

Part 13 - Petition Regeneration of the Sacred Banyan and Sycamore Trees

THE GATES OF RETURN – MASTER DJWHAL KHUL, 12TH MAY 2024

INVOCATION: Mighty, 'I Am' Infinite 'Presence', 'I Am' All-Pervading Intelligence Come Forth Radiating Your God Light Upon Us! 'I Am' Love, Wisdom and Power, Govern All things. 'I Am' Divine Justice, Ever Operating in the lives and worlds of those who look to You with unfailing determination. You and I Are One, the Ruling Power and Governing Intelligence Ruling all things in our world with Ever-Sustaining, Invincible Power. God Always and In All Ways Finds a Way to Help those whose Hearts reach out to the Mighty 'I Am' Presence.

MASTER DJWHAL KHUL: It has been some time since I have had the opportunity to speak with you all, and today I Am Honoured to come and share My perspectives alongside the Great Divine Director, in His Official Duties as part of the Great Awakening and Broadening of the Horizon of this Historic Ashramic Group effort in Divine Economy in Synthesis. I Greet you all as My Brothers and Sisters of the Light Ineffable.

So much has changed since I came to you and asked for the Elemental Grace Alliance Council's help in My Own Planetary efforts, to Formulate and Establish with far more Beneficial and Simplified Formulas of Approach, and still you surprize Me, with the Creativity of Your Consciousness Mind Patterns, that continue to build upon the Foundations Stones of this Group Ashramic Body, of both Disciples, Initiates and Masters alike. So, for this reason, I return once again to become more Embodied in this Group Life to assist to bring a Greater Cohesiveness within the Unity Consciousness of those who have been able to hold onto that which is Greater than the Ego's Soul Persona. In saying this however, there still remains, several trip wires, which find their situations along your illusionary Yellow Brick Road. You will recall My Discourse, '*Part 20 - DK Rule 1 Study Conscious God Intelligence in Action, The Yellow Brick Road - Djwhal Khul, 6th November 2018*'. I told you in that Discourse,

"The revelation, given to the Initiate, is not a vision of possibilities, but a factual experience, leading to:

- a. The Evocation of New Powers.*
- b. The Recognition of New Modes and Fields of Service.*
- c. Freedom of Movement within the Bounds of the Hierarchy.*
- d. New Hierarchical Contacts and New Responsibilities which face the Initiate. He or She, therefore, realises what St. Paul meant when - talking in Hierarchical terms - He said, 'All things are*

Become New.' *It is not simply a question of vision and contacts, but of vital Interrelation and of Recognition which brings with them, Insight into the Mind of God."* End Excerpt.

Dear Showers of the Way, the time is approaching fast, where that physical contact with the Hierarchy and Other God Intelligence Beings, who will be walking amongst you will Reveal Themselves! Certainly over the next few years, if you can make some final adjustments to your lower self, your beliefs, ideas, visuals, interpretations, while expanding your Greater Exhibits of your Soul Monad, and a more Magnified Initiate Consciousness of which will release you from the shackles of old patterns of thoughts, words, and actions. As individual Initiates this is difficult enough when you are in the presence of those who do not meet with your own inspirations and aspirations.

However, when in the Presence or Communication with those who have your own Visions of the New World it should be so much easier. It is the Observations of the Masters, that some of this Ashramic Life still expresses the old patterns of expectations, which are like handcuffs with your hands behind your back. Yes, these expectations of yourself and others '*are*', that dire, when thoughts, words and actions delineate what one limits themselves from moving forward.

I tell you Dear Ones, The Externalisation of the Hierarchy, which is now upon you, will need your more expansively expressed '*Points of Tension*' that will assist in the out-posting of the New 5th Kingdom of Humanity and the Vanguard of Other Disciples and Initiates soon to be made manifest. Dear Souls, you, the New Hierarchy, are already here, just not quite Home yet, due to your remaining still on the rocky paving stones of the storyline that relates to the Yellow Brick Road, of Dorothy, who is joined by the Scarecrow, who wished he had some brains; the Tinman, who longed for a heart; and the cowardly lion, who sought after courage.

Make no mistake Dear Ones, you do not need brains where you are going. Your Diamond Heart is as large as All of God's Creations, filled to overflowing, with the courage you have portrayed already to walk through all the misgivings of humanity's miscreations. You Are the Beacons of Light, the Light Showers, Who others will follow in your Footsteps, when you can Lead with Greater Confidence, as Jesus did, Precipitating His Examples of the Miracles of Life, which has assisted in the Paving the Golden Pathways of the Light which Lead towards the Kingdom of Heaven upon Earth.

The Work or the Radiatory Activity of the Hierarchy, the old and the New, whose Feet are upon the Ground in readiness today, is more potent than at any time in human history. The Masters and Their Disciples and Initiates, (*under the Guidance of the World Teacher of St. Germain and Others*), are physically present on Earth, that will Over Light the Earlier Atlantean times for review and clearing, and the Radiation Emanating from the New Hierarchy, '*you*', and others like you, will be Protective, Guarding and Nurturing God's Peace, Liberty, and Freedom for All. The times have passed where the old Spiritual Hierarchy, withdrew in more subjective expression and where humanity was, under the Law of Evolution, left to their own devices, thus, to learn what the Way, the Truth, and the Light,

Truly Meant. Learning how to Tread the *'Path of Return'* through individual experiment and experience. Today these individuals of the past will expedite further exultations as the New United Group Life by Formulating, putting into practice, and leading by example the New Ashramic Groups of Synthesis in Divine Economy.

The Masters (*in this long interim*) did not come forth to contact humanity on any large or group scale; many of Their Senior Disciples and Initiates have, however, emerged at varying intervals and when needed, the World Teacher has also come forth to Sound the Key or Note for each New Civilisation and to Express the results of a passing civilisation. Just as you are now putting in place the New Keynote for the present-day Transitions, and Transformations for the New 7th Golden Age and the Bridging of the Chasms of Consciousness, not only of the Elementals, Devas, and the Angelic Host, but an entirely New Human Race, called the New Adam, Lilith Kadmon Man and Woman.

Men and women have had, therefore, to find their own ways alone to the Hierarchy; in silence, that Hierarchy had waited, until the number of *'enlightened souls'* was so great that their Invocative Appeal and Their Magnetic Radiation reached a potency which cannot be denied; the Balance of Equilibrium, Attained between the Kingdom of God on Earth and the Kingdom of God in Heaven, (*to use Christian phraseology*) became, such that the **'Gates of Return'** could be Opened and Free Intercourse established between the Fourth Kingdom, the Human Supplementary Seven, and the Fifth Kingdom, the Master Unascended Human Beings upon Earth within all forms of the Three Lower Kingdoms.

These **'Gates'**, are the **'Freedom's Gates'** (*and I am still speaking in symbols*) are already Open, are Paving the way toward the Expressions of Visuals of the Human Miracles such as your 2 Trees Petition, for the Rejuvenation, Regeneration, Revitalisation, and hence, the Reconstitution of the Sycamore and Banyon Trees. But, as has been clearly stated, first this Divine Focus must comply to the physical body of those within humanity proving without a shadow of doubt, their immediate and Self-Directed Intentions of Purpose and Function to a Greater God Life. Powers that are Unlimited in *'God Presence'* to Restore Peace, Liberty, and Freedom to all. Jesus did not Precipitate anything until he could provide himself with that which he required for His Own Everlasting Constitution of the God State!

These *'Gates of Return'* now stand Wide-Open to Admit the passing through one dimension into the next; the *'Sons and Daughters of Mankind, the Perfected Sons and Daughters of God'*, back to their Rightful Place, within this Earth Realm and into the Next Erthe Realm. Herein, identified briefly, where many, earlier demonstrated the Perfect Love and Service, as in the earlier times of Atlantis. So I postulate a question for you to ponder more deeply which may, if Evocatively addressed may help you remember your experiments and experiences in those lifetimes. But, as you now Know, this time the Sons and Daughters of God, will no longer be alone and no longer need to return back to lower vibrational states of 3rd dimensional life, unless for New Purposes and Functions. Rather,

They will bring with Them as you have Magnetised the Whole Company of Heaven to you, through the Rightful Application to God Life, the Heads of the Heavenly Master Ashrams, Myself included, as well as Teams of Highly Trained Groups of initiates and Disciples.

For many years now, we have spoken to the Disciples and Initiates, about Group Initiation. Time did not warrant us to Travel further along this Path, other than attempt the distillation of Knowledge, using the 14 Rules for Group Initiation. And while this proved very successful in many ways, it was unable to Magnetise the numbers We had envisioned. Yet here you are, the ones we have been waiting for!

However We did not ever expand into any more depth of the Knowledge Base of the Ashramic Group of Synthesis and its Vivacious and Essential need to Embody the Divine Economy, with you all, personally and as a Group, herein the Elemental Grace Alliance. In many ways you have been paying attention and using this Principles as earnestly as possible, yet there remain evident uncertainties, reservations, qualms, and fears of the unknown, to the unsolved problems, to place both feet on the other side of the *'Gate'* and into the next Dimensional Shift. So, let Us Address such troublesome nuisances in a very limited way, that hopefully will kick the ball between the posts to score that New Life you have worked so hard to achieve. We are all here, cheering you on and Magnetising your forward movement to See that Self-Realised Goal, for so many, not just the EGA Membership.

The phrase, *'Group Initiation'* is only used by the Members of the Hierarchy in reference to the first Two Initiations. *'Initiations of the Threshold'*, (how appropriate,) from the Angle of the Lodge on Sirius. After these two preparatory events, the Initiate, at and after the Third Initiation, reaches the Point wherein he or she *'undergoes Initiation'* for his or her own experience, for they can now be Trusted to ask nothing for the separated self; his or her personality is tempered through the Fire and Adjusted to Group Conditions; increasingly they are manifesting as a Soul-Infused Personal Personality, and the Antahkarana is being rapidly Created and Expanded and effectively through Rightful Application to God Life, used. To phrase it otherwise: as the number and expressions of Soul-Infused Personalities Grow and Initiates of the Third-Degree increase by volume numerically speaking.

QUESTION: *What will be the result?*

ANSWER: *'Three'* great happenings will take place within Divine Spirituality and Focussed Intention; these having been experimented with and have been experienced, herein the EGA. We shall be specific here as this Discourse, while generic, is for the Purpose of this 2 Trees Petition Work. We need not go into such manifestations. Yet they continue at an astounding pace today, which is the point I wish to bring to your attention; it is this Conscious Intention with Great Humility and with God Eyes on the Goal, not he personalities, which will confer the potency in the Ashramic Group of Synthesis within the Four aspects of a God Life by each Disciple and Initiate; God, then, is a Benign and Benevolent Impersonal Personality, a Personal Impersonality, a Personal Personality, and an

Impersonal Impersonality, comprising the Manifold or varieties of Consciousness of Being. All of which have Their Proportion Assignments, Appointments, Engagements, Locations and Residencies within the Ashramic Group Life at this most auspicious time and into the next Dimensional Vibrational Frequencies, no matter where they may be.

1. The Kingdom of God or of Souls, distinguished by the potency and therefore by the Magnetic Aura and Radiatory Emanation of Agape Love, will definitely be Anchored on the Earth and within the Hearts of a more expanding Grace within the Human Heart. Thus, penetrating ever more fully and successfully into the three worlds of human conscious endeavour. There have always been outposts of this Kingdom among humanity; as there has ever been individuals in all parts of the world, in the world religions or in other constructive Higher Consciousness Groups, who have been more linked in a Unity of Consciousness to their Souls, and consequently linked to the Hierarchy and other God Intelligences including the Nature Realms. There have always been those in every nation around the world, who have Developed and Expressed the Christ Consciousness; this is the Loving Understanding and Intelligence of Living in Service to God, no matter by what words or terminology they expressed; the tremendous Spiritual Events of which they were aware. But, from the standpoint of the world populations, the Fourth Kingdom is Still The Elemental, Devas and Nature Kingdoms that Dominate the world in every Field of Thought and of Activity, and not the Kingdom of God or of Souls.

Today, as a result of previous Divine Spiritual Awakening, lays the emphasis upon a wider, more general Educational Program Founded within the Nature of God Life. In a more diligent preparation, within a wider scope of a New Educational System for humanity upon the Earth. But also, after the Petition Granted to Master El Morya, by the Karmic Board of Directors, as a result if the Unascended Human Souls, who, through the Economic, Nuclear and Chemical Affairs Council, (ENACA), whereby a greater Scale of Education toward Populations of other Human Races, those Represented Groups within the makeup of this Human Race, and Hierarchy alike, from other Star Worlds and Star Systems.

These factual Proclamations will, to some degree, become a nauseous distaste, at the very least and to the very worst, generate impositions to religious clerical and those in false power elite authority. However, the New Radiations of God Life and Light, now Entering this Solar System, from within and outside of the Inner World of Soul Expression, will be Expedited with Greater Intensification of Agape Love, thus amplifying the pressures against personality desires. As well as any struggles for those who Truly wish to Transcend such old paradigms. This will become more fervently prevalent, as the New World Living Group Organisms display their parts within every changing outer world expression. Or, on the other hand, turn away those who are unable to Embrace such Unconditional Divine Love, and thus, both happening for the first time ever, at these levels of Human Awareness in the History of Humanity.

The effect of this Radiation or Magnetic Aura Emissions are becoming more widely seen for what they represent; that we need no longer talk in terms of bringing in the Kingdom of Heaven to Earth for people in the mainstream are beginning to Experience the Natural Power of the Nature of God for themselves. It is already manifesting, and its Aura is co-mingled with the mental, astral, and etheric Auras of mankind. Just look at the latest Aurora Borealis, or Northern Lights now showing their Elegance and Beauty!

Recognition only is required, but recognition is being withheld until the Kingdom of Souls will be safeguarded further to a degree from the narrow claims of any church, religion, government, or organisation; thereby many will claim that Admittance into the Kingdom of God, through their own particular separate group. The Kingdom of God is not Christian, or Buddhist, or to be found focussed in any world religion or esoteric organisation. It is Simply, and Solely what it claims to be: a Vast and Integrated Group of Soul-Infused Persons, Radiating Unconditional Love and Divine Spiritual Intention, Motivated by the Will-to-do and the Will to Be, and Rooted in the Human Kingdom, with thoughts, words, and actions of such Good Willingness to find Peace and Freedom in each other's Presence, as the kingdom of men and women are rooted in, and are a break-away from the Animal Kingdom.

2. The Antahkarana is now being built by all Soul-Infused Personalities (*or constructed unconsciously by all struggling to attain Spiritual Orientation and Stature*), and is rapidly now becoming a strong cable, composed of all the many threads of the Living Light, of Higher Consciousness and of a God Life; these threads are blended and fused so that no one can truly say: *'my Thread, or my Bridge, or my Antahkarana'*. This, in ignorance, they often times do. All Soul-Infused Personalities are Creating *the* Human Antahkarana which will Unite, in an indissoluble Unity, the Three Aspects or Energies of the Spiritual Triad and the Three Aspects of the Soul-Infused Personality in the Three Worlds. In time to come, the phrase *'Life in the Three Worlds'* will be discontinued; men and women will talk in terms of *'Life in the Five Worlds of the Manifested Kingdom of God'*. Think in these terms today if you can, and begin to grasp somewhat the Significance of the Truth therein Embodied. In the beautiful Eastern symbology, *'The Bridge of Sighs'*, which links the animal world with the human world and leads all men and women into the valley of tears, of woe, of discipline and of loneliness, is rapidly being replaced by the Radiant Rainbow Bridge, constructed by the Sons and Daughters of Mankind who seek Pure Light. They pass across the *'Bridge to Freedom'*, into the Light Serene, which there awaits them, and bring the Radiation of Light down to the human world, revealing the New Kingdom of the Soul Monad; The Personality of the Soul disappears, and only the Monadic Soul Shines of Its Self.'

3. Then follows that stupendous event for which all Soul-Infused Persons Prepare, the Externalisation of the Hierarchy and the Reappearance of the Masters of that Hierarchy, with the Personnel of which it is Composed; this Group of Liberated and Functioning Souls will Appear on Earth as part of the manifested phenomena of the outer plane. This I have dealt with in another

section of the Alice Bailey Work, *'The Externalisation of the Hierarchy'* and will not enlarge further here.

Dear Sisters and Brothers, I believe that this is enough for you today. However, as I would be open to continue this thread further as time permits, I do understand the pressing matters to complete this 2 Trees Petitions Grant Presentation for the Karmic Board. I therefore state my own Declaration to offer all My Support now, and in the future times to come, that Declares My Full and Undivided Attention, along with the Ashramic Group Lives, I Am United Within, that Endorses My position within this Petitional Process. I will close now with another excerpt for My Discourse mentioned above.

"The Fourth Ray finds most meaningful attainments in whatever will contribute to the harmonious consummation of any circumstance, relationship, or project in which it may be involved. It is clear that the Fourth Ray, Beauty, is Sacred. The more the Beauty Reveals Divinity, The Greater the 'Revelation' of Beauty, the Greater is Its Radiance of Sacredness. From another point of view, Peace as a condition of Perfect Accord and it too is sensed as Sacred by the Fourth Ray Virtue. There is a State of such Perfect Equilibrium between All Energies that consummation is achieved and nothing more need be done. This State of Harmonious Perfection is reflected in the Quality of certain Great Works of Art and in moments of Perfected human relationships. See this Sacredness with this Group if you can, what better Gift to Humanity than Peace, Beauty, and Bounteousness.

"Seek, then, the Mighty Powers of Peace, Dear Brothers and Sisters and turn that Divine Peace into the Beauteous and Bounteous Joy that it Beholds as a Beacon of Light! Ignite that Light within you and Shine it forth at every opportunity. Travel no further along the Yellow Brick Road than you must! Return HOME at the first opportunity!"

Please take all that I have said into your deeper Contemplations so they will permeate up into your Greater Awareness in the shortest time possible.

I Am Your Brother of the Light in Your Service, please call upon Me anytime.

Master Djwhal Khul.
