

Book 1 - Part 1 - Education In The New World Of Administration – ‘The People’s Alliance For Compassionate Affairs’

Manifesting Revelation Through Miracles - Jesus The Christ, 29th November 2024

JESUS THE CHRIST:- I come today at the Behest of My Brothers and Sisters of the Elemental Grace Alliance, to take part in this Joyous Opportunity to Compassionately Articulate a New ‘*Formula of Approach*’ to assist to Reveal the Higher Truths, for the Reformation and Reconstitution with the existing the world beliefs that dominate the minds of humanity. All of which, within these times of Cosmic Changes within the Threads of time as the Evolution of Mankind, has reached a ‘*nexus point*’ within the four lower bodies of mankind. For those who will read all about this in the near future, I refer here to the physical, mental, emotional, and spiritual bodies of every man woman, and child on Earth.

I would therefore like to call this Discourse, not a ‘*Formula of Approach*’, as has been spoken of in the lead up to this New Petition Presentation, but rather ‘**Manifesting Revelation Through Miracles**’. I also wish to advocate and sponsor the sharings between My Sister Glenda Green and Myself, with Whom I spent considerable time in the early 1990’s to deliver to humanity My Messages of Truth in My next discourses, for the future Advancements for Reformation, Regeneration, Reconstitution, Transmutation, Transfiguration, and indeed, Regensis, of which this Elemental Grace Alliance’s Attention is Focused. The conversation I had with Glenda could easily be had all over again some 40 years on, yet I can equally say that the words herein could and will be repeated in many ways by those who will follow over the months, years, and decades to come. TRUTH is the TRUTH of All Existence and in so Being never changes in Essence, but can take many Forms In Service to the Greater Whole of Unity Consciousness within All Sentient Life.

This Presentation and Petition, after its Dispensations and Grants will expand exponentially far beyond any world government or administrative and authoritarian bodies of engagement. It will set a Platform by which all people shall benefit seeing the results with eyes to see and ears to hear many un-Realized Revelations of Truth.

The Law of Revelation:- The word ‘*Revelation*’ is a translation of the Greek word ‘*apokalypsis*’, which means the removal of a veil so that something can be seen or revealed, that has been hidden and kept secret from another. As was shared this morning by our Sister Sue, Revelation is the State of Consciousness reflected back to you within a moment in time. The Truth Is Simply Consciousness Revealing Itself, in the here and now, in every moment, at every stage of your life, flowing in you, through you, and all around you - expressing itself back to you the outer reflections of your Life.

While the word 'Revelation', is the True Definition of the word, metaphysically speaking, the masses accept more tritely in their lives from the same root as 'Revelation' was Revealed, is also from Greek word 'apokalypsis', which has been totally misused within the human word 'apocalypse', where its generalized meaning translates to destruction and loss.

My Brother St. Germain clearly defines this further in His Discourse.

'Part 5 - Regeneration of the Sacred Banyan and Sycamore Trees - Take Charge Means Take Action - St. Germain, 28th December 2023'.

ST. GERMAIN:- *"While 'apocalypse' can refer to the destruction of the world, it also means a revelation or disclosure, indeed, in its simplified understanding it means an 'unveiling', generally making itself known through the 'Law of Attrition'. This 'unveiling' comes into the forefront of human consciousness through literary genres, that can be founded in supernatural revelations that reveal cosmic mysteries such as prophecies for the future. These can come in the form of dreams, as we are discussing in this Discourse, or Visions or Heavenly Experiences such as that of George Washington as We have shown distinctly in your EGA Synthesis Magazine of the apparition of Our Beloved Pallas Athena, George had seen, for the Purpose of Seeing the unknown, what the future may come to be giving and allowing sufficient time to 'Take Charge', possibly changing that vision to something more desirable.*

"An 'Apocalypse' then, does not have to go in any direction of destruction, but while people hold onto this definition without Higher Educational Comprehensions of the alternatives, then the outcome will follow human consciousness projections. So, what I Am saying here is that providing those in the most advantageous positions and the Spiritual Elect, to follow the Higher Opportunities Governed through the Cosmic Laws and the Powers of the 'I AM' Presence, They will be Enabled to Insightfully See for Themselves that the 4th Ray of Harmony through Conflict, the Ray that Humanity is drowning within at this time, can and Will become 'Harmony through Peace'. But it will not come via the foundations of human 'victimhood' consciousness, or any human reasoning, that excludes God - Christ Consciousness, in their Planning!"

End Excerpt.

So, this Presentation shall be dependent upon the Multiple Revelations that All Dear Souls who may read this Petition in the future, will have Truth Revealed, that they may have never heard before, or if they have, may in the second, or third time around, will suddenly feel something ignite a New Fire in their bellies that will change their lives from that point forward, like the Revelations receive by so many Near Death Experiences, where people die within a range of circumstances, only to meet Me in Heaven and through the Words of Love I share with them return to Earth their lives Transformed beyond Recognition. And where the Truth of Their Existence has been Revealed to Them on the Other Side of the Veil, in Near Death Experiences (NDE). So, this Petition's Intention shall be to Reveal the Greater Truth of God.

The Light Of Our Blessed Father and the Love of Our Divine Mother from this side of the veil, where the death of the physical body will not be required to tap into such Love, Peace, Joy, Compassion, and Mercy, to share with all of One's Human, Animals, Plants, Insects, the Life of Bio-Organisms, the Elementals Devas and Angelic Host Kingdoms and Family.

While we will come back to this matter of the '*Law of Revelation*' and the '*Law of Exposure and Attraction*' a little later, now I wish to set the scenes for which We will Together find a Greater Union with your Brothers and Sisters of the World. And I desire for you all who may come into contact with this Petition, to start to begin to consider your lives in more terms of Miracle makers, allowing the Infinity and Eternality of your Truth in the Mother and Father Who Created You, and so, in Their Images the Miracles you shall become the Vital Life Force of Their coming into your Life and those in whom you will share.

Miracles are thoughts and I Am the Collector of '*false thinking*'! You have made ready, for these corrections in your own environments and outer existences, because your old belief in correction, or the atonement also called '*At-One-Ment*' shall be the final belief that must be put into practice. Miracles are the Service provided through Love! Your readiness for Miracles has been achieved through the learning you have accomplished. Therein, Miracles cannot be used before your learning, which is needed to include the ability to distinguish between Service and use. Service, or Devotion, leads to Harmony, Compassion, and Joyful Living through Rightful Love in Action toward a God Life. Until you are able to distinguish the false from the True, you were not able to receive the Power of Miracles.

The Power of Miracles is but the culmination and the integration of the beliefs We have generated within your life experiences, in question before you here now. The Miracle that I AM offering you here is the Service I Offer; the precursor you might say to the Service that you will offer to others in behaviours and approaches, of forming ways of Opportunity to allow Revaluations of truth to Miraculously appear in all with whom you will interact with in the future times. Now remember I said at the beginning that this Petition will not be solely for reforming administrative bodies, including governments, national and international, rather is for the Reformation, Regeneration, Rejuvenation, and Reconstitution of a whole Human Race, who is presently upon the brink of a more Unified Intimacy of Greater Father, Mother Relationships, unknown yet to men and women of the world, in place of the old worn-out interactions and intercessions of '*separation consciousness*'.

Miracles are intercessions and as such they are agreements which do not take away human '*free will*', but '*freeing the will*' to respond to Truth, Opening the Hearts of mankind to be more tolerant and Divinely Understanding that all is not what it may seem on the outer screen of your minds. Miracles are the ultimate acceptance of '*Giving and Receiving*' being the same Single Truth of a Life in Our Father and Divine Mother.

While you continue to feel as if you do not believe in Miracles, you will be reluctant to believe in them, and to see yourself as a Miracle of Life Worker! Your belief in Miracles and your belief

in Atonement of Divine Balance, which is '*Divine Justice*', such corrections becomes the one and the same. Their belief remains that constitute that there is anything else, other than your own thinking, that is in need of correction, you remain within your false thought. Rightful thinking is the Realm of Miracles. As with the learning goal being set here of going beyond belief to simply Knowing, the learning goal in relation to the Miracle is the same; it is One with going beyond belief of Miracles, to Knowing them, to be True.

Knowing this dissolves any beliefs that can change upon a whim, to Knowledge via the personal experience that nothing can be denied, and will from this time forward, cannot be less than Truth. The return to Knowing or Rightful thinking is both the Miracle and the end of the need for Miracles. For as you live in the world as Who You Are, you become That Miracle and thus the constant Expressions of the Miracle.

The Power of Thought and the Power of Prayer, once aligned as One and the same, when Aligned with the Heart, Call constantly upon the same Power of Intercession that is the Miracle. Calling is not only something you receive, but something you must learn to Give. Herein lies the practical implementation which tests your thinking as to what you believe or Know! As you come to see Calling as a Gift, and a Treasure as well as a Learning Device, so you must come to see your own ability to Call Forth Intercession as a Gift and Treasure that you are able to Give in Service to your Brothers and Sisters.

The Intercession and Arbitration then, becomes a Holy Relationship that has been magnetized to you to cultivate such relationships, no matter what they may be, balanced or out of balance, good or bad, heartfelt or heartless, pleasing or otherwise. Such is the Gardener who works Her Garden to bring forth the maximum Beauty and Nourishment that it potentially holds. The Gardener knows that although the plant exists fully realized within the seed, it also needs the relationship of air, water, earth, light, and the Elemental Life Forces. The Gardener Knows that tending the Garden will help it to flourish and show its abundance. The Gardener Knows She is part of the Relationship that Is the Garden. The Miracle of Service and the Miracle that Provides the Service.

The Gardener also Knows that there are no bad seeds. For She Knows that She is not in Control of the Garden. The Gardener Accepts the Grandeur that Is the Garden, and find It Beautiful to Behold! This metaphor is akin to the Acceptance of the Holy Relationship. It is Acceptance of what occurs with the joining of many factors, one no more important than another. While the Christ In You, That Is the Same Christ In Me, has been compared to the Seed of All That You Are, what you have had Revealed to you here is that the '*Christ*' is also the Relationship of All that would Bring the '*Seed of Revelation*' to Its Fruition when the time is Ripe!

The ego personality could be compared to a gardener who believes that the seed alone is important. As intently as the gardener might struggle, to cause the seed to grow, without the relationship with the air, water, earth, light, and Elemental Forces, the seed would remain nothing more than a force for struggle. The ego would hold onto what it us has already

accomplished within you, never to let it express, through Relationship of the All That It Is. As valuable as the ego would tell you that you are, it still would thwart you being Who You Are, through its own denial of the Relationships Essential to that which You Truly Are.

The Cultivation then, of the All-Encompassing Holy Relationship that Exists Within You and without you, both in All That You Are and in All That You Are in Relationship With, is how you are being Called to Live Your Life Now, and the Call You Are Asked to Sound to All Your Sisters and Brothers around the world, regardless of colour, race, culture, political or religious persuasion's or those who hold different beliefs that you hold onto, about how to live one's life. To this, there are no exceptions!

Let the beliefs that all have set forth to become One with you so that they enable you to live and express and act as Who You Are in every moment, and in every circumstance. Let these abilities Serve you and your Brothers and Sisters. Let this Way, My Way, of Living, be the Expression of Who You Are and All That You Now Remember within Your New Revelatory Knowings. Let these Re-Membrances Grow and Flourish within Your Garden, that You Are the Ambassador, Director, Curator, Protector, and Administrator of. Your Garden is the Mirror Reflection outwardly and inwardly that all will perceive.

Recognize now that Unity Consciousness is within you and without you, in All You Are and All That You Are In Relationship With. Feel the Infinite Embrace and Hear the Love that Is this Unity and Know that It Is You and Me, The Christ of Me Within You, and the Christ of You In Me and Our Creator and All That Was Ever Created In Agape Love.

I would be Honoured to close this Discourse with an Invocation and Benediction Calling, as a Gift, and a Treasure, that will Serve All the Gardeners in the Gardens of this World by the God Sons and Daughters of Human Creation. Thank You to the Sisters Anandha and Grace, For making this available to include herein, this Opening Discourse. May it Become a Revelation in Its Own Right, to Inspire Others to Open more fervently to the Miracles They Are and where Reveals Rest in the Bosom of the Mother's Presence; whereby all can take the Miracles of Life to Their Hearts and Minds for the Fruition of the Mother's Love and the Father's Light to Ignite those Hearts and Minds of all who are ready to Accept all, that have been hidden for far too long!
