

## Book 1 - Part 3 - Education In The New World Of Administration - 'The People's Alliance For Compassionate Affairs'

---

**Bond Of Compassion - Compassionate World Affairs - Jesus The Christ, 1<sup>st</sup> December 2024**

**INVOCATION: 'I AM' Giving Conscious Recognition Daily, Commanding God Authority of Life, Calling Forth the Great Cosmic Fire Breath of Cosmic Christ Love from the Great Central Sun. The Blessing and Purifying Power of Your Love from the Great Mountain Ranges of the World Are Expanding Everywhere, Holding Protection, Illuminating All That Is Constructive. Violet Flame, Blaze, and Surge Ceaselessly Throughout the Atmosphere of Earth and Within the 'I AM' One World Nation, of all Cities, Towns, and Homes of the People. You are God's Love, the Living Sacred Fire Everywhere.**

**JESUS THE CHRIST:** Dear Friends, what I Am about to share with you, may not be for everyone who may come and read these words, however, Every 'One', within their DNA and Cellular Selves have the 'Record' within, by which they can relate to if they can find Holy Relationship inside their Heart and Mind of Knowingness, that what I Am about to share is True.

The further one advances along the Divine Spiritual Pathway of Life, and not so much the human beliefs of what spirituality is, according to their logical and rational minds, and the more Developed the Consciousness Becomes in its Union with the Christ Consciousness within the Centre of their Higher Heart, the less impersonal is the association between Master and Disciple or Initiate is until finally there comes a Greater and More Expansive Conscious Partnership; a Conscious Association and a Oneness, that can scarcely be described to you in this world of human form, creation or your mind without Heart-Manifestations.

As an example, in the case of Myself and Lord Maitreya, the Cosmic Christ of this Solar System, such a Oneness was Accomplished because of Our Affinity through many centuries with awareness of the Infinite Nature of Our Father and Mother, because of My Complete Surrender of My Outer Self, as has been described with you in My Brother Peter's Discourse called the 'Final Surrender', where I was also, to Fully Accept my 'I AM' Presence as the Only True Teacher of My Soul. This Oneness is not achieved in a moment; it involves many hundreds, thousands of years, through millennia and centuries of living incarnations in a physical world, not necessarily just here upon this Earth World. And, throughout those centuries, closer and closer is the 'Bond of Compassion', and like Attunement Woven until the Master and pupil become almost One. When the Cosmic Christ, Lord Maitreya, My Principal Master Sponsor, felt I was ready, He Blessed All Parts of My Life, Automatically Raising His hand to Bestow that Blessing Unto Me. When He Wished to speak, the Full Radiation of His Words came forth through My Lips.

So, from that Moment on, His Words became My Words, where there was no Consciousness of 2 Beings; there was just the Christ in Action, and the Service being Called For was

Performed, Immediately and in the Full Power of Creating Miracles. I share this with you now at this point of this Petition, so that where, within the EGA Gathering or anyone who may come into contact with this Treatise, the day *'has'* arrived whereby each of you advancing along your own Ray, developing your thought and feeling world, until you are completely Attuned to your Master Heart and Mind, Attuning them to Speak in Wholeness of the Holy Union, you will not be open to capture My Slightest Whisper in your ear, or the Feeling in your Heart, as was so Glorious and Beautifully received by Me from My Master Lord Maitreya.

The Miracles and Marvels that you read about that I Performed, are but a fragment of the thousands of years that went into the making of My Ministry even possible! All credit is given, unfortunately, to Myself, but I was only One of a Band of Many, who made the Great Victory possible. I walked in Public Ministry and Rendered those Services of Healing with the Full Cosmic Pressure and Consciousness of Lord Maitreya, which had Divinely Blended into My Own Electronic White Fire Light *'Presence'* and Expanded My Causal Body and that Full Pressure of Healing and Love, which Was, and Will Always be Lord Maitreya's, which Now Is My Own! We became *'One'* Completely in the Baptism of the Jordan, through My Brother John.

Speaking to you herein, I Speak to *'Old Friends'* far beyond the limitations of space and time; some of you were with Us in Egypt, and proceeded across the Great Desert into the Promised Land; some walked with Me around Jericho and your Voices joined Mine in that Immortal Shout of Triumph before which the walls fell. I was Joshua in that embodiment. Some of you were with Me in Persia, when I, as Zoroaster, contemplated the Nature of the Father and Embodied His Light; and some walked with Me as Apollonius from Tyana, as We Magnetised those Great Currents from the Inner Realms to Prepare for the Shrines which have come to be such Great Powers in the Christian Dispensation, some of which have not yet been revealed to the outer consciousness of today.

Then, before I entered the incarnation for My Final Mission, I would like to remind you that some of you sat with Me around that Glorious Table when the Lord of the World Himself Revealed the Plan, by which an Initiate was to Incarnate and Bring the Fullness of the Nature of God through His Consciousness - His Words and His Works, which would be the Permanent Record of Christ Incarnate for the Entire Race.

Some of you may Remember the Solemn Hush, as the Lord of the World, Described that Mission, up to, through, and including the Crucifixion, the Resurrection, and the Ascension? Do you Remember the White Robed Figures, Who Rose as One to Volunteer for that Service?

Thirty-six there were who Qualified to Come, and of that thirty-six My Teacher and Master, Lord Maitreya Chose Myself, and He chose, also, My Beloved Mother Mary, and your Great Heart Friend, Saint Germain (*Joseph, in that embodiment*). We Represented the Trinity through which the Mission of Christ could be Manifested.

Here then, is the point of this sharing, to introduce today's Discourse. Today, each of you reading this, are the Embodiment of the Christ; yet un-Realised! And I the Christ, Am now Over Lighting You, with Your Permission, as My Master Sponsor had Done for Me! Do You Remember what I said as is described in *John 14:12-14*?

*"12. Very truly I tell you, whoever believes in Me, will do the works I have been doing, and they will do even greater things than these because I Am going to the Father. 13. And I will do whatever you ask in my name, so that the Father may be Glorified in the Son. 14. You may ask Me for anything in my name, and I will do it."*

'I AM' the Teacher Within You as Your ONLY Teacher! And that Teaching of how to Realise the **Christ Within You, Me**, is Centred there Within Your Heart!

Every living being has a Heart. Let Us define the Heart as the Center of Being, that Place from which all feeling arises, All True Feeling is Love, where All Love Praises God, and All Love is the Recognition of the Glory of God and All that God has Created. Love is the only Pure Response of the Created for the Creator, the only Response of the Creator to the Created, and the only Response to that which will be Created In God from here on in. Your Recognition of what Love is WILL return you to God and Your Own True Self when the Revelation of this Truth, can no longer be denied.

You learned in '*A Course in Miracles*' that All Knowledge is generalizable. So is all feeling. All feelings result from Love, or lack of Love. There are no other reasons for the feelings that you experience. All feelings are generated by the Heart, and have nothing to do with the body. The Heart of the body is the Altar, at which all your offerings to God are made. All offerings are Love or lack of Love; Lack of Love is nothing. Thus, all offerings made from a place other than Love are nothing. All offerings made from a place of fear or guilt are nothing.

Love is the Divine Conditioning, the Cohesive Power of Compassion and Its Affairs in your reality. In your human form, your Heart must beat for the life of yourself to take place. This is the Nature of your True Reality. Love is as essential to your being as the Heart to the body. You would not exist without love. It is there even if you are as unaware of it as you are of the beating of your Heart. A baby is no less alive because it does not realize its Heart is beating. You are no less your Higher Self, even though you do not Realize that without Love, you would not exist.

God's only Thought is Love. It is a Thought without limit, Endlessly Creating. Because of the Extension of God's Thought of Love, you Exist. I Exist Within you, in this self-same Thought. You do not understand this only because you do not understand the nature of your own thoughts. You have placed them inside your body, conceptualizing them in a form that makes no sense, yet when you apply your thought to learning you Learn. Let this encourage you that your Abilities, Gifts, Talents, and Virtues, We can use together to Learn anew.

You should be in a hurry only to Hear the Truth. And of course, all of the old ways that you act out, when you want to hurry, are backward to what you would achieve. Let your worries come and let your worries go, and Remember, always that they simply do not matter except in terms of time, and that you will save time by letting them go. Remember that your worries affect nothing. You think if your worries affect time this is an effect, but time is an illusion. It too does not matter so remind yourself of this as well. This is part of letting go of the old world to make way for the new. Realize these things do not matter, and will not be carried with you to the new world. So, you might as well let them go now.

It is as if you have carried your heavy luggage with you everywhere just in case you might need something. Now you are beginning to Trust that you will not need these things you have carried. Ah, no heavy coat. Just the Knowing in Faith and Trust that the Sun will Rise, as too it will Shine the Love of God Upon You and His Warmth will fill your Mind, Heart Body and Soul!

I want to take this opportunity to share something else to look at from a whole different perspective, and hopefully, the words of this will travel far and wide in the quickest time possible.

I wish to speak now of why so many immigrants are moving into America and Europe and who are being called threats to human society. What a judgment, a mistake. What a catastrophic error of minds without the Heart! These Dear Souls, even the ones who have lost their own mind, giving way to those who control them, are Children of God. Remember what St. Germain said about these laggards who employ such dark and heinous crimes against humanity, and how they are to wake a sleeping race of human beings out of their drunken states of forgetfulness? This is all part of the illusion that must be lifted above the lies and disinformation surrounding them.

It was Beloved Serapis Bey, in your 2 Trees Petition, who spoke to you about the intensities of the migrations north, from the continent of Africa into Europe and the United Kingdom. And while those numbers too, have been too many to count, those moving from South America North into America and Canada, are also doing so for similar reasons. Of course, the *'dark state'* are using these mass migrations for their own agendas. But here is where it gets interesting. Nothing, NO THING, ever comes forward in human or Divine Manifestation without God's Awareness or Purpose in Use!

Dear Hearts, I wish to bring to all the Hearts, that are Magnetised to this Petition, this Greater Appreciation. You are Immigrants also, making your way to the New Erthe, trying to disembark your ships and travel-cades, over lands and seas, that you have journeyed over the centuries of change. You are a New World Immigrant, coming to a Self-Realisation that what you have left behind was never meant for you to dwell there blindly, and without Hope of something better. Yet in your travels, you still carry the baggage that weighs you down preventing you from make faster progression toward the New Land and Life! But as you

glimpse what was once a distant shore, that would provide the Abundance, Joy, Happiness, Truth, and a Compassionate Life, you are now Expressly Realizing, none of what you formerly possessed in material things, mental or emotional beliefs you harboured to keep, were the treasures you deemed useful, to attain your goals.

How meaningless you have felt, that giving so much attention on your materials things, and beliefs, that you are dragging them still, from one timeline to another, from one place to the next. What a waste of time and energy, that just slows you down. Such heavy burdens, that have kept your progress limited and some cases debilitating. What a Relief it is to Self-Realize that such burdens cannot Serve you, and are no longer required, as you crossover the Thresholds in to the New World With Your 'I AM' Presence and Me, now Heartfelt within you!

Think then, of the migrations, particularly since the Covid, but which have been throughout history that were never spoken of or caused the same amount of disturbances as they do today. But remembering those, be Compassionate toward them, who are still carving the well-worn paths of illusion, recording their memories for future times to remember and to Heal, with their own hardships, giving way for many, the destruction and death, and the painfulness of the heinous crimes they continue to endure, or not as the case may be, still standing in their ways.

But there is more to these advancements that no one is speaking about. These Migrations are also very much balancing old karma of those countries and nations that went out, to conquer other nations and who massacred millions throughout the world, and stole their land and lives, and who were incarcerated into slavery. The reasons may be different, but the same old patterns of consciousness playing out all over again while seeking the balance of such human miscreations, and while many of the present-day migrants may be the victims herein, those who are in control of these marches, and the reasons for which war and massacres still rage across the world for profit and land grabs for resources, the imbalances and illusions and mind games by those with no Heart Connection continue in their heartless endeavours. That is until humanity, in far more numbers, sees what is going on and Rise Up through their Heart Connections with God and the New Dispensations for a New Higher Vibrational Frequency of the Christ Consciousness; the New Transition from the old religions of the world including that of Christianity. The New Golden Age of Aquarius has begun, and so too must a New Consciousness where Unity in the Oneness of a Whole Human Race will be the outcome.

Look then to these Dear Migrant Souls, One And All, and do not see the reflections of what you once lived, on either side, either in this lifetime or any previous one. This will not Serve you, or them any longer. For they are reflecting something profound back at the world of the ego mind that is out of control today. A reflection that will require, yet to come, a Greater Compassionate Heart, never seen within any World Creation of God, where humanity, as a whole human race, have been the Forebearers, of such an 'Authority' Equal to that of the Father's Light and the Mother's Love.

Please Realize then, how heavy was *'your'* burden, and how Light, it may become for those who may follow your Leads now. Stop carrying worn-out suitcases from one world to another, even when you had been told by someone wiser, that it would not be needed, for you will upon Realizing this Truth, ask yourself what else you had been told and disregarded in your life, that had no benefit for Who You Are to Become, in these New Times of reaching the New Lands and Seas where Peace, Harmony, Abundance, and Freedom will abide for all.

You might try yet another choice to see if that will help you reach this place sooner. But I Tell You, You came into all your Earthly Incarnations, Complete and Whole in Your Mother's Love and Father's Light! Make your choices if you wish, and come back again into another life in Accordance with Cosmic Law of that new choice, and if you choose this, then so it, will be. God makes no judgment of whatever is chosen at whatever level of consciousness.

As each New Step is tried and found to work, your confidence in the Wisdom of this Teacher in You, will continue to grow. You might consider that you could still learn from your mistakes and find the Learning in the end to be the same, and this you surely might do from time to time. But eventually, you would Realize that it would be quicker and easier to learn without mistakes, and eventually, you would Realize also, that the Wisdom of Your ONLY Teacher had Become Your Own.

The urge to test another's Wisdom is the urge to find your Own Way Home and have it be a better way. It is the urge not to Trust the Inner Teacher, or Me, dividing your choices relative still, to your beliefs made by the mind and lack of Heart, which would lead you closer to Your Self. I have told you in the past, one cannot have 2 Masters to Serve your Life. The ego mind will cancel out the Heart every time, and so becomes a contradiction to that Which You Have Always been and wish to now return to. It is the desire to find your way on your own, so that you can take pride in your accomplishment as if by following another's map, the sense of accomplishment in your arrival would be diminished.

This wanting to do things on your own is a trick of the ego, your pride, a gift the ego demands. These are the magic thoughts that oppose Miracle-Mindedness. These are the thoughts that say, on my own, I am everything, rather than on my own, I am nothing. A True Leader follows until she is ready to lead. She does not strike out on her own at the beginning before she knows the way. There is no shame in Learning. No shame in following the course another has put forth. Each True Course changes in Application. Fifty students may sit in a classroom being taught the same lessons and not one will learn in exactly the same way as another. This is True with the teaching and learning of information, and True with the Teaching and Learning of the Truth as well. The only way that you can fail to Learn the Truth is to demand to learn it on your own. For on your own, it is impossible to Learn.

Resign then, as your own teacher. Accept Me, as your Teacher and Accept that I will Teach you the Truth. Find no shame in this. You cannot Learn what I would Teach you without Me or Your 'I AM' Presence, of which We Are One! You have tried in countless ways and can try

still again. But you will not succeed. Not because you are not intelligent enough. Not because you will not try hard enough. But because it is simply impossible. It is impossible to Learn anything as Profound As God on your own. Your determination to do so only blocks your Learning. It is only through Union with Me, that you Learn, because it is only in Union with Me, that you are Your Self. All your effort is based on disbelief of this Truth, and your attempts to prove that this Truth is not the Truth. All that this effort brings you is frustration. All your seeming success from this effort brings you, is vanity to offer to your ego. This gift your ego demands is not worth the price you pay. The Price of Truth Through Your Inner Teacher is Absolute.

A Teacher always has a Role in the Learning of the Soul. This does not diminish the Soul's achievement. You must Realize it is your desire to make of yourself your Own Creator that has caused all your problems. This is the '*authority*' problem. It is pervasive in the life of the physical form and in the life of the mind. It is only the Heart that does not consider this an issue of concern. This is another reason We Appeal to the Heart.

The Heart cares not where Love comes from, only that it comes. This is useful to Us in several ways. By this, I do not mean that there are no particular objects of your affection. This is not the Love of which We Speak. The Heart yearns for what IS like itself. Thus, Love yearns for Love. To think of achieving Love '*on one's own*' is ludicrous. This is why Love is your Greatest Teacher. To yearn for what is like yourself, is to yearn for your Creator and, when perception is Healed, to Create like Your Creator. This yearning exists naturally within you and cannot be diminished or satiated.

Those who are seen as loveless and alone in the world, and you see them all over the world in greater numbers than you have ever or could ever have imagined before. This is because you need to see them '*en masse*' now, for that mass is what you Yearn for, in Unity Consciousness in the New Erthe. And those you find to be the objects of your pity, you need to change your minds about who they are as you look upon them, for they are all aspects of the One which you now are Representing in your Own Lives. Yet, you do not Realize, that this, in the state of your ego, is still within its clutches in you endlessly striving to achieve what you have always been. Your ego would have you believe that only when you need no one to achieve all your desires, only when you are satisfied with what you are, and with what you can do on your own, and is dissolved completely, only then, will Your Autonomy and your Learning be Complete.

For this is all your Learning has been for. The goal of this world via the ego-personality is for you to stand on your own, complete within Your Self. This goal, however, will never be reached, and only when you give up trying to reach it, can you begin to Learn anything of Real Value. You are Complete only Within God, where you Endlessly Abide. Striving to be that which you can never be, is the hell on earth you yourself have created.

Lack of striving, endeavouring to become the best you can be, is seen as a settling for less. This would be True if what you were striving for had value. To strive mightily for nothing is still to have nothing and to end up with nothing. Striving, however, must be distinguished from struggle. You think also that to leave struggle behind, to disengage from the conflict of this world that causes it, is to turn your back on the Real World and all that has meaning in it. In this, you think correctly. And yet you do not choose this option, thinking that to do, so you turn your back on Responsibility and on Your Divine Duty, thus counting this action, as a Noble One. No, this is not noble, rather it is being immoral in your misunderstanding of Truth.

This desire to engage in struggle has nothing to do with what you are Responsible For. It is merely your ego's attempt to involve you in distractions that keep you from your Real and Higher Responsibilities. Think again about your attraction to struggle. It is your attraction to the game, a game you hope to win, another chance to show your stamina and your strength, your quick wits, and your cunning mind. It is another chance to prevail against the odds so stacked against you, that you can once again convince yourself that you alone have succeeded against mighty adversaries. It is the only way you see to prove your power and control over a world of chaos. To not engage in the chaos at all is seen not as desirable, but as a sort of abdication, a loss through failure to engage. Although you are well aware you will not win the game you play here, you see the effort to do so, no matter how futile, as being that which makes up your life. To not engage, is to not prove your own existence to your ego self.

This is what you have made this world for, to prove your separate existence in a world apart from your Creator. This world does not exist. And you do not exist Apart from Your Creator. Your yearning for Love is what tells you this is so. It is the Proof you do not Recognize just yet.

What could cause you to yearn for Love in a Loveless world? By what means do you continue to recognize that Love is at the Heart of all things, even while it is not valued here? Here is a fine example that the means, and the end, are the same. For Love is what You Are as well as what you strive for. Love is the Means and the End.

All the symbols of your physical life reflect a deeper meaning that, while hidden to you, you still Know Exists. The Union of two bodies joined in Love Creates a Child, the Union of Love in man and woman joined in a Marriage Conjugal, Create Oneness in Holy Union through the Authority of the Immaculate Conception of Creating Manifestations.

Love is at the Heart of all things. How you feel, but reflects your decision to Accept Love or to reject it and choose further fear. Both cannot be chosen. All feelings you label Joyous or Compassionate Are of Love. All feelings you label painful or angry are of fear. This is all there is. This is the world you create, the one that reflects back to you. Love or fear is your reality by your own choice. A choice for Love Creates Love. A choice for fear creates fear. What choice do you think has been made to create the world you call your home, the world that supports oppression and limitation, submission, and lack of Love?

This world was created by your choices made long ago, and perpetuated by such choices continuing, as you learn from that place of thinking you are alone and separated from Our Father and Mother God. The New World can now begin to be populated through new choices. But first, you must Self- Realize through a Miracle of a Revelation that this is all there is. Love or lack of Love. Love is all that is Real. A choice for Love is a choice for Heaven on Earth; a Kingdom in the Mother's Love and Father's Light. A choice of fear shall continue the hell that serves in wrongful beliefs. Neither is a place, yet they are a further reflections of Means and Ends being the same. They are but a further Reflection of Your Power to Create From a Place of the Image That God has Given You to Create Like Him.

Dear Hearts, there is a Revelation awaiting you all here now, One that will allow you to see from your Own Inner and Outer Expressions of what you Know or still believe in, and indeed how to Approach this Petition, that will award you with a Loving Formula or one that shall continue the old power games of ego controlling mechanisms, that while may look different, will only be a change of clothes that will permeate and radiate fear.

I have told you now that you are the New Immigrants walking toward the New Erthe. You have embarked then already, or should have from the old world by now? You cannot be in both if you're going to Claim the New Erthe as your New Home! Feel into this with Greater Depth and allow the New Children, be they the Indigos, Rainbows, Crystals, Diamonds, or the New Children who are awaiting to join you. And here I offer you some Sound Advice.

As the Higher Vibrational Frequencies of the New Erthe will come, and very soon in your own terms of time, more and more Dear Hearts will want to join this massive Migration to a Place or Consciousness, for one will Reflect the other, and will disembark the old realities totally. I tell you again as many Masters have shared too, start Building your New Radiation Centres, which will become first the Consciousness, that will morph into the New Places of Radiation. These places can only come forward in Manifestation after the Morphogenetic Forcefields are Completed and Grounded. The New Christ Councils will play a Precipitous Part in this Realisation and so once it is fully activated, then others will follow in quick succession.

I will leave this here for everyone reading this to contemplate more genuinely and with greater Sincerity of your Own Divine Purpose and Function. Something Profound is about to shock, stun, and swing the consciousness of this Planet into a greater division never seen upon any other Earth world to date. It will shake the people of Earth in ways, never experienced or faced in this way, and survived the reverberations of life in general, and here will you need to be ready to go forth and Speak of the Truth Of God and Living a God Life.

If you have Self-Realized the Revelations that you Are Already Complete in Stature, Mind, and Heart, and thus, able to Complete the Works Given to you to date, and then Begin even others, that are now Abundantly Clear in your Discourses, the new Authorities within the New Erthe Realms must Take Charge Now and Apply Agape Love In Action as the Saving Grace through Compassionate Affairs in all areas of human life. The Victory of Truth has already won over

the illusionary world, but Now, it needs to begin in the Hearts of those Who Are the True Hands and Hearts of God to Lead those lost in their own miscreations Home. All will be streamed in accordance to their own Conscious beliefs or Knowings.

'I AM' The Miracle Oneness of My Own Life in God, No matter what Form it takes.

I Am Your Brother Jesus.

Wisdom now Abides within You, Use it to your Greater Abilities.

And So, It Is.

**BENEDICTION: 'I AM' Gratefully Moving Within the Healing Radiance of the Great Fire Breath of Change, Forever Illumining the Minds of All My Brothers and Sisters, while Walking the Path that Jesus Trod for Us.**
