

Part 12 - Petition - Regeneration of the Sacred Banyon and Sycamore Trees

YOUR COSMIC HERITAGE - ANRITA MELCHIZEDEK*, MAT PROGRAM,
FEBRUARY 1974, SHARED FOR ALL INTENDED PURPOSES NOW ON 2ND OF
JANUARY 2024

Welcome, Master Beings of Love and Light, and Melchizedek Ambassadors of the Light. As Melchizedek Ambassadors of the Light, you have chosen the Path of Earth Service. Some of you have Served on this Path for many hundreds and thousands of years, whereas others are new to the Path of Earth Service. Each time you decide to incarnate through the human lineage, you have traditionally taken on the karma of Humanity, as well as the experience of the denser Earth energies, to assist in Service in Love on this Earth Plane. This was part of the Agreements made with the Spiritual Hierarchy prior to the Original Fall from Grace. The Original Fall from Grace came about many millions of years ago. At that moment in time, your Solar System was to Ascend into its next Level of Light.

However, there were beings in your Solar System, laggard Souls, who were still choosing to experience the lower, denser frequencies of their personalities, disconnected from their Higher Light, and creating realities based on the darker aspects of their negative egos. They did not choose to move into the Light, and due to the '*Cosmic Law of Free Will*', nothing could be done to assist these laggard Souls to release their pain, their torment or their anguish, and all other self-created, self-inflicted, negative energy Patterns. The Spiritual Hierarchy decided, that as they had been unable to assist these laggard Souls to shift in a forward, Evolutionary manner, in Their Compassion, they would release these Souls through the Second Death; First the death of the body, and second death being the greater separation with God, which normally would mean being sent to dimensional realms that reflect all their miscreations, persecutions that they have subjected others to, and where the destructions and deaths that they have inflicted throughout their life incarnations will all be called forth upon them in Divine Justice for and in Full Accountability for their thoughts, words and actions! Generally, speaking this second death requires many thousands of lifetimes to climb once again back the ladders of ascension by their volition. Pain and suffering within any Human Evolutionary Plan from the bottom up is the Greatest Teacher as so many upon Earth will attest!

However, Humanity, you Dear Melchizedek Ambassadors of the Light, in your Wisdom, Compassion and Love, requested that the Spiritual Hierarchy allow these laggard Souls to incarnate onto the Earth Plane and that you be allowed to assist these Souls to move forward into the Light. You further requested that you be allowed to take on their Karmic Patterns and Transmute them, in order that your entire Solar System could Ascend into the next Level

of Light. This amazing Selfless, Unconditional gift of Love, presented to Mother/Father God, was Accepted, as They saw the Light that you were able to offer, and the Expansion of Love, which potentially was to be experienced by all. And in this Service of Love, it came to pass that Earth became a School of Learning. Through the request to assist the laggard Souls in your Solar System, millions of laggard Souls were to accumulate around the Earth Plane and begin incarnating onto this Earth Plane.

Initially, this worked really well, and as these laggard Souls incarnated onto your Earth Plane, they were birthed into families where they could experience their Highest Potential, and you were able to assist in Transmuting their Cosmic miscreations. Then a tragedy occurred. Through the accumulation of the negative energy of these laggard Souls around the Earth Plane on an astral and psychic Level, the Christ Consciousness grid around the Earth Plane began to fill with lower, denser frequencies, and the Portals of Light around the Earth Plane began to dim. At this moment, you started to shift slowly into the lower aspects of yourself and forget aspects of your True Nature, your Highest Potential, as your Mighty 'I Am' Presence.

As distortions occurred in the Electromagnetic Field of your Earth Plane, and the Patterns of Perfection, so they manifested in your Etheric, emotional, and mental bodies and your Original Divine Eight-Cell Blueprint. Through this Fall from Grace, you accumulated the Seven Cosmic Karmic Patterns of violence, victimhood, hatred, addiction, shame, prejudice, and arrogance, and fell off the Spiral of Forward Evolution onto the Wheel of Karma. Furthermore, through this Fall from Grace, Cosmic evil installed a Magnetic Grid around the Christ Consciousness Grid, and for millions of years were negatively influencing Humanity and Amplifying human miscreations to an extreme Level of pain and suffering. In addition, portals of darkness were opened that would allow dark beings from different Galaxies and Dimensions to use Earth as their personal playground and learning zone.

As you became this School of Learning, Beings from different Dimensions and Realities were to incarnate onto this Earth Plane, over hundreds and thousands of years, all having to work with the Seven Cosmic Karmic Patterns embedded in this Solar System, either consciously or at a deeper Level. These included Beings from Lyra, Vega, Sirius, the Pleiades, Orion, and Arcturus. However, following the Fall from Grace, the Arcturian Emissaries of the Light chose to no longer incarnate onto this Earth Plane due to the denser Dimensional Frequencies, and the influence of Cosmic evil on this Earth Plane. Although the Arcturian Emissaries of the Light hold a Fifth Dimensional Frequency of Light, they are most Celestial, Angelic Beings of the Light.

In Honour of their most Heavenly Light, the Galactic Federation of Light requested from the Tribunal Council of the Arcturian Emissaries of the Light that they open an Inter-dimensional Portal to Earth and assist Souls incarnating and leaving your Earth Plane through this Gateway, and Their Healing Energies. The Arcturian Emissaries of Light have the most Advanced

Technology and incredible Healing Chambers; and through this agreement, many Souls' entering and leaving this Earth Plane pass through Arcturus, considered a midway station. Furthermore, many Souls are taken to Arcturus for Healing and Rehabilitation. In addition to this, the Arcturian Emissaries of the Light were to assist the 32 Children of the Light, after the Original Fall from Grace in Building the Halls of Amenti.

The Ancestry of Humanity, as you are today, Dear Ambassadors, started with the Creation by the Anunnaki of human mining slaves in about 250,000 BC. The Anunnaki, also called Nibiruans or Nephilim, are Fourth-Dimensional Beings, who come down to Earth every 3,600 years for a period of 200 years, in order to mine your gold, which they need to protect their Planet due to atmospheric problems. They first came down to your Planet in about 400,000 BC, to mine for gold, but when their miners rebelled, they created your ancestors by mixing their sperm with the blood of your primates, and silica-based clay, which was to produce a new, but sterile Race.

At the time of the Creation of these new Earth Souls, the Sirian Archangelic League of the Light, beautiful Sixth Dimensional Light Beings, who have incarnated as Mer People, and dolphins and whales on this Earth Plane for hundreds and thousands of years in order to Anchor the Patterns of Perfection at the deepest Level on this Earth Plane, volunteered to be the Fathers to this new Race of Humanity. With the Blessing of the Spiritual Hierarchy, and the Galactic Federation of the Light, the Sirian Archangelic League of the Light, who are also Teachers to the Anunnaki, stepped forward to allow the Genetic DNA of this new Race to be Encoded with the Patterns of Perfection and your Highest Potential, as your Higher Self to the Light, and your Christed Over Self of the Light. For the Anunnaki, who you will later see influenced Humanity in both a negative and positive way, were caught in realms separate to the Cosmic Heart of Mother/Father God.

As these mining slaves and new Earth Souls, you were transported to Gondwanaland, an island located off the coast of Southern Africa and adjoined to Australia, where you mined for about 50,000 - 70,000 years until Gondwanaland sank due to another pole shift when you were then moved to Lemuria. Certain of these slaves were transported to North Africa, later known as Iran, to work on the beautiful gardens and lands of the Anunnaki. And this is the unique story of Adam and Eve. The slaves were told not to eat of a particular apple tree in the centre of one of the beautiful gardens, the Tree of Knowledge of good and evil, as this would make them like the Anunnaki, with Super-God status. One of the Anunnaki called Enki, meaning snake, convinced Eve to eat of this Tree, and through this event, Eve was able to conceive. She found Adam, who too ate of this Tree, and together they had children. Unfortunately, the Patterns of Perfection were distorted in these Earth Souls, due to the distorted frequencies from the Anunnaki that were to be experienced by Adam and Eve through the Tree of Knowledge of good and evil.

However, it was the Lucifer experiment, undertaken at this time with the assistance of the Anunnaki, and the Tree of Knowledge of good and evil, that created the full spectrum duality of good and evil on this Earth Plane. Lucifer, meaning *'The Bright And Shining One'*, was one of the greatest Archangels in Creation. With the Blessings of Mother/Father God, He devised a Plan to Create a Reality separate to Mother/Father God, through the *'Cosmic Law of Free Will'*. Through *'free will'*, you had the choice to experience the Divine Will of Mother/Father God, or separation from Mother/Father God. So, instead of operating from your Original Divine Eight-Cell Human Blueprint, you had the choice to operate from two different Human Blueprints, and through this duality, experience the Full Spectrum Rainbow Creation of Mother/Father God. This EXPERIMENT, which had not previously been carried out in any specific manner before, was seen as another way to experience Mother/Father God. For by Transcending the duality of good and evil, you would come into Oneness of all Life.

Put another way, through chaos and disorder, you would come into Harmony and Order. These Original Encodings were Activated in the Garden of Eden with the assistance of the Anunnaki, who, as We explained, convinced Eve to eat of the Tree of Knowledge of good and evil. This spectrum duality of good and evil, still exists to this day, through the *'Cosmic Law of Free Will'*, and Sealed into Humanity's fate, the seven earthly ego allurements of lust, laziness, gluttony, pride, anger, envy, and greed. And this, Dear Melchizedek Ambassadors of the Light, is further depicted in the Tree of Life by the Great Serpent with Seven Heads, which raises its Crowned Heads through the lower Sephiroth and into Daath, the Sphere depictive of your Christed Over Self of the Light.

You have been under the illusion that in order to experience Love, Compassion, Forgiveness, Empowerment, Wisdom, and so on, you must first experience pain, sadness, envy, greed, ignorance, and a thousand and one other maladies. This is the influence of the Lucifer experiment and the Anunnaki; and the reason they have been able to negatively influence you is because they created you through silica-based clay, in order to program you with negative thought forms and feelings, and are still able to, if you have not come into your Own Power, and cleared these seven earthly ego allurements. The reason you are still choosing to experience this duality is that this is how you perceive that you learn best. This, Dear Ambassadors, is the greatest illusion of all, but has served as a useful tool for you to Transcend your dualities through the experience of who you are not! Furthermore, through the Genetic Influence of the Sirian Archangelic League of the Light, and the assistance of the entire Spiritual Hierarchy, all of you, through the *'Cosmic Law of Free Will'*, chose to experience your Higher Potential by becoming First your Higher Self of the Light, as you exist on Sirius, and then your Christed Over Self of the Light, or Mighty 'I Am' Presence, as you exist within the Cosmic Heart of Mother/Father God.

At this time, in about 202,000 BC, due to the Lucifer Experiment and the influence of the Anunnaki, the Forward Evolution of Humanity was slowed down. Furthermore, due to the Karmic Cosmic Patterns and later, the negative ego allurements of this Dimension, the pole

shifts that were occurring approximately every 11,200 years, the lower Fourth Dimensional qualities in many of the fertile Earth Souls, negative influences of extraterrestrials at different time periods, the Magnetic Grid of darkness created by Cosmic evil around your Earth Plane, and the fact that many laggard Souls were still incarnating from Fourth or Fifth Dimensional Star Systems or Planets, nets of darkness accumulated in the Christ Consciousness Grid in and around the Earth Plane, and the alignment to your Highest Potential was distorted. However, the Pleiadian Emissaries of Light, the Sirian Archangelic League of the Light, and other glorious Beings of Light, such as the Andromedan Intergalactic Beings of the Light, with the Blessings of the Galactic Federation of the Light, were still choosing to step down into the denser Atomic Energies of this Earth Plane, take on the Karmic Patterns of this Earth Plane, and birth many of these laggard Souls, in order to bring more the Light onto this Earth Plane. And through Their Compassion, Love, and Assistance to this Solar System, many laggard Souls would continue to be birthed, and Ascend into the Light.

Many of these Souls who incarnated onto the Earth Plane came from Mars and Maldek. Mars was destroyed atmospherically a million years ago by its inhabitants, who had chosen to experience a creation separate to the Cosmic Heart of Mother/Father God. After its inhabitants destroyed the atmosphere on Mars, many of these laggards Souls were repentant, and the Spiritual Hierarchy decided to give them another chance at moving forward into the Light. The Spiritual Hierarchy allowed these laggard Souls an opportunity to incarnate onto Maldek, a Planet within your Solar System and created within the realms of the School of Learning. These laggard Souls incarnated onto Maldek, which as a School of Learning had Beings from different Dimensions and Realities, many who were to choose to experience their Higher Light through the motivating experiences of the Seven Cosmic Karmic Patterns of violence, victimhood, hatred, addiction, shame, prejudice, and arrogance. Maldek was eventually thrown out of orbit, in 145,000 BC, colliding with Nibiru, the Planet of the Anunnaki, and exploded.

This formed the Asteroid Belt, which is also called the *'hammered bracelet'*, and can be seen between Mars and Jupiter. At the time of this explosion, many Maldekians chose not to move into the Light, and due to the *'Cosmic Law of Free Will'*, nothing could be done to assist these laggard Souls. By the Grace of God, the Pleiadian Emissaries of the Light, the Sirian Archangelic League of the Light, the Andromedan Intergalactic Beings of the Light, and other wonderful Light Beings then stepped forward, and in Their Compassion and Love, offered with You, Dear Melchizedek Ambassadors of the Light, to again allow these laggard Souls to re-embody on Earth.

The Pleiadian Emissaries of Light are Fifth Dimensional Beings of Light, and as Guardians to this Earth Plane through your Sun, which is the Eighth Star in the Alcyone Spiral, have concerned themselves with your Forward Evolution over hundreds and thousands of years, and have incarnated onto this Plane, or stepped down their vibration to a denser form to assist in the Forward Evolution of Humanity. The Andromedan Intergalactic Beings of the

Light, who are Teachers to the Pleiadeans, are Seventh Dimensional Beings of Light, and like the Pleiadian Emissaries of the Light, exist constantly in the Photon Rays of the Light, and have Guided you by increasing your Light Quotient through Photon Rays of the Light, which has been invaluable in your Ascension Process.

With these Higher Dimensional Light Anchorings in your Solar System through these Light Beings, and this Dimension in particular, it was seen that many of these laggard Souls and new Earth Souls were making forward progress, and due to this, the Spiritual Hierarchy decided to bring the Focus of Consciousness of all Beings on this Earth Plane into the Reality of One Unity Consciousness through the Vibration of 140,000, the number of components of the Original Christ Consciousness in your Multi-Universe. In 104,000 BC, through the Collective Energetic Signature of One Unity Consciousness from the Cosmic Heart and Divine Flame of Eternal Light of Mother/Father God, a Call was put out across all Dimensions and Galaxies requesting 144,000 Light Beings to physically embody onto Earth, and to Anchor these Frequencies of the '*Law of Oneness*' through the '*Three-Fold Flame*' and Heart Centre of every atom and molecule on this Earth Plane, within the '*Cosmic Law of Free Will*'. These 144,000 Beings of Light, and These Priests and Priestesses of the Order of Melchizedek, the Melchizedek Ambassadors of Light, stepped down their vibration to take on earthly form. You Originally Precipitated earthly forms in Lemuria and Atlantis, bringing through the Ancient Mystery School Teachings from the Brotherhood of the Light, Over Lighted by Lord Melchizedek Most High, the Universal Logos. You, Dear Melchizedek Ambassadors, later served equally well in Machu Picchu, Maya, and Egypt, as you became again the Melchizedek High Priests. And Priestesses.

With the assistance of the Spiritual Hierarchy, and the new Patterns of Perfection installed through the Unity Consciousness of One, and the 144,000 components of Christ Consciousness, you were again able to come into the Frequency of Christ Consciousness as incredible Master Beings of Love and Light. You were able to connect to the Divine Flame of Eternal Light of Mother/Father God, and through the Highest Potential of Your Soul Levels and Monadic Level, Experience the Qualities and Frequencies of all Eighteen Rays leading back to the Kingdom of Mother/Father God, in Heaven, as it was on Earth.

You had become Your Higher Light, Encoded physically/etherically with the full Twelve Strand DNA and Memories of your Multi-dimensionality as Co-Creators to the Company of Heaven. You were further able to Activate your Light Bodies, your Merkabah, using the Sacred Geometric Shape of the Star Tetrahedron. The Star Tetrahedron is connected to the Trinity of the Holy Father, the Holy Mother, and the Holy Child. The Star Tetrahedral shape, as the Star of Melchizedek, is One of the Sacred Geometric shapes most focused upon, due to its ability to assist in your Light Body Activation at the Third Level of Christ Consciousness and Amplify the frequencies of the Ninth Ray of Highest Potentials.

Once you were able to Activate your Light Body, the Sacred Geometry of the platonic solids were Activated, as were the Higher Earthly Rays. The platonic solids are the cube, the octahedron, the tetrahedron, the icosahedron and the dodecahedron, and in the Light Body Activation, you became an Extension of the Christ Consciousness Grid around the Earth Plane, reflecting the Exact Sacred Geometry and Harmonic Resonance found within the Christ Consciousness Grid. In addition, through this Sacred Geometry, you held within your subconscious the thought forms and Patterns of every atom and molecule on this Earth Plane, animate or inanimate.

In other words, you held the Collective Unconscious of the entire Planet! Furthermore, your DNA is related to the platonic solids, specifically the dual relationship between the icosahedron and the dodecahedron, and hence, you are able to Etherically/physically integrate your Original Divine DNA Encodings. And, this relationship between the icosahedron and the dodecahedron is the basis of the Christ Consciousness Grid around your Earth Plane. In the working with the First Twelve Rays, you Etherically Recode and Resequencing your Twelve Strand DNA. However, it is only when you commence your Cosmic Ascension journey into the Cosmic Heart of Mother/Father God through your Cosmic Initiations, and specifically Your first Six Cosmic Initiations, that you Integrate your DNA on a physical Level, two strands at a time. The final integration of your Twelve Strand DNA takes places on Orion, through the Brother and Sisterhood of the Light and the Seventeenth Ray of Universal Christ Consciousness, with the Monadic Focus on the Eleventh Ray of Illumined Truth. In addition to this, the platonic solids are related to the Five Levels of Christ Consciousness, with the Third Level currently being experienced on this Earth Plane.

On April 23, 1994, you entered into the Third Level of Christ Consciousness on your Earth Plane, which is directly influenced by Sirian Consciousness. To locate these Levels of Consciousness, you work with the Geometries of the Circle and the square through the closest point to where the perimeter of the square and the Circle approximate the phi-ratio or Golden Mean ratio of 1.6180339..... In other words, where the perimeter of the square equals or approximates the circumference of the Circle.

The First Level of Christ Consciousness was depicted through the Aborigines on your Planet at a near-perfect 8x10 phi-ratio, where the perimeter of the fourth square equals or approximates the circumference of the Fifth Circle*¹. This Sphere, which comes in approximately 6.04 feet in diameter around you, is Over Lighted by Beloved Godfather Helios and Godmother Vesta, and whilst all the platonic solids and other Sacred Geometries are found at this Level, and at all Dimensional Levels, there is a focus on the cube, brought about through the Thirteenth Ray of Solar Christ Consciousness and the Monadic focus of the Second Ray of Love-Wisdom. This first Level of Christ Consciousness was depicted through 42 plus 2 chromosomes and the people on your Planet related to this Level of Consciousness grew to approximately four feet.

The Second Level of Christ Consciousness is depicted through the dualities of Humanity and an imperfect 10 x 12 phi-ratio, where the perimeter of the Fifth square equals or approximates the circumference of the Sixth Circle*². This Sphere comes in approximately 7.2 feet in diameter around you. It is Over Lighted by the Pleiadian Emissaries of the Light, and through the Fourteenth Ray of Interstellar Christ Consciousness and the Monadic Focus of the Eighth Ray of Transcendence, there is a Focus on the octahedron. This Second Level of Christ Consciousness is depicted through 44 plus 2 chromosomes and the people on your Planet related to this Level of Christ Consciousness grow between 5-7 feet. We express this in the present tense, Dear Melchizedek Ambassadors, as there are many people on your Planet who vibrate to this Second Level of Christ Consciousness. And when they choose to pass over, and re-incarnate, they will find themselves on a Planet where they may continue to play out their human miscreations.

The Third Level of Christ Consciousness is depicted through a near-perfect 14 x 18 phi-ratio, where the perimeter of the Seventh square equals or approximates the circumference of the Ninth Circle*³. The Sirian Archangelic League of the Light Over Lights this Level of Christ Consciousness, which is depicted through a Sphere that comes in approximately 10.8 feet in diameter around you. At this Dimensional Level, there is a focus on the sacred geometry of the Star Tetrahedron, brought about through the Fifteenth Ray of Galactic Christ Consciousness and the Monadic focus of the Ninth Ray of Transcendence. As we have previously mentioned, the third Level of Christ Consciousness occurred through the reconnection to Sirian Consciousness on April 23, 1994.

This Level vibrates to 46 plus 2 chromosomes and means that you now have 46 chromosomes plus 2 additional etheric chromosomes, which are waiting to be physically Activated and Actualized. And Dear Melchizedek Ambassadors of the Light, this will occur in the Ninth Dimensional Level to the Halls of Amenti as you are Crowned The High Priest to the Order of Melchizedek through the Cold Flames of the Flower of Life. At this time, the Fiftieth Chakra will be Anchored or Re-Anchored into your Crown Chakra, creating a Unified Column of Light through all Forty-Nine Chakras, and Signifying Your Entry into Cosmic Christ Consciousness, and the physical Activation of these additional two chromosomes, your Immortal Genes. Following this, you will have the potential to Actualize your Immortal Genes, as you undergo your Cosmic Initiations Eight to Fourteen.

The Fourth Level of Christ Consciousness is depicted through an imperfect 16 x 20 phi-ratio, or where the perimeter of the eighth square equals or approximates the circumference of the Tenth Circle*⁴. This Level of Christ Consciousness, depicted through a Sphere that comes in approximately 12 feet in diameter around you, is Over Lighted by the Andromedan Intergalactic Beings of the Light. At this Dimensional Level, there is a focus on the Sacred Geometry of the icosahedron, brought about through the Sixteenth Ray of Inter-Galactic Christ Consciousness and the Monadic focus of the Tenth Ray of Divinity. It is not possible to experience this Level of Christ Consciousness on your Earth Plane. However, should you be

able to Activate your Light Body to the Seventh Dimension, it is possible to experience and integrate aspects of this Level of Christed Consciousness. Due to this imperfect phi-ratio, this leap into experiencing aspects of this Fourth Dimensional Level of Christ Consciousness is going to be a very interesting one. The Fourth Level of Consciousness is depicted through 48 plus 2 chromosomes and there was a time that this Level of Christ Consciousness existed on your Planet through the '*Giant Races*', who grew between 30-40 feet.

The Fifth Level of Christ Consciousness is depicted through a near-perfect 22 x 28 phi-ratio, where the perimeter of the eleventh square equals or approximates the circumference of the Fourteenth Circle*⁵. This Sphere, which comes in approximately 16.8 feet in diameter around you, is Over Lighted by the Brotherhood of the Light. At this Dimensional Level, there is a focus on the Sacred Geometry of the dodecahedron, brought about through the seventeenth ray of Universal Christ Consciousness and the Monadic focus of the Eleventh Ray of Illumined Truth. This Fifth Level of Christed Consciousness is depicted through 50 plus 2 chromosomes and again there was a time that this Level of Christed Consciousness existed on your Planet through the '*Giant Races*', who grew between 50-55 feet.

Once you have experienced aspects of these Levels of Christ Consciousness, it is possible to experience aspects of Melchizedek Consciousness, A Consciousness Higher in Vibrational Frequency to that of the Christ Consciousness, and this Level, Dear Melchizedek Ambassadors, is depicted through your Ninth Dimensional Sphere 54 feet in diameter around you. Through Your Light Body Activations from the Third to the Eighth Dimensions respectively, you will potentially physically Activate two strands of DNA at each Dimensional Level, Integrating your full Twelve Strand DNA. These experiences, which will be done physically or through Soul travel, will allow you to experience the full multi-faceted nature of your Cosmic Christed Consciousness from a linear perspective. Through this, you have the ability to enter into the Ninth Dimension, into the Cosmic Heart of Mother/Father God, and Experience aspects of Melchizedek Consciousness, the Infinite Now, through the Eighteenth Ray of Multi-Universal Melchizedek Consciousness. We will further explain these Levels of Christed Consciousness and Melchizedek Consciousness and their relationship to Life as We progress. For now, though, let us continue the focus on your Cosmic Heritage.

At the time of Lemuria, these Teachings from the Brother and Sisterhood of the Light and the Order of Melchizedek were to be distorted, when you were to re-experience the full impact of Cosmic evil. And Dear Melchizedek Ambassadors of the Light, this occurred again in Atlantis, when you were to experience direct negative influences on this Earth Plane. To explain this more fully, we will look specifically at the influence of Mars during Atlantis, and later, at other negative extraterrestrial influences. Mars, over a million years ago was a beautiful Planet. However, the Martians, who had come from different Star Systems and Galaxies had chosen to experience a creation separate to the Company of Heaven, and although technologically advanced, were devoid of Compassion, Love, or any sense of Oneness. They were cruel, ruthless, dominating and controlling people, and through their

lower energy manifestations, caused much distorted negative energy to be spewed out into your Solar System, and accumulated severe Karmic Patterns for your Solar System. The atmosphere and surface of Mars was eventually destroyed by its inhabitants in a nuclear blast, which created a spontaneous combustion in and around the Planet.

Prior to this, hundreds of these laggard Souls, who knew their Planet was going to be destroyed, managed to travel into their future in synthetically created Merkabah's and enter into one of the main Portals of Light in Atlantis, with the Higher Light Consensus of Humanity, through their Agreement with the Spiritual Hierarchy, prior to the Fall of Grace. The Martians, who had managed to leave Mars prior to the explosion just under a million years ago, found their way to one of the ten cities in Atlantis, about 67,000 years ago.

When this occurred, you were still very connected to the Cosmic Heart of Mother/Father God, and your experiences were involved very much with the Heart Centre and the right-brain technological aspects of yourselves. When the Martians came with their advanced left-brain technology, and no feminine qualities, it was very difficult for you to relate and communicate with one another. To add to this negative polar balance, in 59,000 BC, dark beings from Orion, under Lucifer's leadership, created a dark portal onto your Earth Plane, and assisted by the subconscious thought forms of the Martians, the new Earth Souls and laggard Souls, distorted the Magnetic Grid around the Earth Plane, which enabled them to astrally and psychically influence those humans who were most spiritually weak. These negative thought forms and Holographic Projections were to slowly distort the Patterns of Perfection on this Earth Plane. This would eventually lead to a permanent portal of darkness through which projected negative thought forms and feelings of the Cosmic Karmic Patterns and the earthly ego allurements would be played out over many thousands of years.

Then, by the Grace of God, in about 59,000 BC, Mother/Father God expanded in a Cosmic In-Breath of Forgiveness and Love. Each atom and molecule through all Dimensions was Bathed in the Divine Unfolding Light of Mother/Father God, and this Solar System, like all Dimensions, Star Systems, Galaxies and Universes in your Multi-Universe, was Embraced in the Violet Transmuting Flame of Forgiveness. Beings in different Dimensions were freed to experience their Highest Potential in Love, Free from victim consciousness, and in this Cosmic In-Breath of Forgiveness and Love, the Martians and the Atlanteans were to come to learn from one another, with the Martians sharing their technology, and attempting to understand the Divine Feminine Principle. An Era of Peace, Co-operation and Harmony was to exist for at least 22,000 years.

Unfortunately, through the opening of this portal of darkness in 59,000 BC, and the subconscious negative energy of the Martians and laggard Souls on this Planet, influences of Cosmic evil again began to affect the Etheric Planes, and created further disharmonic Levels of consciousness. However, your downfall came directly about through the actions of the Martians. The Martians, who had never felt at home among the Lemurians and Atlanteans,

were tuned into the lower Dimensional frequencies, and through this collective unconscious, covertly continued to control, and dominate the Lemurians/Atlanteans, and eventually succeeded through their left-brain technologies in changing the polar balance of your Earth Plane from Feminine to Masculine; destroying the aspects of yourself related to your Highest Potential.

Then a greater tragedy occurred on your wonderful and magnificent Planet. The Martians, who were intent on controlling your Earth and Her people, created a synthetic Merkabah in about 11,200 BC like they had done a million years before on their own Planet. However, they were unable to remember the technology, and this experiment failed, nearly destroying you and your Planet. And, the outcome of these tragic events were as follows: this synthetic Merkabah spiralled completely out of control, ripping open the lower Dimensions on Mother Earth, the Dimensions upon which millions of the laggard Souls had been stuck in limbo since the Fall of Lemuria.

Many of these laggard Souls were able to enter the bodies of Humanity, and you Dear Ambassadors of Light, and almost every sentient Being on this Planet, entered into an era of darkness. Secondly, this synthetic Merkabah, which is now at the bottom of the Atlantic Ocean beneath what you call the Bermuda Triangle, distorted the Patterns of Perfection through many Dimensions and Planes of Existence. And, through the distortion of the Patterns of Perfection, many dark beings from different Dimensions and Planes of existence were then able to enter through the lower Dimensions into the Earth's atmosphere, and particularly through the portal of darkness, which had begun to manifest in 59,000 BC, causing even more negativity to be accumulated on this Earth Plane. These beings from the dark brotherhood were part of the Lucifer rebellion and consisted mostly of dark beings from Lyra, the Anunnaki from Nibiru, Lucifer and the satanic collective unconscious.

The Spiritual Hierarchy needed to assist Mother Earth, and each atom and molecule on this Earth Plane, for all Life on this Plane was now caught in the illusion of duality. As you had originally volunteered for Service in Love to assist in the Karmic clearings of the laggard Souls, all the assistance that was possible to give to any one Planet was given to You. Many of the laggard Souls, who had entered Humanity from the lower Dimensions, were taken to their next Level of Evolution on the inner Planes for Healing. Unfortunately, many hundreds and thousands were still stuck in limbo, unable to incarnate onto the Earth Plane, or move onto their next Evolutionary Path - however, by the Grace of God, they were eventually released on April 3, 1983.

The Christ Consciousness Grid around the Earth Plane which had been destroyed, was then Synthetically Recreated by the Hierarchy and Amplified to a Frequency of Light that, over the next 13,000 years, would allow the Patterns of Perfection to again enter this Earth Plane, with the Focus on World Peace and Universal Abundance. Unfortunately, at this time, Cosmic evil was able to further amplify its frequencies of darkness through the Magnetic Grid around the

Earth Plane, and all Light Amplifications from the Spiritual Hierarchy were distorted through this negative frequency, causing further lower frequencies of distorted Patterns to emerge in order to be transmuted.

As a result, the Spiritual Hierarchy, in Their Compassion, decided to more slowly activate this Synthetic Christ Consciousness Grid. In addition, many Portals of Light around the Earth Plane had to be closed at this time. However, there were still a certain number of Ascended Masters left on this Earth Plane, who were given the task of assisting in the Light Anchorings through the Recreation of Energy Portals and Sacred Sites, and particularly through the Initial Creation of an Energy Portal in Egypt, which would Activate all other Light Portals around the Earth Plane and be appropriate to the Consciousness of Humanity at any given 'now' moment in time.

After the Fall of Atlantis in 11,000 BC, with only several thousand Ascended Masters assisting in this Light Work, the Forward Evolution of Humanity was very slow. Few Beings Ascended during this time, and less than 200 years later, you entered into the Photon Band during the Age of Leo from 10,800 to 8,640 BC, which happens every 11,200 years for a period of 2,000 years. Prior to this immersion, you entered into the Null Zone and experienced a pole shift, lost all memories related to the Third Level of Christ Consciousness and your Highest Potential, as well as any other advanced skills, which you had learned and experienced. You came out with no conscious memory of past events, and started again, in many instances, from the bottom of the Evolutionary Scale. However, We point out Dear Ambassadors of the Light, that this is the last time you will forget your Highest Potential. For in the year 2012, when You pass through the 'Null Zone' and into the Photon Band, NO pole shift will occur, and your Electromagnetic Field and that of your Earth Plane will be Stabilized, and you will experience a most glorious Golden Age.

Furthermore, at the time of the previous immersion into the Photon Band, you were still Sealed into the Seven Cosmic Karmic Patterns and Seven Earthly Ego allurements, which the Spiritual Hierarchy could not assist in Transmuting, as these were your own human miscreations. In this 'free will zone', you initially replayed out your realities and distortions of Oneness. However, you remembered, at some deep Level your Connection to Mother/Father God.

This was slowly coming in again through the Synthetic Christ Consciousness Grid around the Earth Plane, the Portals of Light that were gently opening around the Earth Plane, and the Etheric Earth Records of your Spiritual sojourn from Atlantis, which had been sealed within the Energy Portal in Egypt, called the Solar Cross, just prior to the Age of Leo.

Many of you who had Ascended prior to the Fall of Atlantis and had worked in the Mystery Schools in Atlantis and Lemuria, came back to help your Spiritual Brothers and Sisters to further Remember Their True Nature. To remember that you are Master Beings of Love and

Light and Melchizedek Ambassadors of the Light. As you came again into this remembrance, you were to work in the Mystery Schools in Egypt and around the world, and to continue to process the Seven Cosmic Karmic Patterns and the Seven Earthly Ego allurements for Humanity and the laggard Souls, who were not willing or able to access the Higher Dimensions.

The Saving Grace for Humanity, as previously mentioned, was the synthetic creation of the Christ Consciousness Grid around the Earth Plane, between 11,000 BC to 10,800 BC, and the opening of new Sacred Site Vortices around the Earth Plane. In order to align the One Unity Consciousness throughout and within your Earth Plane, the Sirian Archangelic League of the Light, the Pleiadian Emissaries of the Light, and the Anunnaki, Spearheaded by Thoth, went to the Original One Unity Consciousness Portal in the Land of Khem, later to be called Egypt, and through this Original Vortex in the Giza Plateau, they reconstructed the One Unity Consciousness Portal working with the Sacred Geometry of Ten Golden Mean Spirals which Emerged from this Vortex. They then Built the Great Pyramid. The Sirian Archangelic League of the Light brought with them a device called the '*Arc of the Covenant*', which transmitted High-Frequency Energies. The '*Arc of the Covenant*', Radiating the Creative Divine Energy of the Source of All That Is, could transmit laser beams that would nullify gravity. Using the '*Arc of the Covenant*', as well as mini-arcs of the covenant that could be worn around the neck, they built the Great Pyramid with the Focus on the Second Level of Christ Consciousness of this Planet and levitated these now feather-light stones into the air. Furthermore, realizing that Atlantis was soon to be destroyed, they created underground Cities through the Great Pyramid. At the time of the Great Flood, the sinking of Atlantis, many of the Ascended Masters and Their Followers were to enter beneath the Great Pyramid, taking the Arcs with them, and Sealing the Entrance to the underground tunnels.

At this point, we would like to mention that the Anunnaki were also involved in the Forward Evolution of Humanity, and many of these Beings were Evolving to the '*Law of One*'. For even the Anunnaki had to move in a forward Evolutionary manner, and many of these Beings had seen the pain that they had inflicted upon Humanity and were equally horrified at the distortions created in the Patterns of Perfection through many Dimensions by the Martians, and their synthetic Minferkabah, and the magnetic grid of darkness created by Cosmic evil around the Earth Plane. Through the influence of the Sirian Archangelic League of the Light, Spiritual Guardians to the Anunnaki, many of the Anunnaki have shifted to a Higher Frequency of Light and at this time have joined Forces with the Galactic Federation of the Light and the United Confederation of Planets, and are working with Humanity, so that your entire Solar System, including Nibiru, can Ascend into the next Level of Light.

It was to be another 6,000 years before Humanity was lifted to a Level of Conscious Awareness to be able to again come into their Highest Potential and experience the Teachings of these many wonderful Beings of Light, and the many Mystery School Teachings from the Order of Melchizedek. These Spiritual Teachings coming in from the Brotherhood of the Light,

and the Guidance of the Pleiadian Emissaries of the Light and the Sirian Archangelic League of the Light, brought about a New Birthing of Egypt in approximately 3,800 BC, which had, since its Original Inception in 100,000 BC, been mostly under the influence of the Anunnaki. Many of you that had become Ascended Masters during the times of Lemuria and later Atlantis, chose to remain on Earth for many thousands of years through the Path of Earth Service in Order to bring about these Ancient Mystery School Teachings to your Spiritual Brothers and Sisters. It was also during this time that you were again to fully understand your full Sacred Sexual Nature as Master Beings of Love and Light and be able to Fully Activate Your Tantric and Kundalini Channels, and Experience Heaven on Earth. However, the Patterns of Perfection were still not intact, and with the Genetic Influences of different Star Beings, and different Spiritual teachings, much confusion was experienced during this time, again causing distortions to your Highest Potential.

In addition, the Anunnaki who had chosen not to move into One Unity Consciousness were again exerting their negative influence and were particularly involved, at different times, in the development of the Fertile Crescent, the Sumerian Culture and the Eighteenth Dynasty in Egypt. For the most part, these Anunnaki were Fourth-Dimensional patriarchal male beings, with little or no feeling centres. These patriarchal beings mated with the earthly females, causing aspects of your Multi-Dimensionality to be lost, and with this Forced Sexual Activity, the Tantric and Kundalini Channels connecting you to your Highest Potential and your experience of Oneness, were to become further distorted. This had the effect of moving the lower base frequencies of Humanity into a horizontal alignment of energy, and further into a denser and more limited state of being. However, many of the children from these unions were Blessed with unusual Qualities, and the Anunnaki further taught you about astrology, genetics, agriculture and so on, as they considered themselves to be gods to Humanity, particularly as they had created your ancestors.

The Anunnaki further created a net of darkness over your Earth Plane at Zero Point and were the Forefathers to the Age of Pisces. The patriarchal, controlling, dominating influences that have been seen on your Planet over several thousands of years, particularly amplified in the last two thousand years, and the setup of the Roman Catholic Church was the direct influence of the Anunnaki. You have seen yourself through the Age of Pisces, influenced by the Anunnaki, the Martians, and other negative energies, including the Greys, and the secret government.

By the Grace of God, at Zero Point, Jesus the Christ was Birthed and embodied the 144,000 within One. This amazing Divine Event which was Over Lighted by the Entire Company of Heaven, allowed the Rebirth of the Christed Consciousness of Humanity to be experienced at a Higher Light Level. Through this Divine Dispensation, it has been decreed that when 144,000 Master Beings of Love and Light Ascend to Their Highest Potential simultaneously, each Atom and Molecule on this Earth Plane will Ascend to Their next Level of Enlightenment and this Entire Earth Plane, and your Solar System will again be Embraced into the Cosmic Heart of

Mother/Father God for all Eternity. And this time is now, Dear Ambassadors. This is why you are Again to take your Initiations and to experience your Higher Light, as your Higher Self of the Light, and your Christed Over Self for the Light on this Earth Plane. As a Master Being of Love and Light, you have again Agreed to come into this remembrance so your entire Solar System can Ascend into the Golden Age of Aquarius, and Solar Christ Consciousness.

Furthermore, We would like you to understand that many of the darker influences of your Earth Plane took place when you experienced pole shifts. For at least the past 202,000 years, your Solar System has regularly experienced pole shifts every 11,200 years for a period of 2,000 years. This has happened during the Ages of Leo and Aquarius. Now, entering these Photon Rays of Light, which is experienced constantly by the Pleiadian Emissaries of the Light through Alcyone, and the Andromedan Intergalactic Beings of the Light, through Andromeda, is one of the most Beautiful and Enlightening experiences. The problem in the past has been that just prior to Entering the Photon Band, you entered into the Null Zone for a three-day Transitional Period, experienced a Pole Shift, and lost all memory of your Multi-Dimensionality as Melchizedek Ambassadors of the Light. This occurred when Gondwanaland sank when Lemuria sank, and later Atlantis. The Null Zone itself is a barrier of Magnetic Fields that are compressed and woven together around the Photon Band. When your Sun entered into this Null Zone, the temperature on your Planet reached zero degrees Kelvin* with a corresponding decrease in pressure, which meant that the Electromagnetic Grid of Mother Earth was temporarily deactivated.

Much chaos, including memory loss, occurred, as the Electromagnetic Grid of Mother Earth is required by every atom and molecule on this Earth Plane for Cellular functioning. Furthermore, you experienced what looked like a major Solar Eclipse for 72 hours. The prophecies have stated: *'For three days the Sun will turn blood red, and the Moon will not give forth Her Light'*. Previously, in entering the Null Zone, you experienced physical pole shifts, as you were unable to raise your Light Vibration to pass through these Magnetic Fields or handle the Light Quotient coming in through the Photon Rays of Light. Furthermore, these natural disasters were seen as a way to Transmute the negative beliefs and judgments of Humanity and lessen the influence of Cosmic evil.

However, through a Group Planetary Merkabah, through Activating the Light Body of Mother Earth, every Atom, and Molecule on your Earth Plane to the Speed of Light, you will be able to make the Transition through the Null Zone and into the Golden Age of Aquarius without experiencing a loss of their Electromagnetic Field, without experiencing chaos, memory loss or trauma during this Null Zone period. For on December 21, 2012, Humanity will collectively undergo the Seventh Initiation and you will then assist in the physical Planetary Ascension of Mother Earth through the Activation of the Light Body of Mother Earth. You will assist a Legion of Millions of Planetary Light Workers and the Entire Company of Heaven as One of the many Groups of 144,000 Ninth Dimensional Christ Consciousness Beings of Light, so Together you may Experience Solar Christ Consciousness.

As We end this session, we would like you to know that through your Light Activities such as the yearly Harmonic Convergence, Wesak, and your World Peace Days, Portals of Light that have previously been inaccessible, have opened around the Earth Plane. Due to these events, you moved off the Wheel of Karma onto the Spiral of Forward Evolution on January 26, 1991. In addition, Cosmic evil was taken into the Divine Unfolding Light of Mother/Father God on August 21, 1996, and through this event, Lucifer became again *'The Bright And Shining One'*. Furthermore, on September 22, 1996, Mother/Father God Forgave the World their sins, allowing you to become completely karma-free. This means you no longer need to clear the karma for Humanity. **You need only clear your own Original Eight-Cell Blueprint of any perceived traumas, false beliefs, and judgments, which you have created since this time, through your free will.** The duality on this Earth Plane no longer exists, and since May 8, 1989, the Patterns of Perfection through the Christ Consciousness Grid in and around your Earth Plane and within your Solar System have been completely Reinstated, with the Focus on World Peace and Universal Abundance through Divine Equality and Service in Love.

With this, We the Company of Heaven and I Anrita, bid you a most magical day.

¹ To work out the phi-ratio, let each square represent one unit. The fourth square therefore has 8 radii across. The perimeter is found through multiplying by four, giving 32 radii. To work out the circumference of the Circle, you need to multiply the diameter by pi (3.14). The diameter of the Fifth Circle is 10 units. Multiplying by 3.14, gives you 31.4. The perimeter is 32, so the measurements are pretty close.

² The perimeter in this Second Level of Consciousness is 40. The circumference is 37.68 (12 x 3.14). The difference is 2.32, giving an imperfect phi-ratio.

³ The perimeter at this Third Level of Consciousness is 56, and the circumference is 56.52. There is a difference of 0.52, giving a near perfect phi-ratio.

⁴ The perimeter at this Fourth Level of Consciousness is 64, and the circumference is 62.80. There is a difference of 1.2, giving an imperfect phi-ratio.

⁵ The perimeter at this Fifth Level of Consciousness is 88, and the circumference is 87.92. There is a difference of 0.08, giving an almost perfect phi-ratio.

* Kelvin : - The major difference between Celsius and Kelvin is that when water freezes, a Celsius thermometer will read 0°C, and a Kelvin thermometer will read 273.15 K. The scales differ by 273.15K. Thus, to convert from °C to K simply add 273; if a thermometer reads 31°C then the temperature in Kelvin is 304K. It is just a different scale in thermodynamics.
