

## Part 6 - GESARA RV CURRENCY RESET

---

DIVINE SOVEREIGNTY - ST. GERMAIN, 21<sup>ST</sup> MAY 2019

**INVOCATION:** 'I AM' the Resurrection and the Life. 'I AM' the Energy I use in every Action. 'I AM' the Light, Illuminating every cell of My Being. 'I AM' the Intelligence, the Wisdom, directing My every Activity. 'I AM' the Substance, Omnipresence, without limit, which I may use and bring into Form without any limit. 'I AM' Thy Strength, Thy Perfect Understanding. 'I AM' Thy Ability to Apply it constantly. 'I AM' the Truth that gives Me Now Thy Perfect Freedom. 'I AM' the Open Doorway into the Light of God that Never fails. I Give Praise and Thanks that I have entered into this Light Fully, using that Perfect Understanding and 'I AM' Expressing It. 'I AM' Thy Sight that sees all things visible and invisible.

**ST. GERMAIN:** Greetings, Dear Ones. Today, I wish to speak of that which relates to the lower mind making judgments and criticisms, or not, against other Dear Hearts who are Walking Their Truth. If you have read Part 4, where I say in Point 9 of the Conditions of Engagement: -

*9. To Qualify with Your 'I AM' Presence First, before engagement of any form of judgements or criticisms of another person or group!*

you will know where 'I AM' coming from. Judgement and criticism of ANY kind, of another person or group, is one of the most stringent of Laws that are Embodied in the Cosmic Law of the Law of the 'I AM' Presence. When one makes such judgements, no matter how subtle or how innocent it may seem, even in terms of a joke or in humour, they are in the process of not only defiling themselves but are unknowingly reinforcing the veil between themselves and the God Within.

Every person on this Earth, as has now been explained to you in Part 1, is a Child of God, and God is His/Her Divine Love, Power, and Wisdom has given Life to each one for His/Her Own Individualized Expressions of His/Her Self for the Purpose of Learning and Experiences at a God Level of Consciousness.

So, no matter what the outer worlds of mankind may appear to you to be, remember that Every man, woman and child upon this Planet and within this Human Evolutionary Process is part of a much Greater Plan that includes the Whole of Creation of God within the Multiverses that surround you!

'I AM' going to speak of the Elemental Grace Alliance in a moment, in terms of an example that has been Created By God for the Purpose of Educating other Children of

God and where it could be seen as a personal journey of one unascended being, it is in fact about the 'I AM' Presence Experience of The Godhead of Every Soul!

At the end of the EGA Book 1, God Alpha enters a dialogue with Peter and here is an excerpt from that Communication. But please, if you are drawn to this, then go and read God Alpha's Introduction for it, as this is all a poignant part of what 'I AM' bringing to your attention. Hopefully, this will give more weight, acceptance, belief and, indeed, Authority as to what all this Series of Discourses are all about. That of Divine Sovereignty!

EGA Book 1, The God Awakening - God Alpha - page 728 of the PDF copy.

Until this discovery within yourself becomes your Mission, your present work will only prolong and delay your Ascension further while you continue blindly to that which I have for you to do. Do not misunderstand; what you are presently doing is helping all those that We have and continue to send to you, but Dear Ones, if you know or even suspect that you carry the Encodements of The Christ within you, Know that the Pressures of activating your DNA Encodements are upon you and pressing with even stronger fortitude than ever before. It is time for change upon the planet, and you are the Ones who have the Greatest Potentials available to you to be able to respond in the most Graceful, Balanced and in the Most Harmonious of Ways.

So, if you are One of the Waves of Conscious and Physical Beings of the 'Second Coming', then please be of Open Heart and Mind, and then take the necessary steps toward the Desire of Me within you. The New Essene Gatherings and the Christ Councils, The New Radiation Centres and the Direct Use of the Divine Virtues are All Calling, and All are awaiting your potential responses. Are you Ready to take the Divine Oaths and Covenants with your Master Sponsors and Those Who Shall Over Light You? Who Is Your Sponsor? Have You Travelled the Seven Spheres assembling the Support and Allegiances of Those Who Will Pledge to help You! There is this now for each of you to consider more deeply than ever before, The Divine Influx of the Cosmic Energies that have arrived to Invoke within you these potentials now. It has never been available before at these Levels of Awareness, so how are you going to respond now that you KNOW?

Thank you for your Patience, Peter. Let Us open the dialogue by asking if you have any questions. As you ask, We will allow the creativity to flow and see where it leads Us. Where would you like to begin?

Peter:- Bless You, thank you for this opportunity; it somehow offers me some relief as to the unknown in all of this, and by having this occasion to speak again while not breaking the agreed format and the so-called '*talking stick*' process, may give me a more defined focus as to, indeed, '*where to from here*'. So, my first question is; I have for a long time felt that what I do and what I share on an individual or even a personal level,

although very '*personal*' at times, is so not about me! Can you say something about that that will give me some reassurance as to not allow myself to get caught up in this old thought form?

Great question, Peter; it has nothing to do with you; it is ALL ABOUT The God 'I AM'! It is All about The God 'I AM' within you, and that is the All and End All of It! It is All About Me! It is My Experiences through All My Own Individualized Expressions through each human being that I wish to KNOW! There are no exceptions, from the most dire and most distasteful to the Most Magnificent and Most Pure! For anyone who sees the personality or feels the judgments and criticisms rising within themselves, then they are not yet ready to fully acknowledge their Own 'I AM' Presence or God Within. These Dear Ones will simply continue to struggle with their ego personalities, no matter how much they defend that situation or their need to judge. A Master does not judge nor even has an opinion about anything; just sees what He or She wants to see within the world and Walks toward that. The Dear Souls who continue to mis-perceive these thoughts, the taste of their own personal ways of thinking, will simply have to continue along their paths, tossing and turning with their ego projections until they stop this insanity.

Then and only then will 'I', Their 'I AM' God '*Presence*' Within, will have the opportunities again, whereby they can be shown the Lighter Way. I have given All My Children the capacity to be human, to know their personalities, but only to ever use it to its fullest Expression to Know Love. That is why 'I' Created the Physical Realms, to Know Myself from the bottom up! To Truly Know Love, one has to know fear to know the difference between what duality is and what is Polarity. Duality being the manifestation of good and evil, dark and light, better or worse, and Polarity, that is Love and Light, Balance and Joy, Giving and Receiving! End Excerpt.

I tell you, Dear One's, it is so easy to judge another, but if I told you Jesus was an unascended being who shared many of his experiences, how many of you would judge Jesus for sharing his personality experiences. What about all the experiences I Myself have shared with you over the many lifetimes I have had? Do you judge Me for that?

Just because We may have Ascended now, should that make any difference? It is not about Ascension at all? It is about Service!!! Divine Service is your Ascension!!!

You see, My Beloved Brothers and Sisters, God shares His/Her experiences through All His children, those within the physical realms, so that the information that needs to become incrementally conscious must be disseminated. So, even at these Levels of Consciousness that we are discussing at this moment, all experiences are coming from or through unascended human beings upon the ground.

The differences in the creations and manifestations, that of duality or Polarity, all come down to Conscious Awareness and the Levels of Ability to Communicate with their 'I AM' Presence of which **We Are A Part**.

There are so many Discourses around in circulation today that tell you, YOU ARE THE ONES WHO ARE NOW RESPONSIBLE FOR HOW THINGS SHALL PLAY OUT FROM NOW ON! Again, the difference is all about what powers you use or how effective are your creations, in terms of '*human creation*' or '*Immaculate Conception*', all comes down to where you are in consciousness and, more importantly, how you use that consciousness in your everyday life.

**'The Elemental Grace Alliance - A God Awakening'** - came about by a Dear unascended being who saw a vision of duality and wanted to turn that around to one of Polarity. He saw an imbalance in the world that he wanted to make a difference to! From a human standpoint, he had no idea whatsoever how or what he would have to do to turn this into a God Reality, but what he did Know was that it was not going to happen without the communication and dedication to the 'I AM' Presence so that no '*free will*' of what he may think he knew what was needed was engaged, but instead, what '*was*' Divinely needed, to turn all that around.

And so, he took his vision to the 'I AM' where I, St. Germain, felt and heard his calling. And in doing so, I responded immediately.

Blessings Peter, '**I AM' St. Germain**.

You are Dearly Loved Brother, and I have come to Acknowledge your latest endeavour for this Council Formation.

The Council you are proposing is once again going to draw into play a whole new set of dynamics, and I wish to advise that caution here would be a very wise counsel. You are not interacting this time with just Entities as you did with the Melvadek Alliance. Instead, you shall be communing with Energy Consciousness that is far Superior and far more powerful in its construct and magnitude than mankind is aware of. Not insurmountable by any means, yet caution and Purity of Heart Intent shall be its Governing and Loving Path.

At these Levels of Communication and Interaction, any imbalances have the potentials to create, let Me say, some quite devastating results. The Melvadek Alliance was successful principally because of your naivety and innocence of what you had begun. Yet you found and stabilized that Purity of Intent and, most of all, the Humility to see it through. Now you are with experience, and to hold these Levels of Grace may seem at times to be a little daunting. I wish to be Appointed a Seat on the Council, and I will

represent the Cosmic Rays due to the position I now hold with Honour as the Chohan of the Seventh Ray for this New Era of Spiritual Freedom.

Those who will join you must be of the Highest Integrity, else this Project 'The Elemental Grace Alliance Council' will not proceed. You know the conditions that allowed for both of you and Mel, to synergistically co-create the Melvadek Alliance. This will be nothing short of that Synergetic Balance of Energies between two or more Human Souls.

I remain also as a Supportive Heart as this endeavour radiates and attracts like Love and Truth. Peter, one last thing. It is time for you to be yourself, follow your Innermost Knowing's and Act upon them. Your Beloved, Your 'I AM', will support all that you do, but you must Honour that part of you that Knows the 'Presence' of God. Call upon Me anytime.

'I AM' St. Germain, Your Brother in Love.

**PETER:** Thank you Brother, I will. End Excerpt.

The story of how this Alliance grew and expanded is long and detailed, but what I wish to bring to your attention now is that to be Granted any Authority in the World as an unascended human being, you must follow the Cosmic Laws, and when you do, certain Grants and Dispensations will be Bestowed upon you by the Spiritual Triad that is Endorsed and Supported by the Karmic Board of Directors.

The Elemental Grace Alliance, I tell you, has received many Grants for its Efforts and Work done to date, but none more important than these three:-

1. **The Investment of Energies from Godmother Vesta.** (*From Beloved Godmother Vesta Herself*)
2. **The Grant by the Cosmic Law of more than Ordinary Release of Instructions into the Combined Force Field, known as the Elemental Grace Alliance.** (That is, the direct instructions from the 'I AM' Presence and US, the Ascended Masters and Spiritual Triad)
3. **In Accordance to the Cosmic Laws to take possession of the atmosphere of Earth, becoming the 'Authority' of what is to act out here, through you, The Elemental Grace Alliance Council and The Sun of Even Pressure Council.** (This was given by the Maha Chohan through His Acknowledgement of the Work the EGA is doing.)

**Question:-** *Why Am I telling you this?*

**Answer:-** In 1932, I began giving Transmissions to Guy and Edna Ballard (*Godfrey and Lotus Ray King*), which grew into what you know today as the 'I AM' Presence Activity. This, as you will know if you have studied the Discourses over time, or if you went to study them now, that it took 30 years in its preparations to be able, for My Messengers then, to be able to channel the Discourses with the Full Radiation of the Transmissions.

Today, since the Discourses of the EGA Book 1 were finished (*the end of Phase 1*), the Elemental Grace Alliance has taken just over 3 years to be Granted the same and Equal Dispensations, which tells you just how the Consciousness of the Planet has changed over the past 80 years or so. I tell you, channelling today is not the same as channelling was back in the days of the 'I AM' Presence Discourses. But nevertheless, the Intensity and the diversity of Applications are as, if not more powerful and more expansive, when aligning to the Original Discourses of the 'I AM' discourse activity than ever before! This is a Statement I do not make Lightly!

And in Light of this and in Light of the Work and Achievements of the Elemental Grace Alliance, of which I have Personally Over Lighted from its inauguration, remaining with a Seat Upon this Council of Light, have now given the EGA, through Peter, another Dispensation known as

- **The Bounty of the 'I AM' Discourses Dispensation.**

This was Granted due to an unascended being taking the Truth of the 'I AM' Law that is clearly defined in Discourse 21 of Volume 3 of the St. Germain 'I AM' Discourses Activity to the next Level of Awareness and Love in Action.

'I AM' not going into any further detail about this right now, as this is not appropriate here, but I want to show you that this is not about any special person or group, but about ANY person or ANY group who takes the Cosmic Laws into their lives and uses these Laws to walk and work toward their work, an idea, vision or goal that they desire to see in their outer world. There is nothing special about the Elemental Grace Alliance or its Council Members; it is simply nothing more than being Recognized and Acknowledged as one and the many who continue to honour the Laws and whom continue to walk together toward God Life of a New Human Race!

All it takes is the correct use of the Divine Templates and Formulas of Approach to reach the desired Goals and Results.

So, no matter what you do in life, from what appears to be the most mundane to the most adventurous, every job, every life path, every decision, every thought, word, or deed has the potential to change lives in ways you never dreamed of!

Jesus in His Christ Letter Number 4 says:-

**No one can rob a person of their importance, except the person himself, by his denial of his value.**

No matter if a person is born handicapped, they still have their unique place of importance in the family, the environment. Sometimes, they occupy a greater position of importance than if they had been born whole and perfect. Their achievements arouse wonder and respect.

The impact they make on the environment depends entirely on their will to be, their will to act, their will to radiate good will, their will to make the most of their opportunities, and their will to be special for people by making other people feel better than they did before the contact took place.

Every condition arises out of the WILL, which is exercised at all times.

Some have been born with great willpower, others with less, but the moment that a person fully realizes that all **WILLPOWER** has been drawn from **UNIVERSAL CONSCIOUSNESS** and **WILLPOWER** can be increased by calling on one's **SOURCE** of BEING for increased willpower, so does the person begin to realize that willpower is not limited after all. It can be drawn, according to the magnitude and strength of one's faith, from **UNIVERSAL CONSCIOUSNESS** itself.

Each and every one of each gender, every race, nation, religion, every level of resources and income from pauper to king, is equally important in the moment of NOW, in the moment of end of day.

**True differences only arise from what each person gives of himself to this moment, the next moment, and the rest of the day.**

A King or Prime Minister can be remembered for his goodness, the benefits he brought his country, or for the misery he imposed on the people. Similarly, a man born into an impoverished family, who may not have developed his abilities to any high level, but who gave his all in his service to his environment, will eventually be as revered by kin and friends and, in the next life, reap of his sowing as does the King or Prime Minister.

**Such a person will have contributed 'life' to his environment because the nature of life force is unconditional love and service, work and harmony, giving whatever is necessary for the fulfilment of the needs of another.**

If, each day, your life-force is spent in just giving a cup of tea to people who are sick, then let that life-force be spent in its highest form: as eager willingness to walk to the patient with a warm smile and hand over the tea with kindness, goodwill, and a desire for the healing of the person.

In such a way, a tea giver can become a radiant medium of healing and upliftment.

The more frequently the tea-giver calls silently for an inflow of **Divine Consciousness** into his/her own consciousness, the greater and more penetrating will be his/her radiated life-force to the patient. The sick person may not be aware of what is happening, but a room of sick people attended by such a tea-giver or caregiver will recover more swiftly than those who receive their tea from one who hands it to them without a glance of recognition, without a word, without a kindly thought.

No, each job, each moment, can be sacred and beautiful, radiant with the inflow of **Divine Consciousness** life force, uplifting, healing to the self and others, if a person takes time to realize he/she is a channel of **Divine Consciousness** which is itself all healing, all protection, all fulfilment of a person's every need.

One person, even one who cleans the floors and empties bed pans, possessing such a realization, can enter a room and become the most important, perhaps, the only distributor of good amongst six people handing out bedpans. Such a person can leave behind a legacy of increased strength in every patient. **Every single person who realizes that from their eyes is radiated potent life-force to those at whom the vision is directed can know that their glance, that penetrating look, that smiling gaze has benefited the one who received it.**

For everything we, yes, you and I, **the CHRIST, think and do is an Act of Consciousness, and Consciousness is Life-Force.** With the activity of our minds, yours and mine, we shape Our Consciousness, our Life-Force, into different forms which will bless or curse the environment.

**The only difference between you and Muhammad and myself, known on earth as Jesus, is the kind of thought and feeling that Muhammad and I Radiate to others. We both radiate life-giving consciousness energy to the world.**

**What are you radiating in your world?** End Excerpt.

Dear Brothers and Sisters, you may be wondering what all this has to do with GESARA or the RV, Re-Valuation, and Currency Reset around the world? Dear Hearts, it means EVERYTHING!! For when people have lots of money when people hold physical manifestations within their hands founded on old consciousness, they may continue to use it in the wrong way; they will see it for its perceived power, that is, the power they believe in and live by, and this could potentially continue to play out.

The Christ Letters, as Jesus tells you:-

These Letters are for all people who are searching for meaning in existence, purpose in their lives, strength to face the daily struggle to live and endure hardship, sickness,

despair, and inspiration for those who aspire to greater spiritual awareness in their daily lives.

You might say that these Letters are a MASTER'S COURSE for those who are ready to put foot to the path which I travelled when on earth in Palestine. End Excerpt.

The Laws of Existence that Jesus defines in so much detail and in many different examples in accordance to His Life on Earth in The Christ Letters offers humanity great clarity about the human condition and his/her role about Life upon Earth. I invite you to look into these Treasures if you are serious about obtaining Mastery of your life!

<http://www.elementalgracealliance.com/christletters.html>

Look around your outer world, Beloveds, and you will see everyone sharing their stories to help others. You will also see many dramas, but most will see the difference of what Love is and what is not! You already see how those with money act out their lives, and there are both ends of the scale. Those who have and those who have not! Even those in the middle tend to use what they have for their pleasures and not for the benefit of others. God denies humanity nothing, but it all must sooner or later find the Divine Balance in a material world.

I tell you, Dear Ones, money in the hands of uneducated people or people who continue to hold onto old paradigm thought forms will only prolong human pain, suffering and imbalance. Can you imagine the type of lives the youth of today would do with it, with so much technology available to them? So, if the people of the world in today's mass consciousness were gifted with unlimited financial freedom, can you see the imbalances that could continue? It could easily be squandered and misused and thus would only create even greater division than there is today!

I speak generally here, but nevertheless, even those whose intentions are pure to receive the monies for their humanitarian plans, for them to work out, there must be ABSOLUTE Clarity as to their part in it, and that can only be achieved when the 'I AM' Presence is Guiding the way through Divine Will.

So, the delays in rolling out these changes for the Power of the people has been for this reason. We truly wish to see far more who are moving into the positions of financial might and stability, who do not have any personal interest in such positions of Authority, who will Guide or Administer to humanity or a world in need from a Platform set upon the Cosmic Laws that Apply!! Remember the Christ Council Formations; no ego personality shall be allowed to enter! This is not personal; it is a Cosmic Law, and there are no exceptions!!! And the ***'Rings of Consciousness Passeth Not'*** see that none can circumvent, evade, outmanoeuvre or equivocate this Truth!

We do see and have the potential solutions and resolutions to potentially begin to find the Love, Wisdom and Power that will bring everything back into balance. And that is what I will clarify for you in the next Discourse or 2!

I shall close today with an excerpt from Mother Omega from within Her EGA Discourse (*Beloved Omega - Communiqué Cascadian Report, Page 487*), that will hopefully assist in setting into motion a '*New Seed of Consciousness*' for all to discern more closely in all they do! Excerpt

We encourage you to come forth next time with a much Greater '*Presence*' of Sovereignty. If You Call In on behalf of God, then God Knows that Nothing Less than God's Will, Will be done. This you cannot override, for God does not override God's Own Creations; does this make sense? Make your Demands and Commands with much more conviction, with much more confidence and assurance. Do not allow any doubt to enter your Decrees or Invocations, for these shall only diminish the results and slow down the Precipitation of Your 'I AM' Presence Desires. Send forth Your Instructions, and All That Is God Will Respond with All His/Her Power, Love and Wisdom and Know without Doubt that Only the Will of God will Triumph! Do not enter any fear-based paradigms of what is right or wrong, or am I making any mistakes, or do I have the right to do this? If you Act Like Gods, then You Are God Expressing God's Desire for your own Individualized Expression of God through you! If you Know that you are Created in His/Her Image, then Think, Speak, Feel and Act like It!

'Do you think that We would give you all such Missions within Our Design for this, Our Plan, and not allow you to Express the Highest That You Are! Of Course not! Just remember the Laws, Dear Ones, for your Creations will only be in Alignment and Perfection with that of your own Levels of Resonance and Vibrational Frequencies; within your own Knowingness and Understanding of the Laws that Govern All Prime Creations. That is the only thing We would Admonish at this stage. End Excerpt.

This ends Part 6.

**BENEDICTION: O Mighty Ones of the Golden City! Glorified are We in Thy Wondrous Radiance. Privileged are We in the Use of Thy Great Rays. Blessed are We in the Conscious Recognition and Acknowledgement of Thy Mighty 'Presence'. Enfold Us forever in Thy Transcendent Light.**
