Introduction repeated from Part 4.

PETER: *Dear God, 'I AM' of Holy Incorruptible Matter, of Infinite Speed, I would like to know what the EGA overall situation is regarding this New 2 trees Petition as far as the Correct Application to this endeavour as we stand today. Also, in terms of moving forward perhaps a dialogue that could be appropriated for the tasks of 2024 and especially the world dissemination process of the Cosmic Christ Mandate, True Constitution and Declaration For the Freedom of Humanity. I can see the escalation of the power elites' desperation to continue their control and how they are implementing some outrageous actions, and yet the TC and DFH does have the Cosmic Laws that could, if Rightfully Declared by those in their respective positions and less prone to the attacks of the unelected and elected power elite. Your Extraordinary Instructions at this time would give us a better understanding to create a new strategy of implementation knowing the facts as best we can, that Over Light the Bigger Picture for humanity's regaining the control of their own destination. There are other questions that are coming to mind, but perhaps we could start with this introduction for now?*

New Part 5 Response by St. Germain.

ST. GERMAIN: Beloved Brothers and Sisters, before we engage in the questions that have surfaced, I wish to ask you all a question once again that I postured to Peter in his Dream upon the night of the 22nd of September 2022, after a Group Zoom meeting had taken place regarding the attempt to find the answers to the EGA continuing splintering state of membership and not working within the Ashramic Living Organism, in a way that it was always intended. Today this is not to the same depth of imbalances within the overall Group

Membership of 15 months ago, but just the same there remains some last vestiges of it that we MUST fully dissolve before this Petition can go ahead! I Know you all will understand this, but who among you will finally 'Take Charge' and 'Take the Actions' needed to procure the desired results for Becoming the Truth of Who You Are! A Spark of God Light, clothed in a garment of flesh that has no limitations to Transform that flesh body, indeed to 'Respatialize' that body into a Garment of Light. The following is My Communication, paraphrased by Peter, the morning after, as he disclosed in his rendition of My Coming to him to Share some Truth, in his Dream-state to you all!

"I want to ask you a question, do you know the problems that you face? Let Me answer the question for you! NO! The reason I say no is because the Truth is you do not have a problem! How can you know what a problem is when it does not exist! Only human beings create so-called problems because they still think like humans. How many times do I have to tell you, stop thinking like a human! Imagine for a moment God thinking like a human! Can you imagine a Universe designed upon the principles of human thinking. No, because it wouldn't get off the ground! Literally, NOT GET OFF THE GROUND, for the ground is based upon 3rd dimensional 'thinking'! And the world I refer to here is founded in limitation and separation, made up of earth-bound conscious flawed realities. There lies humanity's first incorrect application to all their imbalances that oppose a Life in God Christ Consciousness Creations!

"The Elemental Grace Alliance was not based upon thinking like a human, even though it has been humans who have created it, and now been able to substantiate such a Divinely Designed Manifestation and given it form. I place the emphasis here upon the lowercase 'f' for indeed that form has Magnetized unto it the Universal Flow of God Consciousness to Create the True Constitution, the Foundational Principles of Freedom for the 'I AM' One World Nation and the 'pièce de résistance', the best dish of a chef's kitchen, a masterpiece of an artist Work, being the Declaration for the Freedom of Humanity!

"This was not done by Dear Souls who think like humans! Can you not see this! The EGA is a Master Plan of Masters and Specialists in their Fields of Restoration and Rejuvenation of planets and worlds. Do you think We the Master's would be talking with anyone who are not Masters in their own Fields of Expertise to Shift a Planetary Human Race to stop thinking like humans and start thinking like Masters! No, this is not a human plan, and it is not undertaken by humans!

"Your perceived problem is not the Plan, it is in its Rightful Application to that dreadful question, 'Where to from here'? Only a human would ask that question also! Peter, did you ask that question, when you took on the Authority and Responsibility to Anchor and Develop this God Plan back in 2011? Even when you did not know it was a God Plan? Of course not, you just asked what can I do to help the Elementals. You KNOW the Responses you received IMMEDIATELY because you Knew The Law! Not consciously at the time, but it was so natural

to you as it should be to everyone who is ever been Magnetized to the EGA and more so for those who have made it this far!

“My Beloved Friends, Brothers and Sisters, you act like you are still on training wheels riding your first tricycle. And I say tricycle because tricycles already have three wheels, but you added another two for safety in your ‘Doubting Thomas’ ways! Lord Melchizedek told all of you to TAKE CHARGE, I HAVE TOLD YOU ALL TO TAKE CHARGE. You have been given the Rights to be in THAT CHARGE, so TAKE CHARGE WITH ALL YOUR GOD-GIVEN MIGHT!

“So now to the fluctuations in the EGA Memberships. What a mess if you do not mind Me saying!

“Think about this Dear Ones!

“To become the Living Ashram of Synthesis, consider the human body. It has trillions of cells, and every single cell innately Knows what its function is! Not only do they Know their Function and Purpose, but they Know All Knowledge in All of God’s Creations. They Know how to Communicate with each other Instantly with messages of whatsoever nature. These tiny little cells are the United Forcefield of its Living Organism. You Know this; You Understand this; You do not doubt this! So, in this microcosmic example the EGA is just a different ‘Cellular Organism’ that right now as We speak has an infinite number of Cells in the Form of Other God Beings and Intelligences. Can you comprehend this yet? No, you think you know it, but you do not Comprehend it, because you are not Communicating between each other. Like the human physical body, who does not COMMUNICATE with God every Now Moment, or at the very least Appropriate that Communication, THAT Living Organism in time, average 3 score, and ten years, it withers and dies. Get the Communication Right, and the Living Organism Known as the EGA and Its Members will not only Live Eternally in Their physical forms, (Spirit in Matter) but will have a Direct Communication Link to Life Abundance in every Respect and be Protected and Safe and Happy and Joyous etc, etc!

“This I say, also. Think Divine Order! You have just had the Queen of the United Kingdom pass away and if you had seen the Pageantry that supported her passing, you would have seen a Reflection of the Universe in Action. The right or wrong manifestation is not in question here, but it was such a well-oiled construction of such infinite detail where not a thing was out of place, it was as perfect as any human being, or beings could have created such an event. Nothing was left to chance, in fact We as you Know took that Opportunity to have the EGA do what it needed to do, and so You also from within a Whole other Dimensional Field Applied That which was part of this Divine Plan!

“But this human creation, which was the pageantry in form was made manifest, was flawed in so many ways. This must be true else it would continue in the years to come. But Dear One’s this Incredible Showmanship of Divine Order is destined to pass also because it was not a God Design!

“Look at the world’s military when they go to war, it is so efficient and so effective with its Order, so impeccably placed that nothing is thought to be left to chance. But that is their flaw when it comes to effect! The thought of chance is the human imperfection, shortcoming, weakness and ultimately, its undoing! The same is said for the ‘laggard consciousness’ and the false authorities, their plans are illusions that cannot be sustained in time, and definitively has no control of Any God Power, within that of God Creations, not at any level.

“I could go on and on and on using analogies to try to get you just to let go of the humanness that is allowed to creep into your God Plan. This Membership of Dear Souls should be treated in the same way! See them as cells of a larger body, none are told what to do, they exist in the body and allowed to get on and do what they Know Innately they are here to do! For those who squander their time in thinking that they would like to be in another body, then let them die and pass away, to be born again in that other body! Just as a cell serves its time in a human body and drops away when the Light within it, the communication within it, the shadows it is encased in, is too strong to allow that Light to Radiate out into the cells beside it and those to more cells and so on!

“But here is the Key! And this is not limited to the EGA Divine Plan, but any Living Organism.

“Communicate with the Cell, or the Body of those cells offering them the choice to discover what their Innate Knowing and Path is. If they do not know, then the question is what good is it for them or you if they stay?

“It is like a hand at the end of your arm, the arm, the hand, and the fingers all function without instruction from you, the human mind. They function Innately Knowing their task. Of course, they can be directed, but so can your cell be changed within your body if Divinely Communicated with! Hence, Knowing that one day your Cells will Blaze forth with the Light of God. They cannot do that without Communication to God! Communication is the Requisite of any Living Organism. If the hand loses its communication, it will fall off! Just as the toes will do when exposed to extreme frost. The human being is like being left out in the extreme frost, if it does not warm to the ideas of God Life, then that human life will simply drop away in time!

“So, Dear Ones, Establish the God Connections with those who remain, and with those who continue to sit in stalls of no Communication with the Body, the Elemental Grace Alliance Living Organism who they gave their Pledges to Serve in unwavering conviction, let go of them! If the remaining Dear Souls can Confirm Their Pledges First to their ‘I AM’ Presence and then the EGA, then allow them to firmly Plant in their own Knowingness, what and how to do those things and Become the Life of the Cell that They Know They Are, in this Divine God Plan!

“If you have weeds in your garden and you do not remove them, they eventually will take over the plants and vegetables. If you do not place your focus upon one task at a time per person

or group, whether small or large, then nothing will get done and you will continue to go around in circles! Just as you are doing right now!

“Time is up! No, Time is Over for you and those who Know why they are here! For those who do not know why they are here or what they can do, time will continue, but hopefully not at the Helm of this Divine Plan!

“Clear your minds, desks, your failed communication systems, your old patterns of believing you have to work within old human administrative and organizational platforms. Build Your Radiation Centres, revert back to your Buddhist Columns and place within them your Communication Towers, until you have Mastered your Telepathic Skills.

“I Am Waiting! Your Work is Just Beginning and without these Things, I have told you what You already Are, then ask yourself what Body of God you belong to! Take Charge, Means Take Action! Communicate with each other and Your ‘I AM’ Presence. Keep it Simple and remove all resistances that do not Support Instant and Immediate Manifestation/Precipitation! Act In The Knowing of Who You Are!”

The first two questions presented by Our Dear Sister Rysun, I have answered them in advance, within the framework of the information above! They may require a little more in-depth Inner Evaluation. In short, however, the Living example of the EGA Membership is to Walk as Jesus Walked as a Fully Embodied Christed Being!

The two questions that were asked.

QUESTION: *What is the context of the 28 Rules as a Guide for Daily Living?*

QUESTION: *What example should the EGA Admin set to avoid succumbing to the usual human-based temptations that come with such appointments of Greater Responsibilities?*

We continue:

Further to this next Discourse, provided telepathically by Dear Sister Anandha, for the Benevolence toward this Petition, I would like to include the following excerpt to keep this thread weaving toward the final Tapestry for the Rightful Application To God Life. ‘Part 20 - Earth Nuclear And Chemical Affairs - ‘ENACA’ Petition Appeal - The Saving Force - Peter, 24th October 2019’.

QUESTION: *What is our particular Service Relationship to Ashramic Purpose?*

ANSWER: **Through Lucille Cedercrans** - The Purpose of our Ashram is to literally Create a New Civilization. We have to build the Forms which will carry the Higher State of Consciousness, the Fifth Kingdom in Nature, right into the Body of Humanity.

QUESTION: *What is our Purpose?*

ANSWER: Through Lucille Cedercrans - To Convey the Wisdom, to Embody the Wisdom, to Attract those who will themselves Embody and carry out into Manifestation the Wisdom. As they are Attracted, and as they Receive the Wisdom, they move out away from us. The Wisdom is formulated into the New Forms that are needed for manifestation of the New Civilization. The Plan, as you have been told previously, is first to maintain the Light of the Plan in incarnation, secondly, whenever and wherever possible, as this is done, to Radiate that Light to Infiltrate, so to speak, all areas within the human body with it by means of first establishing a Centre whose Focus is such that it is Magnetically Magnetised to all of those who can carry the frequencies, carry its dynamism, out into the body of humanity. It does not matter whether these individuals are persons of prominence or influence or not; it is not important. But these individuals will be Attracted into the Centre to receive that *'Impress of Light'* which they can best carry back out into their particular *'Sphere of Influence'*.

End of Answer.

I WOULD Highly recommend a review of the Discourse above to the extent that it should become another Supporting Discourse for others, who will follow and may read this compilation of the Petitional Processes for full and uncompromising evaluations to all potentials that are attached to any Petition put to the Karmic Board for a conceivable Grant and Dispensation.

QUESTION: *In your Part 4 Discourse Brother, you mention our family and National Obligations. Family I understand, yet National Obligations, I am a little sketchy in terms of the fact that the EGA is not focused upon Individual Nations, rather America right now instead. Can you clarify please?*

ANSWER: Indeed! Yes, the *'Priority'* are the Americas, not just America. Because there are EGA Members in other countries it would be a wise move to also place one's attention on what is going on with their own national situations and circumstances. Just remember that what you do for one country you are doing for all countries, for God is not separated by land borders or large masses of waters. However, in saying this, I come back to the True Constitution and the need to begin the infiltration of the Cosmic Laws within America First, for in Truth all eyes are upon America right now, and will be for some time to come. America is the closest to its own demise presently, and it will depend upon Our Focus upon the Rightful Applications to God Life to make their transition as peaceful and harmonious as possible.

We cannot tell you what to do, even in this late hour, but through past experiences We will tell each of you that nothing is set in stone, and while there are efforts and ignorance to indicate that the world is entering into an apocalyptic and devastating time over the coming 2 years. While *'apocalypse'* can refer to the destruction of the world, it also means a revelation or disclosure, indeed, in its simplified understanding it means an *'unveiling'*, generally making itself known through the *'Law of Attrition'*. This *'unveiling'* comes into the forefront of human

consciousness through literary genres, that can be founded in supernatural revelations that reveal cosmic mysteries such as prophecies for the future. These can come in the form of dreams, as we are discussing in this Discourse, or Visions or Heavenly Experiences such as that of George Washington as We have shown distinctly in your EGA Synthesis Magazine of the apparition of Our Beloved Pallas Athena, George had seen, for the Purpose of Seeing the unknown, what the future may come to be giving and allowing sufficient time to *'Take Charge'* possibly changing that vision to something more desirable.

An *'Apocalypse'* then, does not have to go in any direction of destruction, but while people hold onto this definition without Higher Educational Comprehensions of the alternatives, then the outcome will follow human consciousness projections. So, what I Am saying here is that providing those in the most advantageous positions, and Elect, to follow the Higher Opportunities Governed through the Cosmic Laws and the Powers of the 'I AM' Presence, They will be Enabled to Insightfully See for Themselves that the 4th Ray of Harmony through Conflict, the Ray that Humanity is drowning within at this time, can and Will become *'Harmony through Peace'*. But it will not come via the foundations of human *'victimhood'* consciousness, or any human reasoning, that excludes God Christ Consciousness in their Planning!!

Yes, this is another Cosmic Law that the EGA has been given to experiment with, to see what and how Peaceful means, can be applied, physically, mentally, emotionally and Spiritually, so as not to upset the so called *'apple cart'* of the human misinterpretations that the True Constitution and Declaration For the Freedom of Humanity, alas, the Cosmic Christ Mandate can be presented in a way that shall not impose any misrepresentation or falsehoods of who is going to Manifest Peace upon Earth, for it will not be God per se, rather it MUST be the People of God by their own God Hands through God's Universal Laws.

This is going to be a massive Responsibility for anyone of you or any other world group who adopt the TC and DFH for their own use to assist in these changes to come. Not just those between the Sons and Daughters of God or the People of God and governments but between the People and the Earth's own needs to Transcend Alignments Required by Our Dear Mother Gaia also. Just remember, We are not going to these extraordinary lengths to detail your connections to the Elementals, Devas and Angelic Host for nothing, for without the help of these Dear God Beings, any tasks will become nothing more than the devastation for the whole of Earth and its People. Thank God this will not happen, now the Cosmic Christ Mandate has been Divinely Manifested and Anchored on Earth in Agape Love! But We do not See any insensitive or unfavourable Agape Love conclusions, for We Know the Hearts and Minds of Those Who Are in such positions to follow Our Higher Guidance when needed!

QUESTION: *In your Discourse above you say, 'Take Charge', Means 'Take Action'! You also say, referring to the Queen's Passing Ceremony, Think Divine Order! I quote: "You have just had the Queen of the United Kingdom pass away and if you had seen the Pageantry that supported her passing, you would have seen a Reflection of the Universe in Action. The right*

or wrong manifestation is not in question here, but it was such a well-oiled construction of such infinite detail where not a thing was out of place, it was as perfect as any human being, or beings could have created such an event". End quote.

So, the right or wrong way is not the question here to move forward as human beings and not Fully Mastering the Will of God, but to be clear knowing that the Tasks forth coming, like the Creation of the TC and DFH, it is all about Divine Order. Is it then time to begin the introduction of the Cosmic Christ Mandate into the main public arena? Knowing the importance of Radiation Centres and the Greater Vibrational Frequencies of the Group Life, can both now be undertaken to assist humanity knowing more about their own options presently being trampled on, ever so more ardently by the false power elite? What then would be more advantageous right now to take the next EGA Steps forward? If you Dear Brother was in Our shoes right now, what would you do?

ANSWER: The Queens passing-out Parade, while a massive task, had no real outside pressures attached to it, that might have attracted and I say attracted and not magnetised, to itself. To release the True Constitution and Declaration for the Freedom of Humanity will have a lot of negative force projected at them. Yet saying this no human force is Greater than the Agape Love Ray 1 Force, and so it shall come down to one's own readiness to step out in the Name of God Knowing They Are Fully Protected, else in any state of unsureness or insecurity of themselves to take on the world of negativity would be an act of false Authority and that at these levels would be insanity! I have told you all before, if you cannot, each one, stand before any person or group and hold your ground in the Purity of Love, one false move and they would take the upper hand. Not insurmountable for some of you at this stage, but for the majority, I would not step into the unknown without the backup of the 'I AM' Presence All-Powerful and All-Pervading Authority to 'Take Charge' and 'Take Action' in any direct encounters and Knowing how to Apply it In Divine Love.

The question arises, however, how safe do you feel to Stand Up in face-to-face meetings against some of the greatest iniquitous manifestations that mankind has ever miscreated imposed upon a whole human race? Are you prepared to sacrifice your entire outer world of everything you think you are a part of and own before you have Fully Sacrificed your own ego-personality, lower mind of free will, and even your Soul Persona, into the Hands of God to Attain Your Soul Monad?

What would I do in your shoes Dear Brother? The question was asked. Let me list them for you and anyone else who would like to follow these Posits in no particular order.

- I would return to observance, the observance of Love Through Love For Its Own Sake.
- I would only look at that which is Unseen, the Love that would Direct Me and would not have Me see, from within the outer miscreations.

- I would turn My Visions Seen and Unseen away from the dark ways of illusion and Shine My Light of Truth for All to See, within the Seen and the Unseen!
- I would Remain Present at all times in Who I Know I Am in God's Eyes, not in the eyes of My Dear Earthly Brothers and Sisters, and I would continue to Live by the Laws of Love in every circumstance, bringing Unconditional Love to every circumstance.
- I would not be dismayed, nor discouraged by those who do not see and have no willingness to Walk the Path that Jesus Trod for Me. I would Just Know these aren't the ones given to Me by God to Bring to Love and Trust I Know so well, and that no-one will remain forever lost to his or her own 'I AM' Presence Self.
- I would Accept that 'I AM' a Pioneer to this New 'I AM' One World Nation and look at every Adventure, Endeavour, and Encounter as a New Experience that in Love will Prove to be Fruitfully Productive in its Giving and Receiving to Propagate by Planting such Consciousness Seeds along each Yellow Brick Road that leads back to Home.
- I would Act intentionally to be An Ambassador of the Light of Pure Existence within God, where My Existence, just by Being My Self, will Magnetise others to Me naturally, and where each will find the Price of Admission into the Heaven of Many Mansions of All God's Creations. And herein they will find their own willingness, to leave the old world of human consciousness behind.
- I would Walk Knowing that the Entrance into the Heavenly Worlds of Christ Consciousness remains Free to All, giving Full and Unconditional Entry, where nothing shall be extorted from them, not from special ones deemed by someone's choosing, and not from anyone under any condition or expectation.
- I would Walk Peacefully Knowing that any burden I have ever accepted for Myself would fade away and be released with no effort or any special attention, through My Service to God and Humanity.
- I would place My Focus only upon the Creation of the New 'I AM' One World Nation, to make it Observable to others, but not to act in any way as some sort of recruitment agent to have another join this Divine Path to Freedom.
- I would see no suffering or illness, no circumstances of any Dear Souls I encounter. My very '*Presence*' would become the circumstances for illnesses to change of their own God Accord within them, in Accordance With God's Will!
- I would Embrace in any of My encounters Only Truth and with no attention given to the illusions of this world.
- I would make ONLY One Call along My Journeys Path for All circumstances, the Call to Divine Agape Love from the Great Central Sun, the Call that Will Welcome All to Live in Truth Together.
- I would be Mindful Always and In All Ways of My Own Sovereignty that no man or woman can take away from Me or shut Me down, so as not to do My Work that I have Accepted from God to Be!

- I would Invite all the Elementals, Devas and Angelic Host, Dragons, Animals and Plants and Insect Kingdoms to Accompany Me everywhere I go, to Prepare in Advance all My encounters of whatsoever nature.
- I would be Grateful for My Every Step, My every thought, word, and action, Knowing that none are of Me in this human body, mind or even heart, I Am nothing more than the vehicle that God Gave Me, to do His Work in Her Loving Assistance and Embrace to Evolve an entire Human Race to their next Evolutionary Engagement.

While I could go on for pages yet, I would hope that these few points will help set you all upon your Path to Home!

I will close this Discourse now unless you have any more questions at this time?

Dear Ones, remain as conscious as you can of these points above and you will be Walking the Path of Love in no time at all!

I Am St. Germain reminding you of your Own Inner Lights that Shine, I See YOU!

And So, It Is.
