALL! It still requires Time and Space to play out, but nothing will ever be the same again!

This is what I meant when I said you can't see what is going on, but We can. It is a Grand Sight, and All are Extremely Busy right now!!

So, what is left? Your 1/3 in Full Concentration of Your Attentions and Your Applications of Action. What you cannot do in your physical Octave, you need to ask Us, and with Our Dispensations Already Granted, through your participations and achievement to date, We will step in and bring any imbalances back into balance. I do not have to spell it out, Dear Souls; you have within your focus right now a part of a Reformation, Rejuvenation and Regeneration that indeed needs Our Attention before you can offer any further assistance in that particular situation! This matter remains a little tender still, but We shall give you your cue when the time is right. Complete your preparations and wait! Continue on as planned!

You have several things to place your attentions upon Now!

- As Priority, the EGA is in great need to lay out a complete Organismal and Community Ecological Study and put it all into a single document of how it relates to the EGA, what it is, and how it Functions. The Diagrams already presented shall be a good place to start, and the Mission Statement drafts for your Trust Concepts will also play a vibrant part in this activity! This will not be easy as it MUST be in full alignment with A New Group Living Organism. This will be a Template whereby any other Group who wishes to become a Living Organism will be able to follow without having to search too far for information that may need to be adapted for themselves and their own Divine Plan!
- As Beloved Pallas Athena has indicated, there remain Points in the Proposals that will, in time, require your attention as well.
- Place your attentions upon defining how the present Groups within the EGA can become part of this Living Organism while continuing their present needs and responsibilities that are very difficult to overturn until money arrives to alleviate many a situation.

I have spoken of herein of Our Dispensations that have been Granted, and Peter has mentioned recently what I said to My Colleagues about the Freedom Robes in the Seventy Ray by Thomas Printz.

No man can work with bound hands and feet nor with sealed lips and blindfolded eyes - I must have My Friends walking in Freedoms Robes if they are to assist Me in the attainment of this glorious destiny for Our Planet and its people.

Immediately after this quote in the Elemental Grace Alliance Book - 'A God Awakening', Peter wrote;

Are We, The New Human Angels, The Elemental and Devic Kingdoms and the Angelic Host, not His Friends? The answer is an irrevocable 'OF COURSE WE ARE!' So, with all these references seamlessly coming together at this time, 'I AM' persuaded that it is a measure of expectancy and concern, and therefore we need to look at a more concentrated level of it for any radical action/s in favour of those who truly wish to attain their Ascension Status from within a mass consciousness environment of multifarious composites making up Our Earth.

Dear Souls, if any of you still doubt the reason why you are here, we cannot give you more Qualification, more evidence or more reason to make the corrections needed right now to Move Forward!

'I AM' going to close now by asking My Brother to place here the whole Chapter of that book where I made My Plea to other Chohans of the Rays. This was the beginning of where we are today! Many steps have been achieved, all paving the way in Unison to expand, Expand and EXPAND this Divine Plan! Many have gone before you, and many will follow after you!

I bid you good night until we speak again! And So, It Is.

#### THE SERVICE OF THE CHOHN

My Service to the life of this planet as Chohan of the Seventh Ray is connected with its transmutation from a Star of Darkness and Shadow into one of Light and Freedom. I have seen the vision of this Free Planet in the Heart of the Eternal Father, and I have seen the glory of each lifestream incarnated upon it in its natural Christ Estate, achieved through the same power of transmutation.

Having looked upon the pattern, you will understand my eagerness to mould the substance and energy of the physical appearance world into that Glorious God Design and my desire to help each free-will acting being to become the Perfect '*Presence*' which the Father intended him to be.

In order to accomplish this, I '*called forth*' my friends of the centuries and imparted to them as much of this vision as I was enabled to pour through their human consciousness, assisted as much as possible by the sensitivity of the incarnated Representative of My Ray.

However, no man can work with bound hands and feet nor with sealed lips and blindfolded eyes, I must have My Friends walking in Freedom's Robes if they are to assist me in the attainment of this glorious destiny for our planet and its people.

With this end in view, the Master Morya (Chohan of the First Ray) offered to present a petition whereby (we) the Seven Chohans (working together) might draw into close association a

group of lifestreams belonging to the different Rays and through them go forward with the establishment of the Seventh Ray Activities for the planet. He went forward with the idea, and we were given this Grant in the Summer of 1951.

Encouraged by our success, the Master Morya again asked The Cosmic Law for permission to write to a few trusted chelas and friends, outlining a little of our Plan. It was with considerable reluctance that this Grant was given; in fact, it was only conferred with the proviso that upon the response would depend any further Dispensations.

You will understand then with what trepidation My Great Friend and I awaited the reply from the human consciousness. Out of seven letters written, we had five responses, three of which were of minor significance, these persons having had previous contact with the Masters in this embodiment and whose cooperation we were more or less assured.

However, the result was sufficient for the Maha Chohan to sanction further correspondence, which resulted in unprecedented success. An impersonal publication was designed wherein the Masters might express Their Own Views in Their Own Words, give current news of the activities of The Great White Brotherhood, and, to a great extent, pierce through the veil that separated the inner and outer realms. Through this means, to our added joy, we came into contact with a growing number of persons who were only too eager to throw the full weight of their combined consciousness into furthering the activities which were engaging the interest and energies of The Brotherhood at any given time.

It was designed to offer this service as reasonably as possible so as not to tax the means of the people, to bring comfort to the masses and to allow the students of Life the satisfaction and joy of developing their own spiritual faculties and capacities without the necessity of having to pass through human personality in order to hear the Word of their Liberated Brothers.

**BENEDICTION: Out of the fullness of Thy Mighty Opulence, O Mighty 'I AM', we feel Thy Flowing Energy. We feel Thy Enfolding Love. We feel Thy Qualifying 'Presence' hastening all who turn to Thee into Thy Perfection. We feel Thy Glorious 'Presence' enfolding Us in Thy Mighty Mantle of Peace, enabling Us to maintain Perfect Self-control, sustaining Us in Thy Mighty Perfection, that We may manifest Thy Mighty 'Presence' - Now.**
