

Part 4 - Regeneration of the Sacred Banyan and Sycamore Trees

HUMAN ANGELS AND THE NEW MATRICES - ST. GERMAIN, 22ND
DECEMBER 2023

INVOCATION: Beloved 'I AM' Presence, Come Dance with Us this Day in the Universality of The Light of The Great Central Sun. Shine that Light of Many Thousands of Suns upon The World and Humanity, In Through and All Around Us. 'I AM', Bless Us with The Cosmic Eye behind the Eyes and Raise Your Voice so We may Hear with the Ear behind the ears. Show Us Who We Truly are so that We may Express the Holy Truth through Our Individualized God Self. Be that Divine Path Beloved in Oneness that We May Walk Beside You with Joyful Creativity of Love in Action within this Sacred Group of Synthesized Service and Divine Purpose, Love and Wisdom to All of Humanity, The Elementals, Devas and Angelic Host.

PETER: *Dear God, 'I AM' of Holy Incorruptible Matter, of Infinite Speed, I would like to know what the EGA overall situation is regarding this new Petition as far as the Correct Application to this endeavour as we stand today. Also, in terms of moving forward perhaps a dialogue that could be appropriated for the tasks of 2024 and especially the world dissemination process of the Cosmic Christ Mandate, True Constitution and Declaration For the Freedom of Humanity. I can see the escalation of the power elites desperation to continue their control and how they are implementing some outrageous actions, and yet the TC and DFH does have the Cosmic Laws that could, if Rightfully Declared by those in their respective positions and more prone to the attacks of the unelected and elected power elite. Your Extraordinary Instructions at this time would give us a better understanding to create a new strategy of implementation knowing the facts as best we can that Over Light the Bigger Picture for humanity's regaining the control of their own destination. There are other questions that are coming to mind, but perhaps we could start with this introduction for now?*

ST. GERMAIN: As always Beloved, We Are Here and We Are Waiting for you and the EGA Living Organism next series of Instructions. Yes, you Know what I Am saying Dear Brothers and Sisters, for We are no longer the Governing Body in control of 'How Things Play Out Here and There' on Earth anymore, and so, We come to say to you all, please do not let go of the 'Reins' for the Future of Humanity's Evolutionary Path may still slip away from your hands. I will elaborate on this God Virtue and Quality of Being Trustworthy to be given the 'Reins' in the first place a little later. But just as easily as God, hands the 'Reins' to those who can Prove Themselves to be Worthy Advocates and Ambassadors of the Light, so too, should anyone fall short of Divine Will and the Laws of the Cosmos, these 'Reins' can, as quickly, be taken away by God!

Dear Brother, your prompt departure was for a number of reasons of which I will not elaborate upon herein, for it is for everyone associated in the Body of this Living Organism, as it remains in its separated self, to look at the evoking and provoking conditions, that Invocation to take this action. I say this in this way for there are no separations in the degrees of any Living Organism once the Grants and Dispensations are Given by the Karmic Board to the Group who Petitioned for such Grants. Equally, and more importantly, when One Gives Their Pledges and Decrees to Their 'I AM' Presence and God, there is no retreat free of Karma or Divine Retribution, as to consequences and circumstances for Group and or Individuals alike, who fail in their being Granted such Responsibilities to the '*Law of One*' and the '*Law of Brother and Sisterhood*', also called the '*Law of Group Life*', '*The Law of Group Progress*', and the '*Law of Group Development and Evolution*'. The only time that Karma can be reduced in magnitude and qualitative reasoning, is when the Person or Group denounces their Pledges and Decrees to Their 'I AM' Presence First and then to the Group or Living Organism they're leaving! This is the '*Law of Denunciation*' which in the history of the EGA has yet to be Enacted and Proclaimed. My Beloved Consort Lady Portia spoke to you about this some time ago and setting those free by releasing all the ties that bind which passes all karmic debt back to the individual or Groups who depart. And Remember, Group Participation is a Qualification and Constant, Demanded by any Group under Cosmic Law and especially Dependent upon, in a Living Organism, else the Body becomes devoid of active Parts in its Divine Mobility, of Function and Purpose.

To define further the clarity and deeper comprehension that God Life is also made up of the Cosmic Laws for Group Unity, so let Us Qualify these Laws again for you!

Law of Group Life:- Men and women should not think only of themselves, but of humanity as a whole. Not only must they fulfil, in Love their families but also that of their national obligations but must think in the wider terms of humanity itself, and so bring the '*Law of Brother and Sisterhood*' into Individualized Expression according to God's Cosmic Laws. Brother and Sisterhood is a Group Virtue and a Unified Group Quality. That is any Group of more than one person. These Groups, however, are also the prerequisite for the new '*Living Organisms*' which in turn, are the prerequisite of any Christed Person or Group or Christ Council. Questions of self, such as '*Will my action tend to the Group good? Will the Group suffer or hurt if I take this action?*'

Abiding by '*these actions*' will gradually become part of all racial, cultural, political, and religious consciousness, and this Human Civilization upon Earth must adjust itself to the Guiding Powers of new '*Posits and Assumptions of the True Constitution Indenture 1st Proclamation Resolution Trust Instrument*', if they, as humanity, as the ultimate Living Organism, a Unified Group of One Consciousness In God, is to rise above the old and exhausted, worn out human patterns of conscious and sub-conscious belief patterns. All Aspects, Qualities and Virtues of Life in God are Interdependent upon one another, and when people proceed to Fulfil the Greater Expression of God Life, All Groups and the new '*Living*

Organisms' will Benefit Equally under the 'Law of Equality' also known as the 'Law of Democracy'!

'Law of Group Progress':- This Law refers to the ability of an individual to uplift a group who can in turn benefit humanity as a whole. Also known as the *'Law of Brother and Sisterhood'* and as the *'Law of Elevation'*. The symbol is the mountain and the goat standing at the summit with the astrological sign of Capricorn. *(All hard places can be surmounted, and the summit reached by the Divine Goat - a symbol meaning group effort.)* The Ray Energy is Progressive Energy of the 7th Ray, the Evolving Factor.

'Law of Growth and Evolution':- This Law is the Universal Law which is one of the simplest to comprehend. It Simply Exists to ensure that something always grows, that creation is constant and determined by the kind and quality of the seed or consciousness which is planted. In the case of Universal Truth this *'Seed'* is determined by the Energy Projected. Through it's Immutable, Unwavering and Predictable Operation, one can become conscious in Function and Purpose in what one, individual or group, projects or plants which will determine what you will receive or harvest in each area of one's life.

Okay Dear Brother, yes you had your reasons, and so too did all respond within their own positions to stay or leave. There are no coincidences here, and for that reason I will explain to you all the resulting factors, not the personality ego reasons. In this way, We can Focus Our Attention, not on the humanness of things, rather the Positive and Creative Mind Power Seeds that have now been Planted into the EGA's Living Organic Mind of God, within the Clothed Form of the Light Body of each Individual Expression of its Cellular Self. The new Seed Thought of the Rejuvenation, Regeneration, Revitalization and Reconstitution of the Banyan and Sycamore Trees, that have now taken Root in Your Own Body, in God First, to Grow there first to Develop and be Cultivated in a much more Cohesive, Expansive and in a Living Organismal way to be Instantaneously Precipitated when watered (Emotionally Activated in Truth)! So you can all, as a Single Unified Group, further your Proposals to *'Take Charge'* for the Broadening Employment of this EGA's Extensioning of Its Combined, Emergent and Burgeoning *'Well of Spirit'*, and Its Educational Maturity to Advance within a Universal Cosmic Consciousness Containment Field of Manifestation of New Expressions, while allowing for many varying Individualizations for others who will see and then Qualify for their Own Development and Growth, one step at a time as they approach the Baseline to hit their own Home Runs.

Yes, the recent respite came without warning, but has become its own success in many ways, leading all to this more Expansive Conceptualization within the Minds of those who can make a more capacious contribution from within a more Desirable Intention, that We on this side of the veil to date have not been able to do for you. In other words, to lift the stability of the EGA in a single vestiture of such an inspirational task.

This has resulted in bring the group back to becoming the Magnifying Glass of the Great Central Sun that I tried to do in My Freedom Ascension Class. For this We Are All Grateful! I would then Highly recommend that each of you revisit that Discourse '*Part 7 - Freedom Alchemy Class – Ascension Becoming The Magnifying Glass of the Light of the Great Central Sun - St. Germain, 19th April 2020*'.

The EGA, has now, as a Living Organism Realigned Itself, quite naturally, to a more Cohesive Group and affiliate to a more complementary and recognizable '*Cellular Self*' and '*Empathic Orientation*' as an Integral '*body part*' of the Overall Body of the EGA, even if unknown to the conscious mind just yet, and this is a good sign for Us to look more closely as to offering you all much more Responsibility, each one, for not until now, have most not been ready to engage in the Focus of those Points of Tension still incomplete coming into Greater Alignment for your Love In Action. However, I reiterate that time as you have known it up until now, '*Is Up*' Dear Souls, and now you have so much time to make up for to get back on track! You are well into the Realms We have so ardently Declared to you; you are either '*in*' or '*out*' Dear Brothers and Sisters. No more chances will be afforded you!

We are pleased to See how much has changed within most of the EGA Membership who have held on to the EGA Energetic Forcefield, while others, regrettably, have indolently relinquished their grips and allowed the EGA Living Organism to slip away from their grasp! We do understand how easy it is to fall back into old programs of one's humanness, especially when one is surrounded by the old human traits of human miscreation every which way one turns. I can tell you, that so much is now in preparation for the New Petition totally unexpected by Us, to have it now coming into its own True Immaculate Conception, if all those Participating, can only but follow the Guidance given in the last three Discourses, and allow the content to become so ingrained, so deeply understood, within the biology, consciousness, and sub-consciousness of this Group Living Organism.

We wish to tell you that now is the Dawning of yet another New Era for the EGA, and even though everything may seem the same right now, in terms of the outer world human chaos, it is very far beyond that indeed. We shall ask you to become even more mindful of the Energies that are Streaming through your body at present, for there are physical changes for Each of you, that must pave the way to hold more intensive states of Cosmic Christ White Fire Light Substance. And that shall intensify over the Christmas period and New Year Celebrations. We will suggest that you find as much time as possible to simply sit, open to Us (*referring to the Magnifying Glass of the Great Central Sun*), on a much bigger scale and allow whatever is to come, to come, be absorbed by the Light, and in an Alchemical Transformation of your Own Decrees allowing them to pass renewed and return back the Source from whence they came! If you do not do this, if you cannot pass through this Next Ring, then you simply will not be able to Partake in that which is coming headlong toward you! By your own inability to do this now will, through Agape Love, place you on the side of the road to consider further what you're doing here via your Vocation and your own Volition! No-one can, nor will they,

force you to do anything, for your own free will, will create for you the experiences you wish to continue to remain in your embrace. The Cosmic Law is Undeniable and Undebatable. Forward Movement is via the Road of Cosmic Law now. You will either accept this fully or accept the recoil of your own personality choices.

Your work from this time forward cannot be done from the heaviness of the earth's human gravitational forces, physically, mentally, emotionally, or Spiritually! You are now stepping into the Human Angel Realms where Earth's Gravity, the Agape Love, that shall eliminate, dissolve, and remove all such human mis-appropriation of Cosmic Law. You are becoming weightless like astronauts in space who will look down at Earth and its people in a whole New Way if you can finally get it!!

There is nothing illusional about what you are now stepping into, this is God REAL, and the next step is to place one foot in front of the other, to make your way physically through and into the Higher Worlds and dimensional fields that reside upon and within Mother Earth. You may indeed become very disorientated at first with these Energies at times, they may send you to sleep at the most inconvenient moment, or they indeed may affect you in other ways, physically, mentally, emotionally, and Spiritually, not to mention experiences of intense darkness or Higher Visions of the Super-Light for short periods, loss of hearing, rashes, or skin conditions such occurred with our Brother. Quivering or trembling as if in extreme states of different climatic conditions, high or low temperatures. If any concerns arise, seek immediate medical advice, while remaining cognizant that the prescription or guidance could help, but there is a higher purpose just the same! However, just be aware this shall be like a training program of orientation, some healthy exercises and cleansing regimes will definitely help. But 'rest' most of all will assist you greatly! To be an astronaut one is required to be of the utmost human condition, in health and wellbeing! Give this some serious thought Dear Ones.

If you have chosen to step into this new Role and even though we have not yet disclosed just yet what the future will bring, We shall first provide the stepping stones and adjust your vibrational frequencies with you, so that when this information is presented to you through the Masters Octaves, you will indeed be able to comprehend Our words, images, and explanations forth coming. But remember this, there are still those who have not yet proven yourselves to Us that you are Trustworthy to Hold Greater Offices of Responsibility and this We have told you time and time again over the years.

Dear Brothers and Sisters, We are not going to rush you through this Petitional Activity, for like so many others this Level of Attainment is far beyond any allowances that We have seen fit to Compromise in the short term before! So please pay close attention, this will be the most Real Experience of Becoming God in His/Her Image that you have ever Known within the human condition before.

You who are thinking now that you have not moved through the stages of full acceptance, answer now, what then is stopping you! Do you choose to dwell on those things or to accept that you are free from what is stopping you? I tell you ALL, all you cannot bring forward with you, is fear! For fear is the old state of learning. You may have felt that separation was the cause, but separation in form, know that separation from God or your Communication with your 'I AM' Presence is not the cause of fear! That fear could not separate you from Truth had you not accepted the illusion of your own human miscreations. Acceptance then is the final obstacles that you MUST Wholeheartedly embrace if you are going to cross this supposed chasm of removing half-heartedness, the Bridge to Freedom that you have believed until now, was impossible to cross!

To close this Discourse, I want to go back once more to a subject matter that many of you are still not taking seriously enough or adhering to in your manifestation tasks for self or Group. To answer your questions Peter, We will do this in a continuation of this Discourse as time allows as Family obligations have now arrived for the Sharing of Gifts and Love to each other. The questions can wait, the rest and Rejuvenation, Regeneration, Revitalization and Reconstitution must start immediately, and everyone can do this while in your Family and Friends Christ Mass Celebrations and Company of Heaven.

I want to take you back to My Discourse based upon the 3 Steps to Alchemical Manifestation. 'Part 2 - Freedom Alchemy Class – Transformation In The Spirit of Truth - St. Germain, 31st May 2020'. Among other things shared in this Discourse here is what I want to remind you all of right now.

"In the Unveiled Mysteries, I shared that True Visualization is God's Attribute and Power of Sight Acting out in the mind of man and woman. When one consciously picture, in his or her mind, a desire they wish fulfilled, he or she is using one of the most powerful means of bringing it into their visible, tangible experience. There is much confusion and uncertainty in the minds of many concerning what actually happens when one visualizes or takes a mental picture of something they desire. No form ever came into existence anywhere in the Universe unless someone had consciously held a picture of that form in their thought; for every thought contains a picture of the idea within it. Even an abstract thought has a picture of some kind or at least a picture that is one's mental concept of it.

"I will give you an exercise by which one may develop, consciously control, and direct their visualizing activities for definite accomplishment. There are several steps to the process which every Disciple or Initiate can use at any and all times. The practice does bring visible, tangible results when really applied.

- 1. The first step is to determine upon a definite plan or desire to be fulfilled. In this, see that it is constructive, Honourable, and worthy of your time and effort. Be sure to examine your motive for bringing such a creation into expression. It must be honest,*

both toward yourself and the rest of the world, not merely to follow a whim or gratify appetites of the physical senses. Remember, there is a vast difference between use, desire, and appetite. **'Use'** is the fulfilment of the Great Universal 'Law of Service'. **'Desire'** is the expanding activity of God through which manifestation is constantly sustained and is Perfection enlarging itself. **'Appetite'** is but habit established by the continued gratification of the feeling nature and is, but energy focused and qualified by suggestions from the outer activity of life.

Be very sure that there is no lurking feeling within that you would be glad to benefit at the expense of another. A 'True Disciple or Initiate' and only such a one will get the benefit out of this kind of training, takes the reins into their own hands, and is determined to discipline and consciously controls the human self. They choose what shall or shall not be in his or her world and, through the process of picturing within their mind, designs and brings into manifestation a definitely determined Plan of Life.

2. The second step is to state your plan in words as concisely and clearly as possible. Write this down. Thus, you make a record of your desire in the outer, visible, tangible world.
3. The third step is to close the eyes and 'see' within your mind a mental picture of your desire or plan in its finished, perfect condition and activity. Contemplate the fact that your ability to create and see a picture within your own consciousness is **God's Attribute of Sight Acting in you**. The Activity of **'Seeing'** and the Power to **'Create'** are attributes of your God Self which you **'Know'** and feel is within you at all times. **God's Life and Power** are Acting within your consciousness to propel into your outer world the picture you are 'seeing' and 'feeling' within yourself.

"Keep reminding the intellect that the ability to picture is an Attribute of God, the Attribute of Sight. The Power to Feel, experience and associate with the perfected picture is God's Power. The substance used in the outer world of Physical Manifestation to make the form in your picture and plan is God's Pure Substance. Then you Must **'Know'** God is the Doer, the Doing and the Deed of every constructive form and action that ever has been sent forth into the world of Manifestation. When you thus use all the constructive processes, it is impossible for your plan 'not to come into your visible world'.

"Read your Desire or Plan over as many times in the day as possible and always just before retiring because on going to sleep immediately after contemplating the picture in your own mind, a full impression is left upon the human consciousness 'undisturbed for a number of hours', enabling it to be recorded deeply in the outer activity and allowing the force to be generated and accumulated, which propels it into the outer experience Life. In this way, you can carry any desire or picture into your consciousness as it enters the Great Silence in sleep.

There, it becomes charged by God's Greatest Power and Activity, which is always within the Heart of the Great Silence.

*"Under no circumstances discuss either your desire or the fact that you are Visualizing with anyone 'whatsoever'. **This is Imperative.** Do not talk to yourself about it out loud or even in a whisper; for you should realize that the greater the Accumulation of Energy Generated by your Visualization, Contemplation and Feeling the Reality of your picture, the quicker it will come into your outer experience.*

*"Thousands of desires, ambitions or ideals would have manifested into the outer experience of individuals if they had not discussed them with friends or acquaintances. When you decide to definitely bring about an experience through consciously directed visualization, you become **'The Law of The One'** to whom there is no opposite. You must make your own decision and stand back of your own decree with all your power. It means you must take an unshakable, determined stand. To do so, know and feel that it is **God Desiring, God Feeling, God Knowing, God Manifesting, and God Controlling** everything concerning it. **This is The Law of The One God and God Only.** Until this is fully understood, you cannot and never will get your manifestation; for the moment a human element enters, you are taking it out of God's hands, and of course, it cannot express because you are neutralizing it by the human qualities of time, space, place and a thousand and one other imaginary conditions which God does not recognize.*

*"No one can ever **'Know God'** as long as he or she considers a force opposed to God; for whenever he or she acknowledges that two forces can act, they have a resultant quality of neutralizing activity.*

*"When you have neutralization, you have no definite quality either way. You merely have nothing or no thing in your manifestation. When you acknowledge **'God The One'**, you have only Perfection manifesting instantly, for there is nothing to oppose or neutralize it, no element of time.*

*"So, it is established unto you, for there is none to oppose what **God Decrees?**"*

End Excerpt.

This excerpt then, Qualifies why those who do not Participate while held within the parameters or even outer limits of any group, especially any Living Organism, will deplete the Function and Purpose of that Group or Organism Divine Plan. Nonparticipation in any group must be eliminated from that Group else their remaining will have no benefit to the Group's Plans of Efforts. This is not personal! It is Cosmic Law!

I Stand Aside in Knowing that We have covered much in this Discourse, and so I will wish you all a very Gracious and Universal Blessing of Christmas Celebration and look forward to

Speaking with you all again in a few days if possible. If anyone else has any questions they wish to ask, please send to Peter and We will take the time to answer them.

I Am Your Brother Standing Within Your Fields of Precipitation as You Prepare to Command Your Plans, Them So!

And So, It Is.
