

Part 22 - GESARA RV CURRENCY RESET

GESARA - RV CURRENCY RESET - DIVINE CLEMENCY DISPENSATION ACT OF MERCY - UK SHORT VERSION, 10190518

Preparation before doing the Invocation

VISUALIZATION

Before you enter into the Invocation, Imagine, Sense or Feel that you now step out of your physical body (you can do this in your mind or actually take one step forward in your Light Body, leaving your physical body where it is, sitting, lying down or standing!)

Now Call in Archangel Micah and His Legions of Angels to escort you to the Great Central Sun to stand before God The Father Alpha and God The Mother Omega. Pay your respects and tell them why you are there! Request that they Bestow upon you The Sacred Cosmic White Fire Light so that you may return to the Buddhic Column and stand upon the Orb at the top to Radiate that Light and Substance down and over the whole of The United Kingdom. Then ask Archangel Micah and His Angels to hold whatever amount to ask for that you cannot quite absorb at this time in your Light Body, on your behalf, to carry this Light back to Earth, back to The UK for Radiation, which you shall draw from The Angels and allow it all to Fire forth through you! But before you arrive back to The UK, pass through The Solar Sun and ask to Stand before Helios and Vesta. Do the same there as you did with Alpha and Omega. When you are ready and standing with Micah and His Angels Over The United Kingdom, start to Radiate the Light you have collected and then continue with the Invocations.

NB. Remember you are only capable of handling a certain amount of Light, so you shall only be allowed for your safety to have what you can handle to pass through you. However, the Angels will deal with the balance that you have Commanded to use! Push your envelope, Dear Ones and Stand Forth, Knowing that you are The 'I AM' Presence here doing this and the ONLY Governing Power. Good Luck, and stay conscious at all times if you can; if have any thoughts that you may pass out or fall asleep, then lay down and do this whole Invocation in that position. Passing Out would be a wonderful thing, for then your personality would have completely let go! One last thing! When the Invocation is over, see yourself remaining in position on top of the Buddhic Column or at least see your Etheric Body keep returning there in your mind's eye as often as you can! It is all about concentration and focus!
