ST. GERMAIN:- Greeting Dear One’s, I come to you today, at this most Auspicious time, for the Transition of a Whole Human Race, and while it was Our Brother Jesus, Who was meant to speak with you again; I can now, with His Agreement, Share what I deem to be required to outline and clarify something about this Petition, that needs to be discussed in a new way that will set those who are already upon this new Trajectory toward that which has now been fully Activated and Grounded. I speak here of all the Grants and Dispensations Received and Activated through the Elemental Grace Alliance since 2016.

However, even though these Groundings and the Activations to date are Unmistakeably Set in Stone, and remain Irreversible and Indestructible to stop, there are aspects of these Truths, that those reading this, who still have not yet understood fully enough; that just because one has attained certain Dispensations and Grants, as has been shared within previous Discourses herein the Elemental Grace Alliance Collections, and its Active Membership; unless such Activations and Groundings are Anchored within the Heart Centre, that Jesus has spoken of in His previous Discourses, then the ego personality will continue to govern one’s thoughts, words and actions. Many a rocky road has been paved with ‘*Pure Intentions*’, only to fall short to the True Compliance to the Cosmic Laws that Govern, not only the body of humanity but all of God’s Creations.

So, unless one’s thoughts, words, and actions are in Full Alignment with such Laws as Jesus demonstrated in His time upon Earth, and ‘*are not*’ Equally Irreversible and Indestructible and Unwavering in one’s Life Force Engagements, in one’s Inner and Outer Lives, this ‘*Compassionate Affairs Petition*’ for the Granting of New Formulas of Approach, to Educate others about Compassionate Affairs in all areas of life and society, then the ‘*Law of Resonance*

and Vibrational Frequency' will determine one's readiness to pass through the Next Rings of Consciousness or not. That, once again, is Facing the Whole of Humanity as We speak. There are no exceptions to this Cosmic Law. The Reality of *'Purity of Intention'* must be Proven at the Seat of the Throne of God, a place where no glamour of any nature whatsoever, will be allowed to enter.

Peter, you have asked me a question this morning and I would like you to share that question here again now, for all to hear, for this question is one of the *'Foundation Stones'* that Anyone wishing to become an Ascended Master, within the human embodiment, or the Light Bodies which many will receive in the months and years to come, if you cannot find it within yourselves in this Now Moment, as We speak, in the Words of Our Brother Jesus, regarding one's Life being dependent upon one's beliefs, will be reflected back to you in no uncertain terms. To be given any Level of Responsibility, based upon Grants and Petitions Received, unless one has Proven their Divine Pledges and Obligations, through the Rightful Applications to God Life, then the Christed Ascension will only ever be an unsubstantiated Dream. Not just in this embodiment, but all those you shall draw to you in future times, by the choices that one makes from here on in. Peter if you would please.

PETER:- Dear Brother, I was not expecting this, but as you wish, I know it must have great import, so yes here is my question. I read something, in one of Jesus's Channels recently, that I am a firm believer in. Although never really given it it's Just Due! He said, ***'one needs no more than they can Love'***. He was speaking about the ownership of things and the relationship of that which is claimed to be owned by the ego mind in physicality, as opposed to the God Ownership of things also in physicality, but rather from a Place of Heart Love, Being the Father's and Mother's Creative Mind Power, that is always Embedded Within the Divine Heart Centre. This I understand completely, not easy, however, from the foundation of the mass believers, who claim for themselves that which they want to satisfy their own greed and addictions as Jesus also speaks about. In this, I have no question.

Yet, I also read something you said at the time, when you participated, and had Great Import in the Original Design of the American Flag where George Washington, Dr. Benjamin Franklin, and others were gathered. You said that you were a staunch advocate of ***'Democracy'*** and that your favourite saying was, ***'We demand no more than our just due; We will accept and be satisfied with nothing less than We demand'***. I know that you have a lot to share in this Discourse, but can you offer your Wisdom upon any difference between these two statements, please?

ST. GERMAIN:- Thank you, Brother, this may not seem to be a very relevant question, yet without it, all that Jesus has told you, All other Discourses since the 1930's, of which are too innumerable to count, would render nothing of any meaning. This is why I wanted you to share this question, as it is the ***'Pinnacle of Self Revelation'***, that Dear Souls, who are the Seekers of Truth will, either find the Truth of Their Existence or continue to travel along the

well-worn paths of their illusionary beliefs; that they can find the Truth of Life on their own, while walking their path without that Inner Connection to their Own 'I AM' Presence or God.

To answer your question it is simple, there is no difference! NONE! Jesus made this clear when He said, *'you either walk a Life in Love, or you walk a life in fear'*. There is no other option.

'True Democracy' is a Cosmic Law. Commonly known as the *'Law of Equality'*. One can live their Life in Equality For All, which is the Path of Love, or they can do so in inequality, which is the path of fear. And until this Revelation is Secured within the Heart and Mind of the Consciousness of God that resides in you, then you walk the path of fear. There are no 2 paths, it is one or the other, PERIOD! One will determine the consequences or Karma of one's life through their thoughts, words, or actions, and the other Accrued Good for the Thoughts, Words, or Actions. The later can assist in the cancelling out of the earlier, and trying to live both entertaining the first, is a life in Dissonance and even if momentary Good offers Cognisant Resonance, then it is obliterated immediately that the Cognisant Dissonance is applied.

I gave, just a few weeks ago that Discourse to review again, for this purpose of one's own Higher Registration of which side of one's belief, are you on. The excerpt I ask to be included now, before we go any further, to help illustrate the details so that they will be at the forefront of your minds, to facilitate your readiness or not to see this Petition to its Granting by the Karmic Board of Directors. *The Freedom Alchemy Class Part 4 - Cognitive Dissonance and Human Funding Schemes - St Germain, 11th June 2018.*"

"The Law of Dissonance.

"This Law clearly states that people will naturally act in a manner that is consistent with their cognitions (beliefs, attitudes, and values). Therefore, when people behave in a manner that is inconsistent with these cognitions, they find themselves in a state of discomfort.

"The internets of the world today are full of more conspiracy theories than has ever been on the planet since the internet became so widespread. This is in many ways a disease that is borne of viral implantations that are programmed to deceive, to misinform and to direct the consciousness of humanity to conform to programs of control by those who are developing such programs. This must stop NOW!

"But unless Dear Souls who are aware of the 'Laws of Resonance' actually begin to make decisions based on the recognition of those who are not resonating with Cognitive Divine Consciousness within the parameters of Christ Consciousness, these viruses for man's demise will continue, and more and more people are going to be affected in greater ways, more detrimentally than ever before.

"In terms of financial matters, many pure hearted individuals and groups are going to get caught by these programs and are going to lose more of their freedom that they may have right at this moment. I tell you, the vibrational frequency of these people caught up in these

deceptions is so noticeable even from the untrained eye, not to mention the states of consciousness they are entrapped within. I say to you also that there are many quite innocent people caught up in these conspiracy theories, that they have no idea what they are doing. Remember what you give your thoughts to, gets your energy and what gets your energy you create!

"I implore you, STOP creating in this way!!

"All your creations Dear Humans are real to you, and while they remain so, you shall remain trapped within them. I tell you, there are human beings and astral entities who are out there to keep you inhumane! The time has come to put an end to this madness. Are you LISTENING to people of the New World Servers!

"In the Joseph Benner Impersonal Life it says,

'The armies now being used for destruction and to obey the will of human kings or rulers are but man's using My Heavenly Plan of Organization for his selfish and inhuman purposes. But the day of such use of My Heavenly Plan is soon over. The Battle will soon to be fought on Earth that will forever drive from men's minds the desire and use of My Spiritual Knowledge and Power for other than the Benefit and Blessing of their fellowmen.'

"You see Dear Soul's, I Am bringing to you a realization of how these creations of mankind, of such armies, are not necessarily malevolent also, just total incognizance of Divine Truth or of Universal Law. They are simply caught up in their own personal greed and have no conscience about how they attain it.

"Dear Members of the Elemental Grace Alliance, this Divine Plan is Acknowledged at Every Level of Dimensionality in All Seven Spheres of this Solar System, and I can Assure you, that you shall receive all that you require, without limitation of ANY Resource and without any encumbrances of its usage. But what We do not wish for you to do is to get yourselves caught up in any form of lower vibrational frequency creations, or any cognitive dissonance of human manipulation.

"You will need to make no such proposals of any type, unless asked for by Me or any of those who Work under My Instruction in the Hierarchy Who are Administering to the New Financial Reforms for humanity. Should any proposal be asked for, bring it to Me and I shall respond accordingly!

*"I Am making here several points within this communique that We Desire you all to consider further regarding what is to **'Act out here'** and await your responses in due course.*

"I shall say once again!

"No man can work with bound hands and feet nor with sealed lips and blindfolded eyes – I must have My Friends Walking in Freedoms Robes if they are to assist Me in the attainment of this Glorious destiny for Our Planet and its people".

"So, My Friends, think Resonances, and use them to make your choices in the future, these will not mislead or misinform you of any intentions that are Pure, helpful or malevolent!

“Trust in this Truth!” End Excerpt.

You cannot live both, there are no other options for life in an illusionary world, as opposed to one in True Reality of a God Life. So, if one acquires more than they need, to find God Within themselves, they will only continue to chain themselves to a perpetual anguish, that will just as quickly take all that one, thinks they own or who they think they are, away. The Proof of this is the reflection of the illusions that one sustains and nourishes with their lack of Higher Understandings of Truth and a God Reality in their lives. No amount of ego personality false words, that cannot raise them above the imbalances of a world of *‘sand castles’* built upon the shorelines of temporal sunshine beaches of their false beliefs and visions.

Both statements within your question Brother, are True Statements based upon Cosmic Laws, and neither can be cheated upon by ego personality claims of false-gods or beliefs.

These 2 statements, the first accentuates the second, and the second nourishes the first, and vice versa. This clarification has Now been *‘Flagged’* as a New Impending Revelation, that I wish to expound upon. While many reading this may not understand or even believe it at this time, it will make sense with those who are Living within a *‘Heart Centred Knowing’* that all is possible in the Eyes of God. And while such old beliefs may render such possibilities, deficiency in their own lives, it will mean nothing to them, and the Miracles of Jesus and the many Masters will continue to be used only in the daily lives of those who can Fully Embody the Christ Consciousness.

Today, We are going to speak of another type of Miracle, of which the EGA has been Consecrated and Ratified to Accentuate and Illuminate themselves, provided that sufficient Dear Souls are able to find their Own *‘I AM’* Presence, Who sits upon the Altar of Their Heart. So, while such Miracles do not require any other Group or Individual to perform this Work, as was Jesus and all other Christed Beings upon Earth will testify, *‘not by them, but through them of the Father’*. Those who wish to become Christed in your Ways must reach such levels of Cognisant Resonances, else such attainments will not be possible.

This is not going to be easily described in this single Discourse, and that is why a number of previous Discourses given to the EGA over the years, are needed once again to review with Greater Due Diligence. These will build upon this Discourse, to exponentially Illuminate the Universal Infinite Minds and Hearts of those who will partake directly, and to Govern Their Positions of Authority over this New Cosmic Cyclic Event. Thus, giving the Execution Permissions to go ahead with the Maximum Import, all in Accordance with Cosmic Laws and Universal Christ Consciousness.

Dear Brothers and Sisters, Way Showers of the New Erthe, philosophy teaches that the completion of any Great Work of Social Regeneration, Rejuvenation, and Reconstitution, must be Accomplished not in Society, but in mankind him and herself first. Any Democratic Nation, Commonwealth, State, Country, or Republic of People, can never be legislated into existence.

Nor can it result from formal treaties or conferences. This is clearly indicated in the tragedy of any League or Uniting of Nations, no matter what they may be called. You can see through the history of this Planet, such Nations that have failed to prevent war because the States that composed such Nations, etc, lacked the courage of high conviction; they failed the very Institutions, Societies, Establishments, Foundations, Organisations, and Associations, which they themselves have established over the centuries.

Permanent progress results from Education, and not from legislation. The True Purpose of Education is to Inform the mind in basic Truths concerning conduct and the consequences of conduct. Education is not merely the fitting of the individual for the problems of economic survival. This is only the lesser part of Learning. The Greater Part deals with the Intangibles of Right Motivation and Right Use. No human being who is moved to action through wrong motivations, or misuse of privileges of their times, can be regarded as Educated, regardless of the amount of formal schooling he or she has received. The human mind is established in knowledge, not alone by the reading of books or the study of arts and sciences, but by the examples set up by Leaders and the personal experiences of living. According to the Baconian system, there are three sources of Learning.

1. The first is tradition, which may be derived from books.
2. The second is observation, by which is learned from the actions of each other.
3. And the third is by experimentation, which is a study of causes and consequences brought about by personal conduct. *(Which is why the Importance of Petitions are Cosmic Law, to be entered into before ANY human creation will become a God Human Creation, Eternally Established and Ratified with Advanced Victories and Successes Guaranteed.)*

The Supreme Human Purpose is the Perfection of Man and Woman. This must come first, and when this end has been achieved, all good things will inevitably follow. Only Enlightened Men and Women can sustain Enlightened Leadership; only the Wise can Recognize and Reward Wisdom.

In a Democratic Way of Life, the very survival of the State depends upon the Intelligent Cooperation of its People. Where men and women make their own laws, they must live according to the merits and demerits of the statutes, which they have framed. Such as the United States Constitution. And other Nations will have their own interpretations upon which their Statutes are derived. The Greek law-giver, Solon, declared that in the Ideal State Laws are few and simple because they have been derived from certainties. In a corrupt state, laws are many and confused, because they have been derived from uncertainties. These corrupt laws are like the web of a spider, which catches small insects but permits the stronger creatures to break through and escape.

Where there are many laws there is much lawlessness, and men and women come to despise and ridicule the restraints that are imposed upon Freedom of Action. Corrupt laws, resulting from efforts to amend inadequate legislation by further inadequate legislation, reveal a general ignorance of right and wrong. Where such ignorance exists, the Ideal Function of Democracy is impossible, and liberty degenerates into *'false authority'* license. The half-truth is the most dangerous form of lie, because it can be defended in part by incontestable logic. Wherever the body of learning is broken up, the fragments become partial truths. We live in a day of partial truths; and until We remedy the condition, We must suffer the inevitable consequences of division.

According to the Ancients, religion, philosophy, and science are the three parts of essential Learning. Not one of these parts is capable of being separated from the rest, of assuring the security of the human state. A government based upon one or even two of these parts must ultimately degenerate into a tyranny, either of men and women or of opinion. Religion is the spiritual part of learning, philosophy is the mental part, and the sciences, including the arts and crafts, are the physical part. As man and woman have a spiritual, mental, emotional, and physical nature, and all of these natures manifest in their daily living, he or she must become equally informed in all the parts of their nature, if he or she is to be self-governing. *'Unbalanced forces perish in the void'*, declared a prophet of old; and this is True beyond the possibility of dispute.

The Platonic or Spiritual Commonwealth had as its True Foundation the Unity of Learning. In the midst of the Philosophic Empire stands the school of the Three-Fold Truth. Religion is the quest of truth by means of the mystical powers latent in the consciousness of mankind. Philosophy is the *'Quest for Truth'* by the extension of the intellectual powers toward the substance of reality. Science is the *'Quest for Truth'* by the study of the anatomy and the physiology of the Body of Truth, as it is revealed in the material creation.

These three, then, are the Orders of the Search before you today. Together they can bring about the perfection of mankind through the discovery of the Plan for All. One of the great secrets of antiquity was this realization of the unity of knowledge and the identity of One the Quest in all the branches of Learning. The Great Philosophers of the past were Truly Great because they approached the problem of life as Priest-Philosopher-Scientists. The title *'The Wise'* is properly applied only to those, in whose consciousness of the Unity of Knowledge has been Established as the Patterns Created by the Father's Creative Mind Powers. And which are written down, penned throughout time that none can dispute, negate, or diminish, for these such Works are timeless and hold True whether thousands of years ago or today or in the future times to come.

The Truth of the Written Word can no less become more Powerful in Stature, and Means, than any tools of violence, iniquitous behaviours, misinformation, disinformation, or lies; no

war machines of destruction or subliminal secret mind games, to oppose control and thus designed to deceive the Sons and Daughters of God.

We can use the U.S. Constitution as an example here, for the Written Word upon this Parchment, spoke Truth did and has done, since that time, far more than the Sword of George Washington ever did! And so behold the Truth of the Ages penned and Channelled by Sons and Daughters of God, do the Words Shared, and Do Ignite and Activate the Divine Powers of Alchemical Changes.

Let Us stop here so as not to make the Discourses too long!
