

Part 10 - Petition Regeneration of the Sacred Banyan and Sycamore Trees

SPARK OF GRACE - PETER, PELLEUR AND SERAPIS BEY, 12TH JANUARY
2024

INVOCATION: Beloved 'I AM' Presence, as We Are One with You and Now the Universal Master Alchemists, We Call Out in this time and Give Praise and Thanks for Your Love as We again Divinely Ask for Your Guidance, Your Direction, as to the Seeds We hold within our Hands and Seek the places around the World to Plant them. May Our freewill and God choices Deliver Us back home after the miasma of scheming traditions of inequity that has Evolved, as Our Brother Jesus Having Demonstrated for Our Collective Pathway Towards this New Solar Civilization, The New 'I AM' One World Nation. Mighty 'I AM' Presence from the Heart of God, Bring Forth Your Ideas and Accomplishments, which have never been brought Into this Earth Evolution Before. Guide Us in How to Implement and Make Them Manifest. Mighty 'I AM' Presence, We Ask for the Birthing of the Christ Into the Body of Humanity. Guide Us in the Anchoring and Refining of the Twelve Divine Mind Virtues that Exist within Your Consciousness to Manifest Through All Levels of Our Mortal Being: Our Mind, Body, and Soul, In Oneness with You.

PETER: Blessings Dear All, today I wish to continue this thread of becoming more Observational with what we are presented with Through Our Christ Connections, as the feet upon the ground, as we Walk this '*Divine Path of Freedom*' and using it for the Greatest Good of All Concerned. The question comes to mind. '*Why are we approaching the Indigenous of the World or Ancient Cultures in a way of, perhaps First Contact*'? The answer may be that these Ancestors who are Dear Souls of the present-day incarnations of those Lineages of Ancestors now past. Perhaps it is because the traumas and resentments of hundreds, maybe thousands of years, are only adding to the present-day chaos and imbalances?

From the previous Discourses in this Petition Series, I sense that we wish to instigate change by raising individual Heart Coherence through the Practices of Forgiveness. To Raise Coherence of the individual and Group Collectives that may help to affect those who are more connected to a subconscious alignment to the idea of the Collective Unity of Group Communities. Nothing could be more appropriate than existing Communities of Cultural Beliefs, that Re-Create New Bridges of Consciousness throughout their Community!

And that which will affect the Coherence of an existing Community that would as part of the New Universal Morphogenetic Sphere of Influence into the Greater Human Race and thus would directly affect the Earth's Coherence to the New Fields of Information and

thus shall support the Truth of Christ Universal Consciousness and a Life Lived In God, or whatever the Cultural names are given for that which is understood to be a Greater Benevolent Power. As more and more people can acknowledge that Mother, Father Earth is also a Living Organism and its Interconnectedness to All of Life without separation, the Human Heart and Mind may better raise itself automatically through the Innate or Inner Knowingness of the Truth to much Higher Perspectives. What can the Universal Morphogenetic Spheres of Influence achieve when Ancient Knowledge that pertain to the Mysteries of Life and the Truth of Who We All Are; Children of God, Sons and Daughters of this Universal Heaven on Earth whereby we can then Improve the lives of our Children and their Children and their Children's Children thereafter. Is that not the Function and Purpose of this Great God Plan and God Him, Herself that more Consciousness Known as the New Proclamations Are the Only All-Pervading Power from now on?

Sparks of Grace, Radiant Light Freeing Us All from the torment of tyrannous and totalitarian behaviours. Through Forgiveness, we Can change our emotions, change our thoughts, we can Uplift the Coherence and Consistency of Rationality of the ego personality, toward the Higher Self which shall Uplift the Soundness of why Communities need to now come closer together, Stand United in the different faces of all adversities, Knowing that the Father's Light and the Mother's Love is the Backbone of this Earth and in turn Our Own Human physical and Etheric Bodies.

This Opportunity and it is just an Opportunity right now, for nothing is yet set into action enough to make an Observational difference, to live from the Heart where the greatest potential to Creative Societal Change can come that will Encompass and Embody All in Compassion, Agape Love, and Divine Will, Truth and Power!

Interrupting old behavioural patterns of the past to bring in a more Heart Centred World are becoming more Observational now, to Us at least. Beginning with the World that each present Community Truth can be revealed through the lives therein. Expanding outwardly as the Flow of the Universal Morphogenetic Fields Magnify and Multiply. Achieving a Coherent State, Working Together Creating a Greater Heart Harmonic in this world, aiding Mother Gaia and the Great Pelleur, Mother Virgo's (*Mother Earth's*) Divine Consort, in Her Own Heart Harmonics as well that shall exponentially achieve more optimal Levels of Greater Awareness of the Truth of Who Humanity Is, as a Whole and Inseparable Race of Ever-Evolving Atoms of the Greater Wholeness of God Universal Consciousness. Pelleur has arrived now and wants to say a few words, Bless Him and Thank You, Brother, for Listening to this sharing!!

LORD PELLEUR: *'Beloved Virgo, Beloved Brothers and Sisters of Earth and to All of the Layers of Universal Beings now Gathered here Listening to an Unascended being sharing a story that needs to be told. For the human beings Listening here, 'I Am' Pelleur, the actual 'ENERGY' or 'LOVE POWER' which holds the Earth in Her Place in this Solar System!*

Sleeping humanity does need to awaken from their long sleep back into The Light now, and understand that the very Earth Herself, even Her Axis, Her Inner Spinal Column is being Straightened as We speak, Reinforced, Rejuvenated and Revitalized for the time to come, and would not remain here, in the Solar System, nor would the Souls Belonging to this Planet, the long lines of the Ancestral Human Races remain on this small globe, if it were not for the Cohesive Power of My Divine Agape Love, which science chooses to call it the 'Pull of Gravity' of the Earth!

'Think on this for a moment! When you place your feet one before the other on an appointed task, human or Divine, if there was no Cohesive Power which is the Power of Love Divine, beneath your feet, you would sail off into outer space. Even in the process of walking, you can be Grateful for that Cohesive Power which We Maintain in the very Centre of the Earth, its Core Being the Sun Of Even Pressure, where the Masculine and the Feminine Rays of Beloved Himalaya and Beloved Meru, join and where the Great Spirit of Cosmic Christ Peace Serves with Me Constantly Holding the Substance of the Earth and Radiating from its Centre to its Periphery the Love and the Light of Our Beings.

'That Love is the Actual Substance for which you now Stand in the Name of God as part of His, Her Proclamation to Place the Ascension Flame of Beloved Serapis Bey to support your own backbones to Revitalize Your Ascension Processes for which you Stand in this Cohesion of Unity Consciousness within this Petition, to Serve Humanity at the Highest Levels. It is the Substance which makes up your chairs upon which you are Seated. It is that Love which holds all the Beings Who Belong to this Evolutionary Plan and have been Accepted by this Evolution in the Orbit of the Earth. It is that Love which has Accepted again, again and again, the excrement of human life and through God's Kindliness Transmuted it into Purity and Perfection.

'Think about this also Dear Human beings who would Search for Truth! Think about the toxic waste from the fire of Lahaina and think that they are not fit for purpose and would if placed within its designated temporary or permanent site that would do perpetual harm. Dear One's if the Nature Elementals of God can Transmute such levels of Human ordure, all toxic substances either man-made or natural, who can even transmute radioactivity of the most dire levels of intensities, why would anyone who Knows this, be caught upon and within the human dilemmas of human limitations. Think about the costs incurred by trying to resolve this problem by human means, the resources needed and the time to make it happen. Remember Dear One's, ANY human creation without the Petition to pass through the Karmic Board of Directors and their Approvals must fail, and in those failures, will only create more problems.

'So, as you are in this Petitional Process and indeed upon the right track, think about the Use of the Ascension Flame that resides within you, no matter where you are in the World. Did You Know that the Ascension Flame NOW was always intended to be placed upon and within the Lands of Lemuria? Why Lemuria? Because Lemuria was the closest

direct route to the Centre Core of Earth, the Sun Of Even Pressure and Where the Goddess of Fire would be able to Keep those Fires Lit for that Purpose. The Story of Pele goes back farther than you may realize and today Her Resurrection into the minds and hearts of the Hawaiian People, to begin with, and then the People of the World, could have a Revitalizing Effect upon the Whole World. Beloved Serapis Bey is Standing now, and before He comes forward to Share His Story, I wish to add one last thing for you! So please relate this to your Present aim toward the Hawaiian Maui, Lahaina Work.

Upon your Flag for the new 'I AM' One World Nation is the Symbol for God is portrayed as a 2-dimensional form. This in Truth is not its True Reality. This Symbol should portray a Sphere, A Sphere of Influence. Within that Sphere, there is a 'Dot' definition that God is that 'Dot' respecting the Creational Dynamics of the Whole Truth of that Sphere. In EGA's case, the Sphere Represents the 'I AM' One World Nation. And at its Core is all the Information that you have placed there, within it to date. But it is not yet the Whole Truth and All Knowledge that exists in All of God's Creations. As the EGA continues to Re-Member through Its Conscious Awareness that New or more Expanded Knowledge to that Consciousness will automatically be added and re-calibrated so as to mean, that which humanity will find its own appropriate Path to find That Truth within themselves.

Humanity is held in a Sphere both in its own Individualization and a Group or Community or Collective will only be able to see that God Within Knowledge from a single perspective at a time. For they will only have a line of sight to the point of entry to the Centre from where they stand on the outer circle. Another person or group or community from Australia for example will look upon the Core of that Sphere from its particular point of Observation, allowing only their own perspectives to define what level or Dimensional Field of the Information contained within that Core will be.

While the Core of the Sphere of God is Multi-layered, Multidimensional and reaches far beyond this single earth world, the Whole Truth of all these Dimensional Truths will not become part of the Viewer until they themselves are that 'dot' in the Centre of that Sphere.

*Now see this from our Beloved Virgo's Reality. Inside Mother Earth is a GOD DOT. A God Sphere in Its Own Right. We call that Sphere '**The Sun Of Even Pressure**'. A much grander Dot, maybe, but a Sphere of Fluid Consciousness, ever-expanding and Radiating Its Light and Love outward to the surfaces all over the Planet.*

I have told you that the Hawaiian Islands is one of the most direct passages from the Great Sun of Even Pressure to the Surface of the Earth and while just a depiction of that Light that it Shines upon that Map of yours of the Hawaiian Islands at the Centre point of Lahaina is not by accident. It is drawing your attention for those of you Who have the Eyes to see that this Site also represented by the Goddess of Fire Beloved Pele who is a Representative, or we could even say an Archetypal Ambassador of the Sacred White Fire Light Substance, that is in Truth the one of the Most clear and Purest and Primal forms

of Creative Powers known to man around the world. Its Creative Powers are yet untainted by any manmade miscreation or flawed by any human misinformation or projections of human misaligned energies. Apart from those sent by uninformed humans, to Dear Pele in their misunderstandings for what Pele herself came to Hawaii' to do! That was to show humanity the Way Home by the constructive use of the Element of Fire, Untainted, Unblemished, Uncontaminated, Sterilised and Wholesome, Innocent and Virtuous, ready to Receive the Light of God, the Divine Masculine, within the Blacklight of the Mother's Womb with Divine Love, where a New Birth of the New Human Race through an Immaculate Conception Will Be Born!

Thank you for Allowing Me to Jump in and Speak with You All unannounced! It is Gratefully Appreciated.

I Am Pelleur, Divine Complement of My Beloved Virgo'. We Are One!

SERAPIS BEY: Beloved Pelleur and Lady Virgo, My Brothers and Sisters of the Sons and Daughters of God, Elementals, Devas and Angelic Host of Lemuria, Atlantis and the Sun Of Even Pressure of this Mighty Earth Planet. I Come to you today as this Subject Matter that has surfaced in a most delight-filled way, has Magnetised Me back to My Roots and a Part of My Own Ascension Program, and so I Am very eager to Know how this will come to pass! I became aware of this Light, only when I Learned that a Great Unknown Light and Illumination was Present within the Lands of Lemuria and that it was a Land of Great Peace, a Land of Exquisite Beauty and Plenty from the Gautama Buddha.

During the Lemurian Civilization, many of the Flames of differing Qualities and Virtues, like the Ascension Flame, the Pink Adoration Flame, the Violet Flame and the Flame of Precipitation, among others, were flourishing there and through Decrees and Invocations were adding to the good of mankind. When that Civilization reached its nadir in decline, and that continent was submerged under the smooth carpet of waves, many of those Flames were moved to other Designed places, including Atlantis. As the centuries slipped by and that glorious Atlantean Civilization, like its Sister in Lemuria, declined, the Exodus of the Flames started over again. Certain Priests and Priestesses of which I was one of these Priests, who was unascended at that time, and had served in Sustaining the Flames, were given the Honour as well as the Responsibility of Transferring these Flames to new locations.

I was one of those Priests who were Entrusted with the Flame of Ascension, to bring It to Egypt. With those who were to help Me, I personally carried the Ascension Flame in an open boat while others rowed and fed us across the Ocean and then four hundred eighty miles up the Nile River and established It at Luxor, Guarding It on the perilous journey with our bodies and breathing upon that Flame to Sustain It so it would not become extinguished, rowing against time, knowing that Cosmic Moments wait for no man! We had barely reached the shores of Egypt and placed this Precious Flame upon

the Landed Surface at Luxor when the Earth shook, and we Knew that Poseidonis, the capital of the Continent of Atlantis had sunk beneath the sea.

All in all, one hundred ships of the Great Atlantean Fleet set forth to carry the Flames of the Qualities and Virtues of the Godhead which they had Magnetized and Sustained all through the centuries. Some went westward and settled in the neighbourhood of the Easter Islands, Peru, and Mexico. Others ventured further across the vast expanse of the Pacific into Asia. Of the one hundred parties which originally set out, only ten arrived at their various destinations with the enduring focus of Their Flame, which contains with It, today, a portion of the actual Undying Sacred Fire from the Atlantean and Lemurian Temples. These Flames were carried with Us in the Great Golden Braziers which used to hang above the Altars in those early times.

After the Establishment of a Portion of the Ascension Flame at Luxor, each one of us finished our span of life for that embodiment. Many times, after that, some of us returned and took embodiment in Egypt, in and around Karnak and Luxor, Serving again the Flame we so adored. In these early days, there was no written discipline necessary, for we remembered well the Purity and Honour of the Priests and Priestesses of the Flame. Only as the Light of the Atlantean and Lemurian Days grew dim, preceding the days of Moses, did the Hierarchy, insist upon Our writing down the Disciplines of the Neophyte, those who were new to these Principles and Activities, so as to Preserve them through the darker days that would follow.

Many of the early Israelites were guests of Our Temple, Joseph (*who through the Pharaoh, was to rise to the Throne of Egypt*), Moses, Aaron, Miriam, and those who were to be instrumental in the Exodus. Beloved Jesus, Mary and Saint Germain were also Guests in Our Retreat in Their day. Much of the Hebrew Law incorporates instructions given in the Temple and much of the Mosaic Law was imbedded in the Consciousness of Moses, long before His Ascent into the Mount. Thus is Truth conveyed from Heart to Heart and then carried by the feet of men into far places. At Luxor, I and My Group began again the Rhythm of Magnetizing, Sustaining, and Expanding the Ascension Flame.

I re-embodied many times in Egypt for the Purpose of Serving My Beloved Ascension Flame. At one time, I re-embodied in Greece, where, as Leonidas, King of Sparta, I fought and was killed at Thermopylae, 480 B.C. It was My last re-embodiment on Earth. Centuries went by, and as the Egyptian Civilization declined and the '*dark age*' entered, the Temple of the White Brotherhood was camouflaged for Protective Purposes, and today there is but one white building that remains which is the Entrance to the Subterranean Chambers and the Ascension Flame and the '*Presence*' of its Mighty Hierarch, where I Reside today.

Earlier reference then has been made to the Ascension Flame being in Lemuria before its sinking. It seems logical to believe, and no doubt must be the factual Truth, that

between man's complete degradation and the Coming of Sanat Kumara, there was no Ascension Flame on Earth.

Lord Maitreya came ages before Lemuria, to the very feet of your own Sun God and Goddess, Helios and Vesta, in Joy, knowing that there should be a requirement for an Ascension Flame on Every Planet of your System. Thus, it was after the Preparation of the Beloved Sanat Kumara's Focus at Shamballa and My Greeting to Him that My Entire Being was dedicated to that Requirement of Establishing a Sustained Activity of the Ascension Flame upon the Earth, so that Those Who would live on Earth in the future, including every *'Iaggard'* and every other guest from every other Planet Whom the Lords of Karma might consider worthy, could, have an *'Open Door'* through which to return Home.

The Ascension Flame is Composed of the Magnetic Powers that were drawn by Beings Who volunteered, when the Earth first came into Being, to stay upon the Earth and to Magnetize that Light, as a Ladder in the Atmosphere upon which those Who were ready might Ascend. It is Composed then, of the Powers of Invocation and Magnetization by many Priesthoods in Every Golden Age that has been. That Ascension Flame is Composed also of the Ascending Energies of all the Prayers and Decrees and Fiats, all the Invocations and Aspirations of Every Lifestream upon this Planet Earth.

It is gathered up by the Brothers and Sisters of the Ascension Temple and by the Silent Watchers of all the various Nations upon the Planet where that Energy is Gathered Up and becomes Part of the Ascension Flame. The Ascension Flame is, therefore, like all the Flames and Rays, dual in Activity. It is the Descending, Conscious Stream of Energy from the Godhead which is Drawn and Sustained upon the Surface of this Earth through the Self-Conscious Cooperation of the Brother and Sisterhood at Luxor; and it is also Ascending Energy of the Mankind of Earth, the Angelic Host Imprisoned here, and all of Life that is Aspiring Upwards. Within this Ascension Flame is the Record of every Ascension that has taken place upon this Planet Earth. That is why it is such a happy Flame. Every Ascension, the First and Second Root Races and all Their Sub-Races went Home on that Flame.

Then the lower activity came in with the *'Iaggards'* from the other Systems, but yet from time to time, individuals did Persevere in the Purification of their vehicles and utilized this Ascension Flame; and the Gratitude of the lifestream when it is caught up into the Infinite *'I Am'* Presence, Knows Eternal Freedom from bondage, from limitation, from fear, from distress of any kind, can hardly be described to the outer mind. This is the imprint in the Ascension Flame. Everyone Who has Become God Free, who has utilized that, many of your Loved Ones, who have passed through the change and have Ascended have utilized that and Their Energy is within it. This buoyant Flame is not to be treated with a Consciousness of fear and of negative feeling.

So, what I wish to say at this point is that as the Ascension of the New Human Race the Adam and Lilith Kadmon Man and Woman, with all the preparational Work in aligning the Cosmic Christ Consciousness throughout the Hawaiian Chain, it makes absolute Pure Sense that a Portion of the Existing Ascension Flame from Luxor be Returned to Maui and the Point and Location of Lahaina. The Preparations for this are now well underway by the present-day Priests and Priestesses of the Order of Melchizedek, that were also present upon Lemuria and Atlantis with Me and many other Masters who remain as their Sponsors as they go about Their Eternal Duties to the Godhead here upon the Surface of Earth today!

An account of a Love In Action in 1995, was shared within one of Lord El Morya Student Groups.

Upon hearing of the possible eruption of the volcano 'Kilauea', on the Island of Hawaii, a Group of Students decided to concentrate an entire meeting upon making calls and singing songs to the Ascended Masters for Protection of the Hawaiian Islands and their people. After the meeting started, the Whole Group, at the suggestion of their leader, closed their eyes and definitely 'projected themselves', by mental concentration, to the cone of the volcano. A personal account follows.

"We tried to feel the crusty lava bed beneath our feet, imagining we were really there and gave our decrees looking right down into the cone. We sang our songs in like manner and at the close of the meeting, we asked our Beloved Master El Morya, to let us know what had actually taken place through our efforts. We give you, below, the answer to our call." End of Student Account

BELOVED EL MORYA'S RESPONSE: 13th of March 1955. *"I have asked permission to speak to you for just a few minutes about your magnificent accomplishment of last Thursday evening. The transfer of consciousness from place to place requires a certain training of the 'inner man'. It requires a certain concentration of the mind and capacity through fluidic use of thought pictures to anchor into the activities taking place. Over the past year, We have endeavoured to show you various activities at Inner Realms. Then came the opportunity to draw your attention to a spot on the face of your Planet where there is a great crisis at this time. Both Lord Michael (the Archangel) and Myself witnessed your endeavours and I would like to describe to you something of what took place. You know, you are never alone when you are endeavouring to serve the Law, the Light, God, the Masters or mankind. Always there is in Attendance some Sponsor from the God-free, although They do not always express Themselves in words.*

"According to your sensitivity are you receptive to that Sponsor's current. When great Continents are so loaded with iniquities of the discordant thoughts and feelings of mankind, invocative calls and active service, given by man, are required by Cosmic Law to have these Continents purged and free the elemental life which has been imprisoned within the substance of the Continents. The more the calls for Freedom is joined with

active service in making those calls, the sooner will imprisoned life demand its Freedom. According to its nature, it will demand Freedom at the time it hears the call. A dog demands its Freedom according to its nature; so, does a human or a Divine Being. Therefore, within the gas belts and those focuses of hate, when imprisoned life there hears the call to come forth, it responds by endeavouring to burst its bonds, according to its nature.

“Unless that nature is consciously transmuted, you will have the eruptions and explosions of volcanic action which represent the qualified energy before sublimation has taken place. If that energy could be separated into its infinitesimal electronic particles (it is made up of millions and millions of them) - if you could take one and magnify it large enough to examine it, you would see the resentment, the scowl on the little face, the rebellion that is within the tiny form that has been imprisoned for many millions of years!

“As that life rushes forth in its extreme determination to be free, it causes tremendous cataclysmic activity. As you approached the cone of the Volcano (Kilauea), as you stood and directed your love through songs and decrees into that open cone, what happened? There came a Being of Embodied Love from the Archangel Chamuel's Legions, of the Pink Adoration Flame Who stood over the cone and, by the Magnetic Power of Her Love drew the substance of these particles right through Her Own Body.

“They emerged from Her body beautiful, shining, winged sylphs, something like your magnificent butterfly, or perhaps more like the transparent wing of the sylph itself. That is what takes place in the releasing of imprisoned life when conscious lifestreams, directing energy, sublimate and transmute imperfection. As this life is released, (as it will be if you continue in your endeavours) it will be of tremendous assistance to the freeing of the Earth itself. You may invoke the sustaining of as many of those Beings of the Pink Flame as you desire to assist in releasing this imprisoned life back to the Sun in happiness.” End of Account

Beloved Brothers and Sisters of My Heart, I have heard your Calls, Decrees and Invocations, Your Gratitude and Love in Action that you have sent to the Temple of the Ascension Flame in Luxor. And with that, I Am more than satisfied that this World Location will become a most favourable Altar to House a Duplicate Ascension Flame for its Benevolent Use to assist the New Human Adam Lilith Kadmon Man and Woman to Ascend into Its new Human Form, Wearing its new ‘Garment of Shaddai’ never since the transferring of the Flames away from the sinking lands of Atlantis and Lemuria. It is time to Return this God Flame back to Its Original Lands of Precipitation.

There is still some Work to do and Permission to be Granted but I Serapis Bey do Give My Consent to Stand more Fervently beside you all, to Finalise the Preparations for this New Creation To Be Made Manifest! I and My Legions of Ascension Flame Angelic Kingdoms Do Hereby Rejoice in this New God Self-Realisation by unascended Dear Souls

whose see beyond the human form of existence. This Dream is Now a Reality in the
Etheric Realms and We Shall Keep it Alive Awaiting Your Next Moves!

In God Thanks We Wash Your Feet. And So, It Is In Luxor as It Will Be in Lahaina.

I Am Serapis Bey, In Love With Humanity!
