

Part 12 - Freedom Alchemy Class - Inception of Light

INCEPTION OF LIGHT - SOUND AND THE ELEMENTALS - LORD MELCHIZEDEK, 9TH DECEMBER 2022

INVOCATION: 'I AM' Obedience to the Cosmic Law Through Conscious Understanding, the Light Substance, the Pure Electronic Force In This Golden Age. 'I AM' One World Nation, the Cosmic Law's Immortal Action of the Life In the Great Silence, the Life In Its Glorious Cosmic Blessings and Perfection Without Limit Made Manifest Through All Life. 'I AM', Releasing Its Powers to Fulfil the Divine Plan.

LORD MELCHIZEDEK: Greetings Dear Sons and Daughters of God in the planning stages of your New Year, I have chosen to come to speak with you as part of the Elemental Grace Alliance Gathering on the 18th December, prior to your Christmas Celebrations with your Family and Friends. And, of course, for the New Year's Commemorations, where Salutations and Recognitions will come toward you that you may not expect. It is Known that your New Year will be entering a Phase whereby your Dreams and deep Desires are percolating from deep within each of you, to be made manifest, however, before they give off the Light and Sound and Expressions of the Unknown, or rather the still forgotten Realms of the Sweetness of Supreme Gentleness, that can only come forth from the Heart of the Divine Mother, you will have to become '*more*' aware of that which you give your energies to. For The Feminine Gentleness is that which Underpins all Agape Love Powered Emanations.

This Supreme Gentleness is your Birth Right as Human Beings, as man and woman, sons and daughters of man, as well as Sons and Daughters of God, and will play a vital part in the Freedom of Humanity in the days, weeks, months, and years to come. You have huge Boots to fill, Dear Ones if you are going to Walk in the Footsteps of the Christed Ones. So be clear, VERY CLEAR, that if you are going to achieve your Goals in this lifetime to Be-Come those Living Christs, you cannot afford to continually get caught up in the old paradigms of thinking that you are human. This is a huge mistake, and unless you change your mind, you can only delay the Truth of God in Love, Wisdom and this Divine Understanding.

Christmas, every year, is a Wonder Filled time when multiple Opportunities thrive to bring Gifts of Joy and Upliftment. However, it can also bring so much distress and disempowerment to humanity, those who have the lack of True Awareness and the means to feel the Spirit of the '*Christ Mass*'; the coming together of the Christ Consciousness of Giving without any expectation of return. Sadly the consciousness of Christmas in its human miscreations presents itself in a totally different way, as Our Beloved Master Djwhal Khul has explained to you in His Discourse, '*Series 1 Part 14 - Divine Economy - Opportunity To Cast Your Vote - Master Djwhal Khul, 17th December 2019*', where He says:

'This is a period in which each Disciple or Initiate is being Called Forth to dedicate as much of his or her subjective time and effort as he or she has available to the working out of the Divine Plan within their own and World affairs. This is your Opportunity to be of Service. I would like to discuss with you very briefly now about Christmas, the Ceremony of the Seventh Ray, as it can be applied during this particular cycle.

'More than at any time in your remembered past, the Seventh Ray is making itself felt during the Christmas season this year of 2019. You can serve the Ashramic Effort to Anchor the Christ Consciousness more than ever before this year; the Effort of the Great Ray Devas and Angelic Host, etc., by Appropriating this Seventh Ray Energy and putting it into God Use; Realizing that every traditional activity utilizing the old forms of the past is a Ceremony. That ceremony has created, actually, a Response, whether conscious or unconscious, to Divine Purpose. As you utilize these old forms, then, whether these forms are outmoded or not, so long as they are still in existence, Align them with the Purpose for which they were created and apply the Seventh Ray Ceremonial Love to Action within them.' End Excerpt.

You may like to review this DK Discourse in your own time for greater benefit this Christmas as you go about your Gentleness in Giving. But remember this, your 'Presence', in Your Silence, while you are Exchanging and Synthesising The Love and Joy that you have Knowing God and Christ In You, should be your watchful thoughts, words and actions. And you may not even need to say a word. If you do, keep your Words as much away from the personality as possible; speak as God wishes you to share! Become the Observer of what is happening around you, as well as the participator of the 'Presence' of the 'Holy Spirit' in you!

And so, We, the Masters, have come to offer you some 'Christed Presents' from All of Us here in the Master's Octaves and Higher Councils of the Christ; not in the form of any material manifestations, rather, in the Form of the 'I AM' Presence. So, before I Speak further of the two subjects in which you are preparing yourselves for in the new year, that of the Use of Sound and that of the Working more diligently with the Elementals, Devas and Angelic Hosts, I want you to remember this. The Spiritual and the Supra-rational mind, which combine both sides of the brain does, allow for the consciousness to open to the Inner Witness that takes place between the Spirit ('Presence') residing in the human and the 'Holy Spirit', or 'Christ in God'. It is, therefore, your own Willingness and 'Self-Responsibility' to be able to recognise within yourself any imperfections in your life that keeps you in limitation and thus allows for the continued delays, denying you a quicker passage to your Full Transcendence into your Christed Self.

So, let us speak a little about 'Sound' first.

While working with Sound, as it has been a proposed Activity Engagement for the EGA Members who wish to participate, I desire to offer the Guidance to not spend too much time based upon the Sound that one hears through the human ears. This sort of sound, while can be very pleasing to the human senses and allows for greater gentleness to manipulate one's environment, allowing for the entries into meditation and prayer, it can also become a *'spiritual crutch'*. This can be seen from the perspective of the old new age modalities, and as St. Germain has already shared with you all, these old modalities are destined to become things of the past!

I Am therefore offering you all another Opportunity to help elevate yourselves and others into the Higher Realms of Light and Sound, which can also be called the *'Language Of Light'*. In order to expand your mind-reach, you must move beyond the linear and singular concept of the small nuclear family on Planet Earth into the larger pluralistic grasps of the Divine Family in Operation as a network of Responsible, Gentle Hearts, Minds and Souls, providing one another, Support, providing the Space to become Free Beings. This Freedom is the *'Law of Freedom'*, as you have now discovered in your Declaration For the Freedom of Humanity Work.

'Freedom is that movement which enables human beings the space to expand and grow in their ability to function in a manner that will allow others their freedom and space to grow, in order to free still others. Freedom is not a final 'State of Being' but an Ever-Expanding Action of Giving each other the space to create spaces for others, to create more spaces for still others yet to come. Freedom may be helped or hindered by human laws, definitions, principles, descriptions, disciplines and boundaries. However, ALL Universal Laws free each and every one within a Unification of an Environment of Divine Synthesis instantaneously when Activated from a Rightful Application to God Life. Any Law which does less than this is subject to the Rule of a Greater Law.'

So, I want you to think about this very carefully. While undertaking your practices and training experiences, consider the *'Reach'* you are providing for in this *'Sound'* Work. In other words, this is not just about you and this EGA Group, but rather, Dear Souls, undertake this Activity for the Whole of Humanity, and the only way you are going to connect with the masses, is to maintain as much of this Work in the Silence of Your Own Beingness while in the *'Cave of Creation'*. And here is a hint that may help those who will undertake the rewriting of the Book of Genesis, as The Great Divine Director has requested.

This Facet of Sound, now, Introduces Us into the other Facet of the Soul working with the 'I AM' Presence to more fully Engage and Communicate with the Elementals, Devas and Angelic Host. So, one last thing about the Use of this Etheric Element of Sound a little further for you.

In the Keys of Enoch We told you that at the time of planetary confusion, the human language will be insufficient and will require Higher Language. This Higher Language of the Logos

contains Music, Light and Geometrical Conscious Patternings, in the form of Ideographic Cybernetics and Pictograms which correspond to the Geometries of the Names and Expressions of the Divine which can transform all human languages and dimensional barriers.

So, while using human musical instruments for such potentials they will not allow for that, which Sound in Its Crystalline Form can Potentialize. Therefore your contemplations and expressions of the World in action will only crystalize as one begins to always Use positive Spiritual psychology, to overcome all previous personal storms of life.

Therefore, live in centropy, thus, prevails over entropy, as a musical syntony of positive vibrations, which can rush through the body as the human Spirit bears Witness of the 'I AM' Presence and the 'I AM' Presence bears witness of the Awakening in the human's Soul Persona to the Greater Awareness of the Soul Monad. Herein together they can manifest a Union with the Divine where the Energies collect, in a synthesised manner toward the Light Body with the Powers of Transformation into the Re-Birth of their New Living Genesis.

Thought then becomes Powerful Creations which become Words and Language that are not heard by the human ears, rather are heard Inwardly by the '*Ears of God*' within you. These Sounds, Music, and Light Language that emanate down into the human levels then become structured, to be able to receive information for the Opening and the Coordination of all Seven Seals or Chakras simultaneously.

So, in your practices Dear Ones, you are being asked to take all this into the Core of your Beings so that when you use your earthly instructions to create sound and the ambience that will facilitate these early stages of '*Soundless Silence*', where your minds and bodies can become receiving stations of God's Light Language, The Universal Languages of the Adam and Lilith Kadmon Man and Woman, simply combine very selective and natural music as possible, your Prayers and Invocations, your linguistic cues for helping to produce your higher states of consciousness, then gradually a harmonic field is generated that will elevate the cohesiveness of cerebral waves into a Universal Interconnectedness with the Divine Mind.

The Living Word/Sound of the Planetary Logos of Whom You Live and Breathe, along with the Inner Voice of the 'I AM' Presence, that are part of the human tabernacle, becomes the Principle Instructor of the Soul Persona that learns to '*choose to be chosen*' for a Soul-Merkabah Experience in this lifetime that is the desired taste of one's own Immortality, that is, the Living Christ Upon Earth.

The Use of Sound, both audible and inaudible is a very big subject, but for now, I feel what is shared herein will suffice to get the Soul Taste-Buds Salivating for New Experiences, not just repeating old conscious patterns that will only delay the Immanent Christ within, from Coming Forward into Its Full Radiation of Light and Sound.

What I would like you all to Understand here is that Sound and Working with the Elementals, Devas and Angelic Host go hand in hand. One cannot separate One from the other. For like words, thoughts or feelings make no difference to the 'I AM' Presence which it will Respond in any and all instantaneously, so do the Kingdoms of Elementals, Devas and Angelic Host respond to All Languages of words, thoughts and feelings. The manifested results are simply governed by the Projection of Conscious or Unconscious Resonance, Light Quotients and the consciousness of the projector.

Think about this for a moment. ***Manifestation comes about by the Intercommunication of Consciousness Itself, the Elementals, Devas and Angelic Host; so, if you are made up of the Body Elementals, The Devic Light Substance and The Angelic Host Higher Universal Consciousness, what could be the ONLY thing that could prevent such communications from taking place with Immaculate Materialization and Precipitation?*** It can only be the human mind that is based upon lower forms of conscious brain patterns and the beliefs that they are only human beings held within a limitation of physicality.

So, having introduced the Elements of Musical Cybernetics of the Word as The Logos as one of the Keys to the Understanding of how the Godhead Created the Physical Universe through Light and Sound maintaining Consciousness on all levels through all the varying parameters of the Language of Light; here, the human body begins to enter into the Higher Understanding of the Use of Geometric Forms and Sacred Sounds associated with the Higher Angels, such as Michael and Faith, Gabriel and Mother Mary, and other Archangels and their Divine Consorts, to Experience the Heavenly Logos in Action. Here is where no technology, as software or hardware can be used in any form of Higher Creational Endeavours. Here we now enter the Universal Consciousness of 'Light Ware' of the Human Bio-Computers of the brain which allows the brain to 'Reach' out on All Levels of Universal Intelligence, to Structurally Form the 'Living Soundscapes' which Forge the Consciousness Linkages to the Elementals, Devas and Angelic Host for Creative and Redemptive Transformational Creative Sound and Word.

It is here that the human body begins to acquire the Higher Truth, Wisdom and Gentleness to be able to Creative Communication with those Forces of Nature who are Responsible for the Materialization of Physical Worlds. At this level the Mind can become so Powerful that it can operate between Cosmic Orders by means of Sound and Word. Here we have spoken before in previous Discourses about the Use of Transmission and Receiving Stations such as the Pyramids and Sacred Temples around the World. But We need not go into any of this here.

While it is therefore unbelievably important to PERFECT ones communication Skills with the Elementals and Devas for the survival of human biology, this serves the very basic of needs for like one cannot Solve of world problems without going to the Higher Levels of Consciousness such as the Godhead, just like the Elemental Grace Alliance has done, it is also the same requirement to go to the Higher Levels of Angelic Host to Understand the Perfection of how to Communicate with, and Work in Perfect Harmony with the Elementals and Devas.

You Know this deep within your Core for you, as Creator Gods have come from these Realms yourselves and so the only need is for you to Re-Member through Your Own Higher Selves before you can Re-Educate yourselves to These Truths. It is therefore the Angelic Realm that will help offer you the New '*Angles*' for your new '*Life Experiences*' here upon the Ground. This can take place as One Creates through New Living Thought-Forms to create a superposition of Light Rays which Embrace and can penetrate your very being, when Opened to the Greater Levels of Love and Light Sound and Music Emanations from within the Great Central Sun Itself.

The Great Central Sun of Alpha and Omega, through the Solar Planetary Sun of Helios and Vesta, are now sending Forth These Light and Sound Emanations of the Cosmic Sacred White Fire Light Substance with Greater Intensity. It is with this Intensity that one would do well to begin to Divinely Understand the 3 Principle Angelic Host Realms or Orders in a Higher way which shall be Co-ordinated by the Order of Melchizedek. These are the Orders of the Seraphim, the Cherubim and the Ophanim. Here again, Peter, I tell you that the Book of Genesis has direct links to these Three Orders of Angelic Life Givers!

Beloved Hearts, so while you also are planning your Activity to work with the Elementals, Devas and Angelic Host, be very mindful that like the Sound Group, do not limit yourselves while only placing your focus upon the Elementals and Devas of physical manifestation for your immediate requirements. To become the New Administrators of this World System, you need to Know the Truth of Creation, and Intimate, in the Knowledge of how this Knowledge works as Jesus Knew. As the Rejuvenators and Regenerators of this System and Worlds, your memories **MUST** return, sooner rather than later! So once again I tell you in no uncertain terms. Remove yourselves from all your old human perceptions, beliefs and ways of doing things. Work from within the Silence as you go about your everyday lives. Your day of human affairs need not eliminate the Days of Eternal Truth and Manifestation. It all comes down to attitude and Appropriation of your mind Energies!

I am going to stop here, for I have offered you much to consider more deeply as you head out into the Festive Season. Care then, to give the World in all its God Life your Prayers and Agape Love Embraces. The World today is in its Greatest Ever need for Unconditional Love and Universal Forgiveness and Compassion. Take on these for your self First, Transmute the Imbalances and send the Balancing onto the Rest of God Life here upon Mother Gaia.

From The Offices of the Christ and All the Ascended Masters and other God Intelligences; have a Beautiful Enjoyable and Sustaining Christ Mass, and Remember Who You Are as God Beings within a human form!

Your Present from Us this Christmas is Your 'I AM' Presence in a more Cognitive Understanding of a United Group of Divine Synthesis as the Whole of God Creations, ALL, outside of separation Consciousness.

Make Freedom of All Life YOUR Focus This Christmas and EVERY Day from now on until

'NO ONE IS FREE UNTIL EACH IS FREE AND ALL ARE FREEING EACH OTHER'.

And So, It Is!

I Am Lord Melchizedek

**BENEDICTION: 'I AM' the Open Door In Full Acknowledgement of My Beloved 'Presence',
In Protection, Love, Gratitude and Adoration.**
