

Part 2 - Regeneration of the Sacred Banyon and Sycamore Trees

THE DISSOLUTION OF YOUR PERSONALITY SOUL! - MAHAN COHAN,
24TH NOVEMBER 2023

INVOCATION: 'I AM' Victorious in the Purification Through Our Use of the Mighty Violet Flame for All God Life here within all outer appearances. 'I AM' the Consciousness in the Violet Consuming Flame of Transformation, in every sentient being, animate or inanimate. 'I AM' the Mighty All-Pervading 'Presence' of the Intelligence of and in All Life and Its Great, Purifying Divine Truth through Divine Love in Action by which It Manifests the Infinite Universe, Eternally Sustained and Controls It, Holding All in Divine Order and Divine Balance and Goes Forward to the Fulfilment of the Great Divine Plan of Mastery. Beloved 'I AM' Presence Bring all of Humanity True Understanding Through the Rightful Application of the Cosmic Laws for God Life Here Upon the Earth and In Whom We Live, Breathe and Have Our Being!

MAHA CHOHAN: My Beloved Brothers and Sisters of God Life, Now that you can appreciate further the Birthing Process of the 'I AM' Presence, never explained to you in this way before, We can now enter, more deeply, the Realms of Regeneration, Rejuvenation, Revitalization and Reconstitution of Life Forms where no limitations or boundaries exist. St. Germain told you several years back, in His 'Part 7 - Freedom Alchemy Class - Transformation - The Impetus of Light - St. Germain, 27th June 2020', and I Quote.

"Beloved Ones, Divine Alchemy is now within your own hands and Heart. Remember, then, what I told you about the development of the Connection with your 'I AM' Presence and the construction of your Individual and Group Antahkarana. Service is the quickest way one will ever Fully Embody the 'I AM' Presence within the Christ Consciousness." End of Excerpt.

You are now more aware that one's 'Presence' dwells in a 'Force Field' or 'Sphere of Activity' determined by the amount of Light that It Draws Forth and Dispenses outward. The demand is the Motivating Power behind the Supply; so, if the four outer vehicles (*representing the ego personality outer consciousness*) have so engaged themselves through the centuries, that, through Prayer, Good Works, and Invocation, they have Demanded the Release of Light from the 'Presence' to sustain their endeavours, then this Light has grown in Intensity by reason of the Demand of the outer self. When the outer self has completely absorbed and put into practice all the Perfection in which the 'I AM' Presence Functions, the Cosmic Law rushes that 'I AM' Presence to a Higher Sphere, preparatory to the New Demands made by the outer self. You can see then that the 'I AM' Presence advances according to the Inner Prayerful Devotions made upon it by the human outer self, and that this glorious persistence in constancy, Ever-

Listening ONE, is most eager for the Co-Operation for the outer self to become more apt and confident in its Service to Humanity, who have yet to be Enlightened or Self-Realizing the Powers they already have within themselves.

When the word '*personality*' is used by the Masters, it does not mean the 'I AM' Presence, but the '*soul*' as it was developed by man in his many re-embodiments and is manifested now in its totality as his or her '*personality*'. For a better understanding of this, let's bear in mind that man and woman in each and every re-embodiment, creates for him or herself a '*personality*', the conscience, which is the result of all the experiences of that particular life. The '*soul*' is the totality of the conscience of all re-embodiments on this planet, since the '*Fall of Man*'. This '*soul*' however, should not be confused with the 'I AM', which is man and woman's Real '*SOUL*', and which was given to him and her at the time of their creation, when they went through the Seven Spheres, but were withdrawn later, leaving to them only a '*microscopic*' part of the Original, and which he and she tries now to augment via repeated re-embodiments.

As you already know Dear One's, or should I say those who have been studying the Elemental Grace Alliance and other Master Discourses, My Service with the Elemental Kingdom is to train Builders of Form. While this is Principally done in the Higher Realms in the Third Sphere, where I and other Masters Teach Elemental Life to look upon a Design and then Re-Create it for the Devas to Fill in that Etheric Design Precipitated. This potential now before the Regeneration, Rejuvenation, Revitalization and Reconstitution of these Trees, the Banyon and Sycamore will offer Us, a new opportunity that such a lesson of this magnitude and intricacies of design, based upon the varying states of physical form. Like any training facilities over a scheduled curriculum, it does require the practical applications as well. A surgeon, for example, cannot be expected to become a professional until the theory is placed into practical service. So, while this opportunity surfaces very rarely, I Am, eager to see how this Training can be adopted by Unascended Human Beings facilitated by their own Inner Knowing and Connections to their 'I AM' Presence. So, rest assured Dear Hearts, that you will have all the support you need within the parameters of this Petition for Divine Service to Humanity, the Elementals, Devas, and Angelic Host alike.

Let Us then continue together within this preliminary setting of the Stage of these New Potentials for a New World. I say New World for while many continue to try to create from the old human-based experiences of life and lives gone by, the New Christed Beings or Adam and Lilith Kadmon Human Race will not create from such places. The future for the New Adam and Lilith Kadmon Human Race will be One Created upon God's Divine Will, based only upon Cosmic Law and where no previous Human Races have ever gone before. I tell you all prophecies known today remain pertinent only in the minds of the lessor informed. But like All human laws that have no bearing upon Cosmic Law, Christ Consciousness will Supercede all such thoughtforms of human mis-creational endeavours. So let Us speak of some Truths of the Mental and Emotional Bodies, required by those Who Will soon Lead the Planet and Its People into the realms of Heaven of Earth.

Approximately eighty percent of the Planet Earth is composed of the water element, so every individual embodying on Earth experiences, about eighty percent of his or her Karmic test through their feeling bodies. It is the most difficult training of any person belonging to this chain. This, to some extent, explains why the Earth has fallen into these present pits of disorder, lack of truth, loss of Love and their connection to God, because of the harnessing and controlling modalities of the feeling world which remains the greatest initiation of the Evolving God People, the Sons, and Daughters of the Infinite and Eternal Mind.

When those who find their Enlightenment, have attained Mastery over the Feeling Nature, they Graduate from the Earth's Training Grounds, for this is the greatest lesson on Earth anyone can learn. Thus, individuals embody again and again, verily, as the leaves of the tree I say as an analogy for this current Petition, upon the Earth in Order to Master the Feeling World.

When We look at the Flow of Energy, from the Heart of the '*Presence*', We see a rapidly pulsating river of '*Prismatic Light*'. If We were to slow down the vibratory action of that Life Energy, We would see that the Electrons making up the '*Flame of the Presence*' carry a distinct Design, which differs from all others, even as the Geometrical Perfection of the snowflake is singular. As this Energy is moulded by the Thought and Feeling Body into form and sent forth into the Universe, it carries the Plan of the Original Design of the Lifestream. That Energy goes forth in a handshake, touch, or stroke or contact gesture, light of hand or pressured by intent, so that the individual receiving the touch, when the hand or other body part, is removed, has upon the other receiving the touch, Superimposed over his or her own Energy many thousands of these tiny forms representative of the Lifestream of the giver. The second individual then goes on his or her way, yet they carry with them some of the Energy from his or her friend or the giver, and this is how one's Energy passes on, in an endless chain from one to another in handshakes or touching gestures, or any other services requiring contact in different modes of exchange until the energy from each one goes out to many, many parts of the planet.

The manner in which these Electron Particles of Exchange, are charged forth, determines the resulting effect upon the lifestream releasing them. The Energy, regardless of the Mental Body via that touch; either conscious, unconscious, or sub-conscious, may also pass to another via such a physical contact, be attached with a predominant feeling or feelings in the Emotional Body as it goes forth. These will then determine whether its passage through the Universe carries Friendship and Love or otherwise, and in its return circle, the '*Cosmic Law of the Circle*', of course, it will pick up vibrations only similar to its own, and so its return again unto the source of that transmission, brings amplified a millionfold, the initial vibrations with which it was sent forth.

By example, even in other more animate and inanimate circumstances of actions, if a man or woman could see the '*Sparks of Light*' going forth from their fingertips when they are cooking,

and the Substance of Light that goes into the food they handle, she or he would be amazed to see how much of her, himself charge into the meal or banquet that they prepare for their family, friends, or clients.

This is one of the most important and least understood activities of Life that the Radiation of thought and feeling that go into the preparation of food or any other activity that affects everyone who partakes of it, and therefore, no activity should ever be hurried, rather, be undertaken in a Peaceful, Joyous, Thankful, Gracious and Happy way. It would be better that an individual did not eat or partake in any activity at all whereby such food, activity, interest, pastime, action, or commotion that has been prepared or created under a feeling of anger, resentment, depression, or any outward negative pressure, because the substance of the lifestream performing the service flows into such actions and thus becomes part of the energy of the receiver. Another example would be those actions taken against Human Rights of whatsoever nature, watching media, your news broadcasts and debates, videos that promote dramas, killing or use of force against another. I know that you are aware of many more distasteful and inhumane depictions that are not conducive to God's Love or Humanity's Good to Do and Good to Be.

Think of why the Advanced Spiritual Teachers of the East never eat food prepared by anyone other than their own Disciples. Or why any Higher Conscious person partakes in any lower vibrational interactions or exchanges. The Pattern of Your Lifestream is a Beautiful Design and the Electrons that make up your '*Presence*' are ALL Composed of that Original Form. The Light Flowing from your '*Presence*' Are All Composed of that Original Form. The Light Flowing from your '*Presence*' into your Heart also Contains that Form.

For instance, the Electrons that Form the Body of Saint Germain are in the shape of a Maltese Cross; and those of Lord Buddha (Gautama) are in the Form of an Open Lotus. I Am the Form of the White Dove. When We Speak, the Words that Proceed from Their lips and set up Vibrations in the Universe they are made up of countless millions of Tiny Crosses, or Flowers or White Doves. When We Raise Our Hands, the Electrons Passing from Those Hands are Composed of Myriads of Tiny Forms Representative of The Master's Lifestreams. The Atmosphere Around Them is made up of a Cosmic White Fire Light filled with millions and millions of these Tiny Electronic Forms going out into the Hearts of All throughout the Universe.

The locations where Masters place Their Feet, having stood still or in movement are Imprinted of these Tiny Electronic Patterns, and that Substance is Superimposed upon the Garments that They Wear, the Rooms in which They Enter or Lived, the trees that shaded Them, and the beds They laid upon. The most Powerful Concentrated Designs are closest to the physical body, or to the place where the Individual Abodes during His or Her last embodiment, and that is why you will find a certain Identity in Spiritual Centres where great men and women achieved Knowledge and Divine Spiritual Victories.

Those of you who have had contact with mentally or emotionally unbalanced persons in this embodiment, have some small knowledge of how the etheric body repeats and repeats some particular obsession. That forms the consciousness in which the *'personality soul'* lives. Living in the past, Beloved Ones, is not good. Live in the Now Moment and prepare yourselves for the Future of God Creations that you Intend to Engage. Do you know that all your resentment, all your hatred, all your dislikes are part of the depravity which is the result of living in the past! The Etheric Body is the storehouse of memory. You have worn an Etheric Body even before you took the first earthly form. In that Etheric Body is stored every memory which is the result, as I said before, of sending out a Current of Energy and its returning effect. Every overture of friendship that resulted in a disillusionment is recorded there. Your Etheric Body (*looking at it with Inner Sight*) is a composite of Light and shadow. It is scarred with all these terrific experiences where lifestreams have clashed, where injustice has been done, where self-righteous indignation has flared. These marks in the Etheric Body have been sown up, so to speak, by the Body Elemental of Whom I have spoken of in a previous True Constitution Discourse with you, He or She who is in Charge of the Etheric Garment you wear, just as you would sew up an incision after an operation.

As you know, any abnormal pressure on an incision is liable to burst it open. So too, in the Etheric Body, when individuals who have terrific rivalry and discordant experiences come together and this rush of energy and power flows through the Etheric Garment, sometimes those scars burst open. Then you have an ignited conflagration! Your body consciousness has so long ruled you that the 'I AM' Presence, Centred within the Heart Flame, has not been allowed the conscious control of your energy. Your mental, your emotional, your Etheric and even your physical bodies are, for the most part, the control of your energies. Seizing upon that energy, these bodies cause it to act. Then, in the quiet of your own home, when you are still, you wonder why in the world you have said, done and felt certain inappropriate or hurtful things. I tell you Dear One's, your current Plan to Create will not be sustained until such tears, sewn up wounds or open cuts that still exist within your Etheric Bodies are Healed to Perfection through your Own Calls to Your Own Electronic White Fire 'I AM' Presence to Take Charge. For that there must be a Surrender and Grand Sacrifice that you must ATTEND TO! I will spell it out for you.

THE DISSOLUTION OF YOUR PERSONALITY SOUL!

Unless this is done, the effects and results of your Proposition herein, will end in disappointment and lack of belief from where you began this very ambitious venture at the Highest levels possible.

I wish to close this Discourse with an excerpt from Jesus's *'A Course In Miracles'*.

THE PURPOSE OF THE BODY

“It is only the awareness of the body that makes love seem limited. For the body IS a limit in love. The belief in limited love was its origin, and it was MADE to limit the unlimited. Think not that this is merely allegorical, for it was made to limit YOU. Can you who see yourselves within a body know yourself as an IDEA? Everything you recognize you identify with externals, something outside itself. You cannot even think of God without a body, or some form you think you recognize.

“The body cannot KNOW. And while you limit your awareness to its tiny senses, you will not see the grandeur which surrounds you. God cannot come into a body, nor can you join Him there. Limits on love will always seem to shut Him out, and to keep you apart from Him. The body is a tiny fence around a little part of a glorious and complete idea. It draws a circle, infinitely small, around a very little segment of Heaven splintered from the whole, proclaiming that within it is your kingdom, where God can enter not.

“Within this kingdom the ego rules, and cruelly. And to defend this little speck of dust, it bids you fight against the universe. This fragment of your mind is such a tiny part of it that, could you but appreciate the whole, you would see instantly that it is like the smallest sunbeam to the sun, or like the faintest ripple on the surface of the ocean. In its amazing arrogance, this tiny sunbeam has decided it IS the sun; this almost imperceptible ripple hails itself as the ocean.

“Love’s answer is inevitable. It will come because you came without the body, and interposed no barriers which would interfere with its glad coming. In the holy instant, you ask of love only what it offers everyone, neither less nor more. ASKING for everything, you will RECEIVE it. And your shining Self will lift the tiny aspect which you tried to hide from Heaven straight INTO Heaven. No part of love calls on the whole in vain. No Son of God remains outside His Fatherhood.

“Be sure of this; love has entered your special relationship and entered fully at your weak request. You do not recognize that love has come because you have not yet let go of all the barriers you hold against each other. And you will not be able to give love welcome separately. You could no more know God alone than He knows you without your brother. But, TOGETHER, you could no more be unaware of love than love could know you not or fail to recognize itself in you.

“You have reached the end of an ancient journey, not realizing yet that it is over. You are still worn and tired, and the desert’s dust still seems to cloud your eyes and keep you sightless. Yet He Whom you welcomed has come to you and would welcome YOU. He has waited long to give you this. Receive it now of Him, for He would have you know Him. Only a little wall of dust still stands between you. Blow on it lightly and with happy laughter and it will fall away and walk into the garden love has prepared for BOTH of you.”

Dear One's, People of that age were trained to look constantly to God, the Flame of All Life, in the Heart, just as We are speaking to you herein. Thus, when looking with Heart, Mind and Spirit, They opened the Door to the re-Charging from the Heart of the 'I AM' Presence. As the Light poured through their bodies, the Vibratory Action was kept at a fast enough rate to naturally repel the disintegrating vibratory action of the Earth-plane. Such Individuals were immune to the diseases and appearances, and they remained in a State of Acceleration and Exhilaration until They chose to withdraw consciously from those bodies and allowed the earthly substance of those bodies to return to the Universal for Purification. Exactly the same thing is taking place, at present, hence the frantic efforts of the Spiritual Hierarchy to *'push up'* the Earth to meet the needed requirements. You were those Bodies of which We speak and why We so would Love to See you Re-Charge once again from the 'I AM' Presence to stand in Full Power of the Elemental Cosmic White Fire Light sooner rather than later!

The Earth and its people NEED you now! We Need you now!

In the Mother's Love and the Father's Light We Are!

I Am the Maha Chohan at your Service.

Call on Me Anytime!
